The Evaran Chronicles Box Set: Books 4 -6

Not everything is what it appears to be. Dr. Albert Snowden and his niece, Emily, continue their space-and-time-traveling adventures with Evaran and V. From the far reaches of Roeth, to a parallel universe, and then back to Earth, Evaran and crew try to maintain timeline integrity while dealing with the challenges that brings. This box set contains the fourth, fifth, and sixth books in the Evaran Chronicles. If you like science fiction, time travel, technology, and adventure with a space-opera bent, then this series is for you. The Time Refugee—Book 4 of the Evaran Chronicles In the year 3104, United Planets Agent Jane Trellis finds new hope in cracking the illegal augment trade when time travelers Dr. Albert Snowden; his niece, Emily; V; and Evaran arrive at Roeth, a planet 740 light-years away from Earth. With Jane's new allies, she can finally check out the Dyson bubble that is under quarantine. On a personal note, she hopes to discover more about how her husband died while working there. Experiencing timeline changes, meeting multiple timeline versions of people, rooting out a timeline anomaly, and facing off against a timeline threat were not things Jane had envisioned herself ever doing, yet she finds herself in the middle of all those issues. Becoming a time refugee was definitely not on her list of things to do. The Evaran Origin—Book 5 of the Evaran Chronicles Thoughts can take on physical form. Dr. Albert Snowden and his niece, Emily, never thought they would be able to travel through space and time. Or out of the timeline. Or out of the universe. Or even out of the plane that houses universes. Yet that is where they find themselves while exploring the origin of Evaran, the mysterious being who rescued them from an alien abduction six months ago. Having to deal with the fact that they are part of a time loop that has not yet been fulfilled is one issue. Learning of another version of Evaran who needs their help in a parallel universe is an additional problem. Hampering their efforts along the way are the Time Wardens, a hideously intelligent race from the timeline void, who relentlessly hunt any time traveler. Evaran and crew, along with new allies, will try to help the other Evaran while dealing with the Time Wardens and other threats. If you like science fiction, time travel, and action and adventure, then this book is for you. The Shadow Connection—Book 6 of the Evaran Chronicles Dr. Albert Snowden and his niece, Emily, are back on Earth after six months of traveling through space, time, and beyond with Evaran, the mysterious stranger who rescued them from an alien

abduction. They were expecting to get some peace and quiet after the hectic nature of some of their previous adventures. However, things get complicated when Evaran's ship, the Torvatta, is stolen. To make matters worse, Dr. Snowden has to deal with the near-death experience from a recent event. He and Emily must also adjust to the new side effects of their nanobots, which were enhanced prior to going back to Earth. As they look for the Torvatta, they must also deal with a rogue faction of the Helians, the group that represents Earth from a galactic perspective. Evaran will call upon old and new friends within the nonhuman world to deal with the defected Helian sect. What they find drags Evaran and his new allies deeper into a global event that has timeline implications.

Global Cooling

Ten years have passed since Charlie and Josh discovered The Time Bubble. As they wait for Peter to emerge after several years inside, Earth is facing a global climate catastrophe. An asteroid strike blankets the globe in dust and ash, blocking out the sun. Soon temperatures begin to fall. As weather conditions worsen, the members of The Time Bubble team need to make a decision - flee south to escape the weather, or wait for the worst to pass. Choosing to stay, D.I. Hannah Benson soon has more to worry about than keeping law and order. With power supplies failing and food scarce, it soon becomes a battle just to stay alive. And there are some that see it not as a crisis, but as an opportunity. Meanwhile, Josh sets out to investigate the possible existence of a new Time Bubble in Cornwall. With girlfriend Alice along for the ride, their travel plans are soon disrupted by the deepening winter. Can they reach the Bubble and use it to escape? Set a decade after the main events of The Time Bubble, this sequel takes place in parallel with events in the latter stages of that story.

Time Traveler - Books 1, 2, 3 & 4

Time Traveler - Books 1, 2, 3 and 4 This exciting book for girls and boys combines all four stories and tells the full adventure of a 12-year-old girl who discovers a box in her attic that changes her life forever. Along with the help of her older brother, Oliver and her best friend, Kate, Holly manages to travel to another place and time. However, all great adventures lead to a consequence of some sort and this group of young kids is not at all prepared for what lies ahead. As Holly and Oliver travel through time in a desperate attempt to search for their father, they are joined by Kate and the trio find a lot more than they have bargained for. Along the way, Holly is also confronted by Jade, the bully from school who appears to be suspicious of the secret that Holly is desperate to keep hidden. Will this affect her friendship with Zac, the boy she has had a crush on for so long? And will the group be able to find their way out of their shocking ordeal? Included in this combined set are the following books. Time Traveler - Book 1: The Discovery Time Traveler - Book 2: The Impact Time Traveler - Book 3: Shocked! Time Traveler - Book 4: The Final Journey This series of books for girls is perfect for those who enjoy suspense, mystery and drama. It is also a great book for boys and for anyone who is interested in time travel, a concept so complex that the most unexpected of circumstances often eventuates; an exciting page turner you will not want to put down.

