The Life of Saint Francis

The grace of God our Saviour hath in these latter days appeared in His servant Francis unto all such as be truly humble, and lovers of holy Poverty, who, adoring the overflowing mercy of God seen in him, are taught by his ensample to utterly deny ungodliness and worldly lusts and to live after the manner of Christ, thirsting with unwearied desire for the blessed hope. For God Most High regarded him, as one that truly was poor and of a contrite spirit, with so great condescension of His favour as that not only did He raise him up in his need from the dust of his worldly way of life, but also made him a true professor, leader, and herald of Gospel perfection. Aeterna Press

St. Francis of Assisi

St. Francis of Assisi is one of the best-known and best-loved of all the saints. This classic work puts the him in the context of his historical setting and his spiritual influences. Inspired by a deep and simple love, Francis abandoned his fortune and chose to live simply. His love for Jesus Christ, his love for animals, and his love for nature continue to inspire many to this day. This version has been redesigned for a modern audience who wish to continue to connect to this simple man of Assisi.

Life of St. Francis of Assisi

St. Francis's call is a call to return to the basics of Christianity. It is a call to Christians to reach back to their roots so that their spiritual lives can draw strength from the pure waters of the Gospel instead of being choked by manmade traditions and worldly concerns. In the words of G. K. Chesterton, the

coming of Francis “marked the moment when men could be reconciled not only to God but to nature and, most difficult of all, to themselves. ... his whole function [was] to tell men to start afresh and, in that sense, to tell them to forget” (124). While St. Francis of Assisi is one of the most beloved saints in history, the relevancy of St. Francis for our times in light of the election of Pope Francis has yet to be explored. This book is written with the intention of filling that gap. While it is biographical in nature, it also freely explores themes that relate to St. Francis but are not a part of his life. This book is about more than the life of St. Francis of Assisi; it is about the impact this beloved saint has had through his imitation of Christ, his love of poverty, the Franciscan movement, and his profound influence on Pope Francis.

Saint Francis of Assisi

Among the most beloved saints in the Catholic tradition, Francis of Assisi (c. 1181-1226) is popularly remembered for his dedication to poverty, his love of animals and nature, and his desire to follow perfectly the teachings and example of Christ. During his lifetime and after his death, followers collected, for their own purposes, numerous stories, anecdotes, and reports about Francis. As a result, the man himself and his own concerns became lost in legend. In this authoritative and engaging new biography, Augustine Thompson, O.P., sifts through the surviving evidence for the life of Francis using modern historical methods. The result is a complex yet sympathetic portrait of the man and the saint. Francis emerges from this account as very much a typical thirteenth-century Italian layman, but one who, when faced with unexpected crises in his personal life, made decisions so radical that they challenge his own society-and ours. Unlike the saint of legend, this Francis never had a unique divine inspiration to provide him with rules for following the teachings of Jesus. Rather, he spent his life reacting to unexpected challenges, before which he often found himself unprepared and uncertain. The Francis who emerges here is both more complex and more conflicted than that of older biographies. His famed devotion to poverty is found to be more nuanced than expected, perhaps not even his principal spiritual concern. Thompson revisits events small and large in Francis's life, including his troubled relations with his father, his contacts with Clare of Assisi, his encounter with the Muslim sultan, and his receiving the Stigmata, to uncover the man behind the legends and popular images. A tour de force of historical research and biographical writing, *Francis of Assisi: A New Biography* is divided into two complementary parts—a stand alone biographical narrative and a close, annotated examination of the historical sources about Francis. Taken together, the narrative and the survey of the sources provide a much-needed fresh perspective on this iconic figure. “As I have worked on this biography,” Thompson writes, “my respect for Francis and his vision has increased, and I hope that this book will speak to modern people, believers and unbelievers alike, and that the Francis I have come to know will have something to say to them today.”

Francis of Assisi

Saint Francis of Assisi (1181-1226) was an Italian Catholic friar, deacon and preacher. He founded the men's Order of Friars Minor, the women's Order of Saint Clare, the Third Order of Saint Francis and the Custody of the Holy Land. Francis is one of the most venerated religious figures in history. In Chesterton's portrayal St. Francis is a mysterious figure and a man of paradox. Putting him and his life into historical perspective, Chesterton describes why his asceticism was necessary for his cause and what drove him to his life.

