## A Song for Lena

As Lena helps her grandmother make apple strudel, the woman tells her a story about her childhood in Hungary. One day, she and a friend are approached by a wandering beggar. They race to the house, frightened, but Mother decides that the man should have some of their just-made strudel. He repays their kindness by playing sweet, sad music on his violin. Each year he returns, has his piece of strudel, and plays, until finally one season the harvest comes, but the beggar does not. Father says that "Perhaps our friend isn't hungry anymore." He tells the children to listen closely, and they hear the wanderer's music in the sounds of the country night. A recipe for strudel is included.

## A Song for Lena

Lena's grandmother tells about the time when her mother in Hungary shared some freshly made strudel with a beggar who repaid her hospitality with a beautiful song. Includes a recipe for apple strudel.

## Lena - A breath of fresh air for the European Song Contest

Essay from the year 2010 in the subject Didactics - English - Discussion and Essays, grade: 1,7, University of Regensburg (Institut für Anglistik und Amerikanistik), course: General Language Course V, language: English, abstract: "Love, oh love..." has already been in everyone's head in Germany for weeks, now it's also in the head of all the 125 million viewers of the Eurovision Song Contest (ESC) 2010 in Oslo. Even children of the age of eight to ten can sing the chorus of Lena Meyer-Landrut's song "Satellite" by heart. For 28 years, nobody has won the Grand Prix Eurovision for Germany, but this time Lena did it. Germany and a big part of Europe have gone "Lena-crazy". The German candidate won the European championship in singing – how Stefan Raab called it – with the second largest margin in the history of the ESC, even though she was not even one of the favorites right from the start. She convinced so many people with her voice and her performance that she got 246 out of 480 points. From nine European countries she even got the perfect score of 12 points. That's really a huge progress for Germany in this competition, since the last 27 years have not been crowned by success of the German contestants. You only have to remember the No Angels with their 23rd place and the more than embarrassing striptease of Dita van Teese in 2009. What a shame! Even if Lena's weird Australian English accent leaves much to be desired, she obviously persuaded many people to vote for her. But

what exactly lead to the fact that Lena orbits so many European TV viewers ‘like a satellite’ so that they called or text-messaged for her, the dainty German high-school graduate? Lena is just a cutie without too much of anything. She is handsome and pretty, but also a little bit boyish. In her own sweet and crazy way, she has been taken into her fan’s hearts immediately. And her fans are not just young girls and teenagers – as it is usual, when somebody moves up the pop music ladder as fast as she did.

### Harper's Song (Devil's Nightmare MC Next Generation, Book 3)

Harper's Song: Devil's Nightmare MC Next Generation is the third book in the spin-off from the mega popular Devil's Nightmare MC series by USA Today Bestselling Author Lena Bourne. Reconnect with your old favorite characters and get to know the new generation! Standalone story, HEA guaranteed! Harper Jax and I have been together since forever... or close enough. Until he decided I'm better off without him. Then he just disappeared into the night and cut me off completely. I'm not better off, but I will get on with my life. I'm a singer and I'm going on my first tour. Alone. Without him. Even though the plan was always for the two of us to ride together. I'll have to go alone, because now he also landed himself in prison. Who knows when he's coming out. Or if he's ever coming out. I don't ever want to see him again. But only because I know one glance, one word, one touch will make me fall for him all over again. And when I visit him in prison, that's exactly what happens. But now we really have no future. He might spend the rest of his life behind bars. Trouble is, there are no songs when he's gone, no music. Jax Harper's the best thing that ever happened to me. My life's always been one bad thing after another. From my father getting sent to prison when I was four to my mother putting me in foster care every time she got sick of me. Then Devil's Nightmare MC took me in and Harper was mine. Life doesn't get much better than that. Until her father made it clear she's off limits... or else. He's Scar, the MC's torturer and the kind of guy you believe when he makes a threat. So I left. Since, he's right that I'm a no good nobody and Harper is too good for me. But I was wrong. I can't stop thinking about her. And when I find out she's in danger, nothing will stop me from protecting her. Not thick prison walls. Not threats from her father. And certainly not the mistakes I've made in the past. She's mine. And I'm hers. Harper's Song: Devil's Nightmare MC Next Gen Book 3 is a biker romance novel, which contains steamy scenes and deals with disturbing themes that may be uncomfortable for some readers. Intended for 18+ audiences.

