### Poets & Writers

In this thoughtful, sophisticated book, John B. Boles and Bethany L. Johnson piece together the intricate story of historian C. Vann Woodward's 1951 masterpiece, *Origins of the New South, 1877–1913*, published as Volume IX of LSU Press's venerable series *A History of the South*. Sixteen reviews and articles by prominent southern historians of the past fifty years here offer close consideration of the creation, reception, and enduring influence of that classic work of history. It is rare for an academic book to dominate its field half a century later as Woodward's *Origins* does southern history. Although its explanations are not accepted by all, the volume remains the starting point for every work examining the South in the era between Reconstruction and World War I. In writing *Origins*, Woodward deliberately set out to subvert much of the historical orthodoxy he had been taught during the 1930s, and he expected to be lambasted. But the revisionist movement was already afoot among white southern historians by 1951 and the book was hailed. Woodward's work had an enormous interpretative impact on the historical academy and encapsulated the new trend of historiography of the American South, an approach that guided both black and white scholars through the civil rights movement and beyond. This easily accessible collection comprises four reviews of *Origins* from 1952 to 1978; "Origin of *Origins*," a chapter from Woodward's 1986 book *Thinking Back: The Perils of Writing History* that explains and reconsiders the context in which *Origins* was written; five articles from a fiftieth anniversary retrospective symposium on *Origins*; and three commentaries presented at the symposium and here published for the first time.

A combination of trenchant commentary and recent reflections on Woodward's seminal study along with insight into Woodward as a teacher and scholar, *Fifty Years Later* in effect traces the creation and development of the modern field of southern history.

The 1950's saw a major revolution on the movie front. In order to combat TV, the size of movies screens was changed forever. Unfortunately, there was no standard agreement as to what dimensions, the preferred new sized screen should be.

#### Tear Stains

International law and conventional morality grant that states may stand ready to defend their borders with lethal force. But what grounds the permission to kill for the sake of political sovereignty and territorial integrity? In this book leading theorists address this vexed issue, and set the terms of future debate over national defence.

#### Lethal Suggestions

Two men find themselves staring down the dark headlights of a car traveling against the flow of traffic on a major thoroughfare during their ordinarily routine commute home. As a result of the encounter, Sean Smith becomes the wrong-way driver's first victim when he is run off the highway trying to avoid a head-on collision. Minutes later, Charles Washington suffers the same fate just a few miles down the road. When the dust finally settles, one of them is killed and the other is critically injured. While the families of the two men struggle to pick up the pieces of their shattered lives, the driver who caused the carnage has simply disappeared into the dead of night. Police discover skid marks from the assailant's car at one accident scene but not the other. Detectives are immediately suspicious that perhaps this was no random accident. They hesitate initially to call it murder. But when it is discovered that one of the victims has had threats made against his life by someone reputed to have ties to organized crime, this affirms for the detectives that they are, in fact, on the right trail. All who are close to the case agree: this method of murder is beyond bizarre.

### Hollywood Gold: Films of the Forties and Fifties

Though critics and literary historians have always had to admit that Susanna Centlivre's comedies were extremely popular, they have tended to devote themselves to a search for evidence in them of supposed deficiencies of 'the female pen,' and to pay as much attention to the playwright's marriages and amorous liaisons than to the plays themselves. Only in recent years has Centlivre come to be recognized quite straightforwardly as one of the most brilliant playwrights of her time. *A Bold Stroke for a Wife* is perhaps the finest example of Centlivre's masterful plotting of comic intrigue. The soldier Fainwell and Anne Lovely are in love, but their path to the altar is blocked by her guardians, each of whom has a different view of what sort of husband would make the right match. Fainwell resorts to disguises of social types. The play thus provides a wide range of opportunity for Centlivre to satirize Tory respectability, religious propriety and capitalist speculative greed—and to give voice to tolerance: 'tis liberty of choice that sweetens life.' Yet in the end it is Centlivre's comic muse that gives enduring life to the play as one of the most entertaining of eighteenth-century comedies.

Reports of Cases Adjudged in the Supreme Court of Pennsylvania. By W. Rawle [assisted in Vol. 5 by P. M'Call]. 1828(-35).

"VISION QUEST" is a book recording the continual soul expansion of the seeker, Peter James Ford. Peter's journey began after a powerful spiritual experience in the little historic seaport in Newburyport, Massachusetts. In Peter's late night meditations which were along the Merrimac River, the boardwalk, the Salisbury Reservation on the Atlantic Ocean, Plum Island, Maudsley Estate State Park, Pow Wow Hill (Native American Burial Grounds) and Old Hill Burial Grounds he was having vivid explosions in his mind of 'seemingly' past life experiences and powerful insights. Peter began seeing the hidden secrets of this quaint little seaport that people never take the time to see. Peter's intuition and senses increased in an almost scary powerful way giving Peter wisdom from unseen sources. The source may be the Akashic Records/Library that is not a physical library but a place in the ethers that contains all the wisdom and knowledge ever known to anyone over the eons. We can access this power through ancient spiritual practices and apparently Peter has done just that. Stories and Tales began flowing from Peter and he wrote his first book. In the last three years Peter has written eight more books and shares everything he has found from his journeys to the inner worlds. Peter wrote a seven-book series under the title "MYSTICISM IN NEWBURYPORT" with an eighth bonus/companion book called "MYSTIC". Now you are holding his new writings in your hands. Peter laughingly calls himself "An Unlikely Messenger" as his younger years were nothing resembling anything spiritual. So, here is the story of just another seeker realizing his divinity and returning to his own heart...
