

Romanovs The Recovering

[#Romanov family history](#) [#Russian imperial recovery](#) [#Tsar Nicholas II legacy](#) [#historical re-evaluation](#) [#Russian monarchy rediscovery](#)

Explore the enduring saga of the Romanovs, delving into the fascinating process of how their complex legacy is continually being re-examined and 'recovered' through new historical insights, public interest, and cultural reappraisals, shedding light on their final years and lasting impact on Russian identity.

We ensure that all uploaded journals meet international academic standards.

Thank you for visiting our website.

We are pleased to inform you that the document Imperial Russian Reassessment you are looking for is available here.

Please feel free to download it for free and enjoy easy access.

This document is authentic and verified from the original source.

We always strive to provide reliable references for our valued visitors.

That way, you can use it without any concern about its authenticity.

We hope this document is useful for your needs.

Keep visiting our website for more helpful resources.

Thank you for your trust in our service.

Thousands of users seek this document in digital collections online.

You are fortunate to arrive at the correct source.

Here you can access the full version Imperial Russian Reassessment without any cost.

The Race to Save the Romanovs

Shortlisted for the HWA Sharpe Books Non-Fiction Crown Award A work of investigative history that will completely change the way in which we see the Romanov story. Finally, here is the truth about the secret plans to rescue Russia's last imperial family. On 17 July 1918, the whole of the Russian Imperial Family was murdered. There were no miraculous escapes. The former Tsar Nicholas, his wife Alexandra, and their children – Olga, Tatiana, Maria, Anastasia and Alexey – were all tragically gunned down in a blaze of bullets. Historian Helen Rappaport sets out to uncover why the Romanovs' European royal relatives and the Allied governments failed to save them. It was not, ever, a simple case of one British King's loss of nerve. In this race against time, many other nations and individuals were facing political and personal challenges of the highest order. In this incredible detective story, Rappaport draws on an unprecedented range of unseen sources, tracking down missing documents, destroyed papers and covert plots to liberate the family by land, sea and even sky. Through countless twists and turns, this revelatory work unpicks many false claims and conspiracies, revealing the fiercest loyalty, bitter rivalries and devastating betrayals as the Romanovs, imprisoned, awaited their fate. A remarkable new work of history from Helen Rappaport, author of Ekaterinburg: The Last Days of the Romanovs.

The Romanov Legacy

Melody, a young single mother, discovers she's descended from the last Tsar, Nicholas II. She becomes the best hope of a secret global society, Guardians of the Romanov Legacy, dedicated to restoring a Romanov to the throne of a New Russia. A diary and an heirloom necklace inherited from her murdered grandmother hold the key to her identity and to the location of the Tsar's lost shipment of gold. She must accept the sacrifices her birth demands and trust the machinations of the estranged father of her child. To refuse means turning her back on her heritage, her daughter's legacy, and the long line of her family's women who were keepers of the secret. Will her longing for true love have world-changing consequences?

After the Romanovs

From Helen Rappaport, the New York Times bestselling author of *The Romanov Sisters* comes *After the Romanovs*, the story of the Russian aristocrats, artists, and intellectuals who sought freedom and refuge in the City of Light. Paris has always been a city of cultural excellence, fine wine and food, and the latest fashions. But it has also been a place of refuge for those fleeing persecution, never more so than before and after the Russian Revolution and the fall of the Romanov dynasty. For years, Russian aristocrats had enjoyed all that Belle Époque Paris had to offer, spending lavishly when they visited. It was a place of artistic experimentation, such as Diaghilev's Ballets Russes. But the brutality of the Bolshevik takeover forced Russians of all types to flee their homeland, sometimes leaving with only the clothes on their backs. Arriving in Paris, former princes could be seen driving taxicabs, while their wives who could sew worked for the fashion houses, their unique Russian style serving as inspiration for designers like Coco Chanel. Talented intellectuals, artists, poets, philosophers, and writers struggled in exile, eking out a living at menial jobs. Some, like Bunin, Chagall and Stravinsky, encountered great success in the same Paris that welcomed Americans like Fitzgerald and Hemingway. Political activists sought to overthrow the Bolshevik regime from afar, while double agents from both sides plotted espionage and assassination. Others became trapped in a cycle of poverty and their all-consuming homesickness for Russia, the homeland they had been forced to abandon. This is their story.

Romanov

My name is Anastasia. The history books say I died. They don't know the half of it. Anastasia "Nastya" Romanov was given a single mission: to smuggle an ancient spell into her suitcase on her way to exile in Siberia. It might be her family's only salvation. But the leader of the Bolshevik army is after them, and he's hunted Romanov before. Nastya's only chances of saving herself and her family are either to release the spell and deal with the consequences, or to enlist help from Zash, the handsome soldier who doesn't act like the average Bolshevik. Nastya has only dabbled in magic, but it doesn't frighten her half as much as her growing attraction to Zash. She likes him. She thinks he might even like her. That is, until she's on one side of a firing squad . . . and he's on the other. Praise for *Romanov*: "I am obsessed with this book! A magical twist on history that will have Anastasia fans wishing for more. I loved every detail Brandes wrote. If you love magic and Imperial Russia, you want *Romanov* on your shelf!" —Evelyn Skye "*Romanov* will cast a spell on readers and immerse them in a history anyone would long to be a part of." —Sasha Alsberg "If you think you know the story behind Anastasia Romanov, think again! The perfect blend of history and fantasy, *Romanov* takes a deeper look at the days leading up to the family's tragedy, while also exploring the possibilities behind the mysteries that have long intrigued history buffs everywhere. Brandes weaves a brilliant and intricate saga of love, loss, and the power of forgiveness. Prepare to have your breath stolen by this gorgeous novel of brilliant prose and epic enchantment." —Sara Ella Full-length historical fantasy Includes discussion questions for book clubs Paperback contains special bonus chapter

Thirteen Years at the Russian Court

Nicholas II (1868-1918) was the last Emperor of Russia, ruling from November 1, 1894 until his forced abdication on March 15, 1917. His reign saw the fall of the Russian Empire from one of the foremost great powers of the world to economic and military collapse. He was given the nickname Nicholas the Bloody or Vile Nicholas by his political adversaries due to the Khodynka Tragedy, anti-Semitic pogroms, Bloody Sunday, the violent suppression of the 1905 Russian Revolution, the execution of political opponents, and his perceived responsibility for the Russo-Japanese War (1904-1905). Soviet historians portrayed Nicholas as a weak and incompetent leader whose decisions led to military defeats and the deaths of millions. Following author Pierre Gilliard's return to Europe in September 1920, having been "cut off from communication with the rest of the world for many months," he was dismayed to read of the recent publications on the subject of the Czar Nicholas II. and his family. Upon realizing that the general public appeared to have accepted the reports as gospel, his indignation grew—and he immediately set out to "rehabilitate the moral character of the Russian sovereigns." *Thirteen Years at the Russian Court*, which was first published in 1921, is the result. With 59 illustrations, including portraits. "In this book I have endeavoured to bring Nicholas II. and his family back to life. My aim is to be absolutely impartial and to preserve complete independence of mind in describing the events of which I have been an eyewitness. It may be that in my search for truth I have presented their political enemies with new weapons against them, but I greatly hope that this book will reveal them as they really were, for it was not the glamour of their Imperial dignity which drew me to them, but their nobility

of mind and the wonderful moral grandeur they displayed through all their sufferings.”—Pierre Gilliard, Introduction

The Romanovs

An undoubtedly interesting, exciting, and dramatic chapter of Russian history was ruled over by the Romanov dynasty.

