The Story of the Normans

Quick and accessible introduction to a moment in history

A Brief History of the Normans

This is a comprehensive history of the Normans, best known for waging the successful invasion of England under William the Conqueror in the Middle Ages. In doing so, the Normans were the last foreign invaders to successfully subdue the island.

The Story of the Normans

Unlike some other reproductions of classic texts (1) We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

The History of the Norman Conquest of England: The effects of the Norman conquest. 1876

A riveting and authoritative history of the single most important event in English history: the Norman Conquest.

The Story of the Normans

Classic work assessing the impact of the Norman Conquest in European context. The introduction of Brown's book should be made compulsory reading- LONDON REVIEW OF BOOKS The 'English' who faced the forces of William duke of Normandy on 14 October 1066 were by no means a pure-bred and unified race, nor was the flower of England's manhood laid low by an army of self-seeking Norman opportunists. R. Allen Brown traces the forces and influences that shaped both England and Normandy in the decades before 1066, and shows how the new order, emerging from the aftermath of the battle of Hastings, produced a degree of political unity and social dynamism previously unknown in England, bringing a reinvigorated nation fully into the mainstream of the dynamic expansion of western Latin Christendom. R. ALLEN BROWN was professor of History at King's College, London and founder of the annual Battle Conference on Anglo-Norman studies.

The Story of the Normans

A radical retelling of the most important event in English history - the Norman invasion of 1066.

The Norman Conquest

The Normans were a relatively short-lived cultural and political phenomenon. They emerged early in the tenth century and had disappeared off the map by the mid-thirteenth century. Yet in that time they had conquered England, southern Italy and Sicily, and had established outposts in North Africa and in the Levant. Having traced the formation of the Duchy of Normandy, Trevor Rowley draws on the latest archaeological and historical evidence to examine how the Normans were able to conquer and dominate significant parts of Europe. In particular he looks at their achievements in England and Italy and their claim to a permanent legacy, as witnessed in feudalism, in castles, churches and settlement and in place-names. But equally from the political stage. The reality is that, even within this short time-span, the Normans changed as time and place dictated from Norse invaders to Frankish crusaders to Byzantine monarchs to Feudal overlords. In the end their contribution to medieval culture was largely as a catalyst for other, older traditions.

The History of the Norman Conquest of England: The reign of Harold and the interregnum

From the creator of exciting, historically accurate fiction for readers of all age groups comes this tale of loyalty and courage in 11th-century Britain. Wulf and his best friend, Beorn, fight bravely for their Saxon king--capturing castles, rescuing shipwrecked survivors, repelling Viking invaders, and fighting the Battle of Hastings.

The Normans and the Norman Conquest

With their flying arrows and familiar chain-mail the Normans not only conquered Anglo-Saxon England, but had an impact on the whole of Europe. Beginning as Viking raiders ('Northmen') who settled in Northern France in the late ninth century, this energetic and enterprising race established themselves as far afield as Syria, Italy, Sicily and Ireland in the course of the next three centuries. As a people they not only produced outstanding leaders, but were inspired exponents of all the social, political and cultural movements of their time, from monasticism to feudalism and chivalry, from theology and secular government to architecture. They showed an astonishing capacity for organisation, simultaneously absorbing and transforming the cultures of the peoples they conquered, scattering superb churches and castles in the lands they settled. Professor Allen-Brown tells the fascinating story of the Norman

expansion. Fully revised edition. R. ALLEN BROWN was professor of history at King's College, London, and founder of the annual Battle conference on Anglo-Norman studies.

The History of the Norman Conquest of England

The first great city to which the Crusaders came in 1089 was Constantinople, the capital of the Byzantine Empire. It was the key to the foundation, survival and ultimate eclipse of the crusading kingdom. The riches and sophistication of the city nevertheless made a lasting impression on the crusaders, and through them on western European culture.

1066

Explains the scenes depicted on the embroidered linen strip known as the Bayeux Tapestry which chronicle the events leading up to the battle between Harold of England and William of Normandy and the final conquest of England by the Normans.

