Icons and Identities

Drawing on the outstanding collection of the National Portrait Gallery, this volume celebrates the variety and complexity of portraiture. The National Portrait Gallery holds the world's most extensive collection of portraits: a museum of people, a gallery of stories and ideas, and a home of artistic masterpieces. *Icons and Identities* draws together icons from Shakespeare to Audrey Hepburn alongside less well-known sitters that provide insight into the representation of identity in portraits. It also includes some intriguing surprises to reflect the diversity of the National Portrait Gallery's collection and to introduce audiences around the world to exceptional portraits of many kinds. *Icons and Identities* shows how artists, working across mediums, have revealed the visually stimulating and intellectually vibrant tradition of portrait making. The book is structured around a series of key themes and each section includes a selection of works from a range of periods. Artists include: Peter Paul Rubens, Anthony van Dyck, Joshua Reynolds, Thomas Gainsborough, Andy Warhol, Marlene Dumas and Shirin Neshat.

The National Portrait Gallery

The 'beauties' - women of note - who were welcomed to the National Portrait Gallery's early collection were those whose lives and portraits were recognized as significant to the 'civil, ecclesiastical and literary history of the nation'. This brief was interpreted to include figures as diverse as the devout Lady Margaret Beaufort, and the entertaining Lady Emma Hamilton. History's Beauties, the first detailed study of this collection, maps a culture of femininity that reframes the Victorian fascination with women's domestic and sentimental presence by locating it within a Parliament-centred 'national' culture.

History's Beauties

"This re-designed and fully updated and expanded edition of the National Portrait Gallery's Complete Illustrated Catalogue is a comprehensive listing of every painting, drawing, miniature, print, photograph and sculpture in the main collection." ... "The culmination of years of research, this exhaustive and authoritative catalogue includes over 10,500 entries, organised alphabetically by sitter and provides the title, date, attribution, media and acquisition details for every work. Portraits of the same subject by different artists and at different times can be compared." "An indispensable reference tool for scholars, researchers, historians and art historians, with over 8,000 illustrations, this catalogue now forms the largest printed survey of British portraiture in existence, a miniature National Portrait Gallery in itself."--Jacket.

Complete Illustrated Catalogue

Spearheaded by The Duchess of Cambridge, Patron of the National Portrait Gallery, Hold Still was an ambitious community project to create a unique collective portrait of the UK during lockdown. People of all ages were invited to submit a photographic portrait, taken in a six-week period during May and June 2020, focussed on three core themes - Helpers and Heroes, Your New Normal and Acts of Kindness. From these, a panel of judges selected 100 portraits, assessing the images on the emotions and experiences they conveyed. Featured here in this publication, the final 100 images present a unique and highly personal record of this extraordinary period in our history. From virtual birthday parties, handmade rainbows and community clapping to brave NHS staff, resilient keyworkers and people dealing with illness, isolation and loss. The images convey humour and grief, creativity and kindness, tragedy and hope - expressing and exploring both our shared and individual experiences. Presenting a true portrait of our nation in 2020, this publication includes a foreword by The Duchess of Cambridge, each image is accompanied by an extended caption and further works show the nationwide outdoor exhibition of Hold Still.

The National Portrait Gallery

"A national pantheon of the greatest names in British history and culture, the collections of the National Portrait Gallery contain more than 11,000 paintings, sculptures and works on paper and over a quarter of a million photographs. There are kings and queens, courtiers and courtesans, politicians and poets, soldiers and scientists, artists and writers, philosophers and film stars individuals from every sphere. This book presents a broad selection of the personalities that have shaped the last four centuries of British life, from Elizabeth I to David Beckham, from Shakespeare to Seamus Heaney, portrayed by artists as diverse as Hans Holbein, David Bailey, Joshua Reynolds and Paula Rego. Special features ... provide insights into particular areas of the Collection, and an introductory essay explains the history and purpose of this great public institution"--Publisher's description.

Catalogue of the pictures in the National portrait gallery

Excerpt from The National Portrait Gallery, Vol. 1 The Illustrated Catalogue of the National Portrait Gallery may be considered as a fitting sequel to the Illustrated Catalogue of the National Gallery, published by Messrs. Cassell and Company in 1899. The National Portrait Gallery was founded in 1856, and was at first housed in temporary premises at 29, Great George Street, Westminster. In 1869 the collection was removed to the eastern portion of the Long Building at South Kensington, where it remained until the autumn of 1885, when, owing to increased danger from fire, the collection was transferred on temporary loan to the Science and Art Department at the Bethnal Green Museum. Although this was intended to be but a temporary measure, no steps were taken to provide this interesting collection with a permanent home, or seemed at all likely to be taken, until May, 1889, when William Henry Alexander, Esq., of Shipton, Andover, Hants, generously offered to build a National Portrait Gallery at his own expense. This offer having been accepted by h.m. Government, a site was allotted in St. Martin's Place in the rear of the National Gallery, and the new building commenced in

October, 1890. The new Gallery was completed in April, 1895, Mr. Alexander contributing to its cost and hm. Government f The collection was then moved into the new building, and the Gallery opened to the public on Saturday, April 4th, 1896. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Historical and Descriptive Catalogue of the Pictures, Busts, &c., in the National Portrait Gallery, Exhibition Road, South Kensington

The National Portrait Gallery's collection of portraits of British men and women constitutes a complete survey of both historical and contemporary personalities. A national pantheon of great figures - from King Henry VIII to David Bowie - portrayed by great artists - from Holbein to Avedon - the Gallery's collection includes likenesses of political, artistic and scientific characters, including Mary, Queen of Scots, William Shakespeare, Lord Byron, James Joyce, Winston Churchill, Laurence Olivier, Barbara Hepworth and Salman Rushdie.

Historical and Descriptive Catalogue of the Pictures, Busts, &c. in the National Portrait Gallery ...

Elizabeth Joy Peyton (b.1965) is one of the preeminent artists working today. She paints still lifes and landscapes, but above all, portraits: of friends, lovers, heroes, admirations, inspirations and fascinations. Her subjects include artists, activists, actors, athletes, dancers, musicians, queens, princes, politicians and poets. Captured from life, memory, literature and imagination, through found images and photographs, amongst many things her art explores love, individuality, beauty and the passing of time. - This book accompanies a major exhibition at the National Portrait Gallery, devoted to the work of Elizabeth Peyton and is created in close collaboration with the artist. Featuring key examples of her work - it will look at the evolution of Peyton's practice, exploring her unique aesthetic and her interrogation of perception, emotion and human relationships. - The exhibition catalogue explores the development of Peyton's art from the 1990's to the present day, with a particular focus on the last ten years, whilst situating her work within the context of the historic genre of portraiture. Alongside an essay from the curator, Lucy Dahlsen, this book will feature essays by Dr Nicholas Cullinan and Thomas Crow.