Kernel Determination Problems in Hyperbolic Integro-Differential Equations

This book studies the construction methods for solving one-dimensional and multidimensional inverse dynamical problems for hyperbolic equations with memory. The theorems of uniqueness, stability and existence of solutions of these inverse problems are obtained. This book discusses the processes, by using generalized solutions, the spread of elastic or electromagnetic waves arising from sources of the type of pulsed directional “impacts” or “explosions”. This book presents new results in the study of local and global solvability of kernel determination problems for a half-space. It describes the problems of reconstructing the coefficients of differential equations and the convolution kernel of hyperbolic integro-differential equations by the method of Dirichlet-to-Neumann. The book will be useful for researchers and students specializing in the field of inverse problems of mathematical physics.

In Search of the Romanovs

Six Years at the Russian Court is the enlightening memoir of Margaret Eager - an Irishwoman from Limerick who served as a nanny to the Russian royal family from 1898 to 1904. Originally published in 1906, the book captures Eager's years as governess to the four daughters of the Emperor and Empress Nicholas II and Alexandra Feodorovna: the Grand Duchesses Olga, Tatiana, Maria, and Anastasia. All of whom would be executed during the Russian civil war just over a decade later. This first-person account provides a fascinating insight into what was everyday life for the Romanov family. From religious celebrations and family illness to assassination attempts and life during the war; Eager's central role gained her access to some of the family's most precious and testing times. In addition to documenting the time spent with her royal employers, Eager also reveals intriguing aspects of Russian society as whole. Through a series of anecdotal references she includes recollections of her time in Russia regarding such things as the tough life of the peasantry, criminal activity and even the national post service. This classic, written from the unsuspecting eyes of a foreign nanny, shows early twentieth century Russia and the last Russian royal family like you've never seen before. Margaret Eager (1863-1936) left the Russia in 1904 and returned to Ireland where she received a pension from the Russian government for her time as a nurse. She kept in contact with the family she had known so well right up to their brutal deaths in 1918. Eager's family stated that she never fully recovered from the news. Six Years at the Russian Court

‘A timely and important book . . . he brings to it rare clarity and common sense. His book is a fast-paced account of the last sixteen months of the tsar's life; brief, sharp, but laced with well-judged feeling for the dramas of the time.’ Catherine Merridale, Observer In March 1917, Nicholas II, the last Tsar of All the Russias, abdicated and the dynasty that had ruled an empire for three hundred years was forced from power by revolution. In this masterful and forensic study, Robert Service examines the last year Nicholas's reign and the months between that momentous abdication and his death, with his family, in Ekaterinburg in July 1918. Drawing on the Tsar's own diaries and other hitherto unexamined contemporary records, *The Last of the Tsars* reveals a man who was almost entirely out of his depth, perhaps even willfully so. It is also a compelling account of the social, economic and political foment in Russia in the aftermath of Alexander Kerensky's February Revolution, the Bolshevik seizure of power in October 1917 and the beginnings of Lenin's Soviet republic.

The Last of the Tsars

This book presents a systematic exposition of the main ideas and methods in treating inverse problems for PDEs arising in basic mathematical models, though it makes no claim to being exhaustive. Mathematical models of most physical phenomena are governed by initial and boundary value problems for PDEs, and inverse problems governed by these equations arise naturally in nearly all branches of science and engineering. The book's content, especially in the Introduction and Part I, is self-contained and is intended to also be accessible for beginning graduate students, whose mathematical background includes only basic courses in advanced calculus, PDEs and functional analysis. Further, the book can be used as the backbone for a lecture course on inverse and ill-posed problems for partial differential equations. In turn, the second part of the book consists of six nearly-independent chapters. The choice of these chapters was motivated by the fact that the inverse coefficient and source problems considered here are based on the basic and commonly used mathematical models governed by PDEs. These chapters describe not only these inverse problems, but also main inversion methods and techniques. Since the most distinctive features of any inverse problems related to PDEs are hidden in the properties of the corresponding solutions to direct problems, special attention is paid to the investigation of these properties. For the second edition, the authors have added two new chapters focusing on real-world applications of inverse problems arising in wave and vibration phenomena. They have also revised the whole text of the first edition.

Introduction to Inverse Problems for Differential Equations

"The acclaimed author of *Young Stalin* and *Jerusalem* gives readers an accessible, lively account--based in part on new archival material--of the extraordinary men and women who ruled Russia for three centuries."--NoveList.

Dr. Nicholas Romanov's Training Essays Volume I

Abundant, newly discovered sources shatter long-held beliefs The collapse of the Soviet Union in 1991 revealed, among many other things, a hidden wealth of archival documents relating to the imprisonment and eventual murder of Tsar Nicholas II, his wife Alexandra, and their children. Emanating from sources both within and close to the Imperial Family as well as from their captors and executioners, these often-controversial materials have enabled a new and comprehensive examination of one the pivotal events of the twentieth century and the many controversies that surround it. Based on a careful analysis of more than 500 of these previously unpublished documents, along with numerous newly discovered photos, *The Fate of the Romanovs* makes compelling revisions to many long-held beliefs about the Romanovs' final months and moments. This powerful account includes: * Surprising evidence that Anastasia may, indeed, have survived * Diary entries made by Nicholas and Alexandra during their captivity * Revelations of how the Romanovs were betrayed by trusted servants * A reconstruction of daily life among the prisoners at Ipatiev House * Strong evidence that the Romanovs were not brutalized by their captors * Statements from admitted participants in the murders

The Romanovs

The Recovery of the West is the first full-scale study of Western civilization employing the methods of symbolic history. These methods permit (1) an account of the human endowment taking up thought, feeling, and behavior from fruitful new perspectives, (2) a correspondingly new account of the course of Western history seen from the point of view of the degrees of retention, surrender, and deformation of fundamental elements of the human endowment over time, and (3) a therapeutic program based on the present condition of that endowment.

