Toronto Raptors is a beginner's history of the NBA's Toronto Raptors. Beginning with the franchise's early years, readers will experience the team's highest and lowest moments, meet the team's best players and managers, and gain the inside track on information that completes the team's story. Mini-biographies, fun facts, anecdotes, fantastic quotes, and sidebars combine with full-color, action-packed photographs to round out the story of the Raptors, allowing your readers Inside the NBA! SportsZone is an imprint of ABDO Publishing Company.

Toronto Raptors

Learn the Incredible Story of Basketball Superstar Vince Carter! Read on your PC, Mac, smartphone, tablet or Kindle device! In Vince Carter: The Inspiring Story of One of Basketball's Most Dynamic Shooting Guards, you'll read about the inspirational story of basketball's premier shooting guard, Vince Carter. Vince Carter put the Toronto Raptors franchise on the map starting in the late 1990s and into the early 2000s. In an age filled with greats like Shaq, Kobe Bryant, Tracy McGrady, and Steve Nash, Carter has played in one of the most exciting eras of modern basketball. The Toronto Raptors had quite a few deep playoff runs during Vince Carter's time with them, and have just started recovering from his absence years later behind the leadership of DeMar DeRozan and Kyle Lowry. Here is a preview of what is inside this book: Early Life and Childhood College Years at North Carolina Vince's NBA Career Vince Carter's Personal Life Impact on Basketball and Beyond Carter's Legacy An excerpt from the book: Vince Carter is the greatest dunker of all time. The 2000 Dunk Contest. The Frederic Weis dunk. When people talk about Vince Carter, they talk about his dunks. How he wowed fans across the world. How he made highlight reel after highlight reel. How every aspiring basketball player dreamed of dunking like Carter. As a 37-year old Vince Carter prepares to enter the final years of his career, everyone is prepared to acclaim him as the greatest dunker in NBA history. And that acclamation is insulting to Vince Carter. What people have forgotten about Vince Carter is that he was not just a dunker. James White, who played 67 games in the NBA, was just a dunker. Shannon Brown, who once nearly jumped over a 6'6" guard in the middle of a playoff game, was just a dunker. Vince Carter was not just a dunker. He was one of the best players in the NBA at his height. He brought basketball to Canada and the young

Toronto Raptors. In his third season in the NBA, he arguably outdueled league MVP Allen Iverson in one of the greatest playoff series in NBA history. Vince was an all-around player who could score from anywhere, pass well for a scoring guard, and led the Toronto Raptors to multiple playoff berths almost completely by himself. But to win a NBA championship takes some luck, and Vince never got lucky. He never played alongside a truly great teammate in Toronto. Eventually, the Toronto fans perceived him as a quitter and Carter became the most hated player in Raptors history. Carter was traded to the New Jersey Nets and played alongside fellow All-Star Jason Kidd, but the Nets suffered from fatal flaws that prevented playoff success. Later with the Orlando Magic, Carter choked in the 2010 NBA Playoffs at the free throw line. After a miserable season in 2010-11 with the Phoenix Suns, Vince Carter looked finished. But unlike many aging stars who refuse to accept that their days as a premier player are over, Vince Carter readjusted his career and became a useful role player with the Dallas Mavericks. He contributed to Dallas's return to the playoffs and helped Dallas give the eventual champion San Antonio Spurs their greatest challenge in the 2014 playoffs. For all of his depictions as a human highlight reel, Vince Carter has been just a basketball player, committed to the game and to his team's victory. That is a legacy far more important than any dunk.

Vince Carter: the Inspiring Story of One of Basketball's Most Dynamic Shooting Guards

Vince Carter is one of the most electrifying young talents in the NBA. Fans and fellow players alike marvel at his gravity-defying moves on the court, which helped earn Carter the nickname "Air Canada" during his first year in the league with the Toronto Raptors. Growing up in Florida, Carter learned important lessons about the value of hard work and dedication from his parents. Hard work paid off for Carter in his successes on the basketball court in high school. This is when Vince Carter first began his legendary flights to the basketball rim. After high school, Carter chose to attend the University of North Carolina in 1995. In 1998, he left North Carolina early and entered the NBA, where he won the league's Rookie of the Year Award. In his second year in the league, he earned his reputation as a slam dunk artist at the 2000 NBA.com Slam Dunk contest, where he put on a one-man show. With Carter as the foundation of the team, Toronto fans hope to win many NBA championships in the seasons to come. Book jacket.

Vince Carter

Traces the basketball career of Vince Carter, former North Carolina University basketball star and Toronto Raptor superstar known for his ability as a slam-dunk artist.

Sports Great Vince Carter

In this Positively for Kids title, NBA All-Star veteran Vince Carter shares his true life stories. From a music-filled childhood to winning an Olympic gold medal, Vince emphasizes the importance of knowing where to go and working to get there.

