Douce nuit, sainte nuit ! Sweet night, holy night!

Dans les cieux, L'astre luit! In the heavens, the star shines!

Le mystère annoncé s'accomplit, The announced mystery is fulfilled

Cet enfant, sur la paille endormi, This child, asleep on the straw

C'est l'amour infini ! Is infinite love!

Saint enfant, doux agneau ! Holy child, sweet lamb!

Qu'il est grand, qu'il est beau ! How great, how beautiful!

Entendez résonner les pipeaux Hear the sound of the reed-pipes

Des bergers conduisant leurs troupeaux Of the shepherds who lead their flocks

Vers son humble berceau ! To his humble cradle!

Joyeux Noël from everyone at Learn French With Alexa

The Lives of the Cardinals Richelieu and Mazarin

Richelieu and Mazarin by Geoffrey Treasure compares these two striking, but very different, statesmen and evaluates their careers and achievements in the light of modern research. It explores all aspects of the two men's careers including the historical background, their personal characters, aims and values and their experience of power. Geoffrey Treasure also debates altered perceptions of 'absolutism' and the accomplishments of both leaders.

Richelieu and Mazarin

Drawing upon recent research and past studies, David J. Sturdy presents a concise, up-to-date analysis of the private and public careers of two of the most influential ministers in seventeenth-century France.

Richelieu and Mazarin: - Adopts a broadly chronological approach, interspersed with passages at relevant points which compare and contrast the key achievements of the two Cardinals - Examines such central themes as the internal government of France, the ministers' conduct of foreign policy, and the nature of elite and popular resistance to their policies - Explores the political ideas and strategies of Richelieu and Mazarin, the relations between the ministers and the Crown, and the patronage they exercised The book concludes with a comparative assessment of the significance of the two figures for the history of France.

Society And Government In France Under Richelieu And Mazarin 1624-61

Mazarin was the model statesman of the early modern period in French history. This book follows his career from pupil of the Jesuits, through legate in Paris and Avignon, to service for Louis XIII and beyond. Mazarin's role in the survival of absolute monarchy during the upheavals of the Fronde and his guidance of the young Louis XIV are given full weight. His crucial part in many diplomatic exchanges, and in particular those which brought an end to the Thirty Years War and the Franco-Spanish War, is examined in detail. His life is placed in the context of a study of the times, highlighting the rapidly changing nature of government.

The Impact of Absolutism in France

It seems inevitable that Mazarin will always suffer by comparison with Richelieu. The latter, who has been described as the greatest political genius which France has ever produced, appeals to the imagination by the firmness and the success of his policy. The ability with which he managed the foreign affairs of France, and his creation of an administrative system which continued to the Revolution, place Richelieu in the foremost rank of French statesmen. And yet his successor, though less illustrious, equally deserves to stand among those who have contributed most to the greatness of France. What MM. Hanotaux and d'Avenel have done for Richelieu's memory has been done for Mazarin by M. Chýrue! He has made it impossible for us to regard Mazarin as a mere Italian adventurer, or to agree with Michelet that " he was an unprincipled actor, libertine, and gambler, who subordinated every question of State policy to the meanest regard for his personal interests ; a miser whose glaring avarice was without a single redeeming quality." It must be remembered that Richelieu advised the choice of Mazarin as his successor, that during the last year of Richelieu's life Mazarin shared that statesman's secrets, and that on the latter's death Mazarin was at once admitted to the Council of State. In M. Chýrue! 's opinion, and in that of all competent historians, Richelieu's choice was fully justified. Unlike Richelieu, Mazarin had an Italian's love of intrigue and diplomacy and, was always confident of his ability to bend his opponetns to his will. The history of Mazarin from 1643 to 1661 is not only the history of France, but also the history of Europe. The difficulty, therefore, of writing an adequate biography of him is at once apparent. M. Chýrue! 's two great works which deal with the period comprise no less than seven volumes, which contain ample materials for forming an estimate of Mazarin's character and work. In that historian's opinion Mazarin was an indefatigable and patriotic minister whose fame principally rests

upon his success in making France illustrious by her victories and diplomatic triumphs, and in leaving her on his death the leading power in Europe.

Le Grand Siecle Intime

This Is A New Release Of The Original 1886 Edition.