Saint Francis of Assisi

DigiCat Publishing presents to you this special edition of "The Life and Legends of Saint Francis of Assisi" by Candide Chalippe. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

Saint Francis of Assisi

A translation of the First Life of St Francis or Vita Prima of 1228, this text is in three parts. The first is devoted to the purity of St Francis's life and his teaching; the second relates the events of the last year of his life; and the third deals with his canonization and miracles. There is a full introduction with background information about Thomas of Celano and his relationship with St Francis as well as a survey of other biographical writings about St Francis.

The Life and Legends of Saint Francis of Assisi

A compelling biography of Francis for readers of any faith and none. A paperback version of this bestseller.

Thomas of Celano's First Life of St Francis of Assisi

Tells the story of the man who became one of the most famous saints in the world, from his fun-loving youth through his career as a soldier to the years he spent serving God.

Francis of Assisi

A biography of Saint Francis from his 12th-century boyhood to his life as a missionary at the bounds of the the known world. -- Dust jacket.

Saint Francis of Assisi

Saint Francis is considered the first Italian poet by some literary critics. He believed commoners should be able to pray to God in their own language, and he often wrote in the dialect of Umbria instead of Latin. Francis' writing fully reflects his personality and spirituality, making them at once formidably mystic and exquisitely human. They combine great elevation of thought with much picturesqueness of expression. Through his prayers, correspondence and regulas readers will connect and unite with one of the most beloved saints of the Catholic Church.

My God and My All

The Founder is the second volume of the long-awaited and best-selling project Francis of Assisi: Early Documents. All three volumes contain helpful introductions to each section, colored maps, cross references, and extensive annotation. The Founder contains: The Beginning or the Founding of the Order and the Deeds of those Lesser Brothers who where the First Companions of Blessed Francis in Religion The Legend of the Three Companions The Assisi Compilation The Remembrance of the Desire of A Soul by Thomas of Celano The Treatise on the Miracles of Saint Francis by Thomas of Celano An Umbrian Choir Legend A Letter on the Passing of Saint Francis Attributed to Elias of Assisi The Legends and Sermons about Saint Francis by Bonaventure of Bagnoregio Related Documents

The Writings of Saint Francis of Assisi

The Life and Legends of St. Francis of Assisi by Father Candide Chalippe, O.F.M., need no apology. The work was first published at Paris in 1727. It is not only well written and reliable withal, but also instructive, elevating and inspiring. The facts and legends mentioned are drawn from the oldest and most reliable sources. The abundance of incidents and anecdotes not to be found elsewhere make the volume eminently interesting, while the reflexions and applications which the author now and then interweaves with the narrative are so replete with practical hints on spiritual life, that they will undoubtedly produce the best spiritual results in the reader. The style though simple, at times graphic, is very pleasing; the narrative flows on with equal ease and freedom. In 1852 a priest from the Oratory of St. Philip Neri made a translation into English from what was then the latest French edition. This French edition came from the press in 1850. With the English translation the original work appeared in an abridged form. The original work is divided into six books, the English translation contains but half of these, so rearranged for the sake of clearness that they form five books. Most elucidations of the original work regarding characteristics of St. Francis, events and dates that are doubtful, are omitted, likewise most of the writings of St. Francis. The former were and still are undergoing changes, owing to new historical researches and discoveries made by students of Franciscan sources, while the latter were but lately again newly translated into English and edited as completely as possible with many critical notes and references of great value by the scholarly Father Paschal Robinson, O.F.M.-The Writings of St. Francis

of Assisi by Father Paschal Robinson, O.F.M. The Dolphin Press, 1906. The marvellous progress the Third Order of St. Francis is making in this country causes the story of the life of St. Francis that is herewith presented to the public in a newly revised edition to be especially welcome. For all Tertiaries know that mere devotion to St. Francis is of itself not sufficient to acquire the spirit of their Seraphic Father; all are aware that membership in the Third Order does not necessarily argue the possession of this spirit—and yet, every real Tertiary desires nothing more than to acquire the poor, humble, loving spirit of St. Francis. This spirit can scarcely be acquired, unless the life of St. Francis be well known, meditated upon and imitated as far as practicable. The Life and Legends of St. Francis of Assisi by Father Candide Chalippe, O.F.M., is peculiarly adapted to help Tertiaries to perform this task; the spirit of St. Francis breathes in every page. Not once, but several times may Tertiaries read this book to great advantage. With every reading new items of interest will be discovered, new lessons will present themselves to be learnt, new inspirations will be imparted to the soul from above. The more this book is read, the more it will be loved; the more it is studied, the more it will be admired. For Tertiaries a book of this kind is a necessity; it is as necessary for them as a text-book is for a scholar. May this wonderful work spread in the future even more rapidly than before, may it receive the hearty welcome it deserves among the innumerable Tertiaries and clients of St. Francis of Assisi and be to them a sure guide to God's abundant graces in this world and to life everlasting in the next.