The Normans

Exploring the successful Norman invasion of England in 1066, this concise and readable book focuses especially on the often dramatic and enduring changes wrought by William the Conqueror and his followers. From the perspective of a modern social historian, Hugh M. Thomas considers the conquest's wide-ranging impact by taking a fresh look at such traditional themes as the influence of battles and great men on history and assessing how far the shift in ruling dynasty and noble elites affected broader aspects of English history. The author sets the stage by describing English society before the Norman Conquest and recounting the dramatic story of the conquest, including the climactic Battle of Hastings. He then traces the influence of the invasion itself and the Normans' political, military, institutional, and legal transformations. Inevitably following on the heels of institutional reform came economic, social, religious, and cultural changes. The results, Thomas convincingly shows, are both complex and surprising. In some areas where one might expect profound influence, such as government institutions, there was little change. In other respects, such as the indirect transformation of the English language, the conquest had profound and lasting effects. With its combination of exciting narrative and clear analysis, this book will capture students interest in a range of courses on medieval and Western history.

Wulf the Saxon

The story of a young thane who wins the favor of Earl Harold and becomes one of his retinue. When Harold becomes King of England Wulf assists in the Welsh wars, and takes part against the Norsemen at the Battle of Stamford Bridge. When William of Normandy invades England, Wulf is with the English host at Hastings, and stands by his King to the last in the mighty struggle.

The Normans

Reprint of the original, first published in 1871.

The Normans

The Battle of Hastings in 1066 is the one date forever seared on the British national psyche. It enabled the Norman Conquest that marked the end of Anglo-Saxon England. But there was much more to the Normans than the invading army Duke William shipped over from Normandy to the shores of Sussex. How a band of marauding warriors established some of the most powerful dominions in Europe - in Sicily and France, as well as England - is an improbably romantic idea. In exploring Norman culture in all its regions, Leonie V Hicks is able to place the Normans in the full context of early medieval society. Her wide ranging comparative perspective enables the Norman story to be told in full, so that the societies of Rollo, William, Robert (Guiscard) and Roger are given the focused attention they deserve. From Hastings to the martial exploits of Bohemond and Tancred on the First Crusade; from castles and keeps to Romanesque cathedrals; and from the founding of the Kingdom of Sicily (1130) to cross-cultural encounters with Byzantines and Muslims, this is a fresh and lively survey of one of the most popular topics in European history.

The Bayeux Tapestry

This book provides a selection from the abundant source material generated by the Normans and the peoples they conquered. It takes a wide European perspective on the Normans, assessing and explaining Norman expansion, their political and social organization and their eventual decline. The Normans in Europe explores: the process of assimilation between Scandinavians and Franks and the emergence of Normandy; the internal organization of the principality with a variety of source materials from chronicles, miracle stories and chapters; the role of women and children in Norman society; and a variety of other areas.

The History of the Norman Conquest of England, Its Causes and Its Results

The definitive and fully illustrated guide to the Bayeux Tapestry. The full history of the events leading up to the Battle of Hastings and the story of the tapestry itself. Most people know that the Bayeux Tapestry depicts the moment when the last Anglo-Saxon king of England, Harold Godwinson, was defeated at the Battle of Hastings in 1066 by his Norman adversary William the Conqueror. However, there is much more to this historic treasure than merely illustrating the outcome of this famous battle. Full of intrigue and violence, the tapestry depicts everything from eleventh-century political and social life—including the political machinations on both sides of the English Channel in the years leading up to the Norman Conquest—to the clash of swords and stamp of hooves on the battle field. Drawing on the latest historical and scientific research, authors David Musgrove and Michael Lewis have written the definitive book on the Bayeux Tapestry, taking readers through its narrative, detailing the life of the tapestry in the centuries that followed its creation, explaining how it got its name, and even offering a new possibility that neither Harold nor William were the true intended king of England. Featuring stunning, full- color photographs throughout, The Story of the Bayeux Tapestry explores the complete tale behind this medieval treasure that continues to amaze nearly one thousand years after its creation.