Historical and Descriptive Catalogue of the Pictures, Busts, &c. in the National Portrait Gallery

This book provides a unique opportunity to see an inspiring range of portraits from contemporary photographers selected from thousands of submissions. The works included are not only about the sitters, but also reveal the outstanding skill of the photographers in capturing a moment in time and conveying something of the spirit of those photographed. This year's In Focus display will be the sixth in the competition's history, exhibiting works by Alessandra Sanguinetti, a photographer known for evocative works that focus on the fantasies and fears that accompany the physical and psychological transition from childhood to adulthood. Her works will be shown in the exhibition and a number of these are reproduced in the catalogue, accompanying an interview about the photographer's life and work. Fully illustrated in colour throughout, the book also features all the selected entries with extended captions, comments and insights from the judges and interviews with the prizewinners.

The National Portrait Gallery

This catalogue includes such famous figures as David Garrick and Dr Samuel Johnson, Sarah Siddons and Emma Hamilton, and the work of such artists as Gainsborough, Reynolds and Romney. It has been compiled by one of the leading authorities on 18th-century English portraiture, John Ingamells.

Catalogue of the Scottish National Portrait Gallery ...

Items on permanent loan from the National Portrait Gallery to Beningbrough Hall.

National Portrait Gallery

With just under a thousand portraits of Queen Elizabeth II, the National Portrait Gallery boasts some of the most treasured and famous official portraits of the Queen captured at key historic moments, as well as day-to-day images of the monarch at home and with family, following her journey from childhood, to princess and Queen, mother and grandmother. This publication highlights the most important portraits of Elizabeth II from the Gallery's Collection. Paintings and photographs from the birth of Elizabeth II to the present will take readers on a visual journey through the life of Britain's foremost icon. The book will reflect on the Queen's life, presenting family photographs alongside important formal portraits to explore how, as her reign became record-breaking, she became an iconic figure in modern British culture and history. The publication features works by key artists depicting the Queen from 1926 to the present day, including Baron, Cecil Beaton, Dorothy Wilding, Patrick Lichfield, Andy Warhol, Annie Leibovitz and David Bailey. This book features an introductory essay by Alexandra Schulman, exploring how the collected portraits depict the Queen throughout her life and reign, and a timeline of key historical events and moments from Elizabeth II's life.

The national portrait gallery [plates, with descriptive letterpress].

"First published to accompany the American tour of the National Portrait Gallery's Regency paintings in 2002"--T.p. verso.

Catalogue of the Scottish National Portrait Gallery ...

The collections of the National Portrait Gallery, which consist of more than 11,000 paintings, sculptures and works on paper and over a quarter of a million photographs, provide a fascinating commentary on British history and culture, addressing questions of identity and achievement and promoting engagement with portraiture in all media. With an introduction from the Gallery's Director, this book provides an insight into the most extensive collection of portraits in the world and the influential sitters and artists within it, from the remarkable survivors of the Tudor period to the familiar faces of our own time. 100 Portraits presents a selection of images of significant individuals who have shaped the last four centuries of British life, from Anne Boleyn to David Beckham, from William Shakespeare to J.K. Rowling, portrayed by artists as diverse as Joshua Reynolds, Andy Warhol and Ida Kar. Each image is accompanied by an extended caption with key information on the sitter and the artist.

The History of Mary I, Queen of England

At a time when prejudiced historical verdicts are being largely revised, and when it is universally admitted that history must be studied on broader and more discriminating lines than heretofore, the restatement of the case for our first Queen Regnant scarcely needs an apology. Two books, one *The Privy Purse Expenses of the Princess Mary*, with an Introductory Memoir by Sir Frederick Madden, some time Keeper of the Manuscripts in the British Museum, and the other, *The Life of Jane Dormer, Duchess of Feria*, edited by the Rev. Joseph Stevenson, from the original manuscript in the possession of Lord Dormer, first revealed Queen Mary to me as an attractive and sympathetic personality. Subsequent diligent examination of documents relating to her life and reign, scattered about the various archives of Europe, has not belied that impression, but has further shown that more interest attaches to her dire struggle with the difficulties which beset her than has generally been supposed. This material has proved to be extremely rich and abundant, especially as regards the archives of Venice, Austria, Belgium and England. The valuable papers formerly at Brussels have, it is true, disappeared, but fortunately we are provided with transcripts of them in the Record Office. And where the despatches of ambassadors, those of Giustinian, Chapuys, Renard, Michiel, de Noailles, Surian and others, drop the thread of the story, our own chroniclers, Stowe, Holinshed, Machyn, Wriothesley, Foxe, etc., take it up, so that an almost continuous narrative is formed, reaching from Mary's earliest childhood to her death. I have endeavoured, where possible, to give the story in the words of each individual ambassador or annalist, in order to preserve, if it might be, the atmosphere of the times, in a manner unattainable by our modern phraseology. In most instances, I have been careful to reproduce even the eccentricities of the spelling in the English documents quoted, but in others, where I have given somewhat lengthy extracts from our chroniclers, the spelling has been modernised to avoid tedium. It has not come within the scope of the present work to deal exhaustively with Mary's correspondence, and many of her most interesting letters have been unavoidably omitted, preference being given to those which relate to the more crucial points in her history. One word may not be out of place here, as to the now fully recognised necessity of bringing historical imagination to bear upon any period under consideration; for unless we throw ourselves into the spirit, the views, the interests of that period, we shall utterly fail to form a correct notion of its merits and its short-comings. The thoughts and opinions, the virtues and vices of the sixteenth century are not those of our own day, and the only way in which we can form a just estimate of them is by divesting ourselves of every preconceived notion, and by judging each individual case according to the standard which then prevailed. Whether, bearing this necessity in mind, and with the colours at my disposal, I have succeeded in painting a picture vivid enough to supersede the old traditional, but generally spurious, portraits of Queen Mary, I must leave to the kind judgment of my readers.