Cardinal Mazarin (Jovian Press)

"Armand Jean du Plessis, cardinal-duc de Richelieu et de Fronsac; 9 September 1585? 4 December 1642) was a French clergyman, noble and statesman. Consecrated as a bishop in 1608, he later entered politics, becoming a Secretary of State in 1616. Richelieu soon rose in both the Catholic Church and the French government, becoming a Cardinal in 1622, and King Louis XIII's chief minister in 1624. He remained in office until his death in 1642; he was succeeded by Cardinal Mazarin, whose career he had fostered."--Wikipedia.

Twenty Years After

One of the prominent themes of the political history of the 16th and 17th centuries is the waxing influence officials in the exercise of state power, particularly in international relations, as it became impossible for monarchs to stay on top of the increasingly complex demands of ruling. Encompassing a variety of cultural and institutional settings, these essays examine how state secretaries, prime ministers and favourites managed diplomatic personnel and the information flows they generated. They explore how these officials balanced domestic matters with external concerns, and service to the monarch and state with personal ambition. By opening various perspectives on policy-making at the level just below the monarch, this volume offers up rich opportunities for comparative history and a new take on the diplomatic history of the period.

The Intendants of Richelieu and Mazarin, 1624-1661

Lives of the Cardinal De Richelieu, Count Oxenstiern--Count Olivarez and Cardinal Mazarin

France Under Mazarin, with a Review of the Administration of Richelieu

Henry VIII and His Queens

A study of Henry VIII's reign and his wives, which examines the role of each queen in Henry's personal and political development. Family relationships are also considered, with particular emphasis placed on Henry's attempts to resolve his succession-dominated domestic policy.

Tudor Women

In this book the women of the royal family are the central characters; the royal women set the style and between them they provide a dazzling variety of personalities as well as illustrating almost every aspect of life as it affected women in Tudor England. We know what they ate, how they dressed, the books they read and the letters they wrote. Even the greatest of them suffered the universal legal and physiological disabilities of womanhood - some survived them, some triumphed over them and some went under.

Letters of the Queens of England, 1100-1547

Illustrated throughout and complemented by detailed genealogical tables and a useful table of marriages, The Letters of the Queens of England 1100-1547 is an invaluable reference source for historians and a fascinating introduction for the general reader to the foremost women of medieval and Tudor England.

The Politics of Marriage

A fresh interpretation of the life and reign of Henry VIII which concentrates on the relationship between him and his queens, and the impact of each marriage on his domestic policies.

Lady Jane Grey

For most, the name of Lady Jane Grey means the "nine days queen," the child who was used as a pawn in the power politics of the Tudor realm by both her parents and the Northumberland. This volume tells

the tragic story of Jane's life and death, but also reveals her to be a woman of unusual strength of conviction with an intelligence and steady faith beyond her years. It also provides insight into the least known of Henry VIII's wives, Katherine Parr.

Tudor Women

The Tudor era belongs to its women. No other period of English History has produced so many notable and interesting women, and into other period have they so powerfully influenced the course of political events. Mary Tudor, Elizabeth 1 and, at moments of high drama, Mary Queen of Scots dominated the political scene for more than half a century, while in the previous fifty years Henry VIII's marital escapades brought six more women to the centre of attention. In this book the women of the royal family are the central characters; the royal women set the style and between them they provide a dazzling variety of personalities as well as illustrating almost every aspect of life as it affected women in Tudor England. We know what they ate, how they dressed, the books they read and the letters they wrote. Even the greatest of them suffered the universal legal and physiological disabilities of womanhood - some survived them, some went under. Now revised and updated, Alison Plowden's beautifully written account of the women behind the scenes and at the forefront of sixteenth-century English history will be welcomed by anyone interested in exploring this popular period of history from the point of view of the women who made it.

The House of Tudor

The Tudors have a special fascination. The astute statesmanship of the first Henry Tudor, the enterprising marital career of the second and the tragedy of the son he laboured so murderously to get, the unhappy reign of Mary and finally the flowering of Elizabeth in whom the family genius reached its apotheosis, all find their place in this chronicle of five turbulent, passionate, tragic and prodigious generations of Tudors.