The Norman Conquest

The story of a young thane who wins the favor of Earl Harold and becomes one of his retinue. When Harold becomes King of England Wulf assists in the Welsh wars, and takes part against the Norsemen at the Battle of Stamford Bridge. When William of Normandy invades England, Wulf is with the English host at Hastings, and stands by his King to the last in the mighty struggle.

The History of the Norman Conquest of England: The preliminary history to the election of Edward the Confessor

The story of a young thane who wins the favor of Earl Harold and becomes one of his retinue. When Harold becomes King of England Wulf assists in the Welsh wars, and takes part against the Norsemen at the Battle of Stamford Bridge. When William of Normandy invades England, Wulf is with the English host at Hastings, and stands by his King to the last in the mighty struggle.

Wulf the Saxon

The author has endeavoured to tell the events preceding the Norman Conquest in a popular manner, and to give an idea of the principal personages who figured in England at the period when that memorable event took place. He also endeavoured to treat the subject in a popular and picturesque style, without sacrificing the of historic truth. He has delivered a sweeping history of the major events in British history from the ninth century AD to the end of the Norman Conquest more than 200 years later, featuring the fascinating stories of the series of Vikings, Saxons, and Normans who blazed their way across England during that tumultuous time. Read of Rollo the Norman ("Rolfganger"), a Viking and first duke of Normandy, and his most famous descendent, William the Conqueror; and of the Danish invasion under Earl Godwin, the restoration of the Anglo-Saxon kings under Edward the Confessor, and many others, including the adventurers Siward the Dane, Harold Hardrada the Norwegian, Hereward the Saxon and others. ===== About the author: John George Edgar (1834–1864) was, despite his short life, a prolific English writer who produced fifteen books devoted to English and Scottish history, as well as being the first editor of Every Boy's Magazine. His life and work were tragically cut short by encephalemia at the young age of thirty. ===== KEYWORDS/TAGS: Danes Saxons and Normans, sweeping history, norman conquest, principal characters, ninth century, eleventh century, 9th C, 11th C, 10th C, Vikings, Rollo, Rolfganger, action, adventure, historical, fact, confessor, Ulf Uspakson, Alfred, Archbishop, army, assembly, Atheling, barons, Battle abbey, battle, Bayeux, Beauclerc, Bishop, Britain Briton blood, british history, English history, Canute, castle, cavalry, ceremony, Conqueror, Cospatrick, Count, country, crown, Danes, Danish, Denmark, duke, Durham,

The History of the Norman Conquest of England, Its Causes and Its Results

Reprint of the original, first published in 1876.

Wulf the Saxon

I have here told, in the shape of a primer, the same tale which I have already told in five large volumes. I have only to say that, though the tale told is the same, yet the little book is not an abridgement of the large one, but strictly the same tale told afresh. I shall be well pleased if I am able some day to tell the same tale on a third and intermediate scale.

The Normans and Their Myth

This is an OCR edition without illustrations or index. It may have numerous typos or missing text. However, purchasers can download a free scanned copy of the original rare book from General-BooksClub.com. You can also preview excerpts from the book there. Purchasers are also entitled to a free trial membership in the General Books Club where they can select from more than a million books without charge. Volume: 5; Original Published by: Clarendon Press in 1876 in 646 pages; Subjects: Great Britain; History / Europe / Great Britain; History / Medieval;

A Short History of the Normans

Reprint of the original, first published in 1873.

The Normans in Europe

Rejecting the idea that English history begins with the Norman Conquest, Freeman's six-volume history influenced generations of early English historians.