### Caffe Lena

In 1960, burgeoning actress and defiant dreamer Lena Spencer opened a small, grassroots coffee-house in the quaint upstate New York town of Saratoga Springs. Within her then-husband’s plan to start the Caffè as a means for the couple to artistically flourish while “making enough money to retire in Europe” lay the seed of a more impactful cultural contribution that would change music history forever. It was a time in America when a coffeehouse could be something more—a focal point for a different sort of people, radical new ideas, and notably, emerging artists. Caffè Lena’s humble stage regularly welcomed musicians such as a young Bob Dylan in 1961, the singer/activist Bernice Johnson Reagon in 1962, and a pre-“American Pie” Don McLean in 1965. Quickly, Caffè Lena took its place among the nation’s foremost incubators of an American folk movement that inspired a generation of musicians, artists, and thinkers and a country in need of a new vision of equality, freedom, and understanding. Fortunately for posterity, camera shutters were often snapping in time to the music, and so an intimate visual record of Caffè Lena’s early years exists. Now, thanks to years of dedicated digging by the Caffè Lena History Project—to unearth Lena’s secret memoirs, collaborating with photographers to identify and rescue mysterious negatives, and collecting stories from the original artists to highlight these materials—the time has come to share this treasure trove of authentic and rare Americana with the world. Caffè Lena: Inside America’s Legendary Folk Music Coffeehouse brings more than 200 never before seen, evocative images and stories to the public. Early 1960s photographs of Bob Dylan and Pete Seeger and modern-day images of Rufus Wainwright and Patty Larkin blend with rare memorabilia and an oral history derived from more than 100 original interviews of artists who have graced Caffè Lena’s stage over the decades, including Ani DiFranco, Utah Phillips, Dave Van Ronk, Spalding Gray, and other luminaries of the folk, blues, jazz, and theater worlds. This exclusive time capsule chronicling the heyday of Caffè Lena—now the country’s oldest continuously operational folk music coffeehouse—provides an insightful look at the many artists whose poetic lyrics cast a mesmerizing spell over a generation,

and who remain beloved today. Alongside the release of *Caffè Lena: Inside America's Legendary Folk Music Coffeehouse*, San Francisco's Tompkins Square label will release the 3-CD box set, 'Live at Caffè Lena: Music From America's Legendary Coffeehouse, 1967–20132 on September 24, 2013. "Caffè Lena holds an important place in the folk and traditional music communities. For me it was the gateway to so many things I hold dear about music." —Scott Goldman, The GRAMMY Foundation "The story of Caffè Lena is the secret history of the folk-music scene. Lena was a pioneering woman in a man's world and her story needs to be told." —Holly George-Warren, *The Road to Woodstock* "Lena Spencer was a rare person with a shining spirit who created a small world of her own. The magic of her Caffè cannot be analyzed, computerized, or explained." —David Amram, Musician

### Songs for Lena

Albrecht Mendelssohn Bartholdy (1874–1936), grandson of Felix, was an authority on international law who served as one of Germany's observers to the Treaty of Versailles negotiations in 1919. Though best remembered for his illustrious legal career, he also produced a cornucopia of artistic creations including poems and musical works. At the core of his artistic output are more than eighty songs, thirty-one of which are presented in this edition. The Songs for Lena, written between 1930 and 1936 for Albrecht's colleague Magdalene "Lena" Schoch (1897–1987), are unified by themes of romantic love, longing, happiness, beauty, and repose, along with extensive nature imagery, and feature poetry in German, French, English, and Latin. In addition to their artistic merit, these previously unpublished songs reflect both the broad cultural resources of late nineteenth- and early twentieth-century Europe and the composer's role as the inheritor of a family tradition of great artistic achievement, particularly in music.

