Turtle's Penguin Day

Turtle is so excited by the book about penguins that his dad reads him at bedtime that he decides he wants to be a penguin. So the next morning, he creates a penguin costume, grabs his book, and heads for the schoolbus. His kindergarten classmates are thrilled. They all want to be penguins too! Turtle shows his book to his teacher, and all day long he and his classmates do as the penguins do—they slide down the slide on their bellies during recess, form a waddling conga line at music time, and snack on goldfish crackers. It's a super-cool penguin day! This delightful picture book from Valeri Gorbachev is a perfect blueprint for teachers (and kids) to plan penguin days of their own.

Lighter Than My Shadow

A poignant, heart-lifting graphic memoir about anorexia, eating disorders and the journey to recovery. Like most kids, Katie was a picky eater. She'd sit at the table in silent protest, hide uneaten toast in her bedroom, listen to parental threats that she'd have to eat it for breakfast. But in any life a set of circumstance can collide, and normal behaviour might soon shade into something sinister, something

deadly. *Lighter Than My Shadow* is a hand-drawn story of struggle and recovery, a trip into the black heart of a taboo illness, an exposure of those who are so weak as to prey on the vulnerable, and an inspiration to anybody who believes in the human power to endure towards happiness. 'Even at its most heartbreaking it never feels sombre ... Inspiring, plucky and, in the end, consoling, it's hard to put down' Observer

Seven stunning stories of speculative fiction by the author of *A Boy and His Dog*. In a post-apocalyptic world, four men and one woman are all that remain of the human race, brought to near extinction by an artificial intelligence. Programmed to wage war on behalf of its creators, the AI became self-aware and turned against humanity. The five survivors are prisoners, kept alive and subjected to brutal torture by the hateful and sadistic machine in an endless cycle of violence. This story and six more groundbreaking and inventive tales that probe the depths of mortal experience prove why Grand Master of Science Fiction Harlan Ellison has earned the many accolades to his credit and remains one of the most original voices in American literature. *I Have No Mouth and I Must Scream* also includes "Big Sam Was My Friend," "Eyes of Dust," "World of the Myth," "Lonelyache," Hugo Award finalist "Delusion for a Dragon Slayer," and Hugo and Nebula Award finalist "Pretty Maggie Moneyeyes."