The Nose

A Top 100 Satirical Short Story. The Nose by Nikolai Gogol. "The Nose" is a satirical short story by Nikolai Gogol. Written between 1835 and 1836, it tells of a St. Petersburg official whose nose leaves his face and develops a life of its own. Critics note that the story's title in Russian "Nos" is the reverse of the Russian word for "dream" "Son". As the unreliable narrator himself notes, the story "contains much that is highly implausible\

The Nose

"The Nose" is divided into three parts and tells the story of Collegiate Assessor ('Major') Kovalyov, who wakes up one morning without his nose. He later finds out that his nose has developed a life of its own, and has apparently surpassed him by attaining the rank of State Councillor. The short story showcases the obsession with social rank that plagued Russia after Peter the Great introduced the Table of Ranks. By allowing commoners to gain hereditary nobility through service to the state, a huge population was given the chance to move up in social status. This opportunity, however, also gave way to large bureaucracies, in which many of Gogol's characters worked.

The Nose

"A most extraordinary thing happened in St. Petersburg on the twenty-fifth of March." The opening lines of "The Nose\

The Story of the Nose

"Sir, now the matter is perfectly clear. You... you are my nose!" The Collegiate Assessor Kovalyov wakes one morning to discover that his nose has disappeared. Unbeknownst to him, it has mysteriously found its way into a loaf of bread on the barber Yokovlevich's breakfast table. The barber attempts to dispose of it, but when Kovalyov steps out onto the St Petersburg streets, he finds his nose, now the size of a human, wearing a gold-embroidered uniform and travelling around in a carriage ... Dave Eggers says, of the series: "I couldn't be prouder to be a part of it. Ever since Alessandro conceived this idea I thought it was brilliant. The editions that they've compiled have been lushly illustrated and elegantly designed."

The Nose (Annotated with Biography)

"The Nose" is a satirical short story by Nikolai Gogol. Written between 1835 and 1836, it tells of a St. Petersburg official whose nose leaves his face and develops a life of its own. Dmitri Shostakovich's opera The Nose, first performed in 1930, is based on this story. A short film based on the story was made by Alexandre Alexeieff and Claire Parker in 1963 and used pinscreen animation.

The Nose

This literary guide leads students with advanced knowledge of Russian as well as experienced scholars through the text of Nikolai Gogol's absurdist masterpiece "The Nose." Part I focuses on numerous instances of the writer's wordplay, which is meant to surprise and delight the reader, but which often is lost in English translations. It traces Gogol's descriptions of everyday life in St. Petersburg, familiar to the writer's contemporaries and fellow citizens but hidden from the modern Western reader. Part II presents an overview of major critical interpretations of the story in Gogol scholarship from the time of its publication to the present, as well as its connections to the works of Shostakovich, Kafka, Dalí, and Khams.

The Nose and Other Stories

Nikolai Gogol's novel Dead Souls and play The Government Inspector revolutionized Russian literature and continue to entertain generations of readers around the world. Yet Gogol's peculiar genius comes through most powerfully in his short stories. By turns—or at once—funny, terrifying, and profound, the tales collected in The Nose and Other Stories are among the greatest achievements of world literature. These stories showcase Gogol's vivid, haunting imagination: an encounter with evil in a darkened

church, a downtrodden clerk who dreams only of a new overcoat, a nose that falls off a face and reappears around town on its own, outranking its former owner. Written between 1831 and 1842, they span the colorful setting of rural Ukraine to the unforgiving urban landscape of St. Petersburg to the ancient labyrinth of Rome. Yet they share Gogol's characteristic obsessions—city crowds, bureaucratic hierarchy and irrationality, the devil in disguise—and a constant undercurrent of the absurd. Susanne Fusso's translations pay careful attention to the strangeness and wonder of Gogol's style, preserving the inimitable humor and oddity of his language. *The Nose and Other Stories* reveals why Russian writers from Dostoevsky to Nabokov have returned to Gogol as the cornerstone of their unparalleled literary tradition.

The Nose

A masterpiece of satire and a key work of the Russian "fantastic" movement. One of the most celebrated tales in Russian literature. Collegiate Assessor Kovalyov awakens to discover that his nose is missing, leaving a smooth, flat patch of skin in its place. He finds and confronts his nose in the Kazan Cathedral, but from its clothing it is apparent that the nose has acquired a higher rank in the civil service than he and refuses to return to his face. THE ART OF THE NOVELLA Too short to be a novel, too long to be a short story, the novella is generally unrecognized by academics and publishers but beloved and practiced by literature's greatest writers. The Art of the Novella Series celebrates this renegade art form and its practitioners. The series has been recognized for its "excellence in design" by AIGA.

