

Law Of Bimetallism Or The Maintenance Of A Fixed Ratio Of Value Between Silver And Gold

[#bimetallism](#) [#silver gold ratio](#) [#fixed monetary value](#) [#currency standard](#) [#gold silver parity](#)

Explore the Law of Bimetallism, an economic principle dictating the maintenance of a fixed ratio of value between silver and gold. This monetary standard aims to establish a stable currency system by setting a constant parity between these two precious metals, influencing national and international economic stability.