When I return for my third year at Ravenwood Academy, everything is different. My friends. My status. My link with the wolves. Now bound to Jonathan Ravenwood, I must fight harder than ever to carve out my own path and fight for what's right.

### Song of Earth and Claws

In a world where kingdoms are won in a Game, believing that everyone will follow the Rules is hazardous. But no one can win alone. Lannahi has to duel to take power, but she will need allies to retain it. The interest she sees in the wolfish eyes of a recognized warrior gives her hope, though she doesn't lower her guard. The man has connections with the courts of powerful rulers from the region where lies the city she intends to conquer. She doesn't know where his loyalty truly belongs, but she knows that the love of a fae usually has fangs. The Game starts. Losing means slavery. Losing means death. The Encyclopedia of Great Popular Song Recordings, Volumes 1 and 2 covers the full range of popular music recordings with virtually unprecedented breadth and depth. In this 2-volume encyclopedia, Sullivan explores approximately 1,000 song recordings from 1889 to the present, telling the stories behind the songs, recordings, performers, and songwriters. From the Victorian parlor ballad and ragtime hit at the end of the 19th century to today's rock classics, the Encyclopedia progresses through a parade popular music styles, from jazz to blues to country Western, as well as the important but too often neglected genres of ethnic and world music, gospel, and traditional folk. This book is the ideal research tool for lovers of popular music in all its glorious variety.

Although Lena Ogilvie Byler has published many songs, this is her first book of poetry, and it has been a labor of love to put her poems into print. Poetry can now be added to the long list of things she enjoys, including (in no particular order) gardening, sewing, song writing, oil painting, guitar, piano, her church, and her family.

At long last, the first serious biography of entertainment legend Lena Horne -- the celebrated star of film, stage, and music who became one of the first African-American icons. At the 2001 Academy Awards, Halle Berry thanked Lena Horne for paving the way for her to become the first black recipient of a Best Actress Oscar. Though limited, mostly to guest singing appearances in splashy Hollywood musicals, "the beautiful Lena Horne," as she was often called, became a pioneering star for African Americans in the 1940s and fifties. Now James Gavin, author of *Deep in a Dream: The Long Night of Chet Baker*, draws on a wealth of unmined material and hundreds of interviews -- one of them with Horne herself -- to give us the defining portrait of an American icon. Gavin has gotten closer than any other writer to the celebrity who has lived in seclusion since 1998. Incorporating insights from the likes of Ruby Dee, Tony Bennett, Diahann Carroll, Arthur Laurents, and several of Horne's fellow chorines from Harlem's Cotton Club, *Stormy Weather* offers a fascinating portrait of a complex, even tragic Horne -- a stunning talent who inspired such giants of showbiz as Barbra Streisand, Eartha Kitt, and Aretha Franklin, but whose frustrations with racism, and with tumultuous, root-less childhood, left wounds too deep to heal. The woman who emerged was as angry as she was luminous. From the Cotton Club's glory days and

the back lots of Hollywood's biggest studios to the glitzy but bigoted hotels of Las Vegas's heyday, this behind-the-scenes look at an American icon is as much a story of the limits of the American dream as it is a masterful, ground-breaking biography.