Francis of Assisi - The Founder: Early Documents, vol. 2

A biography of the saint as both mystic and man: “The single best book about Francis now available in English” (Commonweal). In this towering work, Andre Vauchez draws on the vast body of scholarship on Francis of Assisi, particularly the important research of recent decades, to create a complete and engaging portrait of the saint. He also explores how the memory of Francis was shaped by contemporaries who recollected him in their writings, and completes the book by setting “il Poverello” in the context of his time, bringing to light what was new, surprising, and even astonishing in the life and vision of this man. The first part of the book is a fascinating reconstruction of Francis's life and work. The second and third parts deal with the texts—hagiographies, chronicles, sermons, personal testimonies, etc.—of writers who recorded aspects of Francis's life and movement as they remembered them, and used those remembrances to construct a portrait of Francis relevant to their concerns. Finally, Vauchez explores those aspects of Francis's life, personality, and spiritual vision that were unique to him, including his experience of God, his approach to nature, his understanding and use of Scripture, and his impact on culture as well as culture's impact on him. “Considered one of the great spiritual leaders of humankind, Francis of Assisi was also a man of many faces and personas: ascetic, the founder of a religious order, a romantic hero, a mystic, a defender of the poor, a promoter of peace. But as Vauchez emphasizes—and this biography constantly reminds us—Francis was also a flesh-and-blood human being . . . A bracing, erudite account of a mystic's life.” —Booklist

The Life of St. Francis of Assisi

He has inspired countless films, paintings, poems and novels. But who was Francesco Bernadone, now known as Saint Francis of Assisi? Despite the wealth of writing on the life of this great saint, many still don't know the man. They know the legend: a Francis made palatable to modern sensibilities—the happy friar who carols to the birds and writes poems to the sun and moon. This is the image of the saint that is usually presented, even though it fails to encompass the true personality of Francis. Ivan Gobry, Ph.D., takes on the task of revealing the real man, the man who abandoned wealth and chose to live a beggar's life. Saint Francis lived a life that was full of danger and adventure, ministering to lepers and even traveling to Egypt in an attempt to convert the Muslims. Disciples flocked to him, drawn by the radical challenge of living the Gospel in a world that had become attracted to decadence. Francis rejoiced in nature and animals, but also fought spiritual battles against temptation and vice. Dr. Gobry restores a profoundly human dimension to the Little Poor Man of Assisi: a far cry from the image that has become conventional.

The Life and Legends of Saint Francis of Assisi

The Complete Writings of St. Francis Assisi is the only book on the market to include the original writings of St. Francis, his own work, The Little Flowers of St. Francis and an extensive biography of the life and achievements of St. Francis. St. Francis was an extraordinary writer and poet whose writings are sure to move the young and seasoned writer on topics such as life, love, the environment, animals all while keeping a close walk with your creator.

Francis of Assisi

A biography of St. Francis of Assisi that highlights his contradictions, showing his affinity for animals and his love for nature, art, and the world of the senses alongside his vow of chastity, life of poverty, and devotion to the Church.

Saint Francis of Assisi

St. Francis of Assisi is perhaps the most important of the non-apostle saints. He was born to wealth and privilege in Assisi, Italy in 1181. As a youth he dreamed of military glory and lived the decadent lifestyle one would expect from of a wealthy, young Italian man. In 1202 Francis went off to war and was subsequently captured and spent a year of hardship in Collestrada as a prisoner of war. In 1205 he set off to war again, but this time God sent him a vision and he returned home and took up a religion. What followed was a most remarkable life. St. Francis founded an order in the Catholic Church devoted to helping those in poverty. No other saint embodied the teaching of Christ in quite such an emblematic way. Here G. K. Chesterton gives us the definitive biography of this most amazing man.