The Fate of the Romanovs

A “magnificent and intimate” (Harper’s) modern classic of Russian history, the spellbinding story of the love that ended an empire—from the Pulitzer Prize–winning author of *Peter the Great*, *The Romanovs*, and *Catherine the Great* “A moving, rich book . . . [This] revealing, densely documented account of the last Romanovs focuses not on the great events . . . but on the royal family and their evil nemesis. . . . The tale is so bizarre, no melodrama is equal to it.”—*Newsweek* In this commanding book, New York Times bestselling author Robert K. Massie sweeps readers back to the extraordinary world of the Russian empire to tell the story of the Romanovs’ lives: Nicholas’s political naïveté, Alexandra’s obsession with the corrupt mystic Rasputin, and little Alexis’s brave struggle with hemophilia. Against a lavish backdrop of luxury and intrigue, Massie unfolds a powerful drama of passion and history—the story of a doomed empire and the death-marked royals who watched it crumble.

The Recovery of the West

Running barefoot isn't as natural as we're led to believe. Recent studies have shown that up to 85% of runners get injured every year, how natural is that? The most important question that running "barefoot" or "naturally" doesn't address is how we should run. Repetitive ground impact forces are at the root of most running injuries. A 30 minute jog can log more than 5,000 foot strikes; its because of this volume of movement that efficient

Nicholas and Alexandra

A TLS and Prospect Book of the Year From the New York Times bestselling author of *The Romanov Sisters* comes the story of the Russian aristocrats, artists, and intellectuals who sought freedom and refuge in the City of Light. Paris has always been a city of cultural excellence, fine wine and food, and the latest fashions. But it has also been a place of refuge for those fleeing persecution — never more so than before and after the Russian Revolution and the fall of the Romanov dynasty. For years, Russian aristocrats had enjoyed all that Belle Epoque Paris had to offer, spending lavishly when they visited. It was a place of artistic experimentation, such as Diaghilev’s *Ballets Russes*. But the brutality of the Bolshevik takeover forced Russians of all types to flee their homeland, sometimes leaving with only the clothes on their backs. Arriving in Paris, former princes could be seen driving taxicabs, while their wives who could sew worked for the fashion houses, their unique Russian style serving as inspiration for designers such as Coco Chanel. Talented intellectuals, artists, poets, philosophers, and writers struggled in exile, eking out a living at menial jobs. Some, like Bunin, Chagall, and Stravinsky, encountered great success in the same Paris that welcomed Americans such as Fitzgerald and Hemingway. Political activists sought to overthrow the Bolshevik regime from afar, while double agents plotted espionage and assassination from both sides. Others became trapped in a cycle of poverty and their all-consuming homesickness for Russia, the homeland they had been forced to abandon.

Dr. Nicholas Romanov's Pose Method of Running

He shows that serfs did not actively participate in the civil war and that the abolition of serfdom was never a rebel goal. Instead, most rebels were petty gentry, professional soldiers, townsmen, and cossacks who were united in fierce opposition to tsars they believed to be illegitimate usurpers.”.

After the Romanovs

For the first time, a very special edition combining two of the most intricately intertwined Sherlock Holmes adventures. In *The Secret Journal of Dr. Watson*: it's the height of the Russian Revolution; Holmes and Watson are sent by the British PM, David Lloyd George, deep into the nascent Soviet Union to rescue the Imperial Romanovs before they're assassinated by the Bolsheviks. But with Lenin, the Cheka, MI-6 and “The Black Faction” at their throats, who can rescue Holmes and Watson? And if they succeed, what will ultimately happen to them all? Can we believe that Holmes meets his death? And with a stunning surprise ending, how many questions will be left unanswered? In *The Revenge of Sherlock Holmes*, those questions are answered. But how does Prohibition in America, the birth of organized crime there with murderers like Lucky Luciano and Bugsy Siegel, impact Watson, the Romanovs and the man who claims to be Holmes? And once again, all these tension-filled events keep racing towards another incredible surprise ending.

Russia's First Civil War

The murders but also the exciting escapes of the wider Romanov family - the Tsar's mother, siblings and cousins. Did George V let his cousin the Tsar and his family die?

Sherlock Holmes and The Romanov Conspiracies

Based strictly on primary sources, the book *The Romanov Royal Martyrs* is a unique biography, offering previously unpublished texts in English from letters, testimonies, diaries, memoirs, and other sources. An impressive book, featuring more than 200 black & white photographs, and a 56-page full-colour photo insert of more than 80 high-quality images, appearing here in print for the first time.

To Free the Romanovs

For readers of Philippa Gregory and Alison Weir comes a dramatic novel of the beloved Empress Maria, the Danish princess who became the mother of the last Russian tsar. "This epic tale is captivating and beautifully told."—Lisa Wingate, New York Times bestselling author of *Before We Were Yours* Barely nineteen, Minnie knows that her station in life as a Danish princess is to leave her family and enter into a royal marriage—as her older sister Alix has done, moving to England to wed Queen Victoria's eldest son. The winds of fortune bring Minnie to Russia, where she marries the Romanov heir, Alexander, and once he ascends the throne, becomes empress. When resistance to his reign strikes at the heart of her family and the tsar sets out to crush all who oppose him, Minnie—now called Maria—must tread a perilous path of compromise in a country she has come to love. Her husband's death leaves their son Nicholas as the inexperienced ruler of a deeply divided and crumbling empire. Determined to guide him to reforms that will bring Russia into the modern age, Maria faces implacable opposition from Nicholas's strong-willed wife, Alexandra, whose fervor has led her into a disturbing relationship with a mystic named Rasputin. As the unstoppable wave of revolution rises anew to engulf Russia, Maria will face her most dangerous challenge and her greatest heartache. From the opulent palaces of St. Petersburg and the intrigue-laced salons of the aristocracy to the World War I battlefields and the bloodied countryside occupied by the Bolsheviks, C. W. Gortner sweeps us into the anarchic fall of an empire and the complex, bold heart of the woman who tried to save it. Praise for *The Romanov Empress* "Timely . . . [Gortner's] ability to weave what reads as a simple tale from such complex historical and familial storylines is impressive. . . . Maria's life as a royal reads like a historical soap opera."—USA Today "Gortner, an experienced hand at recreating the unique aura of a particular time and place, will deftly sweep historical-fiction fans into this glamorous, turbulent, and ultimately tragic chapter in history."—Booklist (starred review) "Mesmerizing . . . This insightful first-person account of the downfall of the Romanov rule . . . is the powerful story of a mother trying to save her family and an aristocrat fighting to maintain rule in a country of rebellion."—Publishers Weekly "A twist on the tragic story you've heard many times before."—Bustle

The Romanov Royal Martyrs: What Silence Could Not Conceal

This book portrays a modern epic - of an army that sailed across the world to fight a war. Its struggle with the Kaiserreich (German empire) became the most formidable campaign Australian troops have ever fought. By the time Monash's soldiers broke through the Hindenburg Line, their achievement and its cost were staggering. This epic was created by normal Australians, and is understandable to normal Australians. Here, you won't need expertise in military terminology. But to appreciate the titanic conflict the Diggers had entered, you'll find a clear picture of the Great War - its key issues and extraordinary events. Before this book was written Australians could not get, in one concise volume, the two interwoven sagas - of Australia's epic and the Great War itself. That's what this lively and vigorous book offers. It draws on the sources of thirteen countries to present as many good unknowns (women, men and fascinating situations) as it does big leaders, events, generals and battles. In debate it's not shackled to old predictables, and while mindful of general readers, it relies throughout on sound scholarship. For good measure, it bombards a few fallacies and their well-overdue authors.