The powerful voice of David Shrayer-Petrov's immigrant fiction blends Russian, Jewish, and American traditions. Collecting an autobiographical novel and three short stories, *Autumn in Yalta* brings together the achievements of the great Russian masters Chekhov and Nabokov and the magisterial Jewish and American storytellers Bashevis Singer and Malamud. Shrayer-Petrov's fiction examines the forces and contradictions of love through different ethnic, religious, and social lenses. Set in Stalinist Russia, the novel *Strange Danya Rayev* revolves around the wartime experiences of a Jewish Russian boy evacuated from his besieged native Leningrad to a remote village in the Ural Mountains. In the title story *Autumn in Yalta*, the idealistic protagonist, Dr. Samoylovich, is sent to a Siberian prison camp because of his ill-fated love for Polechka, a tuberculosis patient. In *The Love of Akira Watanabe* once again unrequited love is the focus of the central character, a displaced Japanese professor at a New England university. A fishing expedition and an old Jewish recipe make for a surprise ending in *Carp for the Gefilte Fish*, a tale of a childless couple from Belarus and their American employers. In the tradition of other physician-writers, such as Anton Chekhov and William Carlos Williams, Shrayer-Petrov's prose is marked by analytical exactitude and passionate humanism. Love and memory, dual identity, and the experience of exile are the chief components.

In the summer of 1947, a young priest, Petter, his wife and baby daughter, arrive by mail boat at a tiny island. They are to take over its drafty homestead from where Petter is to minister to the scattered community. In this evocative tale, Ulla-Lena Lundberg draws us into the minutiae of an austere yet purposeful life where the demands of self-sufficiency - cows to milk and sheep to graze - are tempered by the kindness of neighbours. With each season, the family's love of the island grows and when the winter brings ice a new and tentative link is created. Told through the eyes of Petter, the wholehearted if naive novice priest, and Mona, his tough-minded wife, a story unfolds that is as immersive as it is heartrending. Winner of the Finlandia prize and nominated for the Nordic Critics Prize, *Ice* was a huge bestseller in Finland.

### She Let God Write Her Story

"Albert Wertheim's study of Fugard's plays is both extremely insightful and beautifully written... This book is aimed not only at teachers, students, scholars, and performers of Fugard but also at the person who simply loves going to see a Fugard play at the theatre." --Nancy Topping Bazin, Eminent Scholar and Professor Emerita, Old Dominion University  
Athol Fugard is considered one of the most brilliant, powerful, and theatrically astute of modern dramatists. The energy and poignancy of his work have their origins in the institutionalized racism of his native South Africa, and more recently in the issues facing a new South Africa after apartheid. Albert Wertheim analyzes the form and content of Fugard's dramas, showing that they are more than a dramatic chronicle of South African life and racial problems. Beginning with the specifics of his homeland, Fugard's plays reach out to engage more far-reaching issues of human relationships, race and racism, and the power of art to evoke change. The Dramatic Art of Athol Fugard demonstrates how Fugard's plays enable us to see that what is performed on stage can also be performed in society and in our lives; how, inverting Shakespeare, Athol Fugard makes his stage the world.

From the first synchronized sound films of the late 1920s through the end of World War II, African American music and dance styles were ubiquitous in films. Black performers, however, were marginalized, mostly limited to appearing in "specialty acts" and various types of short films, whereas stardom was reserved for Whites. *Jumping the Color Line* discusses vernacular jazz dance in film as a focal point of American race relations. Looking at intersections of race, gender, and class, the book examines how the racialized and gendered body in film performs, challenges, and negotiates identities and stereotypes. Arguing for the transformative and subversive potential of jazz dance performance onscreen, the six chapters address a variety of films and performers, including many that have received little attention to date. Topics include Hollywood's first Black female star (Nina Mae McKinney), male tap dance "class acts" in Black-cast short films of the early 1930s, the film career of Black tap soloist Jeni LeGon, the role of dance in the Soundies jukebox shorts of the 1940s, cinematic images of the Lindy hop, and a series of teen films from the early 1940s that appealed primarily to young White fans of swing culture. With a majority of examples taken from marginal film forms, such as shorts and B movies, the book highlights their role in disseminating alternative images of racial and gender identities as embodied by dancers – images that were at least partly at odds with those typically found in major Hollywood productions.
