[#its not you its me meaning](#) [#relationship breakup phrases](#) [#personal responsibility in relationships](#) [#difficult conversations](#) [#ending relationships respectfully](#)

The phrase 'It's not you, it's me' is a classic idiom often used to end a relationship or explain a personal decision, implying the speaker is taking personal responsibility. While often a difficult conversation, it aims to communicate that the choice stems from an internal change or need, rather than a fault of the recipient, making it a common phrase for navigating relationship endings respectfully.