Canadian Books in Print

THE ROAD TO THE NBA is a book about heart, drive and internal motivation, when going the standard route is unavailable. It captures and conveys the experiences of one man

Vince Carter Story

The long-silent superstar sets the record straight, revealing a side of himself and basketball you've never seen before.

Vince Carter

Traces the life and career of the Toronto Raptors star athlete, who also played on the U.S. Dream Team in the Olympics, from his childhood in Daytona Beach, Florida, to his troublesome friendship with cousin and former teammate Tracy McGrady.

The Road to the Nba, Vol. Ii

A collection of essays that analyze the interconnections between race, ethnicity, and sport.

Drive

A Season on the Brink chronicles the basketball season that John Feinstein spent following the Indiana Hoosiers and their fiery coach, Bob Knight. Knight granted Feinstein an unprecedented inside look at college basketball -- with complete access to every moment of the season. Feinstein saw and heard it all -- practices, team meetings, strategy sessions, and mid-game huddles -- during Knight's struggle to avoid a losing season. A Season on the Brink not only captures the drama and pressure of big-time college basketball but paints a vivid portrait of a complex, brilliant coach walking a fine line between genius and madness.

Vince Carter

"What corporations fear most are consumers who ask questions. Naomi Klein offers us the arguments with which to take on the superbrands." Billy Bragg from the bookjacket.

Beyond C. L. R. James

Through his own trading experiences and those of individuals he has mentored, Dr. Brett Steenbarger is familiar with the challenges that traders face and the performance and psychological strategies that can meet those challenges. In Enhancing Trader Performance, Steenbarger shows you how to transform talent into trading skill through a structured process of expertise development and reveals how this approach can help you achieve market mastery.

Season on the Brink

As a kind, chatty, and good-humoured man with a zest for life and a passion for helping people, Chris Young adored his job as a social worker. But things fell apart when, in 2008, he was diagnosed with borderline personality disorder. His illness brought about the end of his calling and he found himself in need of a new project and purpose. And so it came to be that in 2011 Chris began a campaign called Walk a Mile In my Shoes. He walks around the edge of the UK - the edge of society being where many people with mental health problems feel they are - without spending any money and relying on the kindness of strangers. In 2015 he joined forces with See Me Scotland to distil the success of the coastal walk into a series of events, inviting other people to join him and discuss mental health. He encouraged them to literally walk a mile in each other's shoes. Walk a Mile: Tales of a Wandering Loon is the story of how a normal, nurturing childhood turned into one of neglect and abuse and how this, combined with a little faulty brain wiring, lead to a severe and enduring mental illness. It is also the story of one man's journey towards tackling mental health stigma, one step at a time. Trigger are proud to announce Theinspirationalseries partner to their innovative Pullingthetrigger

range. The inspirational series promotes the idea that mental illness should be talked about freely and without fear. Find out more at www.triggerpublishing.com

Fight fear, destroy discouragement, win against worry, and disarm your doubts. The Bible warns us of "giants in the land," and whether they're literal like Goliath or figurative like fear, loneliness, and temptation, their goal is the same: to crush God's people. Beloved Bible teacher and pastor Dr. David Jeremiah shows you how to stand up to these bullies and win—with God's help! Whichever giant is intimidating you, the message of *Slaying the Giants in Your Life* is that God has the strength to bring you victory. You never walk alone and never have to live defeated. Learn to: Fight your fear Destroy your discouragement Liberate yourself from loneliness Win against worry Guard against guilt Resist your resentment These are daunting giants, but thankfully you have access to God's Word, which is a wealth of knowledge, encouragement, and power. With God on your side, you never walk alone or in weakness. Stand against the giants that seek to discourage you!

Slaying the Giants in Your Life

During the mid-1990s, the O.J. Simpson murder trial dominated the media in the United States and were circulated throughout the world via global communications networks. The case became a spectacle of race, gender, class and violence, bringing in elements of domestic melodrama, crime drama and legal drama. According to this fascinating new book, the Simpson case was just one example of what the author calls 'media spectacle' - a form of media culture that puts contemporary dreams, nightmares, fantasies and values on display. Through the analysis of several such media spectacles - including Elvis, The X Files, Michael Jordan, and the Bill Clinton sex scandals - Doug Kellner draws out important insights into media, journalism, the public sphere and politics in an era of new technologies. In this excellent follow up to his best selling *Media Culture*, Kellner's fascinating new volume delivers an informative read for students of sociology, culture and media.

EBONY is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American-focused magazine.

Pistol

A longtime Golden State Warriors insider traces the inspirational story of the NBA star to offer insight into his personal life and achievements as both an athletic leader and role model for kids.