The Romanov Empress

History.

Fighting the Kaiserreich

On 17 July 1918, four young women walked down into the cellar of a house in Ekaterinburg. The eldest was twenty-two, the youngest only seventeen. Together with their parents and their thirteen-year-old

brother, they were all brutally murdered. Their crime: to be the daughters of the last Tsar and Tsaritsa of All the Russias. In *Four Sisters* acclaimed biographer Helen Rappaport offers readers the most authoritative account yet of the Grand Duchesses Olga, Tatiana, Maria and Anastasia. Drawing on their own letters and diaries, she paints a vivid picture of their lives in the dying days of the Romanov dynasty. We see, almost for the first time, their journey from a childhood of enormous privilege, throughout which they led a very sheltered and largely simple life, to young womanhood – their first romantic crushes, their hopes and dreams, the difficulty of coping with a mother who was a chronic invalid and a haemophiliac brother, and, latterly, the trauma of the revolution and its terrible consequences. Compellingly readable, meticulously researched and deeply moving, *Four Sisters* gives these young women a voice, and allows their story to resonate for readers almost a century after their death. 'An astoundingly intimate tale of domestic life lived in the crucible of power' – Observer

Ekaterinburg

From New York Times and Wall Street Journal bestseller M.J. Rose comes a provocative and moving story of a young female architect in post-World War II Manhattan, who stumbles upon a hidden treasure and begins a journey to discovering her mother's life during the fall of the Romanovs. Sophia Moon had always been reticent about her life in Russia and when she dies, suspiciously, on a wintry New York evening, Isobelle despairs that her mother's secrets have died with her. But while renovating the apartment they shared, Isobelle discovers something among her mother's effects—a stunning silver tiara, stripped of its jewels. Isobelle's research into the tiara's provenance draws her closer to her mother's past—including the story of what became of her father back in Russia, a man she has never known. The facts elude her until she meets a young jeweler, who wants to help her but is conflicted by his loyalty to the Midas Society, a covert international organization whose mission is to return lost and stolen antiques, jewels, and artwork to their original owners. Told in alternating points of view, the stories of the two young women unfurl as each struggles to find their way during two separate wars. In 1915, young Sofiya Petrovitch, favorite of the royal household and best friend of Grand Duchess Olga Nikolaevna, tends to wounded soldiers in a makeshift hospital within the grounds of the Winter Palace in St. Petersburg and finds the love of her life. In 1948 New York, Isobelle Moon works to break through the rampant sexism of the age as one of very few women working in a male-dominated profession and discovers far more about love and family than she ever hoped for. In M.J. Rose's deftly constructed narrative, the secrets of Sofiya's early life are revealed incrementally, even as Isobelle herself works to solve the mystery of the historic Romanov tiara (which is based on an actual Romanov artifact that is, to this day, still missing)—and how it is that her mother came to possess it. The two strands play off each other in finely-tuned counterpoint, building to a series of surprising and deeply satisfying revelations.

Four Sisters: The Lost Lives of the Romanov Grand Duchesses

Known worldwide as the standard introductory text to this important and exciting area of study, *Gene Cloning and DNA Analysis: An Introduction*, 8th Edition preserves the tradition of excellence created by previous editions. Comprehensive and authoritative, the book explores all of the topics crucial to an understanding of gene cloning in an approachable way. An easy-to-follow and user-friendly layout is presented in full-color throughout the volume, making it simple to absorb the clear and accessible material contained within. *Gene Cloning and DNA Analysis: An Introduction*, 8th Edition contains updated and extended coverage of gene editing strategies like CRISPR/Cas, rewritten chapters on DNA sequencing and genome studies, as well as new material on real-time PCR and typing of human disease mutations. Over 250 full-color illustrations are included to bring to life the comprehensive content. The book also covers topics like: The strategies used by researchers and industry practitioners to assemble genome sequences Next generation sequencing methods and descriptions of their applications in studying genomes and transcriptomes Includes the use and application of gene editing strategies Interbreeding between Neanderthals and Homo Sapiens *Gene Cloning and DNA Analysis: An Introduction*, 8th Edition is an invaluable introductory text for students in classes like genetics and genomics, molecular biology, biochemistry, immunology, and applied biology. It also belongs on the bookshelves of every professional who desires to improve their understanding of the basics of gene cloning or DNA analysis.

The Last Tiara

This book is a self-contained account of the method based on Carleman estimates for inverse problems of determining spatially varying functions of differential equations of the hyperbolic type by non-overde-

termining data of solutions. The formulation is different from that of Dirichlet-to-Neumann maps and can often prove the global uniqueness and Lipschitz stability even with a single measurement. These types of inverse problems include coefficient inverse problems of determining physical parameters in inhomogeneous media that appear in many applications related to electromagnetism, elasticity, and related phenomena. Although the methodology was created in 1981 by Bukhgeim and Klibanov, its comprehensive development has been accomplished only recently. In spite of the wide applicability of the method, there are few monographs focusing on combined accounts of Carleman estimates and applications to inverse problems. The aim in this book is to fill that gap. The basic tool is Carleman estimates, the theory of which has been established within a very general framework, so that the method using Carleman estimates for inverse problems is misunderstood as being very difficult. The main purpose of the book is to provide an accessible approach to the methodology. To accomplish that goal, the authors include a direct derivation of Carleman estimates, the derivation being based essentially on elementary calculus working flexibly for various equations. Because the inverse problem depends heavily on respective equations, too general and abstract an approach may not be balanced. Thus a direct and concrete means was chosen not only because it is friendly to readers but also is much more relevant. By practical necessity, there is surely a wide range of inverse problems and the method delineated here can solve them. The intention is for readers to learn that method and then apply it to solving new inverse problems.

Gene Cloning and DNA Analysis

The world was told that the last Tsar of Russia and his family were butchered in the 'cellar massacre' at Ekaterinburg in 1918. Yet diplomats and reporters did not believe it. And the longest court case of the century failed to explode Anna Anderson's claim to be the Tsar's youngest daughter, Grand Duchess Anastasia. Anthony Summers and Tom Mangold spent five years tracking down witnesses and long-lost documents. The search led to Moscow, Tokyo and Washington and their persistence finally paid off when they found a suppressed official dossier - the File on the Tsar. It shows that the public was fed a lie. The Romanovs did not all die at Ekaterinburg, but became pawns in an international power game, involving Lenin, the Kaiser, the British Royal Family and British Intelligence. And in London, over 80 years later, the cover-up goes on.

