Find out ...

Grand Central is the largest train terminal in the world

By the 20th century, commuter traffic increased demand for a new terminal

February 2, 1913 Grand Central Terminal officially opens after 10 years of construction

During WWII, the terminal was the last rail stop for troops going to fight in Europe

More than 700,000 people pass through the main concourse every day

The acorns and oak leaves throughout the terminal

Employing 300 engineers and 750 conductors

It remains one of the busiest railroad stations in the country.