Mary Tudor

In the summer of 1553, against all odds, Mary Tudor was the first woman to be crowned Queen of England. Anna Whitelock's absorbing debut tells the remarkable story of a woman who was a princess one moment, and a disinherited bastard the next. It tells of her Spanish heritage and the unbreakable bond between Mary and her mother, Katherine of Aragon; of her childhood, adolescence, rivalry with her sister Elizabeth and finally her womanhood. Throughout her life Mary was a fighter, battling to preserve her integrity and her right to hear the Catholic mass. Finally, she fought for the throne. The Mary that emerges from this groundbreaking biography is not the weak-willed failure of traditional narratives, but a complex figure of immense courage, determination and humanity.

The History of Mary I, Queen of England

"The History of Mary I, Queen of England" by J. M. Stone. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten or yet undiscovered gems of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

The History of Mary I., Queen of England

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The History of Mary Stewart

A new appraisal of the first Tudor queen offers a detailed portrait of the daughter of Henry VIII and his Spanish wife, Catherine of Aragon, exploring her religious faith and policies, as well as her historical significance in English history.

New Lights Thrown Upon the History of Mary, Queen of England, Eldest Daughter of Henry VIII.

Their enemies branded them both murderesses, whores and daughters of the devil. Elizabeth's supporters anointed her a hero and savior, while Mary's faithful invested her as a saint and martyr. Reigning side by side, but yet never meeting face-to-face, these queens were inexorably linked in a tumultuous relationship that, until now, has never fully been revealed and explored. *Elizabeth & Mary: Cousins, Rivals, Queens* is master biographer Jane Dunn's richly textured portrait of two incredible women. A story of a relationship punctuated by reversals of fortune; murder mysteries; sexual intrigue; reckless behavior, heated battles and cold war, *Elizabeth & Mary* is staged against a past as dark and dangerous as it was vibrantly alive. Dunn shows the indissoluble bond between the queens was forged by two opposing forces; their shared inheritance and rivalry for Elizabeth's crown set against their natural solidarity as ruling females in an overwhelmingly masculine world. She delves behind Elizabeth's reputation as steely virgin queen, using her celibacy as a weapon, valuing reason and duty above all. She looks at Mary as celebrity queen, femme fatale and flawed heroine, a woman who capped the theatre of her death in a brilliant cloak of redemption. And she corrects many misconceptions about her subjects, revealing Mary as a more serious contender for power than had been previously thought, and Elizabeth as far more vulnerable than her formidable reputation. Intelligent and completely riveting, this beautifully produced and lavishly illustrated book masterfully juxtaposes the histories of two remarkable women, culminating in tragedy, as Elizabeth the victor—hesitantly—signed her cousin's death warrant.

Life of Mary, Queen of Scots. [By James Grant.]

*Includes pictures *Includes Mary's own quotes about her life *Includes online resources and a bibliography for further reading *Includes a table of contents "Did I not tell you this would happen? I knew they would never allow me to live, I was too great an obstacle to their religion." - Mary, Queen of Scots The position in history of Mary Queen of Scots is a paradoxical one. Her fame as a monarch lies less in her personality or achievements than in her position within the dynastic maneuvers and political-religious upheavals taking place in northwest Europe in the 16th century. Most monarchs spend their early years learning in preparation to rule and then spend the latter part of their lives wielding power and status, but Mary was thrust upon the throne when she was only a week old, and she ceased to be queen nearly 20 years before her death. Mary's was an unusual reign in a tumultuous period, and her tragedy was intertwined with her country's transformation. In Mary's case, she was a second cousin once removed of England's Queen Elizabeth I, which made her a rival for the throne. Mary was the granddaughter of Margaret Tudor, Henry VIII's sister, and her Catholicism made Mary the true and rightful Queen of England in the eyes of many Catholics and the Vatican. These facts, coupled with the realization that several English Catholics (especially rebels active in the Rising of the North movement) supported Mary, ardently made Elizabeth I uneasy. Mary also did not help herself when she married James Hepburn, 4th Earl of Bothwell, who was widely accused of raping her. The Scottish people rebelled, and Mary abdicated and fled southwards towards England. Elizabeth I was unsure at first what to do with Mary, so she kept Mary imprisoned in several castles and manor houses inside England (making escape difficult and thus unlikely). After 18 years and 9 months in Elizabeth's

custody, it became clear that the situation was becoming untenable mainly due to Catholic efforts on the continent and within England to have Elizabeth I assassinated and to raise Mary Stuart to England's throne after marrying her to the recusant Catholic Thomas Howard, Duke of Norfolk. By some accounts, Elizabeth's spymaster and principal secretary Francis Walsingham, either trapped Mary or fabricated evidence on high treason charges associated with the plot initiated by Anthony Babington. In 1587, Mary was executed for her involvement in conspiracies to assassinate Elizabeth. Elizabeth is said to have had deep misgivings about executing a fellow sovereign and thereby setting a pernicious precedent. Nor could Elizabeth forget that her own mother, Anne Boleyn (though only a queen consort), had also been executed. Though she had put Mary to death, Elizabeth's unmarried and childless status left no Tudor to follow her. Thus, she was succeeded by her Mary's son James, whose reign united the two kingdoms of England and Scotland. All British monarchs have since descended from James. Mary, Queen of Scots: The History and Legacy of Mary Stuart of Scotland chronicles the tumultuous life of Mary and her role in history. Along with pictures of important people, places, and events, you will learn about Mary Stuart like never before, in no time at all.

Mary I

British monarch Elizabeth I's long reign is remembered as a period of stability for England. Yet, her relationship with her cousin, Mary, Queen of Scots, was contentious at best, leading to a fatal ending for one of the monarchs. This intrigue-filled volume transports readers into the throne rooms of Europe during the 16th century, where they'll learn of shifting lines of succession, clashes between religions, and assassination plots. Actual quotes from the rulers themselves as well as stunning portraits and paintings mark the pages of this well-designed book, and a timeline summarizes the essential events of this historical rivalry.

The History of Mary, Queen of Scots

It is the tragedy of Queen Mary that today, 450 years after her death, she remains the most hated, least understood monarch in English history—remembered best for burning hundreds of Protestant heretics at the stake. Linda Porter's pioneering new biography cuts through the myths to reveal the truth about the first queen to rule England in her own right. Daughter of Henry VIII and Katherine of Aragon, Mary Tudor was a cultured Renaissance princess who was brought to the throne by an audacious coup. She made a grand marriage to Philip of Spain, but her attempts to revitalize England at home and abroad were cut short by her early death at the age of forty-two. The first popular biography of Mary in thirty years, *The Myth of "Bloody Mary"* offers a fascinating, controversial look at this much-maligned queen.

