The New No-nonsense Landlord

Techniques for parlaying sweat equity, common sense, and minimal cash into real estate success and financial security "The knowledge shared in this book is priceless because it works. Highly recommended."--Robert Bruss, nationally syndicated real-estate columnist The New No-Nonsense Landlord eschews the glitz of "how to become a millionaire" real estate books to provide nuts and bolts, how-to information on the hands-on realities of being a successful landlord. It provides landlords as well as those who want to become landlords with practical advice on how to deal with tenants, how to make low-cost repairs, how to take maximum advantage of tax laws, and more. Author and longtime real estate investor Richard Jorgensen knows firsthand what it takes to become wealthy owning rental properties, and shares his secrets on every page. New information in this revised and expanded edition includes: New chapters on insurance, single family homes, and 2-6 unit properties Updated tax strategies for maximizing profits Updated case studies throughout the book

The No-Nonsense Landlord

Jorgensen presents practical guidelines for buying and managing residential rental properties in this grass roots guide for would-be landlords. His formula involves hard work, patience and a combination of common sense and business know how.

The No-Nonsense Landlord

Make \$2500, \$5000, or \$10,000 per month without lifting a finger! Ever wonder why so many books on Airbnb(R) and short-term rentals (STRs) promise easy money? They aren't lying-it's likely you will increase your income substantially by renting your property short-term rather than long term, if you are legally able, and your property is in a market that's viable for STRs. But those books aren't telling you the whole truth. To have an STR business that fires on all cylinders and brings in the most cash, you need to plan and execute smartly, doing everything right from day one. Unlike most businesses-especially in a competitive market-it is a bad idea to try to learn STRs by trial and error. The financial stakes are just too high. Bad reviews follow you forever, and mistakes you make on your first day of business (or even before!) can affect you for years to come, affecting your bookings, the prices you can charge, and therefore, your income. Jeffrey S. Malfatti, Esq. is a licensed attorney who has served clients with their short-term rental and other property issues in New Orleans, Louisiana for close to ten years, and managed short-term rentals of his own as well. This book offers a wealth of information on planning, advice, insider tips, and other valuable information to get you started in the hot and expanding short-term rental business. What are the critical things you need to think about before you open your STR, as well as while you are operating it? If you don't know, you should. This book answers that, and more, walking you through the basics, like how to get your property listed on Airbnb, how to attract guests (including in the off-season), what amenities to offer, what to charge, and much more. Don't buy a book that promises you \$10,000 the first month but glosses over the hard parts, leading you into a financial quicksand that can sink your business. Buy and read this book for the full story, including how to avoid the traps.

The British National Bibliography

This book will be useful to anybody who has attended one of my workshops or desires a good understanding of Parliament's rules governing this industry. I realise that some people in the industry seek to take advantage of the system, the landlords, or the tenants, but that is not what I coach and not what I preach. Rather, I seek to answer the following questions: What are the duties of the landlord from whom we take properties? What is the role of the agents from whom we take properties? How far will the tenants test our sanity? How has the Housing Act 1988 changed the landscape of the property industry in England and Wales? In short, this book is a guide to the good practices inherent to the Rent2Rent strategy.

Bowker's Law Books and Serials in Print

Revised edition of the author's The landlord's financial tool kit, c2005.

How to Airbnb(r)