The Time Bubble

Charlie and Josh's interests were the same as most other teenagers: drinking, parties and girls. That was until the day they discovered the Time Bubble. It starts at a bit of fun, jumping a few seconds into the future. Soon things take a more serious turn as the leaps in time increase in duration. When a teenage girl goes missing, and the police become involved, suspicion falls on Charlie. How can he explain where she is? Will anyone believe him? As the long term dangers of the Bubble become clear, one man comes up with a solution - one that could hold the key to his own salvation. Set in a small market town in Southern England in the early 21st century, this light-hearted time travel novel has plenty to delight readers of all ages. This novel is the first part of a trilogy. Global Cooling, the second in the series, is now available.

Time Traveler - Books 1-4

Changing history to prevent a second American revolution seems like a good idea until it backfires. The change sets in motion events that result in a plague that wipes out the world's population in the 2070s. But attempts to reverse it fail, requiring more extreme measures, including seeking advice from an unstable renegade time traveler and neutralizing a terrorist. Time Plague is Book 4 of the Marc McKnight Time Travel Adventures series. Angered by radical billionaire George Kosar's continuous interference in United States politics, the American President in 2036 orders Marc McKnight's time travel team to kidnap him in 1986, when he is a young man just getting started on his career. Against their better judgment, McKnight and his team follow orders and the result is a world-wide plague that wipes out the population of the world in the 2070s. McKnight's team is unable to reverse the original kidnapping, forcing them to change, review, and react to steer history back to its original course. To check change results, McKnight depends on the memories of Rachel Patterson, an incarcerated time traveler who is violently obsessed with him. Unbeknownst to McKnight, a dangerous, emotionless female Operative has been dispatched from the future to rescue Rachel, regardless of the cost and impact on history. McKnight and his team must fight off this murderous Operative and prevent the both the revolution and the plague.

'The Time Hunters and the Box of Eternity' is the second book in the acclaimed Time Hunters saga. Becky and Joe Mellor return to Bowen Hall for the half term holidays to find things are as unusual as ever. Of course, that's to be expected when you're sharing a stately home with a dinosaur, a winged horse, two sabre-tooth tigers and Bowen Hall's latest resident - a dodo named Deirdre. Things, however, get more intriguing when American time traveller, Bruce Westbrook, arrives with two gold doubloons that seem to possess strange, supernatural powers. So begins a thrilling adventure that leads Becky, Joe, Uncle Percy and Will to 1920s Chicago, Victorian Edinburgh and the 18th Century Caribbean - battling gangsters, pirates, sea-monsters and zombie sharks on a quest for the legendary Pandora's Box ... The clock is still ticking ...

Time Revolution

Since the dawn of the modern era, mankind has dreamed about the possibility of traversing the bounds of linear time, to explore the dark mysteries of pre-history or seek out the wild possibilities of the far future in person. This collection of stories does the next best thing, allowing readers to dream of the possibilities of such a theoretical trip. The Temporal Element contains stories all about traveling through time, and not in the natural way. Slægten Ellegaard

What if you could rewrite the past? Quinn Black is having the worst day ever . . . over and over again. The same car blocking his driveway, the same horrific accident he witnesses, the same cop that keeps preventing him from saving his boss from dying in it, and the same memory of a girl from his past that gets sharper each time. Then he realizes he has the power to travel through time and change the future. With infinite opportunities to alter the past, the possibilities are endless. Could he prevent terrorist attacks? Natural disasters? The deaths of friends? Or even go back in time and say the right thing to the girl who haunts his dreams? Unfortunately, the rules of time travel are more complicated than he imagined, and before long, Quinn is thrust into the greatest race in human history. His actions can either save the world or destroy it. And now the man who could turn back the clock is running out of time.

