

Governing From Below Urban Regions And The Global Economy

[#urban governance](#) [#local economy development](#) [#globalization impact](#) [#regional planning](#) [#bottom-up governance](#)

This exploration delves into the intricate mechanisms of urban governance from a grassroots perspective, examining how local communities and structures influence policy and development within urban regions. It scrutinizes the profound challenges and opportunities presented by the global economy, assessing its impact on local decision-making, economic resilience, and sustainable growth in metropolitan areas worldwide.

Every lecture note is organized for easy navigation and quick reference.
