Here's a sampling: What's black and white, black and white, black and white? A penguin rolling down a hill. Why don't zombies eat clowns? They taste funny. Why did the hen scold her chicks? They were using fowl language. What kind of books do skunks read? Best-smellers! How does Darth Vader like his toast? On the dark side. . . . and many more!

Uncle John's Bathroom Reader: Zipper Accidents

John Wainwright is extremely intelligent even if he is stunted in his physical development. He believes in communist ideas but is critical of mainstream Marxism. He is also quite vain and highly skillful in the arts of seduction. From a human viewpoint, he can be considered amoral or perhaps to be following a morality beyond human understanding. The novel explores the theme of the Übermensch (superman) in the character of Odd John whose supernormal human mentality inevitably leads to conflict with normal human society and the utopian colony founded by him and other superhumans.

Nobody's Nation offers an illuminating look at the St. Lucian, Nobel-Prize-winning writer, Derek Walcott, and grounds his work firmly in the context of West Indian history. Paul Breslin argues that Walcott's poems and plays are bound up with an effort to re-imagine West Indian society since its emergence from colonial rule, its ill-fated attempt at political unity, and its subsequent dispersal into tiny nation-states. According to Breslin, Walcott's work is centrally concerned with the West Indies' imputed absence from history and lack of cohesive national identity or cultural tradition. Walcott sees this lack not as impoverishment but as an open space for creation. In his poems and plays, West Indian history becomes a realm of necessity, something to be confronted, contested, and remade through literature. What is most vexed and inspired in Walcott's work can be traced to this quixotic struggle. Linking extensive archival research and new interviews with Walcott himself to detailed critical readings of major works, Nobody's Nation will take its place as the definitive study of the poet.

Cruising World

When Newt Newman's football-star brother, Chris, is knocked into a coma during the biggest game of the season, Newt's two best friends keep his mind off of the accident by helping him create the ultimate Halloween costume: Captain Nobody. Newt feels strong and confident in his new getup, so he keeps wearing it after Halloween is over. Soon Newt assumes the role of a hero in a string of exploits that include foiling a robbery and saving a planeload of passengers. But will Captain Nobody be able to save the one person he cares about most?

Cruising World

When ten sailors are shipwrecked onto a desert island, they lock their tyrannical captain in a cage and live off the bounty of the land--until one sailor's greed gets the best of him. The rest must learn how to cooperate and learn how to break the rules. They must learn how to become the scallywags of Nobody's Island.

Book 3 in the bestselling Australian Destiny Series Taste of Victory returns to the turbulent story of Cole Sloan and Samantha Connolly which began in the bestselling Code of Honor. Sloan's sugar plantation lies in ashes, and both must seek a new future. Turn-of-the-century Australia presented them with many choices and both would seek success in the Riverina, the heart of the wool industry, agriculture and forestry in Victoria and New South Wales. Sloan uses the money he can salvage from Sugarlea to open up a brokerage. Investing other people's money with no personal risk promises to be lucrative, Samantha soon finds work as a clerical assistant to the dock master at Echuca, and becomes the real business manager behind the operation. Meanwhile Samantha's sister, Linnet, has found her way to the University of Adelaide where she develops her music. All goes well until Sloan tries to use his friendship with Samantha to work a good deal moving wool and timber, despite her refusal to compromise. The problems that erupt for each character will ultimately push them toward personal victory or defeat. Will it be the taste of victory?

Nobody's Nation

The American War for Independence was under way before the signing of the Declaration of Independence, but the Continental Army didn't have the force to back up the words. This history explores the army's early failures in Canada, with desertion and disease common among the ranks, and how new leadership disciplined and reorganized the army and set the stage for a key victory at Saratoga in 1777.