Media Spectacle

NATIONAL BESTSELLER "Doug Smith always gets the first question in any Raptors press conference--as the dean of our press corps, he's been in the front row for every development over the past 25 years. There's no one better placed to write a history of our team's first quarter century." --Nick Nurse, head coach, Toronto Raptors *Bringing Jurassic Park to your home*, a celebration of Canada's most exciting team. When the Toronto Raptors first took the court back in 1995, the world was a very different place. Michael Jordan was tearing up the NBA. No one had email. And a lot of people wondered whether basketball could survive in Toronto, the holy city of hockey. More than two decades later, the Raptors are the heroes not only of the 416, but of the entire country. That is the incredible story of *We the North*, told by Doug Smith, the Toronto Star reporter who has been covering the team since the

press conference announcing Canada's new franchise and the team's beat reporter from that day on. Comprising twenty-five chapters to mark the team's first twenty-five years, *We the North* celebrates the biggest moments--from Vince Carter's amazing display at the dunk competition to the play-off runs, the major trades, the Raptors' incredible fans, including Nav Bhatia and Drake, and, of course, the challenges that marked the route to the championship-clinching Game 6 that brought the whole country to a standstill. *We the North: 25 Years of the Toronto Raptors* tells the story of Canada's most exciting team, charting their rise from a sporting oddity in a hockey-mad country to the status they hold today as the reigning NBA champions and national heroes.

Ebony

Snapshots of the U.S.'s last nine generations—from the creators of the Mindset List media sensation *Just as high school graduates in 1957 couldn't imagine life without zippers, those of 2009 can't imagine having to enter phone booths and deposit coins in order to call someone from the street corner.* Every August, the Mindset List highlights the cultural touchstones that have shaped the lives of that year's incoming college class. Now this fascinating book extends the Mindset List approach to dramatize what it was like to grow up for every American generation since 1880, showcasing the remarkable changes in what Americans have considered "normal" about the world around them. Expands Tom McBride and Ron Nief's popular annual Mindset Lists to explore the mindset of nine generations of Americans, from 1880 to the future high school graduates of 2030 Offers a novel and absorbing way to understand the frame of reference of Americans through history, whether it's the high school grads of 1918, who viewed riding an elevator as a thrill second only to roller coasters, or those of 2009, who have always thought of "friend" as an active verb Puts a human face on the evolution of historical changes related to technology, the struggle for rights and equality, the calamities of war and depression, and other areas The annual Mindset List garners extensive media attention, including on Today, The Early Show, the NBC Nightly News, CNN, and Fox as well as in the Wall Street Journal, the New York Times, USA Today, the Los Angeles Times, Time magazine, and hundreds of international publications Whatever your own generational mindset, this book will give you an entertaining and important new tool for understanding the unique perspective and experience of Americans over more than a hundred and fifty years.

Golden

Traces the author's journey from a promising high-school basketball star to a recovering drug addict, describing his struggles with addiction throughout his college and NBA years, the overdose that nearly cost him everything and his subsequent work as a mentor for young athletes. 50,000 first printing.

We the North

This "part memoir, part sports story" (Wall Street Journal) from the New York Times bestselling author of *The Big Bam* chronicles the clash of NBA titans over seven riveting games—Celtics versus Lakers, Russell versus Chamberlain—covered by one young reporter. Welcome to the 1969 NBA Finals! They don't set up any better than this. The greatest basketball player of all time - Bill Russell - and his juggernaut Boston Celtics, winners of ten (ten!) of the previous twelve NBA championships, squeak through one more playoff run and land in the Finals again. Russell's opponent? The fearsome 7'1" next-generation superstar, Wilt Chamberlain, recently traded to the LA Lakers to form the league's first dream team. Bill Russell and John Havlicek versus Chamberlain, Jerry West and Elgin Baylor. The 1969 Celtics are at the end of their dominance. The 1969 Lakers are unstoppable. Add to the mix one newly minted reporter. Covering the epic series is a wide-eyed young sports writer named Leigh Montville. Years before becoming an award-winning legend himself at *The Boston Globe* and *Sports Illustrated*, twenty-four-year-old Montville is ordered by his editor at the *Globe* to get on a plane to L.A. (first time!) to write about his luminous heroes, the biggest of big men. What follows is a raucous, colorful, joyous account of one of the greatest seven-game series in NBA history. Set against a backdrop of the late sixties, Montville's reporting and recollections transport readers to a singular time – with rampant racial tension on the streets and on the court, with the emergence of a still relatively small league on its way to becoming a billion-dollar industry, and to an era when newspaper journalism and the written word served as the crucial lifeline between sports and sports fans. And there was basketball – seven breathtaking, see-saw games, highlight-reel moments from an unprecedented cast of future Hall of Famers (including player-coach Russell as the first-ever black head coach in the NBA), coast-to-coast travels and the clack-clack-clack of typewriter keys racing against tight deadlines. *Tall Men, Short Shorts* is a masterpiece of sports journalism with a charming touch of personal memoir. Leigh Montville has

crafted his most entertaining book yet, richly enshrining luminous players and moments in a unique American time.