The New World

There's more to time than ticks and tocks. Imagine this. Your dad is a part-time archaeologist who has a tendency to discover things. One day, he comes home from an expedition with a crusty old relic, and dumps it in the basement. You'd probably think everything would be fine and dandy, but that's where you're wrong. Because that's precisely when all the trouble started. It's 1930, and Lewis and Eva Hudson are a couple of twin teens with just such a dad. Then, on a chilly wintry day in Washington D.C., the three of them mysteriously disappear into thin air, without a trace. Throw in a weird and mysterious rival with a point to prove, add a looming disaster that threatens to break time itself, and pretty soon they're smack bang in the front seat of a roller-coaster to doomsville. Time Square | The Shift is an edge-of-your-seat time-travel adventure that's full of action and plenty of humour. It's sure to leave you begging for a breather. Join Dr Rex Hudson, his two teen kids Lewis and Eva, and a whole cast of wonderful and wacky characters as they try to fix the unfixable. Time Square is an exciting new series from the author of The Golden Scarab, The Cursed Nile and The Fallen Pharaoh. If you loved the Quest series, then you'll love this new series even more.

Time Lock

Lara and her brother Adam love going to see their grandfather but this time their visit is a little different. Having discovered a magical clock, both Lara and her brother have no idea of the adventures that they have in store... The Time Travelling Clock is an exciting adventure story which combines history and adventure and will appeal to all children and young adults.

Seven Rules of Time Travel

Time Traveler - Book 1: The Discovery is a brand new and very exciting series about a 12-year-old girl who discovers a box in her attic that will change her life forever. Along with the help of her older brother, Oliver and her best friend, Kate, Holly will manage to travel to another place and time. However, all great adventures lead to a consequence of some sort and this group of young kids is not at all prepared for what lies ahead. As well as her discovery, Holly also has to deal with the cool kids at school, one in particular who is intent on making her life miserable. And when Zac, the cutest boy in the class begins to show Holly some attention, her whole world turns upside down. This is a suspenseful journey that will keep you on the edge of your seat, wondering what is going to happen next. It is another fabulous book for girls aged 9-12, one that is sure to be a new favorite.

Time Square / the Shift

How far would you go for someone you love? In 1992 Amy Bridgeman disappeared. Her brother is going back to discover the truth... Joseph Bridgeman - a reclusive insomniac with a weakness for 'The Beatles' on vinyl - accidentally discovers he can time travel. With the help of Vinny, a local record shop owner, an old school friend and Alexia Finch (his hypo-time-travel guru) Joe sets out to change the course of his life. He needs to get back to 1992, the year his world fell apart, the year his sister, went missing. The only problem (apart from his clothes disappearing) is that the further back he goes the less time he gets to stay there. Can Joe master his new-found gift before time catches up with him? Expect action, drama, adventure and of course the unexpected! RECENT FIVE STAR REVIEWS "If you're a fan of Time Travel, this book is among the best" "Another offering of pure delight from author Nick Jones." "Love, love, love this series!! The humour is outstanding and the characters come to life. I wish I could give it more stars!" "If Nick Hornby and Michael Marshall Smith had a child, Nick Jones would be it. Read this." "This man writes great books - it's that simple!" "A wonderful writer. I love this series! It's time travel you can actually understand." "Absolutely loved this book. Similar to Time Travellers Wife. Edge of your

seat stuff, can't wait for more books by Nick Jones. Excellent"Action, romance, intrigue and comedy combine in this, the first book in The Downstream Diaries Time Travel Adventure series.

The Time Travelling Clock

A Time for Travel ~ The Adventure is the first two books in the Time For Travel series. A Time for Travel ~ The Christmas Project is the first book in the series and is about four cousins who invent a time travel machine over Christmas vacation. They set the time for two hundred years in the past and set the location for the Marble Arch Caves in Northern Ireland. That is not where they end up. Follow Brooklyn, Caleb, Genevieve and Kennedy as they explore the castles and caves of ancient Ireland on their grand adventures. What will they do once they get there and their time travel machine doesn't work? Will they find the leprechauns, dragons, fairies and unicorns they are looking for? Will they get home? A Time For Travel ~ The Summer Project is the second book in the series. Go along with Kennedy, Brooklyn, Genevieve, and Caleb on another grand time travel adventure into the past. They travel to Northern Ireland to the year 1570. They discover smugglers stealing gold that the leprechauns have hidden in a cave. They need help to capture them but are pirates really the best choice to go to for help? The chase leads them from Northern Ireland to the Republic of Ireland to England to Scotland and back again. Will they catch the smugglers? Will they be able to return the gold? What happens after the time machine crashes?

