Intro

Tell me about yourself why you will make a good Electrical Engineer for our company? Thank you for inviting me to be interviewed for this position today. I would like to think I am a safety-focused, results-driven and professional electrical engineer who can be relied upon to carry out my tasks competently within strict rules and procedures in a fast and efficient manner.

Q. What skills are needed to become a competent Electrical Engineer in this role?

Q. As an Electrical Engineer, how would you develop professional relationships?

I believe it's important to build strong relationships as an electrical engineer for two main reasons. Firstly, it can help you to complete tasks quickly and more effectively, if you can call on people for

help advice, or support.