Mary I

She was the first woman to inherit the throne of England, a key player in one of Britain's stormiest eras, and a leader whose unwavering faith and swift retribution earned her the nickname "Bloody Mary." Now, in this impassioned and absorbing debut, historian Anna Whitelock offers a modern perspective on Mary Tudor and sets the record straight once and for all on one of history's most compelling and maligned rulers. Though often overshadowed by her long-reigning sister, Elizabeth I, Mary lived a life full of defiance, despair, and triumph. Born the daughter of the notorious King Henry VIII and the Spanish Katherine of Aragon, young Mary was a princess in every sense of the word—schooled in regal customs, educated by the best scholars, coveted by European royalty, and betrothed before she had reached the age of three. Yet in a decade's time, in the wake of King Henry's break with the pope, she was declared a bastard, disinherited, and demoted from "princess" to "lady." Ever her deeply devout mother's daughter, Mary refused to accept her new status or to recognize Henry's new wife, Anne Boleyn, as queen. The fallout with her father and his counselors nearly destroyed the teenage Mary, who faced imprisonment and even death. It would be an outright battle for Mary to work herself back into the king's favor, claim her rightful place in the Tudor line, and ultimately become queen of England, but her coronation would not end her struggles. She flouted the opposition and married Philip of Spain, sought to restore Catholicism to the nation, and fiercely punished the resistance. But beneath her brave and regal exterior was a dependent woman prone to anxiety, whose private traumas of phantom pregnancies, debilitating illnesses, and unrequited love played out in the public glare of the fickle court. Anna Whitelock, an acclaimed young British historian, chronicles this unique woman's life from her beginnings as a heralded princess to her rivalry with her sister to her ascent as ruler. In brilliant detail, Whitelock reveals that Mary Tudor was not the weak-willed failure as so often rendered by traditional narratives but a complex figure of immense courage, determination, and humanity.

Mary Queen of Scots

Now a major film, this is a dramatic reinterpretation of the life of Mary Queen of Scots by one of the leading historians of this period. For centuries, Mary, Queen of Scots has been a figure of scholarly debate. Where many have portrayed her as the weak woman to Elizabeth's rational leader, John Guy reassesses the young queen, finding her far more politically shrewd than previously believed. Crowned Queen of Scotland at nine months old, Queen of France by age sixteen and widowed the following year, Guy paints Mary as a commanding and savvy queen who navigated the European power struggles of the time to her advantage. Her life was one of drama and conflict - Scottish lords constructed labyrinthine plots to wrest power from her and attempts to prove her claim to the English throne were thwarted by English ministers bent on protecting Elizabeth. *My Heart is My Own* re-examines the original sources, resulting in a riveting new argument surrounding Mary's involvement in her husband Lord Darnley's murder and her subsequent marriage to his suspected assassin. Guy's accessible treatment of the well-trodden story, his deft storytelling and insightful new arguments provide compelling and dramatic reading. 'An absorbing biography . . . meticulously researched . . . scholarly and intriguing' Peter Ackroyd, *The Times* 'Rarely have first-class scholarship and first-class storytelling been so effectively combined' John Adamson, *Daily Telegraph* John Guy is an award-winning historian, accomplished broadcaster and a Fellow of Clare College, Cambridge. His previous books include the highly acclaimed dual biography *A Daughter's Love: Thomas and Margaret More* a history, *Tudor England*, which has sold over 250,000 copies worldwide and a biography of Thomas Becket, published in 2012.

The History of Mary, Queen of Scots

Traces the tumultuous life of Mary Stuart, who became queen at the age of one week and was eventually beheaded for plotting against her cousin, Queen Elizabeth I

The History of Mary I

A revisionist portrait of Mary Tudor contends that she is one of English history's least understood monarchs and discusses her mistreatment by her father Henry VIII and brother Edward VI, her struggles to retain her crown, and her premature death.

Elizabeth and Mary

Making history from the moment of her birth, England's Queen Elizabeth I (1533-1603) was a legend within her own lifetime. To her supporters, Elizabeth I was Gloriana, the Faerie Queene, a dignified and powerful woman who ruled with cunning and skill for forty-four years. To her detractors she was the ruthless supporter of a false religion; the murderer of her cousin Mary Queen of Scots; a wanton woman, herself illegitimate, who sullied the crown with her licentious behavior. The legends that have grown up around Elizabeth are fascinating, but as this book shows, the truth is just as remarkable. In *Elizabeth I: Ruler and Legend*, Clark Hulse brings Elizabeth to life, combining text and images to tell her story through the objects handed down by history. Commemorating the four hundredth anniversary of Elizabeth's death, this handsome volume contains over one hundred photographs of books, manuscripts, maps, letters, paintings, clothing, furniture, and many more artifacts dating from her reign. Each of these objects tells a story, and Hulse uses them as a starting point for a broad and thorough examination of Elizabeth and the society in which she lived. Beginning with an analysis of the political events surrounding her birth, the book describes Elizabeth's relationship with her father, Henry VIII, and the maneuvering that led to her eventual coronation upon the death of her half-sister Mary Tudor in 1558. As queen, Elizabeth oversaw a period of breathtaking cultural achievement. She kept England from being torn apart by the religious wars raging across Europe, and she withstood both an assassination plot and the massive military threat of the Spanish Armada. This book addresses all these major events, as well as a whole host of lesser-known aspects of Elizabeth's reign. Hulse includes discussions of topics such as the education of Tudor women; markers of identity; portraits of Elizabeth; the queen's speaking style; her interest in America; music at the Tudor court; and literary depictions of Elizabeth by Shakespeare, Spenser, and other poets.