Carleman Estimates and Applications to Inverse Problems for Hyperbolic Systems

Margaret Eager (1863 — 1936), was the Irish nanny to the four daughters of Emperor and Empress Nicholas II and Alexandra Feodorovna of Russia, the Grand Duchesses Olga, Tatiana, Maria, and Anastasia, from 1898 to 1904. This classic, written in 1906, contains the following chapters: 1. Concerning My Journey 2. Concerning the Winter Palace 3. Concerning St. Petersburg 4. Concerning St. Petersburg 5. Concerning Easter 6. Concerning Peterhoff 7. Concerning Father John 8. A Glimpse of Poland 9. The Rough Life of the Russian Peasantry 10. Searching for the Magic Bloom 11. A Russian Christmas 12. Life in the Kremlin 13. In Belovege 14. The Young Officer and the Dolls 15. The Little Prison Opener 16. My First Meeting With the King 17. Lost in the Forest 18. Concerning the Children 19. Chersonese 20. The Priest 21. Princess Ella 22. The Outbreak of War 23. The Russian Soldiers 24. Attacks on the Czar's Life 25. Social Life in Russia 26. Post Office Vagaries in Russia 27. The True Story of Kishineff 28. The Russian Clergy 29. More About the Children 30. Education in Russia 31. The Birth of an Heir

The File on the Tsar

Managers of the crumbling Soviet bureaucracy loot the wealth of the country and want to create a leader answerable only to them. These men believe they have found such a leader in Mikhail Romanov, but Romanov not only has his own plans but also a mysterious and powerful benefactor.

Six Years at the Russian Court

It is 1912 when a gentleman arrives at the gateway to the imperial hunting lodge known as Spala in Polish Russia. But Charles Sydney Gibbes is not just any gentleman-he is the Romanov family's English tutor. Nicholas II, the most powerful and wealthy monarch of modern times, rules a nation spread across eleven time zones. Gibbes, who serves as English tutor to the Romanov children, has already gained the family's affection. But as Gibbes dutifully teaches, a strange holy man begins orchestrating a chain of events that eventually lead to the loss of a war and the family's wealth, their murders eight years later, and the abolishment of the monarchy. As Gibbes discovers the price of his loyalty, he also realizes

that even when the book of history closes, the book of life never ends. *The Night is Far Gone* shares the historical tale of an imperial Russian family, its patriarch, and their loyal English tutor as they all attempt to find their way in a chaotic world.

A Romanov Returns

Based on new sources—the definitive biography of Rasputin, with revelations about his life, death, and involvement with the Romanovs A century after his death, Grigory Rasputin remains fascinating: the Russian peasant with hypnotic eyes who befriended Tsar Nicholas II and helped destroy the Russian Empire, but the truth about his strange life has never fully been told. Written by the world's leading authority on Rasputin, this new biography draws on previously closed Soviet archives to offer new information on Rasputin's relationship with Empress Alexandra, sensational revelations about his sexual conquests, a re-examination of his murder, and more. Based on long-closed Soviet archives and the author's decades of research, encompassing sources ranging from baptismal records and forgotten police reports to notes written by Rasputin and personal letters Reveals new information on Rasputin's family history and strange early life, religious beliefs, and multitudinous sexual adventures as well as his relationship with Empress Alexandra, ability to heal the haemophiliac tsarevich, and more Includes many previously unpublished photos, including contemporary studio photographs of Rasputin and samples of his handwriting Written by historian Joesph T. Fuhrmann, a Rasputin expert whose 1990 biography *Rasputin: A Life* was widely praised as the best on the subject Synthesizing archival sources with published documents, memoirs, and other studies of Rasputin into a single, comprehensive work, *Rasputin: The Untold Story* will correct a century's worth of misconception and error about the life and death of the famous Siberian mystic and healer and the decline and fall of Imperial Russia.

The Night Is Far Gone

Prince Felix Youssoupov was heir to the richest fortune in Russia, and husband to Princess Irina Romanov. He was also involved in the murder of the notorious Rasputin, but protected from prosecution by his Romanov connection. Using recently unearthed sources, this book explores the story of this colourful pair, shedding new light on their lives.

Rasputin

Retired MI6 agent Rodney Mundy goes on a dangerous mission to find a lost holy icon which, if discovered, could be the key to solving one of the bloodiest and most enigmatic episodes of history – the disappearance of the Romanovs and the fate of Anastasia, the youngest daughter of the last tsar Nicholas II. During his mission Rodney discovers not only the truth about Anastasia, but also that the Vatican was involved in the rescue operation of the Imperial Family in 1918. The truth about their survival has been suppressed from the public. www.thelostromanovicon.com. <http://www.facebook.com/pages/The-lost-Romanov-Icon-and-the-Enigma-of-Anastasia/200394259973743>

Rasputin's Killer and his Romanov Princess

From the bestselling author of *The Heart's Invisible Furies* Russia, 1915: Sixteen year old farmer's son Georgy Jachmenev steps in front of an assassin's bullet intended for a senior member of the Russian Imperial Family and is instantly proclaimed a hero. Rewarded with the position of bodyguard to Alexei Romanov, the only son of Tsar Nicholas II, the course of his life is changed for ever. Privy to the secrets of Nicholas and Alexandra, the machinations of Rasputin and the events which will lead to the final collapse of the autocracy, Georgy is both a witness and participant in a drama that will echo down the century. Sixty-five years later, visiting his wife Zoya as she lies in a London hospital, memories of the life they have lived together flood his mind. And with them, the consequences of the brutal fate of the Romanovs which has hung like a shroud over every aspect of their marriage...

The Lost Romanov Icon and the Enigma of Anastasia

A saga of love and lust, personal tensions and rivalries, antagonisms and hatreds, *The Flight of the Romanovs* describes the last century of the Russian imperial dynasty, the Romanovs, from the youth of the future tsar Alexander III in the 1860s until the death in 1960 of his daughter, Olga Alexandrovna, the last grand duchess. John Curtis Perry and Constantine V. Pleshakov use a wealth of previously untapped sources, including unpublished diaries of many of the principal characters, interviews with people who knew them well, and never before published photographs to create a history of a family

and a time. Along the way we learn of the relationships between Alexander III and his children, the conspiracy against Rasputin, Duke Dimitrie's affair with Coco Chanel, the hostile behavior of the House of Windsor toward the Romanovs, and the war between the Romanovs and the secret police. Concluding with a discussion of the imperial restoration movement in Russia today, *The Flight of the Romanovs* is a must-read for anyone interested in the Romanov family, Russian history, and the history of European royalty.

