"Embark on an adventurous journey through the enchanting landscapes of New Zealand with F. A. Roberts in 'By Forest Ways in New Zealand.' Penned in the early 20th century, this travel narrative provides readers with a firsthand account of Roberts' exploration of the natural beauty, flora, and fauna of New Zealand. As Roberts treks through forests, encounters unique wildlife, and immerses himself in the scenic wonders of the country, 'By Forest Ways in New Zealand' is more than a travelogue—it's a literary expedition that captures the spirit of adventure in the heart of the Kiwi wilderness. Join Roberts on this literary journey where each page unveils a new chapter of discovery, making 'By Forest Ways in New Zealand' an essential read for those captivated by tales of travel and the exploration of New Zealand's pristine environments."

Incidents of a Collector's Rambles in Australia, New Zealand, and New Guinea

"People have told us how lucky we are, to get to sail far away. My typical response is to say luck has little to do with it, that we've worked so very hard, made many difficult decisions, and given up so much for so many years to get to this place on the Earth. But on nights like this, under a sky full of stars and our spinnaker full of warm trade wind pulling us deeper into the South Pacific Ocean, I see how very lucky we truly are to be here together." In 2011, the Johnson family of four left their comfortable home in the Pacific Northwest, trading it in for a life of unpredictability, adventure, and joy aboard their 38-foot sailboat, Wondertime. With their two young daughters, Sara and Michael sailed north to Canada, south to Mexico, then west across the Pacific, eventually landing in New Zealand. All along the way, Sara kept an online journal of their travels and trials, her stories followed by hundreds of friends and family members. Now, the best of her stories, essays, and voyage logs are collected in this freshly-edited volume for all to enjoy. Much more than a typical travel log, this is the story of a family's journey into uncertainty, and coming out on the other side knowing that the only thing that's truly certain is the importance of treasuring time with the ones you love.

Beautiful Star

'Interplanetary, quite extraordinary . . . awash with dark humour and scenes of intense beauty' Financial Times 'One of the greatest avant-garde Japanese writers of the twentieth century' New Yorker Beautiful Star is a 1962 tale of family, love, nuclear war and UFOs, and was considered by Mishima to be one of his very best books. Translated into English for the first time, this atmospheric black comedy tells the story of the Osugi family, who come to the sudden realization that each of them hails from a different planet: Father from Mars, mother from Jupiter, son from Mercury and daughter from Venus. This extra-terrestrial knowledge brings them closer together, and convinces them that they have a mission: to find others of their kind, and save humanity from the imminent threat of the atomic bomb...

Beautiful Star & Other Stories

Ordinary people are swept up in extraordinary historical events in these gripping short stories by the bestselling author of The King's Spy. History is brought alive by the everyday people whose lives it affects in this moving collection of short fiction. In Beautiful Star & Other Stories we meet Eilmer, a monk in 1010 with Icarus-like dreams; Charles I, in hiding in 1651 and befriended by a small boy; the trial of Jane Wenham, witch of Walkern, seen through the eyes of her granddaughter, among many others. From the author of the Thomas Hill trilogy, this is an affecting journey through the centuries, bringing a new perspective to such events as the defense of Corfe Castle, the battle of Waterloo, the siege of Toulon, and, in the title story, the devastating dangers of the life of the sea in 1875.

Audrey Hepburn

Why I wrote this small book well, for all of us, the world is full of complexities and trials. That is not to say, it isn't also beautiful and mysterious. In the midst of it all, there are certain helpful forces. I wrote this as an encouragement to whoever reads it, also to myself. It seems in every dark situation in the world, there is a hidden light. In each difficulty, a pathway out, a hope. In every dark sky, a shining star. In fact, as you surely know, we need the dark sky to see the stars. We can't see them in the daylight. How this little book came about: There are not many words for this piece, but I've been carrying them around for many years, waiting for the right person to illustrate them. The first title I used was, "And then one day, you may find millions of sunflowers growing inside your heart," quite a long title. At the time, the 90's, I was going through a lot of challenges and was writing a lot of spiritual words and manuscripts, many of which I still have. This piece, was one of them. More on the imagery There aren't a lot of words,

as said, but they are concepts that I believe are in common with most faiths and forms of spirituality. There's a river, some stars, a planting field, flowers, a farmer. There's consequences for both negative and positive actions. There's a stream that gathers itself together and flows past an obstacle. We are told, we can do the same. That is, to compose ourselves and gather strength. There are also stars, that shine above us and inside us. It's not religion, These are words aimed at clarity and hope.

Beautiful Star And I On Desert Island

The thing about life is that it thrives on the unexpected. Kiishi, a rising superstar who'd rather be anything but himself. Fumnanya, a girl who wants to disappear into a shell where the world wouldn't hurt her anymore. Two paths cross on a starry night on the edge of the water. What happens when two broken people keep interacting? Will they heal and complete each other or will their ripped edges injure beyond repair?

Inside Everyone's Heart Shines a Beautiful Star

The Hour of the Star, Clarice Lispector's consummate final novel, may well be her masterpiece.

School Education

Absorbing, lyrical, vivid and compulsively readable - The Heart is a Star is beautiful storytelling from a talented new writer. A novel for fans of Holly Ringland, Jacqueline Maley, Hannah Richell. Layla Byrnes is exhausted. She's juggling a demanding job as an anaesthetist, a disintegrating marriage, her young kids, and a needy lover. And most particularly she's managing her histrionically unstable mother, who repeatedly threatens to kill herself. But this year, it's different. When her mother rings just before Christmas, she doesn't follow the usual script. Instead, she tells Layla that there's something she needs to tell her about her much-loved father. In response, Layla drops everything to rush to her childhood home on the wild west coast of Tasmania. She's determined to finally confront her mother - and find out what really happened to her father - and lay some demons to rest. The Heart is a Star is an engrossing, lyrical and powerfully absorbing novel about the complicated and beautiful messiness of midlife; about the ways in which we navigate an intricate, complicated world; and about how we can uncover our true selves when we are forced to face the myths that make us. 'Tense, heartbreaking and crackling with vivid honesty - all those tiny, telling details that have you nodding with recognition and wanting to gulp the book in one rush of a sitting. I could not put this book down. A new star is born in the writing firmament.' Nikki Gemmell 'Captivating ... The Heart Is A Star

Good Omens meets The Long Way to a Small, Angry Planet in Ryka Aoki's *Light From Uncommon Stars*, a defiantly joyful adventure set in California's San Gabriel Valley, with cursed violins, Faustian bargains, and queer alien courtship over fresh-made donuts. Hugo Award Finalist A National Bestseller Indie Next Pick New York Public Library Top 10 Book of 2021 A Kirkus Best Book of 2021 A Barnes & Noble Best Science Fiction Book of 2021 2022 Alex Award Winner 2022 Stonewall Book Award Winner Shizuka Satomi made a deal with the devil: to escape damnation, she must entice seven other violin prodigies to trade their souls for success. She has already delivered six. When Katrina Nguyen, a young transgender runaway, catches Shizuka's ear with her wild talent, Shizuka can almost feel the curse lifting. She's found her final candidate. But in a donut shop off a bustling highway in the San Gabriel Valley, Shizuka meets Lan Tran, retired starship captain, interstellar refugee, and mother of four. Shizuka doesn't have time for crushes or coffee dates, what with her very soul on the line, but Lan's kind smile and eyes like stars might just redefine a soul's worth. And maybe something as small as a warm donut is powerful enough to break a curse as vast as the California coastline. As the lives of these three women become entangled by chance and fate, a story of magic, identity, curses, and hope begins, and a family worth crossing the universe for is found.