The Nose Book

A beloved board book—now in a larger trim size! "I see a nose on every face. I see noses every place!" Noses come in all shapes, colors, and sizes and are handy to have for sniffing, smelling, and . . . playing horns? This simple, sometimes silly story offers little ones a first ode to the nose and all that it does. This super-simple, super-sturdy board book edition of *The Nose Book* is now available in a bigger size! With charming illustrations by Joe Mathieu, this abridged version of the original *Bright and Early Book*—edited by Dr. Seuss—is the perfect way for babies and toddlers to learn about their bodies!

The Nose

How is this book unique? Font adjustments & biography included Unabridged (100% Original content) Illustrated About The Nose by Nikolai Gogol 'The Nose' is considered one of Nikolai Gogol's most famous works, a bizarre story about a man's 'nose' that embodies the wizardry of his work. The Nose is universally hailed as one of Gogol's classics. The Nose is a satirical story by Nikolai Gogol. Written between 1835 and 1836, it tells of a St. Petersburg official whose nose leaves his face and develops a life of its own. After disappearing from the Deputy Inspector's face, his nose shows up around town before returning to its proper place. Barber Ivan Yakovlevich finds a nose in his bread during breakfast. With horror he recognizes this nose as that of one of his regular customers, collegiate assessor Kovalyov. He tries to get rid of it by throwing it in the Neva River, but he is caught by a police officer. Dmitri Shostakovich's opera 'The Nose' first performed in 1930, is based on this story. A film based on this story was made by Alexandre Alexeieff and Claire Parker in 1963 and used pinscreen animation.

The Nose

"The Nose" is a satirical short story by Nikolai Gogol. Written between 1835 and 1836, it tells of a St. Petersburg official whose nose leaves his face and develops a life of its own. The Nose (Annotated)

"The Nose" is a satirical short story Nikolai Gogol. Written between 1835 and 1836, it tells of a St. Petersburg official whose nose leaves his face and develops a life of its own.

And The Earth Will Sit On The Moon

Fresh, stylish new translations of Gogol's greatest short stories collected in a beautiful edition 'One of the most profound, and influential, writers Russia has ever produced, he is probably also the funniest' Guardian 'The most morally complete writer: baffled, outraged, reverent, mock-didactic, mocking, all at once. He honours life by feeling no one way about it' GEORGE SAUNDERS No writer has captured the absurdity of the human condition as acutely as Nikolai Gogol. In a lively new translation by Oliver Ready, this collection contains his great classic stories - 'The Overcoat', 'The Nose' and 'Diary of a Madman' - alongside lesser known gems depicting life in the Russian and Ukrainian countryside. Together, they reveal Gogol's marvellously skewed perspective, moving between the urban and the rural with painfully sharp humour and scorching satire. Strikingly modern in his depictions of society's shambolic structures, Gogol plunders the depths of bureaucratic and domestic banalities to unearth moments of dark comedy and outrageous corruption. Defying categorisation, the stories in this collection range from the surreal to the satirical to the grotesque, united in their exquisite psychological acuteness and tender insights into the bizarre irrationalities of the human soul. Nikolai Vasilyevich Gogol (1809-1852) was born in Ukraine and moved to St Petersburg after his studies in 1828 to work, at first, in various government departments. His first collection of stories, *Evenings on a Farm Near Dikanka* (1831), brought him widespread fame, and he went on to write further collections of stories, as well as the play *The Government Inspector*. The first part of his great, and only, novel *Dead Souls* appeared in 1842. In his later life he was increasingly tormented both physically and psychologically and he repeatedly burned his manuscripts, including the second part of *Dead Souls*. After the final burning in February 1852, he stopped eating and died in great pain ten days later.