The Six Wives and Many Mistresses of Henry VIII

For a King renowned for his love life, Henry VIII has traditionally been depicted as something of a prude, but the story may have been different for the women who shared his bed. How did they take the leap from courtier to lover, to wife? What was Henry really like as a lover? Henry's women were uniquely placed to experience the tension between his chivalric ideals and the lusts of the handsome, tall, athletic king; his first marriage, to Catherine of Aragon, was on one level a fairy-tale romance, but his affairs with Anne Stafford, Elizabeth Carew and Jane Popincourt undermined it early on. Later, his more established mistresses, Bessie Blount and Mary Boleyn, risked their good names by bearing him illegitimate children. Typical of his time, Henry did not see that casual liaisons might threaten his marriage, until he met the one woman who held him at arm's length. The arrival of Anne Boleyn changed everything. Her seductive eyes helped rewrite history. After their passionate marriage turned sour, the king rapidly remarried to Jane Seymour. Henry was a man of great appetites, ready to move heaven and earth for a woman he desired; Licence readdresses the experiences of his wives and mistresses in this frank, modern take on the affairs of his heart. What was it really like to be Mrs Henry VIII?

Chronicles of the Tudor Queens

Recreating the dramatic events and personalities of Mary and Elizabeth's reigns, this book uses the words of their contemporaries as witnesses to an extraordinary period of history in the making.

Catherine Howard

A biography of Henry VIII's fifth wife, beheaded for playing Henry at his own game - adultery.

Kings, Queens, Bones, and Bastards

Who invented The ``House of Windsor" as a royal name? Who founded Westminster Abbey? Which king had twenty-one illegitimate children? David Hilliam answers all these questions plus many, many, more, covering unusual incidents of royal history which rarely appear in The text books!

The Queen's Confidante

London, 1501. Henry VII's heir is dead... Elizabeth, his queen, fears foul play, but who can she trust with her suspicions that their son has been murdered? In her darkest hour she turns to Varina Wescott, a lowly candle maker and widow. Despite the difference in their stations they share a bond. Both women know the sorrow of losing a child. Varina is tasked with discovering all she can about the Prince's death. Aided by the handsome and ambitious Nicholas Sutton, Varina's mission will be a difficult one, as both Henry and Elizabeth have enemies determined to bring down the Tudor dynasty...

Marriage with My Kingdom

Born in 1533, Elizabeth I was the product of the doomed marriage of Henry VIII and Anne Boleyn. In 1558, on her Catholic sister Mary's death, she ascended the throne and reigned for 45 years. Loved and respected by her subjects and idolised by future generations, Gloriana's fierce devotion to her country and its people made her England's fairest queen and icon. Royal marriage in the age of Elizabeth was a political business. Unions between great families could be the key to security at home and to the making of great empires. No one represented a better prize than Elizabeth. She encouraged attention and spent her life surrounded by suitors, but she remained, until the end, married only to her kingdom. This, the third volume of Alison Plowden's Elizabethan quartet, plots the true story of the Virgin Queen's courtships and her career as "the greatest tease in history".

Catherine Parr

Romantic, chaotic and terrifying, Catherine Parr's life unfolds like a romance novel. Married at seventeen to the grandson of a confirmed lunatic and widowed at twenty, Catherine chose a Yorkshire lord twice her age as her second husband. Caught up in the turbulent terrors of the Pilgrimage of Grace in 1536, she was captured by northern rebels, held hostage and suffered violence at their hands. Fleeing to the south shortly afterward, Catherine took refuge in the household of Princess Mary and in the arms of the king's brother-in-law, Sir Thomas Seymour. Her employment in Mary's household brought her to the attention of Mary's father, the unpredictable, often-wed Henry VIII. Desperately in love with Seymour, Catherine was forced into marriage with a king whose passion for her could not be hidden and who was determined to make her his queen.

The Six Wives of Henry VIII

The marital ups and downs of England's most infamous king.

History of Two Queens 1. Catharine D'Aragon, 2. Anne Boleyn By William Hepworth Dixon

Ever wondered how fat Henry VIII really was? Or what made Mary I 'Bloody'? Over many hundreds of years royalty has had its fair share of accidents, rumours, scandals, misrepresentations and misconceptions. For instance, was George III's 'madness' caused by porphyria, or was it due to arsenic poisoning? Or what really happened between Queen Victoria and her Highland servant John Brown? In today's world, where newspapers clamour to report new revelations about the Royal Family, this informative and quirky book gives the inquisitive reader an in-depth look at the secrets of our past royals. For anyone interested in royal matters, or curious about what went on behind the palace walls, Raymond Lamont-Brown helps answer all those intriguing, confusing, mysterious and entertaining questions we might have about our monarchs.

How Fat Was Henry VIII?

Royalty.