History of Mary Queen of Scots

This Whitbread Award-winning biography and basis for the film *Mary Queen of Scots* starring Saoirse Ronan and Margot Robbie "reads like Shakespearean drama" (*The Atlanta Journal-Constitution*). "A triumph . . . A masterpiece full of fire and tragedy." —Amanda Foreman, author of *Georgiana* In the first full-scale biography of Mary Stuart in more than thirty years, John Guy creates an intimate and

absorbing portrait of one of history's greatest women, depicting her world and her place in the sweep of history with stunning immediacy. Bringing together all surviving documents and uncovering a trove of new sources for the first time, Guy dispels the popular image of Mary Queen of Scots as a romantic leading lady—achieving her ends through feminine wiles—and establishes her as the intellectual and political equal of Elizabeth I. Through Guy's pioneering research and superbly readable prose, we come to see Mary as a skillful diplomat, maneuvering ingeniously among a dizzying array of factions that sought to control or dethrone her. Queen of Scots is an enthralling, myth-shattering look at a complex woman and ruler and her time. "The definitive biography . . . Gripping . . . A pure pleasure to read." —The Washington Post Book World "Reads like Shakespearean drama, with all the delicious plotting and fresh writing to go with it." —The Atlanta Journal-Constitution

Mary, Queen of Scots

This probing yet sympathetic account reveals a personality no less fascinating than Elizabeth in its contradictions

Elizabeth I of England vs. Mary, Queen of Scots

The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. Rich in titles on English life and social history, this collection spans the world as it was known to eighteenth-century historians and explorers. Titles include a wealth of travel accounts and diaries, histories of nations from throughout the world, and maps and charts of a world that was still being discovered. Students of the War of American Independence will find fascinating accounts from the British side of conflict. ++++ The below data was compiled from various identification fields in the bibliographic record of this title. This data is provided as an additional tool in helping to insure edition identification: ++++ Harvard University Houghton Library N011251 Anonymous. By Henri Griffet. A translation of 'Nouveaux éclaircissements sur l'histoire de Marie, reine d'Angleterre'. London: printed for J. Wilkie, 1771. vii, [1], 111, [1]p.; 8°

The Myth of Bloody Mary

Did you ever hear the saying "there are two sides to every story?" This is especially true for major events in history. The details of the same event can appear very different depending on the perspectives of the people involved. In this fresh take on history, read about the lives of Elizabeth I of England and Mary, Queen of Scots from both queens' points of view.

Mary Tudor

Did you ever hear the saying "there are two sides to every story?" This is especially true for major events in history. The details of the same event can appear very different depending on the perspectives of the people involved. In this fresh take on history, read about the lives of Elizabeth I of England and Mary, Queen of Scots from both queens' points of view.

The History of Mary, Queen of Scots, Etc

As an historical figure Mary Queen of Scots has been perpetually represented on canvas, page and stage, and has captured the British imagination since the time of her death in 1587. The 'real' Mary Stuart however has remained an enigma. Mary Queen of Scots: Romance and Nation sheds light on Mary's life by exploring four main themes: * the history of Mary's representation in Britain from the late Tudor period focusing on key periods in the formation of the British identity and closely analysing several texts against a background of the visual, musical and literary works of each period * the reasons why those representing Mary have been so conscious that her image was largely a debatable fiction * the identification of symbolic styles, using Mary to reveal the habits of representation in each historical period * The link between the image of Mary Stuart and Britain's long struggle to define itself as a single nation, focusing on the roles of gender and religion in this development.

My Heart is My Own

A striking and sympathetic portrait of England's first Queen, Mary I - whose character has been vilified for over 400 years. Instead of the bloodthirsty bigot of Protestant mythology, Mary Tudor emerges from the pages of this deeply-researched biography as a cultured renaissance princess, a courageous survivor of the violent power struggles that characterised the reigns of her father, Henry VIII, and brother Edward VI. The author does not belittle Mary's burning of heretics, which earned her the sobriquet 'Bloody Mary', but she also had many endearing personal qualities and talents, not least the courage of leadership she showed in facing down Northumberland's rebellion. A well-balanced and readable biography of Mary I is long overdue.

On the Trail of Mary Queen of Scots

Queen Mary I Mary I, perhaps best known by the moniker Bloody Mary, was England's first female monarch who ruled in her own right. A fighter from birth, she was the only surviving child of Henry VIII and his wife Catherine of Aragon. Mary would make her way back to her father's good graces after being cast out by him in favor of his numerous wives and would eventually undo her father's religious reforms by restoring Roman Catholicism in England. The fourth Tudor to rule England, Mary is remembered for burning around three hundred Protestants at the stake on her quest for religious reform. Inside you will read about... A Survivor from Birth Her Father's Six Wives Long Road to the Throne Executions and Phantom Pregnancies The Death of Bloody Mary And much more! In this book, we will discover the true-life story of Mary I-the infamous English queen who claimed her place in history after a mere five years as regent.

Mary Queen of Scots and Her Latest English Historian

Here is the tragic, stormy life of Mary Tudor, daughter of Henry VIII and Katherine of Aragon. Her story is a chronicle of courage and faith, betrayal and treachery-set amidst the splendor, pageantry, squalor, and intrigue of sixteenth-century Europe. The history of Mary Tudor is an improbable blend of triumph, humiliation, heartbreak, and devotion-and Ms. Erickson recounts it all against the turbulent background of European politics, war, and religious strife of the mid-1500s. The result is a rare portrait of the times and of a woman elevated to unprecedented power in a world ruled and defined by men.

Mary queen of Scots and her latest English historian, a narrative of the life of Mary Stuart with remarks on Mr. Froude's History of England

Mary Queen of Scots fervently believed she had a right to the English throne - a belief that cost her her head. This title offers an account of why she came to this belief. It also examines the ancient and intractable power struggle between England and Scotland, a struggle intensified during the reigns of Elizabeth and Mary's grandfathers.

The First Queen of England

_____ 'Scintillating, provocative... An elegant synthesis of royal biography and political thriller.' Daily Telegraph A Times History Book of the Year: a story which inspired the Hollywood film MARY QUEEN OF SCOTS Mary, Queen of Scots & Elizabeth I of England. Two powerful monarchs on a single island. Threatened by voices who believed no woman could govern. Surrounded by sycophants, spies and detractors. Accosted for their dominion, their favour and their bodies. Besieged by secret plots, devastating betrayals and a terrible final act. Only one queen could survive to rule all. _____ 'Brings us a fresh Mary, set in a gloriously rich context, a tragic heroine - irresistibly real and relevant... There isn't a line wasted in this taut, dramatic and utterly beguiling biography.' Charles Spencer author of Killers of the King: The Men Who Dared to Execute Charles I 'The perfect combination of scholarship and storytelling, meticulous research and emotional insight, Kate Williams brings Mary vividly to life in all her complexities and contradictions.' Kate Mosse, author of The Burning Chambers 'It takes a special kind of historian to turn an old story on its head. Eye-opening, provocative, this is the great rivalry re-imagined for the #MeToo generation.' Lucy Worsley

Crown and Country

From one of our finest historians comes an outstanding exploration of the British monarchy from the retreat of the Romans up until the modern day. This compendium volume of two earlier books is fully revised and updated.