The Nose

"The Nose" is a satirical short story by Nikolai Gogol written during his time living in St. Petersburg. During this time, Gogol's works were primarily focused on surrealism and the grotesque, with a romantic twist. Written between 1835 and 1836, "The Nose" tells the story of a St. Petersburg official whose nose leaves his face and develops a life of its own. "The Nose" was originally published in *The Contemporary*, a literary journal owned by Alexander Pushkin. The use of a nose as the main source of conflict in the story could have been due to Gogol's own experience with an oddly shaped nose, which was often the subject of self-deprecating jokes in letters.

The Nose (English Edition)

"The Nose" is a satirical short story by Nikolai Gogol written during his time living in St. Petersburg. During this time, Gogol's works were primarily focused on surrealism and the grotesque, with a romantic twist. Written between 1835 and 1836, "The Nose" tells the story of a St. Petersburg official whose nose leaves his face and develops a life of its own. "The Nose" was originally published in *The Contemporary*, a literary journal owned by Alexander Pushkin. The use of a nose as the main source of conflict in the story could have been due to Gogol's own experience with an oddly shaped nose, which was often the subject of self-deprecating jokes in letters. The use of iconic landmarks in the story, as well as the sheer absurdity of the story, has made "The Nose" an important part of St. Petersburg's literary tradition.

The Nose

"The Guide focuses on Gogol's language in "The Nose" and his playful twisting of the many Russian idioms that are usually lost in English translations of the story. It traces Gogol's descriptions of St. Petersburg everyday life, familiar to the writer's contemporaries but hidden from the modern Western reader. It also presents major critical interpretations of the story and its connections to the works of Shostakovich, Kafka, Dalai and Kharmis"--

The Nose (Annotated)

"The Nose" is a satirical short story Nikolai Gogol. Written between 1835 and 1836, it tells of a St. Petersburg official whose nose leaves his face and develops a life of its own.

Edward Trencom's Nose

Edward Trencom has bumbled through life, relying on his trusty nose to turn the family cheese shop into the most celebrated fromagerie in England. But his world is turned upside down when he stumbles across a crate of family papers. To his horror, Edward discovers that nine previous generations of his family have come to sticky ends because of their noses. When he investigates further, Edward

finds himself caught up in a Byzantine riddle to which there is no obvious answer . . . Giles Milton's deliciously comic debut novel is a mouth-watering blend of Louis de Bernieres, Tom Sharpe and P. G. Wodehouse with every page permeated by the pungent odour of cheese. 'The pong of ripe Limburger lingers impressively' - Observer 'Comic novels are difficult to write: any old halfwit can produce 400 pages of stinking high seriousness, but it takes a real wit to manage 400 pages of mild, fragrant good humour' Guardian

The Mantle and Other Stories

As a novel-writer and a dramatist, Gogol appears to me to deserve a minute study, and if the knowledge of Russian were more widely spread, he could not fail to obtain in Europe a reputation equal to that of the best English humorists. A delicate and close observer, quick to detect the absurd, bold in exposing, but inclined to push his fun too far, Gogol is in the first place a very lively satirist. He is merciless towards fools and rascals, but he has only one weapon at his disposal. Irony. This is a weapon which is too severe to use against the merely absurd, and on the other hand it is not sharp enough for the punishment of crime; and it is against crime that Gogol too often uses it. His comic vein is always too near the farcical, and his mirth is hardly contagious. If sometimes he makes his reader laugh, he still leaves in his mind a feeling of bitterness and indignation; his satires do not avenge society, they only make it angry. As a painter of manners, Gogol excels in familiar scenes. He is akin to Teniers and Callot. We feel as though we had seen and lived with his characters, for he shows us their eccentricities, their nervous habits, their slightest gestures. One lisps, another mispronounces his words, and a third hisses because he has lost a front tooth. Unfortunately Gogol is so absorbed in this minute study of details that he too often forgets to subordinate them to the main action of the story. To tell the truth, there is no ordered plan in his works, and a strange trait in an author who sets up as a realist. He takes no care to preserve an atmosphere of probability. His most carefully painted scenes are clumsily connected. They begin and end abruptly; often the author's great carelessness in construction destroys, as though wantonly, the illusion produced by the truth of his descriptions and the naturalness of his conversations.