Updated for 2018 - includes all the tax and legislative changes announced during 2017. By the author of the UK's most popular property book, The Complete Guide To Property Investment. Please note that this book only covers letting and management of a property you already own. For a guide to buying the right property in the first place, you should buy 'The Complete Guide To Property Investment'. Take a property, throw in a tenant and watch the money roll in. This seemingly simple formula has attracted nearly two million people in the UK to become landlords, but the reality is a whole lot more complicated. Did you know, for example, that if you forget to provide a certain piece of paper you might be unable to evict a tenant - even if they don't pay the rent? Or that you could be fined for not checking your tenant's immigration status? And don't forget the inevitable broken boilers, mysterious leaks and various tenant complaints that always seem to happen at the most inconvenient time. How To Be A Landlord is a straightforward guide to everything involved in letting and managing a property - whether you're an accidental landlord or an enthusiastic investor. In simple and entertaining language, it covers important steps like preparing the property to let, advertising for tenants, conducting viewings, doing all the paperwork, managing the tenancy, and dealing with any tricky situations that crop up (including the dreaded emergency repairs and evictions...). You'll learn: How to set yourself up for success when preparing a property to let Where to find the perfect tenants for your property The essential checks you must make to avoid a nightmare tenant Everything you need to do when setting up a tenancy to avoid problems later How to deal with the most common maintenance issues and repairs The proper legal processes to follow when you have troublesome tenants Top tips from experienced landlords for how to look after your tenants - keeping them happy, your property safe, and the rent rolling in Frequently updated and with contributions from over 50 experienced landlords, this is the most current

and comprehensive book on the subject - and essential reading for anyone who wants a simple, profitable life as a landlord.

Forthcoming Books

This concise but comprehensive guide is for first time - as well as established - landlords. It is divided into sections, each of which is jam-packed with detail and insider tips. Most sections will only take minutes to read (although a few earlier ones take a little more) and each section tells you exactly what you need to do - and why - to get best results. It provides advice on: viewings - how to arrange and conduct them; making a realistic rent assessment before spending any money; knowing what agents should charge and should do; advertising - how to write, where to place, and how to respond to callers - plus using the response to assess tenants; selecting tenants and closing the deal; and, deposits - why they work and how they can fail. It also offers advice on: agreeing inventories, schedules of condition, and property profiles; assured shorthold leases - what they are, the exceptions, and where to buy them for a song; ending tenancies - the easy, and the hard way; the legal responsibilities that no landlord can ignore; particular aspects about houses in multiple occupation; property maintenance - realistic costs and useful advice; and, dealing with the tax man. Each section has tips, skills, time management ideas, and problem solving advice, plus supportive guidance and helpful websites and phone numbers. If you're looking for a bit of straight talking about your investment, or you're sufficiently interested to discover how to increase your own bottom line rather than some agent's, then this is the guide for you. Contents: Lesson 1 Learning the Ropes when Buying Property; Lesson 2 Mock Advertising; Lesson 3 Yields; Lesson 4 Selecting Agents - or not; Lesson 5 Assured Shorthold Leases; Lesson 6 Advertising; Lesson 7 Inventories, Schedules of Condition and Property Profiles; Lesson 8 Viewings; Lesson 9 Selecting Tenants and Tying Up the Deal; Lesson 10 Deposits; Lesson 11 Ending Tenancies; Lesson 12 The Serious Responsibilities; Lesson 13 Houses in Multiple Occupation; Lesson 14 Property Maintenance; Lesson 15 The Tax Man's Take; Index

Subject Guide to Books in Print

Rent2Rent

The residential real estate market is huge and can be lucrative. However, working it correctly and with integrity is something that takes motivation and knowledge. In his comprehensive guide, John Lack details how to ensure that you get the best return for your investment by organizing and running your rental properties efficiently. With over forty years experience, Mr. Lack explains real estate terms, includes guidelines for selecting the right property, and gives advice on obtaining a mortgage. Details about running a good operation are mixed with stories about tenants and things you can do to make your property more valuable. Whether you have one rental or many, you will learn how to deal with tenants, late rents, evictions, and more. rental properties can be a great way to increase your income and net worth: you just need to know how.

Rental-Property Profits

Called the best property management book in the field (Chicago Tribune), this classic has been thoroughly updated and features a new section on landlords using the Internet. This edition also has

solid advice on keeping good tenants, dealing with problem tenants, maintaining records, doing taxes, and more. Fifty forms include a rental application and agreement, employment application, and notice to terminate tenancy. 20 line drawings.

Extension of Rent Control, 1950

The property management guide that provides the best practical and legal compliance advice for the millions of small-time landlords who own a single-family home, condo, or small (less than four) multi-unit property. Companion to Every Landlord's Legal Guide.