Crown and Country: the Kings and Queens of England: a History

An exploration of the British monarchy from the retreat of the Romans up until the modern day. With a new chapter on Royal Weddings - this is essential reading for those who want to understand more about how monarchy has shaped the British nation. The monarchy is one of Britain's most venerable and revered institutions - but also one of its most tumultuous. In this substantially revised, updated and expanded compendium of two earlier volumes, David Starkey charts its roller-coaster history, starting with the warring tribal kings who continued to exercise their sway under the Romans. New material on the late Middle Ages and the Wars of the Roses brings the story to the turbulent reign of the Tudors and on through the chaos of the Civil War that first unseated and then beheaded a king. The Republic that followed Charles I's execution smashed the Imperial Crown and attempted to eradicate the word 'king' from the language. For a time, it seemed the throne itself had died with its most recent occupant. And yet, vulnerable though it had been shown to be, the monarchy also proved surprisingly resilient. Starkey brings the tempestuous story up to the present, guiding us through the abdication of Edward VIII and the dissolution of the marriage between Prince Charles and Lady Diana Spencer, with a new chapter on the marriage of Prince William and Kate Middleton, royal weddings and the future of monarchy. ed with its most recent occupant. And yet, vulnerable though it had been shown to be, the monarchy also proved surprisingly resilient. Starkey brings the tempestuous story up to the present, guiding us through the abdication of Edward VIII and the dissolution of the marriage between Prince Charles and Lady Diana Spencer, with a new chapter on the marriage of Prince William and Kate Middleton, royal weddings and the future of monarchy. ed with its most recent occupant. And yet, vulnerable though it had been shown to be, the monarchy also proved surprisingly resilient. Starkey brings the tempestuous story up to the present, guiding us through the abdication of Edward VIII and the dissolution of the marriage between Prince Charles and Lady Diana Spencer, with a new chapter on the marriage of Prince William and Kate Middleton, royal weddings and the future of monarchy.

The Lives of the Kings & Queens of England

A compendium of illustrated biographies of the British monarchs, revised throughout and updated to include the recent history of the Windsors.

The Kings and Queens of England

This title offers a historical context in which to appreciate the political and moral significance of both the famous and the more obscure incidents in the public and private lives of Britain's monarchs.

David Starkey's Music and Monarchy

For the kings and queens of England, a trumpet fanfare or crash of cymbals could be as vital a weapon as a cannon. Showcasing a monarch's power, prestige and taste, music has been the lifeblood of many a royal dynasty. From sacred choral works to soaring symphonies, *Music and Monarchy* looks at how England's character was shaped by its music. To David Starkey and Katie Greening, works like Handel's *Water Music* and Tallis's *Mass for Four Voices* were more than entertainment – they were pieces signalling political intent, wealth and ambition. Starkey and Greening examine England's most iconic musical works to demonstrate how political power has been a part of musical composition for centuries. Many of our current musical motifs of nationhood, whether it's the Last Night of the Proms or football terraces erupting in song, have their origins in the way the crown has shaped the national soundtrack. Published to coincide with a major BBC series, *Music and Monarchy* is not a book about music. It is a history of England written in music, from our leading royal historian.

King & Country

This book unravels the tangled relationship between crown and state in Great Britain, examining: how a Monarchy can work in a democracy; the political powers of a British Monarch and the nature of the Royal Prerogative; the case for republicanism; and the future of the British Monarchy. The book also takes into account the archaic laws and establishment obstacles Charles and Camilla had to overcome in order to marry. A unique and interesting book that analyses this most illogical of constitutional relationships. Robert Blackburn is professor of constitutional law at King's College, University of London.

Crown & Sceptre

An in-depth look at the British monarchy that's "a superb synthesis of historical analysis, politics, and top-notch royal gossip" (Kirkus Reviews). Since William the Conqueror, duke of Normandy, crossed the English Channel in 1066 to defeat King Harold II and unite England's various kingdoms, forty-one kings and queens have sat on Britain's throne. "Shining examples of royal power and majesty alongside a rogue's gallery of weak, lazy, or evil monarchs," as Tracy Borman describes them in her sparkling chronicle, *Crown & Sceptre*. Ironically, during very few of these 955 years has the throne's occupant been unambiguously English—whether Norman French, the Welsh-born Tudors, the Scottish Stuarts, and the Hanoverians and their German successors to the present day. Acknowledging the intrinsic fascination with British royalty, Borman lifts the veil to reveal the remarkable characters and personalities who have ruled and, since the Restoration of the monarchy in 1660, more ceremonially reigned. It is a crucial distinction explaining the staying power of the monarchy as the royal family has evolved and adapted to the needs and opinions of its people, avoiding the storms of rebellion that brought many of Europe's royals to an abrupt end. Richard II; Henry VIII; Elizabeth I; George III; Victoria; Elizabeth II: their names evoke eras and the dramatic events Borman recounts. She is equally attuned to the fabric of monarchy: royal palaces; the way monarchs have been portrayed in art, on coins, in the media; the ceremony and pageantry surrounding the crown. Elizabeth II is already one of the longest reigning monarchs in history. *Crown & Sceptre* is a fitting tribute to her remarkable longevity and that of the magnificent institution she represents. "Crown & Sceptre brings us in short, vivid chapters from William the Conqueror to Elizabeth herself, much of it constituting a dark record of bumping off adversaries, rivals and spouses, confiscating vast estates and military invasions.... [A] lucid, character-rich book." —Minneapolis Star-Tribune "Borman's deep understanding of English royalty shines." —Chris Schlupe, Amazon Editors' Picks, The Best History Books of February 2022

For King and Country

This is a ground-breaking history of the British monarchy in the First World War and of the social and cultural functions of monarchism in the British war effort. Heather Jones examines how the conflict changed British cultural attitudes to the monarchy, arguing that the conflict ultimately helped to consolidate the crown's sacralised status. She looks at how the monarchy engaged with war recruitment, bereavement, gender norms, as well as at its political and military powers and its relationship with Ireland and the empire. She considers the role that monarchism played in military culture and examines royal visits to the front, as well as the monarchy's role in home front morale and in interwar war commemoration. Her findings suggest that the rise of republicanism in wartime Britain has been overestimated and that war commemoration was central to the monarchy's revered interwar status up to the abdication crisis.

