Islas Baleares

Balearic Islands travel guide (Spain). Mallorca (Majorca), Menorca, Ibiza, Formentera. Balearic Islands are just a number of islands existing together located in the eastern part of Spain. These islands are located about fifty-one miles away from main land of Spain. On matters regarding size, these islands are quite big with a land mass area of about five thousand square kilometres. The islands mainly comprise of four main islands and other small islands. All these combined form the autonomous region that is referred to as Spain. Mallorca / Majorca tourism first took off around the 1950s, for many years after Mallorca was thought of as a 'cheap package tourist destination'. Since this time Majorca has cleaned up its image to provide tourists with whatever holiday they are looking for the island. Majorca's most popular tourist resorts is around the bay of Palma, these are, S'Arenal, Magaluf and Palma Nova. The more northern part of the Majorca offers more up market / exclusive options for tourist, Puerta Pollensa for example is a very popular tourist destination for villa holidays.