How to Be a Landlord

"A comprehensive resource guide for any landlord that you'll come back to again and again." Julie Broad, Bestselling Author of *More than Cashflow* Have you ever felt property management pain. You know the kind that keeps you up at night. Maybe an eviction, a maintenance problem you cannot solve, could be the impact this whole real estate investing game has had on your personal relationships. Learn from my pain and suffering, avoid the pitfalls, that I fell into. I wrote the book I wish I had when I started investing in real estate and managing properties. Whether you own/manage one rental unit or hundreds, this book is a perfect blend of stories and step-by-step instruction. Written by Michael P. Currie, a well-known property management writer / real estate investor with several year of experience managing properties.

The Landlord's Survival Guide

A warning to those who are considering becoming landlords: investing in rental property is far from a bed of roses! This useful handbook has over thirty cases, documented over years of experience, which illustrate some of the difficulties that landlords face in their relationships with their tenants. *So You Want to be a Landlord* explores the trials and tribulations of a landlord just trying to do his job. While his accounts are not designed to condemn all housing tenants, this book, he hopes, will serve as a great resource to all prospective landlords, exposing as it does many of the pitfalls that they may encounter. Case history confirms tenants' rights and the imbalance that favours tenants over landlords. With over forty years' experience as a commercial landlord and fifteen years as judge in a small claims court, Judge Adams relays a number of stories that were told under oath, and which will act as an invaluable source of information to any would-be landlord.

The Unofficial Guide to Managing Rental Property

Howdy, landlord! Get on the right side of the law with *Dummies Landlord's Legal Kit For Dummies* contains all the resources landlords need to unpack the legal side of renting properties. Inside you'll find worksheets, templates, and friendly explanations that will help you find success. Once you have your property and your tenants, you'll need to make sure you operate within your rights, complete all the necessary admin, and handle taxes in an accurate and timely way. This book can help you do just that, with the latest paperwork, helpful details and examples, and a breakdown of taxes and laws. Plus, you can go beyond the book by accessing online documents that take your learning to the next level. Understand all the latest housing laws that pertain to your specific rental situation Find drafts of all the legal forms you'll need as a landlord Access easy-to-use tax worksheets and clear descriptions of tax rules without legal jargon Recognize your rights as a landlord and understand your tenants' rights This is the perfect *Dummies* guide for both new and experienced landlords who need a hands-on legal reference for all the laws surrounding rent, rental properties, and tenants.

For Rent By Owner

The worm is turning! For years, Leaseholders of Flats have suffered under current Landlord and Tenant legislation and practices – owning a Lease has been an expensive exercise for many (over which they have had little control), when they had no idea of the potential issues they were facing when they bought their Flat. The Government have now recognised this and have committed to a substantial reform of such legislation (starting with zero Ground Rents for new Leases). Lenders have also recognised this by refusing to lend on Leases having unfair rent review clauses. These two issues are just the tip of the iceberg. Leaseholders should now join the growing momentum to force changes which will benefit them as a Leaseholder and take action to address issues which are affecting them. *Leases Can Seriously Damage Your Wealth* has been written by someone who loves dealing with Leases and has been lucky

enough to spend their lengthy career working with them, advising Landlords, Leaseholders, Property Managers and Managing Agents. In plain English, this book provides the Leaseholder with a handbook, guiding them through the terms of a Lease and explaining what rights they already have to protect them and how to use them to their advantage, as well as making them aware of proposed changes. Obtaining formal legal advice is extremely expensive, but this Book gives Leaseholders the information that they need at a fraction of the cost. It also gives details as to what reforms are in the pipeline (there will be updates on the associated web site), as well as recommendations as to what the Leaseholder can - and should - do now.

Landlording

This book will guide you through the five principles of becoming a Next Level Landlord. You can maximise profits and create shared properties where tenants love to live.