A Brief History of British Kings & Queens

Here is the whole of recorded British royal history, from the legendary King Alfred the Great onwards, including the monarchies of England, Scotland, Wales and the United Kingdom for over a thousand years. Fascinating portraits are expertly woven into a history of division and eventual union of the British Isles - even royals we think most familiar are revealed in a new and sometimes surprising light. This revised and shortened edition of *The Mammoth Book of British Kings & Queens* includes biographies of the royals of recorded British history, plus an overview of the semi-legendary figures of pre-history and the Dark Ages - an accessible source for students and general readers.

A Complete History of England: with the Lives of All the Kings and Queens Thereof, to the Death of King William III ...

A stunning tour de force and a remarkable achievement.- Alison Weir This is Our Island Story for the modern age. - Charles Spencer 'Not just a brilliant compendium of biographies, but the biography of an institution: a marvellous read' - Tom Holland 'This royal throne of kings, this sceptred isle' (William Shakespeare, Richard II) With 1000 years of royal history from 1066 to the present day, Domesday Book to Magna Carta the Field of Cloth of Gold to King Charles' accession, Crown & Sceptre is an unparalleled exploration of the British monarchy. From Sunday Times bestselling author and joint Chief Curator of Historic Royal Palaces Tracy Borman, comes a fresh, engaging and authoritative account of the crown's tumultuous history - including a chapter on King Charles III. Impeccably researched, Crown & Sceptre explores in gripping detail how this iconic institution has survived the storms of rebellion, revolution and war that brought most of the world's other monarchies to an abrupt and bloody end. It is a story of ruthless dynastic battles, political and social leadership, usurpation and abdication, all set against a backdrop of dazzling ceremony and pageantry. "Crown and Sceptre shows an astonishing command of a thousand years of the British monarchy, its traditions, roles and realities beyond the pageantry and romance. Beautifully crafted, insightful, and a genuine pleasure to read, it underscores the royal heritage at the heart of a nation." - Lauren Mackay "Crown and Sceptre" combines an eminently accessible narrative with a lucid scholarly lens. Tracy Borman skilfully unravels the trials and triumphs of this ever-shifting institution. By charting both the majesty and mechanics of monarchy, we get a vivid understanding of why its glittering gears shifted over time, and by whom the levers of change were pulled. A triumph.' - Owen Emmerson, Curator at Hever Castle 'Tracy Borman's passion for the British monarch and the crown is infectious and compelling!' - Estelle Paranque 'Borman embraces a huge task' - Gerard DeGroot, The Times Enlightening, gripping and skilfully composed, Tracy Borman navigates the twists and turns of the British monarchy with an expert hand. A pacy narrative that's simply bursting with colour and intrigue, Crown and Sceptre is both powerful and compulsively readable. A masterpiece. - Nicola Tallis

Crown & Sceptre

In this text, HRH Prince Edward takes the reader on a journey through the history of London's royal connections and explains the architectural heritage of some of the world's most cherished royal landmarks.

The Lives of the Kings and Queens of England

Monarchy is more than the biographies of the kings and queens of England. It is an in-depth examination of what the English monarchy has meant, in terms of the expression of the individual, the Mother of Parliaments, Magna Charta, the laws of England and the land of England. This is the history of ideas and ideals, as well as colourful characters, brought to life by David Starkey's unique gifts as a communicator. David Starkey's scholarship combines with his engaging and popular style to produce another winner. The importance of the rich heritage of the Anglo-Saxon kings is underlined, and among the kings most heavily featured are: Alfred the Great, Canute, Edward the Confessor, William the Conqueror, Henry II, Richard Lionheart, Henry III, . The last king in this volume is Henry VI

Edward Wessex's Crown and Country

Bestselling royal historian David Starkey's captivating biography is a radical re-evaluation of Henry VIII, the British monarchy's most enduring icon.

The Monarchy of England: The beginnings

The historical tradition of the British Monarchy is outlined through the lives of her kings and queens, as well as through the depiction of surrounding rituals and historical events.

Henry: Virtuous Prince

The definitive history of coronations and the Royal Family, from acclaimed writer Roy Strong.

Kings and Queens of England

To coincide with the Channel 4 series to be aired at the end of this year – David Starkey's 'Monarchy' charts the rise of the British monarchy from the War of the Roses, the English Civil War and the Georgians, right up until the present day monarchs of the 20th Century.

Coronation: A History of the British Monarchy

This magnificently illustrated volume, produced in cooperation with BBC Books in London, combines an insightful text by noted historian Shawcross with personal recollections and over 100 remarkable images chronicling the half-century reign of Queen Elizabeth II. Full color and b&w.

Monarchy: From the Middle Ages to Modernity

"Monarchy is the fount of celebrity, and Prochaska reveals that members of the British royal family have been central to the emergence of America's obsession with fame, offering an aristocratic contrast to the instant creations of the media. For their part the royal family has understood their relationship to America to be an integral part of their public image. Over centuries America's complex relationship with the British monarchy has been a feature of both nations' conversation about themselves, a conversation that *The Eagle and the Crown* explores with wit and panache."--BOOK JACKET.

Queen and Country

Who was the first king of England? Did Henry I assassinate his brother? How did 'Bloody Mary' reinstate Roman Catholicism? For more than 1,000 years the British monarchy has dramatically shaped national and international history. Kings and queens have conquered territory, imposed religious change and extracted taxation, each with their own motivations and ambitions. In this fascinating book, Cath Senker delves into the extraordinary history of the British monarchy and its host of kings, queens and pretenders. There have been benevolent rulers, violent ones, religious fanatics, brilliant economists, masters of diplomacy and the power hungry. But whether they have abused their power or used it for good, each monarch has played a part in the rich tapestry of British history, coping with both international and civil wars, rebellions and criticism. *The Kings & Queens of Britain* introduces a thousand-year history, providing rich biographical detail of Britain's remarkable monarchs.

History of the Kings and Queens of England in Verse

Kings & Queens of England is an entertaining account of the larger-than-life characters that have ruled England through the ages. Divided into easy-reference chapters based on the ruling dynasties of England, it follows the fascinating history of monarchs from the first Saxon kings to the Windsors of the present day. Author Nigel Cawthorne paints vivid portraits of a mixed bunch of rulers ranging from the drunken and debauched merry monarch Charles II to the idealized domesticity and colonial ambition of Queen Victoria and Prince Albert.