The Six Wives of Henry VIII

The six-week New York Times bestselling history of the legendary six wives of Henry VIII--from an acclaimed biographer. "Admirably succeed(s) in bringing to life the six women who married England's ruler. . . ."--New York Times Book Review. 16 color plates. 32 pages of illustrations.

Henry VIII and His Six Wives

Seventeen-year-old Henry VIII was 'a youngling, he cares for nothing but girls and hunting.' Over the years, this didn't change much. Henry was considered a demi-god by his subjects, so each woman he chose was someone who had managed to stand out in a crowd of stunning ladies. Looking good was

not enough (indeed, many of Henry's lovers were considered unattractive); she had to have something extra special to keep the king's interest. And Henry's women were every bit as intriguing as the man himself. In this book, Henry's mistresses are rescued from obscurity. The sixteenth century was a time of profound changes in religion and society across Europe – and some of Henry's lovers were at the forefront of influencing these events. Kelly Hart gives an excellent insight into the love life of our most popular king, and the twelve women who knew the man behind the mask.

The Wives of Henry VIII

No one in history had a more eventful career in matrimony than Henry VIII. His marriages were daring and tumultuous, and made instant legends of six very different women. In this remarkable study, David Starkey argues that the king was not a depraved philanderer but someone seeking happiness -- and a son. Knowingly or not, he elevated a group of women to extraordinary heights and changed the way a nation was governed. *Six Wives* is a masterful work of history that intimately examines the rituals of diplomacy, marriage, pregnancy, and religion that were part of daily life for women at the Tudor Court. Weaving new facts and fresh interpretations into a spellbinding account of the emotional drama surrounding Henry's six marriages, David Starkey reveals the central role that the queens played in determining policy. With an equally keen eye for romantic and political intrigue, he brilliantly recaptures the story of Henry's wives and the England they ruled.

The Mistresses of Henry VIII

Drawing upon the rich fund of documentary material from the Tudor period, Alison Weir, author of *Britain's Royal Families* and *The Princes in the Tower*, examines the lives of Henry VIII's wives.

Six Wives

The relationship between Queen Elizabeth I of England and her cousin, Mary Queen of Scots, is one of the most complex, tempestuous and fascinating in history. United in blood but divided by religion, the two women were in some ways uniquely close; in others, poles apart. Championed by English Catholics as the rightful Queen of England, Mary was nevertheless given protection by her cousin after she was deposed amid outrage at her immoral behaviour. Rumours of papist plots involving Mary were rife and Elizabeth was put under extreme pressure to be rid of this dangerous threat to her sovereignty and to the Protestant church in England. After much reluctance and procrastination Elizabeth finally signed Mary's death warrant. Alison Plowden shows how political fear brought out the worst and yet the best in these women, and how history was overshadowed for centuries afterwards.

The Six Wives of Henry VIII

Henry VIII is probably the best known king in English history, famous - even in his own day - for the notorious treatment of his wives. Yet Henry believed he acted only for the good of England. This beautifully illustrated Pitkin Guide looks at the life of this fascinating man. Look out for more Pitkin Guides on the very best of British history, heritage and travel.

Two Queens in One Isle

Author is a renowned expert on the Tudors. The story of Henry VIII's third queen, the wife who gave him what he most desired - a son.

King Henry VIII

A complete overview of England's royal heritage at an unbeatable price
Edited by the historian Antonia Fraser
Written by an expert team of contributors
Includes complete genealogies for each of England's royal houses

Jane Seymour

The visitor's companion to the palaces, castles and houses associated with Henry VIII's six wives

Observations and remarks upon the lives and reigns of King Henry VIII., King Edward VI., Queen Mary I., Queen Elizabeth, and King James I., with particular characters ... of all their favourites, and

the most eminent ... persons ... By the author of the History of England in 2 vol. 8o [i.e. The history of England faithfully extracted from authentic records, etc. London, 1702?]. Third edition

A study of Richard III that looks behind the myths to present an accurate picture of the man. This also looks at why he has remained an enigma for so long.

Henry VI, Margaret of Anjou and the Wars of the Roses

Despite five centuries of investigation by historians, the sinister deaths of the boy king Edward V and his younger brother Richard, Duke of York, remain two of the most fascinating murder mysteries in English history. Did Richard III really kill "the Princes in the Tower," as is commonly believed, or was the murderer someone else entirely? Carefully examining every shred of contemporary evidence as well as dozens of modern accounts, Alison Weir reconstructs the entire chain of events leading to the double murder. We are witnesses to the rivalry, ambition, intrigue, and struggle for power that culminated in the imprisonment of the princes and the hushed-up murders that secured Richard's claim to the throne as Richard III. A masterpiece of historical research and a riveting story of conspiracy and deception, *The Princes in the Tower* at last provides a solution to this age-old puzzle.