Paperbound Books in Print

Create wealth through owning real estate! Following a few simple steps can make your role as a landlord easier and more profitable. In this book you will learn how to: Prequalify the best type of property for rental, Market your properties to find a qualified tenant, Prepare your properties for rental, Use the correct paperwork to protect you and your tenants, Grow your financial freedom, and more. Every Landlord's Guide to Managing Property

This latest Revised edition of Letting Property for Profit is written against the backdrop of a falling housing market, but also rising rents as buyers find it difficult to obtain finance. It will be particularly suited to new entrants to the buy-to-let investment market, providing a detailed analysis of the current situation and the availability of capital plus legal considerations and tax advice.

Landlord by Design

Perfect Phrases for Landlords and Property Managers arms readers with quick and easy phrases to deal with the countless challenges, decisions, and day-to-day responsibilities of being a landlord or property manager. It offers practical, need-to-know advice on everything from dealing with tenants and co-op boards to developing and executing a management plan. Each chapter includes several key principles and advice on the topic and provide hundreds of ready-to-use phrases for readers to go to no matter what the situation.

So You Want to Be a Landlord

This helpful guide explains what to do-- and what not to do-- to achieve long-term success as a landlord. Covers deciding which property to buy and when, to managing your rental, as well as learning the laws, rules and rights that pertain to both you and your tenants.

Landlord's Legal Kit For Dummies

Caring for rental properties is no easy job, especially when dealing with short-term tenants. Repairing damage and replacing parts are problems that every landlord has to face. In 50 Money-Saving Tips, Mike McLean, one of the most successful landlords in the Philadelphia area, shares his secrets for succeeding in this challenging business. Through the use of humorous, real-life stories and an abundance of practical advice, McLean covers virtually every aspect of maintaining and upgrading rental units. His tips will teach you how to deal with difficult tenants; cheaply and efficiently eliminate infestations; repair floors, walls, and ceilings; fix plumbing problems; maintain your confidence, and much, much more. On the way, the author will prevent you from making the mistakes that he made before becoming a savvy landlord. Whether you're just starting out as a landlord or have already been one for several years, 50 Money-Saving Tips for Every Landlord will show you how to trim down your budget in ways you never knew existed.

The Spectator

What You Must Know BEFORE Becoming a Greedy Landlord is an easy-to-read look at the realities of buying, managing, and selling residential rental properties. Inside, author George Lambert gives you

the tools you'll need to build and manage a portfolio of investment properties that provides an income that can last a lifetime.

Littell's Living Age

You have a residential investment property. Perhaps you are already renting it out. But are you doing it like a pro and do you know how to maximise your return from it? In this book, property management expert David Beattie distils two decades of experience into easy-to-implement steps and shows you how to manage your property like a professional landlord. His goal is to help you make more money in less time and with fewer hassles, by showing you how to run your property investment like a business; navigate and comply with South African rental laws with ease; attract, screen, place and keep high-quality tenants; ensure successful and consistent rent collection; and maintain your property with the least effort and money. The book also includes templates for all the documents the prospective landlord needs.

Leases Can Seriously Damage Your Wealth

Details the necessities of landlording, including acquiring property, renting versus leasing, and selecting tenants, and includes legal information and management tips.