The Kings & Queens of Britain

From the Saxons to the Windsors, from the Tudors to Hanovers, Britain's royal lineage is brought to life in the pages of this visual guide. *Kings and Queens of England and Scotland* comprehensively chronicle the drama and fortunes of the royal dynasties. Confused about which Henry had six wives and which one was crowned at the age of eight? Want to know more about the birth of Prince George Alexander Louis? The year-by-year chronologies and major events of each monarch's reign are extensively covered in this fascinating volume. Tracing the history of Britain's monarchs through family trees, this stylishly illustrated guide presents an insightful overview of the royal houses. Their private and public lives are encapsulated through contemporary poets, artifacts, paintings, and photographs. Features on key achievements of each monarch help you get an in-depth knowledge of how they shaped the countries of England and Scotland to be what it is today. With easy-to-read text and crisp biographies of each sovereign, *Kings and Queens of England and Scotland* is an essential encyclopedia for history buffs of all ages.

The Eagle and the Crown

Starting with an introduction that sets the scene for the overthrow of the last Anglo-Saxon king, this informative book explores the lives and times of each of the following king and queens. Beginning with William the Conqueror, author Maria Costantino traces the course of the British monarchy dynasty by dynasty, from 1066 to the present day, and to the current queen, Elizabeth II--Back cover.

The Kings and Queens of Britain

A visual approach to 1000 years of British history, history of the Royal Family from Saxon times to the present day, including a year-by-year chronological listing of the major events of each reign. The book contains special feature pages concentrating on the outstanding dramas and events in royal history and personal details of each monarch as well as the political events they determined.

Kings & Queens of England

Who better to take you on a tour of London than Her Royal Majesty Queen Elizabeth II's youngest son, HRH Prince Edward, The Earl of Wessex. Explores the development of England's capital city, its culture and heritage.

Kings & Queens of England and Scotland

This is a chronology of royal profiles running from the Anglo Saxon kings to our current royal family and beyond. The evolution of the monarchy is followed through the royal houses from the Norman Kings to the current house of Windsor. The use of family trees linking one era to the next graphically describes the momentum that pushed the crown from monarch to monarch. By examining the key events and milestones during the reign of each king and queen, their wars and battles, triumphs and tragedies, the position of each monarch is clearly placed within its active social and cultural context.

The Kings and Queens of England and Scotland

A compendium of the British monarchy from the Anglo-Saxons to the current House of Windsor.

The Kings & Queens of England & Scotland

How much power does a monarch really have? How much autonomy do they enjoy? Who regulates the size of the royal family, their finances, the rules of succession? These are some of the questions considered in this edited collection on the monarchies of Europe. The book is written by experts from Belgium, Denmark, Luxembourg, the Netherlands, Norway, Spain, Sweden and the UK. It considers the constitutional and political role of monarchy, its powers and functions, how it is defined and regulated, the laws of succession and royal finances, relations with the media, the popularity of the monarchy and why it endures. No new political theory on this topic has been developed since Bagehot wrote about the monarchy in *The English Constitution* (1867). The same is true of the other European monarchies. 150 years on, with their formal powers greatly reduced, how has this ancient, hereditary institution managed to survive and what is a modern monarch's role? What theory can be derived about the role of monarchy in advanced democracies, and what lessons can the different European monarchies learn from each other? The public look to the monarchy to represent continuity, stability and tradition, but also want it to be modern, to reflect modern values and be a focus for national identity. The whole institution is shot through with contradictions, myths and misunderstandings. This book should lead to a more realistic debate about our expectations of the monarchy, its role and its future. The contributors are leading experts from all over Europe: Rudy Andeweg, Ian Bradley, Paul Bovend'Eert, Axel Calissendorff, Frank Cranmer, Robert Hazell, Olivia Hepsworth, Luc Heuschling, Helle Krunke, Bob Morris, Roger Mortimore, Lennart Nilsson, Philip Murphy, Quentin Pironnet, Bart van Poelgeest, Frank Prochaska, Charles Powell, Jean Seaton, Eivind Smith.

Crown and Country

The monarchs of England and Scotland are brought to vivid life in this full color exploration of the royal houses of Great Britain. *Kings & Queens of England and Scotland* features expertly written histories and a colorful pull-out poster with a timeline of the royal houses.

Kings & Queens of England & Scotland

From the House of Wessex to the House of Windsor, follow the pageant of personalities that have made Great Britain what it is today. Fascinating biographies of the British monarchs from the time of Roman Britannia to present day answer your every question about the country's aristocracy. Details of the kings' and queens' personalities are the focus, with a timeline across the bottom relating the major events of their reigns. Also included is a section devoted to royal edicts. All the Edwards, Richards, Henrys, and Williams are represented—along with outstanding personalities such as Lady Jane Grey and Oliver Cromwell—a king in all but name. This is essential reading for all Anglophiles, so brew a pot of tea and dig into the history!

Synopsis coming soon.....

Queens of England

Intrigue and scandal threaten to rock the monarchy in wartime Britain... Windsor, 1943. Britain is in the grip of war and treachery is afoot. The body of controversial former courtier Lord Blackwater is found in the abandoned Fort Belvedere, once the country bolthole of the King's wayward brother. And all signs point to murder. Royal confidant Guy Harford is called in to solve the mystery quickly and quietly, before any hint of scandal reaches the public. Investigating with the help of Rodie, his roguish burglar girlfriend, his enquiries lead him into the world of the Royal Ballet, where on-stage glamour hides an

undercurrent of off-stage deceit. And when the ballet company's newest recruit turns up dead, it's clear there's more to this murder than meets the eye. Meanwhile, news reaches the Palace that the King's brother--already under strict orders to stay out of trouble--is threatening to undermine both Crown and country by taking US citizenship. Harford must do his royal duty. It's up to him to catch the killer and save the monarchy from crisis in wartime. Before any more heads roll...

The Kings and Queens of England with Other Poems

Who invented the "House of Windsor" as a royal name? Who founded Westminster Abbey? Which King had 21 illegitimate children? This engaging volume offers a continuous history of the English monarchy that shows how nine dynasties rose and fell, and uncovers the more unusual incidents of royal history. From Egbert—crowned in 802—to Elizabeth II, the histories of each monarch's reign, as well as the extraordinary lives of their spouses, consorts, mistresses, and bastard children, are all addressed.