The Lives of the Kings & Queens of England

Take a tour with the author round a courtly palace and see what the kitchens, the bakery, the laundry, the bedrooms, the gardens and the privvies were like. Everything you could wish to know is here, as the book describes the different lifestyles of the court, and the people who served them.

In the Footsteps of the Six Wives of Henry VIII

Unlike some other reproductions of classic texts (1) We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Richard III

Elizabeth Woodville, *The White Queen* (2009), Margaret Beaufort, *The Red Queen* (2010), and Jacquetta, Lady Rivers, *The Rivers Woman* (2011) are the subjects of the first three novels in Philippa Gregory's *Cousins' War* series, and of the three biographical essays in this book. Philippa Gregory and two historians, leading experts in their field who helped Philippa to research the novels, tell the extraordinary 'true' stories of the life of these women who until now have been largely forgotten by history, their background and times, highlighting questions which are raised in the fiction and illuminating the novels. With a foreword by Philippa Gregory - in which Philippa writes revealingly about the differences between history and fiction and examines the gaps in the historical record - and beautifully illustrated with rare portraits, *The Women of the Cousins' War* is an exciting new addition to the Philippa Gregory oeuvre.

The Princes in the Tower

Draws on original documents, archaeology, and other sources to share the stories of Jacquetta, Duchess of Bedford; Elizabeth Woodville, the wife of Edward IV; and Margaret Beaufort, the founder of the Tudor dynasty.

Life in a Tudor Palace

The story of Anne's marriage to Henry and how the daughter of Cleves - out of all his wives - survived him.

The Wives of Henry the Eighth and the Parts They Played in History

The Wives of Henry VIII and the Parts They Played in History

History of England from the death of Edward the Confessor to the death of King John

Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

History of England from the Death of Edward the Confessor to the Death of King John ... With an Introductory Sketch of the Previous History by the Rev. G. W. Cox

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

History of England from the death of 'Edward the confessor' to the death of John

A catalogue of the ailments of Britain's monarchs of from Edward the Confessor to Victoria, written by a surgeon. Using the most up-to-date research, Brewer interprets historic accounts of symptoms, odd behaviour and murder to identify the cause of death for each monarch, including new diagnoses for the conditions of Queen Anne and George III. The book concludes with a location list of royal tombs.

History of England from the Death of Edward the Confessor to the Death of King John

A King's death was a critical and highly dramatic moment, often with major political consequences. This is an account of what is known about the deaths of all medieval English kings.

History of England from the Death of Edward the Confessor to the Death of King John, with an Introductory Sketch of the Previous History

The History of the Life of King Henry the Second, and of the Age in which He Lived

Part of the Marion Armitage bequest, June 1924. Includes 4 photogravures, all present.

The Comprehensive History of England

The most powerful dynasty behind the throne of Anglo-Saxon England, shedding new light on events such as the Battle of Hastings.

The History of England

From the Battle of Hastings to the Battle of Bosworth Field, Nicholas Vincent tells the story of how Britain was born. When William, Duke of Normandy, killed King Harold and seized the throne of England, England's language, culture, politics and law were transformed. Over the next four hundred years, under royal dynasties that looked principally to France for inspiration and ideas, an English identity was born, based in part upon struggle for control over the other parts of the British Isles (Scotland, Wales and Ireland), in part upon rivalry with the kings of France. From these struggles emerged English law and an English Parliament, the English language, English humour and England's first overseas empires. In this thrilling and accessible account, Nicholas Vincent not only tells the story of the rise and fall of dynasties, but investigates the lives and obsessions of a host of lesser men and women, from archbishops to peasants, and from soldiers to scholars, upon whose enterprise the social and intellectual foundations of Englishness now rest. This the first book in the four volume Brief History of Britain which brings together some of the leading historians to tell our nation's story from the Norman Conquest of 1066 to the present-day. Combining the latest research with accessible and entertaining story telling, it is the ideal introduction for students and general readers.

England from the ancient times, to the reign of Henry the Fifth

Reprint of the original, first published in 1873. The publishing house Anatiposi publishes historical books as reprints. Due to their age, these books may have missing pages or inferior quality. Our aim is to preserve these books and make them available to the public so that they do not get lost.