The Complete Writings of St. Francis of Assisi

"Francis of Assisi is, after Mary of Nazareth, the greatest saint in the Christian calendar, and one of the most influential men in the whole of human history. By universal acclaim, this biography by G. K. Chesterton is considered the best appreciation of Francis's life--the one that gets to the heart of the matter. For Chesterton, Francis is a great paradoxical figure, a man who loved women but vowed himself to chastity; an artist who loved the pleasures of the natural world as few have loved them, but vowed himself to the most austere poverty, stripping himself naked in the public square so all could see that he had renounced his worldly goods; a clown who stood on his head in order to see the world aright. Chesterton gives us Francis in his world--the riotously colorful world of the High Middle Ages, a world with more pageantry and romance than we have seen before or since. Here is the Francis who tried to end the Crusades by talking to the Saracens, and who interceded with the emperor on behalf of the birds. Here is the Francis who inspired a revolution in art that began with Giotto and a revolution in poetry that began with Dante. Here is the Francis who prayed and danced with pagan abandon, who talked to animals, who invented the creche."

Saint Francis of Assisi

Acclaimed biographer Donald Spoto strips away the legends from the life of Francis of Assisi to reveal the true story of a man who has too often been obscured by pious iconography. Drawing on unprecedented access to unexplored archives, plus Francis's own letters, Spoto places Francis within the context of the multifaceted ecclesiastical, political, and social forces of medieval Italy, casting new light on Francis and showing how his emphasis on charity as the heart of the Gospel's message helped him pioneer a new social movement. This nuanced portrait reveals the multifaceted character of a man who can genuinely be said to have changed the course of history.

St Francis of Assisi

Read the story of the world's best-loved saint! Discover his message of joy, forgiveness and peace, and his love for all of God's creation.

Saint Francis of Assisi Illustrated

Saint Francis of Assisi is one of the most beloved and well-known saints in the Catholic church. In this biography, G. K. Chesterton relays the unique and inspirational life of the humble saint. Starting life as a wealthy young man full of life and spirit, Francis soon joined the war between Assisi and Perugia and returned, ill and downtrodden. He ended up joining the papal forces and after witnessing a poor man begging for alms his spirit was renewed and he was inspired to start a new life of humble poverty. Though not yet officially part of the Catholic papacy, Francis soon amassed a following in Assisi and traveled to Rome to get approval from Pope Innocent III to form what is known today as the Franciscan Order. The Order devotes themselves to living in poverty yet giving generously to the needy. Today, Saint Francis is the patron saint of animals and ecology, having showed his love for all of God's creation early in his life. This new edition of the biography of Saint Francis will be an inspiration for all readers, secular and religious alike.

Reluctant Saint

Stories of St. Francis and his first followers, for the first time in chronological order. Part of the Heritage Edition Series (comp ISBN: 9781557256645)

Saint Francis of Assisi

All Christians know his name. Few truly know the man. Francis of Assisi was not even five feet tall. He was not well educated. And yet he is the one saint commonly recognized as *Alter Christus*, the "other Christ." Francis is not just any saint—he's a saint for everyone, whatever your place or position in life. But do we really know him? Who was this man at his core? What was it that thrust this little man from a little town to the heights of sanctity, into a place of high honor among the celestial court? In this riveting biography, author Bret Thoman accomplishes what few biographers have. He pierces the inner life of Francis, revealing his deepest passions, his unquenchable love for poverty, and his unshakable grip on the core of the Gospel. The life of Francis, so often festooned with spectacle and miracle, is in reality the story of a soul yearning for God in every moment and glimpsing His presence in all creation. If you want to see the hidden life of the greatest saint, if you want to hear his thoughts, if you want to feel the fervor that blazed within his soul, you must read *St. Francis of Assisi: Passion, Poverty, and the Man who Transformed the Catholic Church*.

Saint Francis of Assisi

The captivating story of the world's favorite saint is now retold for a modern audience by one of the great novelists of our time. Perhaps more than any other figure in Christian history since Jesus Christ, Saint Francis of Assisi has captured our imagination, for his is a story of extreme self-sacrifice, of love to God and man. How could this wealthy, handsome youth cast away all the advantages that were his by birth and choose instead a career of poverty and humility? How could he attract members of all strata of society to his mission? And how, when his order became established throughout Eu.