District of Columbia Rent Commission

The Small American Landlord's Guide to Tenant Screening was put together to help landlords across America seeking no-nonsense advice from other landlords in the industry on how to properly and legally screen applicants. Being a small landlord in America isn't easy today. With nearly 40 million Small Landlords in the United States today and very little education on how to screen applicants properly, now was the time to release this eBook. The FCRA (Fair Credit Reporting Act) governs how small landlords can screen applicants. There are many laws that the Small Landlord must abide by and it can get overwhelming rather quickly! The direct-to-consumer model is another approach allowed by the FCRA to give Small Landlords like you the tools needed to properly evaluate applicants. No on-site inspection needed, no hefty fees to pay, just straight-forward advice on how to use the Internet's best tools to screen applicants quickly. Many Small Landlords often overlook tenant screening. They figure it's too expensive or time consuming and most rely on gut instinct. We believe that gut instinct serves us well in many situations. We also believe in Ronald Reagan's famous line of: "Trust, but verify". Our guide gives Small Landlords the industry statistics on why you can't afford to skip tenant screening during the application process. The cost of NOT screening is far greater than the cost of screening your applicants. Besides, you can pass most of the costs onto the applicant these days anyhow. Our book breaks down the figures and opens your eyes to the REAL COST of not screening applicants with real-world examples of Small Landlords that were burned by bad tenants. Although our book promotes the use of VerticalRent as the cornerstone of your tenant screening process -- we won't discount the value of other tools in the industry available to the Small Landlord. The bottom line is that we want the Small American Landlord to prosper and build a nest egg of wealth overtime. America is not only the land of opportunity when it comes to buying and holding rental properties, it's the technological hub of the world! We have more software-as-a-service (SaaS) tools and companies than any other country on this planet. Americans know how to innovate and there is an entire industry building free to low cost tools for the Small American Landlord. In this book, we show you how to take advantage of these tools to make life a little less overwhelming. We guide you in how to leverage your Smartphone to improve tenant collaboration while screening applicants on-the-go. Our Small American Landlord series of e-Books will cover other topics like Small Landlord Accounting, Lease Agreements, Advertising, and Evictions. If you are a green Small American Landlord, then you likely need a little coaching on what you CAN'T ask an applicant, former employer, or former landlord of an applicant. It's easy to stick your foot in your mouth a few times. In this guide, we also coach you on why SMS texting with your applicants or tenants might be a bad idea. You need to keep a healthy level of distance between the applicant and yourself to maintain harmony and balance. If you're too friendly, you get burned. If you're too strict, you get burned. The key is balance and we give you some guidelines to achieve that with your tenants. As a Small Landlord, you need to understand how to strike this balance with your tenants so that they realize you mean business at all times and that you're a law-abiding citizen just trying to live the American Dream. Most of the Small Landlords in America are Men and Women between the ages of 25 and 65. There are over 40 million of us and counting. We come in all different shapes, sizes, and colors. Very few of us understand the concept of direct-to-consumer tenant screening and realize that

we're not reliant on the local Apartment Association to run a credit report on an applicant. We have other choices and often much cheaper and more convenient.

Next Level Landlord

In today's market, many property owners find themselves first-time landlords for a variety of reasons. Some homeowners turn to renting when they can't sell a house. Empty nesters may consider making money on their extra space. And buyers might look into the revenue-producing idea of purchasing a multi-family home. Whatever the reasons for becoming a landlord, it's often a challenging role. This guide helps new and experienced landlords alike: Find (and keep!) responsible tenants Determine legal liabilities for landlords and tenants Market, show, and profit from rental property Handle repairs and general maintenance Handling of evictions properly Featuring expert advice and money-saving tips, this step-by-step book helps you earn maximum profit with minimum hassle. New in this edition: Finding the right mortgage Using home equity loans for renovations and repairs Updated information on evictions and legal issues

The Essential Handbook for Landlords

The 101 on earning rental income from a single-family home Do you own a house you'd like to rent out rather than sell? It's a common scenario in today's market, especially if you've inherited a house, are moving to another home, or are buying an investment property. And it may mean you're about to be a first-time landlord. Follow the advice in this book to ease into your new role and earn substantial profits while avoiding costly mistakes. Learn your legal obligations. Estimate costs and profits. Choose good tenants and avoid problem ones. Make the most of valuable tax deductions. Handle repairs and property management tasks. The 5th edition is updated to cover major legal changes, in particular how the Tax Cuts and Jobs Act created pass-through deductions that can benefit landlords. Includes sample forms and budget worksheets.

A Straightforward Guide To Letting Property For Profit

Learn All The Secrets Of "Landlording" And Manage Your Property Without Hassle! I know how most people have heard about the numerous benefits of investing in real estate but are still reluctant to give it a try. This is generally because most people think of it as a craft that requires some complex knowledge. But that is not necessarily the case, and I will prove it to you. In this book, "Property Management Basics for the Part-Time Landlord"