The Queen's Nose

Harmony's uncle sends her on a treasure trail - which disappointingly ends in her finding a 50p piece. But the coin is a magic one, and when you rub the queen's nose, your wishes will come true! From the number one author for animal magic comes this wonderful new edition of a much-loved classic.

The Diary of a Nose

The Diary of a Nose is the story behind the creation of a perfume, from the head perfumer at Hermès. Perfume creation is an exclusive and secretive endeavour. What is day to day life like for a perfume-maker? How does the creation of a new scent begin? How do you capture the essence of a smell on the skin? For one year, Jean-Claude Ellena kept a diary of his life as 'parfumeur exclusif' ('le nez' or 'the nose') for Hermès. Believing that creating a scent is like creating a work of art, and describing himself as a writer using 'olfactory colours', he explains how all of the five senses come into play when creating a perfume. He also reveals how inspiration can come from a market stall, a landscape, or even the movement of calligraphy, and concludes this charming, perceptive diary with recipes for natural fragrances, each made up of three synthetic ingredients, to create the illusion of smells like freesia, orange blossom, grapefruit, pear, chocolate, cashew and cotton candy. This is the story of a quest to capture what is most elusive. Jean-Claude Ellena offers readers a rare insight into the secrets of his business, his art, and his life as one of the world's most important and admired perfumers.

My Nose, Your Nose

People can look different from one another, but in lots of ways they are just the same. Like Arthur, whose nose turns up and Agnes whose nose turns down - they both love the smell of chocolate cake! A fun and educational picture book with bold and vibrant illustrations ideal for the very young. Companion to MY BEAK, YOUR BEAK.

The Day My Runny Nose Ran Away

One morning Jason wakes up to find his nose missing. Will he find his nose and convince it to get back on his face?

Once Upon a Time

This is a colorful story about a giant, his nose, and the booger that lives there. Very original, unusual, and entertaining for kids and adults too. The books are made from 100% recycled paper or through companies that replant trees cut down for paper making. Each book is 100% hand made.

The Nose Pixies

The hilarious debut picture book from the award-winning and bestselling author of GIRT. This is a book with a grossness that kids will love, and with a message that parents will adore. The wickedly funny, deliciously clever picture book debut from David Hunt (GIRT) with illustrations by award-winning artist Lucia Masciullo (THE BOY AND THE TOY). Oliver has a bad habit. A very bad habit. He just can't keep his fingers out of his nose, which is a big problem for the tiny pixies who mine his 'nose gold' to keep their cities running. The Nose Pixies return to their kingdom with empty handkerchiefs night after night. And unless their luck changes, they'll be out of a job ... or worse! Ages 4-8 PRAISE 'Kids will love all the disgusting things in this truly imaginative book' Four-star review, Books+Publishing

Rose and Her Amazing Nose

Rose and Her Amazing Nose is a witty and brilliantly illustrated children's picture book that tells the story of a unique little girl named Rose who encourages children to embrace their quirky side and that being different can truly be amazing! Rose and Her Amazing Nose was awarded a 5 star read by Reader's Favorite.

Eyes, Nose, Fingers, and Toes

Children will discover the wonders of their bodies and the joy of learning to move in this edition of the popular picture book. From a wiggle of their shoulders to a stomp of their feet, a group of lovable toddlers joyfully explores the many ways to use their bodies. Lips can be made small for kissing, while arms can go up and down or reach out to hug those we love. Judy Hindley's jaunty text and Brita Granstrom's playful illustrations are perfect for children as they begin to discover the wonders of their bodies and the joy of learning to move.

The Girl with No Nose

A gorgeous, fully-illustrated novella about a girl in Victorian times who was born with no nose and how she learns to accept herself.