Demokratizatsiya

Illustrated thoroughly, *Biomolecular Archaeology* is the first book to clearly guide students through the study of ancient DNA: how to analyze biomolecular evidence (DNA, proteins, lipids and carbohydrates) to address important archaeological questions. The first book to address the scope and methods of this new cross-disciplinary area of research for archaeologists Offers a completely up-to-date overview of the latest research in this innovative subject Guides students who wish to become biomolecular archaeologists through the complexities of both the scientific methods and archaeological goals. Provides an essential component to undergraduate and graduate archaeological research

Romancing the Ranger

Reese Hudson meant to destroy mementos from her last failed relationship, not burn down an outhouse and incur the wrath of a sexy park ranger. When the judge rejects her offer to pay for the structure and sentences her to rebuild it—with the hot ranger supervising—she embraces the challenge to take control of her life. Park ranger Wade Baker wants nothing to do with the rich city girl, no matter how tempting he finds her lush curves. She's too much like his ex-fiancée, and if he's learned anything, it's that women like Reese don't fit into his world. And he sure as hell wants no part of her big city life. Reese may not know a hammer from a screwdriver, but she's working hard to prove she's not just some pampered princess to be toyed with. And damn it if Wade doesn't admire her tenacious spirit. If only they got along half as well outside the bedroom as they do in it, there might be a chance for them

after all... Each book in the Cotton Creek Romance series is a standalone, full-length story that can be enjoyed out of order. Series Order: Book #1 Romancing the Ranger Book #2 Hooked on Love Book #3 Catching the Cowgirl

Ranger

I've been living under storm clouds since my honorable discharge, but Julian's the sun. I've tried everything to deal with my PTSD from yoga to sunning my buttocks, but nothing seemed to help. So when my brother suggests a service dog, I figure I don't have anything to lose. The last thing I expect is for the dog to come with a cheerful, quirky trainer I can't get out of my head... I'm too screwed up for love, but a chance to explore a side of myself I didn't realize existed until recently is too good to pass up. But the more I get to know Julian, the more I start to think I might not be beyond saving after all... Ranger is a low angst standalone MM romance featuring a slightly grumpy veteran, a sunshiney animal trainer, an ornery goat, a deaf donkey, and some seriously hot encounters, resulting in a very happy ending. While Ranger was a side character in Heart (Ballsy Boys 3), his book is a stand alone and can be read on its own.

Cavanagh, Forest Ranger

Cavanagh, Forest Ranger by Hamlin Garland is the story of Lee Virginia Wetherford in the new West and the various cowboys and shenanigans she meets with in Sulphur City. Excerpt: "Lee Virginia Wetherford began her return journey into the mountain West with exultation. From the moment she opened her car window that August morning in Nebraska, the plain called to her, sustained her illusions. It was all quite as big, as tawny, as she remembered it—fit arena for the epic deeds in which her father had been a leader bold and free. Her memories of Roaring Fork and its people were childish and romantic."

The Lone Star Ranger

A thought kept repeating itself to Duane, and it was that he might have spared himself concern through his imagining how awful it would be to kill a man. He had no such feeling now. He had rid the community of a drunken, bragging, quarrelsome cowboy. When he came to the gate of his home and saw his uncle there with a mettlesome horse, saddled, with canteen, rope, and bags all in place, a subtle shock pervaded his spirit. It had slipped his mind—the consequence of his act. But sight of the horse and the look of his uncle recalled the fact that he must now become a fugitive. An unreasonable anger took hold of him. "The d-d fool!" he exclaimed, hotly. "Meeting Bain wasn't much, Uncle Jim. He dusted my boots, that's all. And for that I've got to go on the dodge." "Son, you killed him—then?" asked the uncle, huskily. "Yes. I stood over him—watched him die. I did as I would have been done by." "I knew it. Long ago I saw it comin'." But now we can't stop to cry over spilt blood. You've got to leave town an' this part of the country. "Mother!" exclaimed Duane. "She's away from home. You can't wait. I'll break it to her—what she always feared."

The Lone Star Ranger

The Lone Star Ranger

A woman who's been threatened, the man sent to find the culprit, and the reality dating show that forces them together. YouTube baking star, Sophia Parker is slated to be the next bachelorette on Celebrity Proposal. With it will come a step up in status, and hopefully, subscriber numbers. She knew about the threatening letters the show has been getting, but she was determined to continue on as usual-until the letters come addressed to her. Thomas Gun isn't thrilled when his new assignment lands him on a reality television dating show. Since leaving the Army, he's worked for Guardian Group and despite his persona as a carefree playboy. He's not interested in dating, but he's used to wearing a mask. This job will be a cakewalk-or so he thinks. When the threatening letters turn serious, Thomas isn't just fighting to keep Sophia safe, he's fighting to keep his heart safe too. The Lone Star Ranger

A computer geek, an Army Ranger assigned to get close to her, and the lies that could end everything before it begins. Mia Milan jumps at the chance to work as a computer security specialist in Miami. Installing software for a shipping company on the east coast sounds more like a paid vacation. She doesn't realize her new boss, Harrison is a known transporter for human traffickers. Ex-Army Ranger, Noah Wolf and his team with the Guardian Group think Mia knows exactly what Harrison does, and that she's helping him secure his computer network. They think this might be their chance to finally bring the man down--all they need is for Mia to turn on Harrison. But things aren't what they appear and Noah's feelings for Mia soon put the mission in jeopardy. Other books by Bree Livingston: The Clean Billionaire Romance Series: 1. The Ranger's Heart: A Clean Army Ranger Romance Book Three

A thought kept repeating itself to Duane, and it was that he might have spared himself concern through his imagining how awful it would be to kill a man. He had no such feeling now. He had rid the community of a drunken, bragging, quarrelsome cowboy. When he came to the gate of his home and saw his uncle there with a mettlesome horse, saddled, with canteen, rope, and bags all in place, a subtle shock pervaded his spirit. It had slipped his mind--the consequence of his act. But sight of the horse and the look of his uncle recalled the fact that he must now become a fugitive. An unreasonable anger took hold of him. "The d-d fool!" he exclaimed, hotly. "Meeting Bain wasn't much, Uncle Jim. He dusted my boots, that's all. And for that I've got to go on the dodge.""Son, you killed him-then?" asked the uncle, huskily. "Yes. I stood over him--watched him die. I did as I would have been done by.""I knew it. Long ago I saw it comin'. But now we can't stop to cry over spilt blood. You've got to leave town an' this part of the country.""Mother!" exclaimed Duane. "She's away from home. You can't wait. I'll break it to her-what she always feared." Suddenly Duane sat down and covered his face with his hands. "My God! Uncle, what have I done?" His broad shoulders shook. "Listen, son, an' remember what I say," replied the elder man, earnestly. "Don't ever forget. You're not to blame. I'm glad to see you take it this way, because maybe you'll never grow hard an' callous. You're not to blame. This is Texas. You're your father's son. These are wild times. The law as the rangers are laying it down now can't change life all in a minute. Even your mother, who's a good, true woman, has had her share in making you what you are this moment. For she was one of the pioneers--the fightin' pioneers of this state. Those years of wild times, before you

was born, developed in her instinct to fight, to save her life, her children, an' that instinct has cropped out in you. It will be many years before it dies out of the boys born in Texas