The Little Flowers of Saint Francis

This elegant and accessible biography of one of Catholicism's most beloved saints was originally published as Part 1 of *Francis of Assisi: A New Biography* by Augustine Thompson, O.P. It stands alone as a richly informed portrait of a man whose complex faith and commitment continue to inspire today. An introduction by Thompson places his biography in the context of continuing discussions about Francis's legacy, particularly the new Pope's decision to adopt the saint's name.

Saint Francis of Assisi

Francis of Assisi (1182-1226) was the least dogmatic of saints, seeing himself as God's troubadour or fool. His life was rich in its succession of dramas. After his debauchery as a young playboy, merchant and soldier - he fought at the Battle of Collestrada - he stripped naked in court, abandoned everything he owned and devoted his life to the poorest and the sick. On his missions he walked over the Pyrenees barefoot, was shipwrecked, and crossed the lines during the Fifth Crusade to parley with the Sultan in Egypt. In 1224, marks similar to Christ's wounds appeared on his hands, feet and side, the first recorded case of stigmata.

My God and My All

General readers will enjoy learning about Saint Francis in this book and how hagiography shaped the public stories of medieval saints.

Francis of Assisi

In this new biography of St. Francis, Cunningham follows the saint's life in chronological order, placing him within his culture, exploring official developments within the Catholic Church, and highlighting the many conversions of Francis as his life played out.

Francis of Assisi

There are many editions of the writings of St. Francis, and biographies about him, but here in one volume are both, plus the complete text of the late medieval work, *The Little Flowers*, which did more to establish the legend of the man than any other work. This "Paraclete Giants" edition includes the complete *Road to Assisi*, Paul Sabatier's ground-breaking and foundational biography of the saint, first

published in French in 1894 and re-issued and expanded in 2002; the complete Francis in His Own Words: The Essential Writings; and The Little Flowers, thus offering the best introduction to St. Francis yet available between two covers. Other Paraclete Giants include The Complete Julian of Norwich and The Complete Introduction to the Devout Life, both translated and introduced by Fr. John-Julian, OJN.

Studying the Life of Saint Francis of Assisi

"Simple Peace is a book of reflections on the spiritual life of St. Francis of Assisi."--Back cover.

Francis of Assisi

Saint Francis of Assisi is the founder of the Franciscan Order and one of the most influential figures of medieval Christian history. First published in 1923, G. K. Chesterton's "St. Francis of Assisi" is considered by many to be the definitive biography of the beloved religious leader and saint. Saint Francis was born to a prosperous merchant family and lived his early life carefree and consumed with material possessions. He underwent a religious conversion as a young adult and began to devote himself to a life of poverty and faith. While Saint Francis was never formally educated or ordained as a priest, he traveled the countryside preaching and built a strong following of faithful devotees who were inspired by his pure life of abstinence and piety. Saint Francis eventually received formal permission from the pope to create the Franciscan Order, which grew quickly. Centuries later, Saint Francis remains venerated the world over and is often associated with his love of animals and the natural world. "St. Francis of Assisi" is an engrossing and riveting portrayal of a man wholly devoted to his faith. This edition is printed on premium acid-free paper.

The Complete Francis of Assisi

Noted Franciscan scholars Regis J. Armstrong, J. A. Wayne Hellmann, and William Short spearheaded a collaborative effort of translators, scholars and technicians to publish this series. Many of these texts had been published in critical, scholarly European editions, but were not available in English. In some instances these texts are available in English for the first time; in all instances, they have been annotated in light of recent scholarship. This first volume, The Saint, contains the following works: The Writings of Francis of Assisi (1205/06-1226) The Life of Saint Francis by Thomas of Celano (1228-1229) The Liturgical Texts (1230-1234) The Life of Saint Francis by Julian of Speyer The Versified Life of Saint Francis by Henri d'Avranches (1232-1235) The Sacred Exchange between Saint Francis and Lady Poverty (1237-1239) Related Documents (1215-1237)

Simple Peace

Saint Francis of Assisi abandoned a life of luxury for a life devoted to Christianity after reportedly hearing the voice of God, who commanded him to rebuild the Christian church and live in poverty. He is the patron saint of animals and the environment. Born in Italy circa 1181, Saint Francis of Assisi was renowned for drinking and partying in his youth. After fighting in a battle between Assisi and Perugia, Francis was captured and imprisoned for ransom. He spent nearly a year in prison - awaiting his father's payment - and, according to legend, began receiving visions from God. After his release from prison, Francis heard the voice of Christ, who told him to repair the Christian Church and live a life of poverty. Consequently, he abandoned his life of luxury and became a devotee of the faith, his reputation spreading all over the Christian world.