The Nose

A satirical short story written between 1835 and 1836, it tells of a St. Petersburg official whose nose leaves his face and develops a life of its own.

There's a Pig Up My Nose!

What if a PIG got stuck up your NOSE? How ever would you get it out? When Natalie has to go to school with a pig stuck up her nose, her whole class gets together to find a way to get the pig out. But how will they do it? Zany humor meets Babe the Pig in this funny picture book. This delightfully silly tale, brought to life by warm, comical artwork, will have children giggling and oinking out loud to try to work out how to get a farmyard animal out of someone's nose. The perfect picture book for boys and girls--or for anyone who has ever got something stuck up their nose

The Island of Nose

Facts about human anatomy in question-and-answer format. This book helps children learn about differences in people without involving value judgements.

Why Does That Man Have Such a Big Nose?

Can you find your nose, eyes, ears, mouth and chin? This vibrant book encourages little ones to associate words and pictures with their own bodies. Open the fold-out mirror at the back of the book to help them discover their own faces as you read aloud together.

Is This My Nose?

This second book in the My Body Science series confronts the curiosity children have about the holes in their noses. For an entertaining, informative and hopefully helpful few minutes, read this book to a child. You'll both have fun! Full color.

The Holes in Your Nose

A charming collection of stories about the adventures of five different children by the much-loved creators of Tashi.

The Magnificent Nose and Other Marvels

A dog follows his nose on an amazing journey, but can he find his way home?

The Nose That Knows

Primrose Pumpkin, who always tries to be helpful, and her dog Dirk, who is very smelly, try to locate the owner of a nose they find on a park bench.

Mister Blewitt's Nose

A TIMES BOOK OF THE YEAR 2020 BEST BOOKS OF 2020: SCIENCE - FINANCIAL TIMES SHORTLISTED FOR THE ANDRÉ SIMON AWARD The long awaited new book from Harold McGee, winner of the André Simon Food Book of the Year & the James Beard Award. What is smell? How does it work? And why is it so important? HAROLD McGEE, leading expert on the science of food and cooking, has spent a decade exploring our most overlooked sense. Nose Dive is the amazing result: it takes us on an adventure across four billion years and the whole globe, from the sulphurous early Earth to the fruit-filled Tian Shan mountain range north of the Himalayas, and back to the keyboard of your laptop, where trace notes of phenol and formaldehyde are escaping between the keys. A work of astounding scholarship and originality, Nose Dive distils the science behind smells and translates it into an accessible and entertaining sensory and olfactory guide. We'll sniff the ordinary (wet pavement and cut grass) and extraordinary (ambergris and truffles), the delightful (roses and vanilla) and the challenging (swampy lands and durians). We'll smell each other. We'll smell ourselves. Here is a story of the world, of all of the smells under our noses. DIVE IN!

Nose Dive

From a first-time author and a first-time illustrator comes this original picture book of a world where there is a special place for everyone. Nose is a simple fellow who just wants to be accepted, and his search to be happy sends him wandering high and low until he makes a remarkable discovery. Illustrations.

The Adventures of a Nose

"The Cloak" tells the story of the life and death of Akaky Akakievich Bashmachkin, an unremarkable and indeed pathetic middle-aged titular councillor and copying clerk serving in an unnamed department of the Russian civil service. Though Akaky has very little and is cruelly picked on by his coworkers, Akaky displays no discontentment with his plight, in fact even openly relishing his copying work, in which he appears to find some interesting world of his own. His life is thrown into disarray, however, when he finds that he must buy a new overcoat, a great expense for which he is unprepared. Though he is initially upset by the need for the new overcoat, he soon finds in the quest to save up for and design the new overcoat a higher purpose. The thought of the new overcoat becomes a deep comfort to him, like having a steady companion. The day he receives the coat is the happiest day of his life. However, a turn of events leads to the sudden loss of his coat, and shortly thereafter, of his own life. After his death, Akaky returns as a ghost to haunt St. Petersburg for a time, stealing coats, and in particular the coat of a general who had refused to help Akaky.

The Cloak