The Ranger's Chance

When a stubborn therapist meets an Army Ranger who has given up, it's a battle of wills--and a growing attraction. Counselor Kennedy Crenshaw loves her new job as director of Rescues for Vets. Not only does she get to help returning veterans, but she also finds homes for shelter dogs. It's the best of both worlds and it's one she's not willing to give up when her gambling-addicted ex-husband returns with trouble in tow. Ryder Whitlock's been hiding his problems since he returned to the States, but lately, his ability to smile on the outside is faltering. When he's forced to confront his past and the crushing guilt he'd held onto, he finds himself face to face with an infuriating--and intriguing--counselor who won't take no for an answer. As he spends time with Kennedy, he finds a sliver of hope--but when her ex-husband returns, it's Ryder's turn to rescue her. Other books by Bree Livingston: The Clean Billionaire Romance Series: 1. The Ranger's Hope

A conspiracy theorist, the high school sweetheart whose heart she broke, and the threats that bring them together. Taylor Mabrey runs a conspiracy theory satire website. It's something she loves to do, and since it's anonymous, she doesn't think twice about it. But the fun stops when she starts getting ominous threats. Thinking she just needs a break, she goes home to spend time with family, where she comes face to face with Elijah Emerson--the only boy she's ever loved . . . the one she dumped right after graduation. Elijah Emerson returns to his hometown to take care of his family's estate after his mom passed away. But his plan for a quick trip goes awry when he sees his high school sweetheart, Taylor Mabrey. Nine years ago, they were supposed to run away and get married, instead she broke his heart, and he still doesn't know why. When the threats follow Taylor and her home is burned down, Elijah feels compelled to protect her. Forced together, old feelings bubble to the surface as they confront their past, along with the reason Taylor ended things. Other books by Bree Livingston: The Clean Billionaire Romance Series: 1. Cavanagh, Forest Ranger

New park ranger Daphne Baum is a reformed good girl. Breaking free from her overbearing family as soon as she turned eighteen, she's been on her own ever since. The life of a park ranger, moving from park to park, suits her just fine. Though still a rule follower, she's okay with a little sin in her life. Every generation of Hill men has its black sheep. The general consensus among the family is that Odin Hill is the lucky bastard this go around. At seventeen, he blew out of town like an angry tornado only to

return fifteen years later withdrawn and secretive. Living like a recluse in the hollows in the Smoky Mountains, he's happy to keep to himself and is content to let locals believe he's the town weirdo. Odin prefers the company of his pet pig to the nosy citizens of Green Valley. When Daphne discovers Odin might be committing nefarious deeds on park land, she vows to find out the truth behind the handsome, yet chaotic, loner. Will the stranger help the ranger discover the difference between being good and doing the right thing? Or will they find themselves on opposite sides of love? 'Stranger Ranger' is a full-length contemporary romance, can be read as a standalone, and is book #2 in the Park Ranger series, Green Valley World, Penny Reid Book Universe.

The Ranger's Forgiveness

A man of few words, Ranger Jay Daniels values the calm, quiet solitude of the Great Smoky Mountains. Never quite fitting in with either side of his family, he prefers the company of birds and trees to people. Yeah, he'd most definitely prefer a bird—any bird, any bird at all, take a vulture for instance—to the human-tornado hybrid that just blew onto his peaceful stretch of the Appalachian Trail. The path of true love never has run smooth for Olive Perry. After getting dumped and promptly abandoned in the middle of her multi-month hike, Olive swears off men. Determined to finish the long trek by herself, she doesn't need a prince—or broody and taciturn ranger—to save her. Yet, when an early snowstorm threatens the mountains, and Ranger Daniels is charged with getting hikers to safety, that includes hot-tempered Olive Perry. Snowed in and forced to share an abandoned cabin, can Olive's heated intensity melt Jay's cool reserve? And if so, will this happy trail lead to true love? Or will their time together be just another bump in the road? 'Happy Trail' is a full-length contemporary romantic comedy, can be read as a standalone, and is book #1 in the Park Ranger series, Green Valley World, Penny Reid Book Universe.

Stranger Ranger

TEXAN WITH A CAUSE

Happy Trail

A soldier's second chance... As nervous as a teenager about to go on her first date, Jessica Mitchell waits for Special Forces Ranger Ryan McAdams—her best friend for the past year—whom she's never met! They've been pen pals while Ryan was away fighting for their country and Jessica was secretly fighting her own demons back home. She knows widower Ryan's fears of returning to civilian life and his hopes of reconnecting with his son. Now she can't wait to meet him face-to-face—to hear his voice and see his smile...

Her Texas Ranger Hero (Mills & Boon Western Romance) (Lone Star Lawmen, Book 4)

Excerpt from Cavanagh, *Forest Ranger: A Romance of the Mountain West* I have lived much among the Western mountain men. I have studied their problems; differed with some Of them. The Army Ranger's Return

WHO WAS HE... ...this sexy but injured amnesiac cowboy who'd sought out her cabin, then staked a claim on her soul? From Stetson to boots, he looked like an upstanding lawman. But was he an enemy from her imprisoning past? Or a sweet, loving rescuer unlocking the chains around her heart? WHO WAS SHE. ...this mysterious, flame-haired "Serenity Clare" who'd trustingly taken him in, stirred his senses and made him feel oddly whole? And could he offer her a future without knowing his past? He had to risk it—had to propose—and pray their vows led not to regrets but to remembering...and to sweet, loving rescue.

Cavanagh, *Forest Ranger*

She fell from grace... Before falling for him When her husband defrauded the town of Hollydale, now-divorced mom Lucie Decker went from being the town darling to total pariah. Now she's launching a new business and needs ranger Caleb Spindler's help. And her twins adore Caleb. After all, he's a genuine hero--even if he is hiding a secret. But while Lucie's heart has forgotten how to trust, it still remembers how to fall in love...

The Ranger of the Tomb; Or, Gipsy's Prophecy

The investigation takes a turn when Takeo casts doubt on one of Ranger's oldest friends. How is Ranger supposed to unravel the complicated mess while also holding his own body in check? ***Gay Werewolf Romance Novella, Adult Content, ~20,000 words

To Love a Texas Ranger

The Lone Star Ranger: A Romance of the Border by Zane Grey Buck Duane, the son of a famous gunslinger, falls prey to the old problem: called by a cowboy who wants to cause trouble, Duane kills him and then has to go to the lawless town near the Neuces River to escape arrest and perhaps, hanged. His brief encounter with a deadly shooting has ignited a deep urge to repeat the adrenaline rush, but it's tempered by the ghosts that haunt his sleep. He only dares to unleash his inner demon when he is taking down an outlaw who is particularly known for his brutality. He develops a reputation for killing the most notorious outlaws in Texas, which piques unexpected interest: a Texas Rangers captain offers him an excuse and a ranger badge if he infiltrates the dark figure gang known as "Cheseldine" which wields vast power in West Texas, and will allow the Rangers to break the gang's grip on the towns in the region. Duane accepts, never guessing in his wildest nightmares that he would smell this Cheseldine, her hiding places, her lieutenants ... and he would fall in love with her daughter!