Strategic assessment 2020

Water is essential for all aspects of life. Managing water is a challenging task, particularly in shared water basins that host more than half of the world's population. National sovereignty and security considerations have long constrained the reasonable, equitable and sustainable utilization of international water courses. With post-Cold War democratization and globalization on the rise, domestic actors have an increasingly important role to play in national decision-making and traditional foreign policy debates. This change entails new threats but also presents new opportunities for ensuring international water security.

The Mindset Lists of American History

The study of various types of programming is essential for critical analysis of the media and also offers revealing perspectives on society's cultural values, preoccupations, behavior, and myths. This handbook provides a systematic, in-depth approach to the study of media genres - including reality programs, game shows, situation comedies, soap operas, film noir, news programs, and more. The author addresses such questions as: Have there been shifts in the formula of particular genres over time? What do these shifts reveal about changes in culture? How and why do new genres - such as reality TV shows - appear? Are there differences in genres from one country to another? Combining theoretical approaches with concrete examples, the book reinforces one's understanding of the importance of genre to the creation, evolution, and consumption of media content. Each chapter in this reader-friendly book contains a detailed discussion of one of the theoretical approaches to genre studies, followed by Lines of Inquiry, which summarizes the major points of the discussion and suggests directions for analysis and further study. Each chapter also includes an example that illustrates how the particular theoretical approach can be applied in the analysis of genre. The author's careful linkage of different genres to the real world makes the book widely useful for those interested in genre study as well as media and culture, television studies, film studies, and media literacy.

Basketball Junkie

Over the past decade, the scientific information on psychology of injury has increased considerably. Despite dramatic advances in physical education of coaches, field of medicine, athletic training, and physical therapy, the sport-related traumatic injuries is our major concern. Athletic injuries, both single and multiple, have a tendency to grow dramatically. Accordingly, prevention of sport-related injuries is a major challenge facing the sport medicine world today. The purpose of this book is to accumulate the latest development in psychological analyses, evaluation, and management of sport-related injuries, including traumatic brain injuries. No two traumatic injuries are alike in mechanism, symptoms, or symptoms resolution. There is still no agreement upon psychological diagnosis and there is no known comprehensive treatment for sport-related injuries for regaining pre-injury status. Physical symptoms resolution is not an indication of "psychological trauma" resolution.

Genre Studies in Mass Media: A Handbook

NATIONAL BESTSELLER A unique, unfiltered memoir from the NBA champion and fifteen-time all-star ahead of his induction into the Hall of Fame. Kevin Garnett was one of the most dominant players the game of basketball has ever seen. He was also one of its most outspoken. Over the course of his illustrious twenty-one-year NBA career, he elevated trash talk to an art form and never shied away from sharing his thoughts on controversial subjects. In KG A to Z, published ahead of Garnett's induction into the Basketball Hall of Fame, he looks back on his life and career with the same raw candor. Garnett

describes the adversity he faced growing up in South Carolina before ultimately relocating to Chicago, where he became one of the top prospects in the nation. He details his headline-making decision to skip college and become the first player in two decades to enter the draft directly from high school, starting a trend that would be followed by future superstars like Kobe Bryant and LeBron James. He shares stories of playing with and against Bryant, James, Michael Jordan, and other NBA greats, and he chronicles his professional ups and downs, including winning a championship with the Boston Celtics. He also speaks his mind on a range of topics beyond basketball, such as fame, family, racism, spirituality, and music. Garnett's draft decision wasn't the only way he'd forever change the game. His ability to play on the perimeter as a big man foreshadowed the winning strategy now universally adopted by the league. He applies this same innovative spirit here, organizing the contents alphabetically as an encyclopedia. If you thought Kevin Garnett was exciting, inspiring, and unfiltered on the court, just wait until you read what he has to say in these pages.

Injuries in Athletics: Causes and Consequences

Presents comprehensive guidance to the international field of sports history as it has developed as an academic area of study. This book guides readers through the development of the field across a range of thematic and geographical contexts. It is suitable for researchers and students in, and entering, the sports history field.

What a Flanker

"In a kaleidoscopic narrative ... bestselling author David Talbot tells the gripping story of San Francisco in the turbulent years between 1967 and 1982--and of the extraordinary men and women who led to the city's ultimate rebirth and triumph."--P. [4] of cover.

Unsportsmanlike Conduct

Filmatised in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.
