Meditation for Beginners

Apart from being a path for self-awareness, Meditation is becoming an essential tool for controlling your reactions, changing your perceptions, bringing calmness and peace into your life and giving you greater clarity and insight into human relationships. Meditation also has several health benefits that have been researched and documented by the scientific community. In today's age of the troubled individual, broken relationships and confusion about the direction of life, Meditation has emerged as a powerful force in regaining self-control and inner stability. A teacher of Meditation, the author explains this ancient science in a lucid, practical and extremely simple manner.

The Little Book of Mindfulness

Focus, slow down, and de-stress. The practice of mindfulness is an increasingly popular endeavour that not only helps alleviate the symptoms of stress, anxiety and depression caused by the pressures of our everyday lives, but also promotes joy, peace and happiness. Discover long-lasting happiness with The Little Book of Mindfulness and follow the path to mindfulness so you, your family and your friends can live a more fruitful, peaceful and relaxed life.