Hard Time

This is the second book in the Time Leap series. Book 1 ends with Niki and Joe stranded in a disaster-hit future by a Russian hit-man called Smirnoff. Book two continues the adventures of the time-travelling team as they encounter King Arthur and his knights, a great spiritual leader from the past and ancient people from Egypt and Lemuria. Reuniting with Joe and Niki, Smirnoff suggests they travel 50,000 forwards in time to see what type of people, if any, would exist in the far future. They are surprised to encounter a matriarchal society with advanced knowledge of the World and highly developed human powers. Returning home, Niki's experience of the future makes her want to meet a spiritual messenger from the past. After lengthy preparations for their trip, the couple travel 2,000 back in time year and meet the man himself. What would happen if they take him to their present time, they wonder? Later, it's Joe's turn to choose a time period. Having loved the stories of King Arthur and his knights from his childhood, he opts for sixth century Britain. Appreciating the dangers of travelling alone at that time, they take Smirnoff and an old university friend of Joe's with them (Gareth Hughes). They do succeed in meeting the King, but not without being imprisoned and nearly killed. Gareth accompanies Niki and Joe on one final trip - this time to the fabled Atlantis and Lemuria. Did these lands really exist? What did our intrepid time travelers discover 12,000 years ago in the past? Read on to find out!

Time-travel Trouble!

The Time Hunters and the Box of Eternity is the second book in the Time Hunters saga. Becky and Joe Mellor return to Bowen Hall for the half term holidays to find things are as unusual as ever. Of course, that's to be expected when you're sharing a stately home with a dinosaur, a winged horse, two sabre-tooth tigers, Will Scarlet and Bowen Hall's latest resident - a dodo named Deirdre. Things, however, get more intriguing when American time traveller, Bruce Westbrook, arrives with two gold doubloons that seem to possess strange, supernatural powers. So begins a thrilling adventure that leads Becky, Joe, Uncle Percy and Will to 1920s Chicago, Victorian Edinburgh and the 18th Century Caribbean - battling gangsters, pirates, sea-monsters and zombie sharks on a quest for the legendary Pandora's Box... The clock is still ticking. Niels Feynman's Time Traveling Adventures | Book 1 Chapter 5

Dr Joe Bedford has invented a time travel machine. Although wanting to use this to help the starving and sick world population of the near future, Joe gets caught up with, mafia style boss Mr. Infanta, his girlfriend's uncle Lorenzo! Lorenzo Infanta wants to use the time travel equipment for self-gain and Joe has to travel back in time to retrieve now destroyed works of art, before they get destroyed in order to sell them. But Joe is made of sterner stuff than to allow himself to be used in such a way for long. When Joe changes the game to stop Mr. Infanta, the bullets start to fly. Can he keep his love relationship with Samantha Infanta strong? Can he dodge Lorenzo Infanta's clutches and escape with his life? Joe and Carlos go back to Pompeii just before Vesuvius erupts and to Whitehall Palace, just before a fire destroys the palace and all its precious treasures. What happens in each location? There's only one way to find out!

Time Leap 2: The Time Is Now

Liam O'Connor should have died at sea in 1912. Maddy Carter should have died on a plane in 2010. Sal Vikram should have died in a fire in 2029. Yet moments before death, someone mysteriously appeared and said, 'Take my hand . . .' But Liam, Maddy and Sal aren't rescued. They are recruited by an agency that no one knows exists, with only one purpose - to fix broken history. Because time travel is here, and there are those who would go back in time and change the past. That's why the TimeRiders exist: to protect us. To stop time travel from destroying the world . . .

The Time Hunters and the Box of Eternity

When 54 year old Thomas Scott wakes up in a hospital bed on New Year's Day he has no memory of who he is or why he is there. Racked with pain from a terminal illness, death swiftly follows. The next day he awakes to find himself alive again and confused, especially when he discovers that it is now New Year's Eve. As the days pass he begins to realise that he is living his life backwards one day at a time. So

begins the extraordinary tale of a man who goes to sleep on Sunday nights and wakes up on Saturday mornings: A man who cannot form a meaningful relationship with a woman because when he jumps back to the previous day, she has no memory of him. And a man who can win a fortune from gambling any time he likes, but has only one day to spend it. Trying to find some purpose in life he resolves to find out as much about his own personal history as he can. Learning of the death of his wife and an attack on his daughter, he prepares to make changes in the past to secure their future. From middle-aged father all the way back to childhood, the passing years present all manner of different challenges as he grows ever more youthful. Set in and around Oxford between the years of 1970 and 2025, this unique concept for a time travel novel features plenty of humour, nostalgia and “what if” moments. The story takes place within the same universe established in the author's Time Bubble series. However, this is a standalone novel that can be enjoyed without the need to have read those earlier books.