St. Francis of Assisi

The Life and Legends of Saint Francis of Assisi Translated from the French of Father Candide Chalippe Revised and re-edited by Father Hilarion Duerk Saint Francis of Assisi (1181/1182 - October 3, 1226) was an Italian Catholic friar and preacher. He founded the men's Order of Friars Minor, the women's Order of St. Clare, and the Third Order of Saint Francis for men and women not able to live the lives of itinerant preachers, followed by the early members of the Order of Friars Minor or the monastic lives of the Poor Clares. Though he was never ordained to the Catholic priesthood, Francis is one of the most venerated religious figures in history. Francis' father was Pietro di Bernardone, a prosperous silk merchant. Francis lived the high-spirited life typical of a wealthy young man, even fighting as a soldier for Assisi. While going off to war in 1204, Francis had a vision that directed him back to Assisi, where he lost his taste for his worldly life. On a pilgrimage to Rome, he joined the poor in begging at St. Peter's Basilica. The experience moved him to live in poverty. Francis returned home, began preaching on the

streets, and soon amassed a following. His Order was authorized by Pope Innocent III in 1210. He then founded the Order of Poor Clares, which became an enclosed religious order for women, as well as the Order of Brothers and Sisters of Penance (commonly called the Third Order). In 1219, he went to Egypt in an attempt to convert the Sultan to put an end to the conflict of the Crusades. By this point, the Franciscan Order had grown to such an extent that its primitive organizational structure was no longer sufficient. He returned to Italy to organize the Order. Once his community was authorized by the Pope, he withdrew increasingly from external affairs. In 1223, Francis arranged for the first Christmas nativity scene. In 1224, he received the stigmata, making him the first recorded person to bear the wounds of Christ's Passion. He died during the evening hours of October 3, 1226, while listening to a reading he had requested of Psalm 140. On July 16, 1228, he was proclaimed a saint by Pope Gregory IX. He is known as the patron saint of animals, the environment, and is one of the two patron saints of Italy (with Catherine of Siena). It is customary for Catholic and Anglican churches to hold ceremonies blessing animals on his feast day of October 4. He is also known for his love of the Eucharist, his sorrow during the Stations of the Cross, and for the creation of the Christmas creche or Nativity Scene.

Francis of Assisi - The Saint: Early Documents, vol. 1

Overlooking Lago di Orta in the foothills of the Northern Italian Alps, the Renaissance-era Sacro Monte di Orta (a UNESCO World Heritage site) is spectacle and hagiography, theme park and treatise. Sacro Monte di Orta is a sacred mountain complex that extolls the life of St. Francis of Assisi through fresco, statuary, and built environment. Descending from the vision of the 16th-century Archbishop Carlo Borromeo, the design and execution of the chapels express the Catholic Church's desire to define, or, perhaps redefine itself for a transforming Christian diaspora. And in the struggle to provide a spiritual and geographical front against the spread of Protestantism into the Italian peninsula, the Catholic Church mustered the most powerful weapon it had: the widely popular native Italian saint, Francis of Assisi. Sacred Views of Saint Francis: The Sacro Monte di Orta examines this important pilgrimage site where Francis is embraced as a ne plus ultra saint. The book delves into a pivotal moment in the life of the Catholic Church as revealed through the artistic program of the Sacro Monte's twenty-one chapels, providing a nuanced understanding of the role the site played in the Counter-Reformation. The Sacro Monte di Orta was, in its way, a new hagiographical text vital to post-Tridentine Italy. Sacred Views provides research and analysis of this popular, yet critically neglected Franciscan devotional site. Sacred Views is the first significant scholarly work on the Sacro Monte di Orta in English and one of the very few full-length treatments in any language. It includes a catalogue of artists, over one hundred photographs, maps, short essays on each chapel, and longer essays that examine some of the most significant chapels in greater detail.