A Ranger's Wife (Mills & Boon Vintage Superromance)

The Lone Star Ranger A Romance of the Border by Zane Grey A cowpoke tried to beat Buck Duane to the draw, so Buck shot him dead. From that moment on, he lived life on the run, killing to survive. Then he met a woman who changed him and a Texas Ranger who offered him a pardon if he rode out alone to stop the notorious Cheseldine Gang. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents

of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

Ranger's Mate (Gay Werewolf Romance)

No One Is Too Tough to be Loved Join seven Texas Rangers on the hunt for a menacing gang, who run straight into romances with women who foil their plans for both the job and their futures. The Ranger's Reward by Gabrielle Meyer Texas Ranger, Griffin Sommer stops to check on the young widow, Evelyn Prentis minutes before the Markham gang arrives at her farm needing a place to hide. Griff and Evelyn are forced to pretend they're married to keep Griff's identity a secret, but will Evelyn's young son let the truth out before Griff can bring the gang to justice? More Precious than Rubies by Lorna Seilstad Fun-loving, charismatic Texas Ranger Whit Murray is restless for an adventure. When bandits attack the train he is on and steal jewels Violet Tatienne is transporting home to her father's jewelry store, the two of them must work together to find the thieves. Will each one's individual goals keep them from discovering the real treasure is in each other? Jesse's Sparrow by Amanda Barratt Former soiled dove, Sara Byrne longs for escape. . .and rides straight into danger. Ranger Jesse Rawlings wants only to defend and protect. . .no love involved. But when Sara's stagecoach is robbed and her possessions stolen, can she find the strength to aid a man she deems anything but trustworthy in bringing justice to the perpetrators? The Countess and the Cowboy by Kathleen Y'Barbo Ava Becker is furious that her brother sold her favorite stallion to the irritating Texas Ranger Ezra Creed. When the horse goes missing, Ezra blames Ava, who sets out to find the horse, landing in an outlaw's camp instead. Can Ezra protect the persistent Ava without falling in love, or will love make for a dangerous chase? Simple Interest by Susan Page Davis While making his monthly deposit, Ranger O'Neal Brewster is forced to watch robbers escape with the prim and pretty bank teller as their hostage. Augusta Ferris quickly makes the outlaws regret kidnapping her, but she is determined to get back the bank's money—whether the Ranger helps her or not. Partners in Crime by Vickie McDonough Micah McCullough, a Texas Ranger working undercover in the Markham gang, is tasked with guarding Laurel Underwood, a silversmith, who was kidnapped to create plates for printing counterfeit money. Laurel knows she doesn't have the expertise. Her only option is to stall and seek escape. What will the outlaws do when they learn her secret? Guard Your Heart by Erica Vetsch When Constance Spanner witnesses a murder, Branch Kilborn is tasked with protecting her until she can testify against Cass Markham. This is the Ranger squad's chance to abolish the Markham gang once and for all, but Branch soon finds that protecting Constance has become about more than just the job.

The Lone Star Ranger

In Zane Grey's only Western told from the first person perspective, a U.S. Deputy Marshall helps legendary Texas Ranger Vaughn Steele to clean up the lawless town of Fairfield. Though the town's mayor is in cahoots with a band of outlaws, Steele falls in love with his daughter and the Marshall falls in love with his niece. An unusual psychological depth sets this tale apart from the majority of Westerns... Pearl Zane Grey (January 31, 1872 - October 23, 1939) was an American author and dentist best known for his popular adventure novels and stories associated with the Western genre in literature and the arts; he idealized the American frontier. Riders of the Purple Sage (1912) was his best-selling book. Early life Pearl Zane Grey was born January 31, 1872, in Zanesville, Ohio. His birth name may have originated from newspaper descriptions of Queen Victoria's mourning clothes as "pearl grey." He was the fourth of five children born to Alice "Allie" Josephine Zane, whose English Quaker immigrant ancestor Robert Zane came to the North American colonies in 1673, and her husband, Lewis M. Gray, a dentist. His family changed the spelling of their last name to "Grey" after his birth. Later Grey dropped Pearl and used Zane as his first name. He grew up in Zanesville, a city founded by his maternal great-grandfather Ebenezer Zane, an American Revolutionary War patriot, and from an early age, he was intrigued by history. Grey developed interests in fishing, baseball, and writing, all of which contributed to his writing success. His first three novels recounted the heroism of ancestors who fought in the American Revolutionary War. As a child, Grey frequently engaged in violent brawls, despite (or because of) his father's punishing him with severe beatings. Though irascible and antisocial like his father, Grey was supported by a loving mother and found a father substitute. Muddy Miser was an old man who approved of Grey's love of fishing and writing, and who talked about the advantages of an unconventional life. Despite warnings by Grey's father to steer clear of Miser, the boy spent much time

during five formative years in the company of the old man. Grey was an avid reader of adventure stories such as Robinson Crusoe and the Leatherstocking Tales, as well as dime novels featuring Buffalo Bill and "Deadwood Dick." He was enthralled by and crudely copied the great illustrators Howard Pyle and Frederic Remington. He was particularly impressed with Our Western Border, a history of the Ohio frontier that likely inspired his earliest novels. Zane wrote his first story, Jim of the Cave, when he was fifteen. His father tore it to shreds and beat him. Both Zane and his brother Romer were active, athletic boys who were enthusiastic baseball players and fishermen. Due to shame from a severe financial setback in 1889 caused by a poor investment, Lewis Grey moved his family from Zanesville and started again in Columbus, Ohio. While his father struggled to re-establish his dental practice, Zane Grey made rural house calls and performed basic extractions, which his father had taught him. The younger Grey practiced until the state board intervened. His brother Romer earned money by driving a delivery wagon. Grey also worked as a part-time usher in a theater and played summer baseball for the Columbus Capitols, with aspirations of becoming a major leaguer. Eventually, Grey was spotted by a baseball scout and received offers from many colleges. Romer also attracted scouts' attention and went on to have a professional baseball career.

The Lone Star Ranger

Fall in love with a Long, Tall Texan in Diana Palmer's classic tale, The Texas Ranger! When Texas Ranger Marc Brannon returns to the line of duty, a high profile murder mystery pits him against a vibrant—and vulnerable—junior investigator from his past. Years ago, Josette Langley made no secret of the fact that she was desperately in love with the rugged lawman, and despite their differences, the rough hewn loner became drawn to the innocent young woman. Yet Marc and Josette parted on explosive terms when she made a shocking accusation that shattered both their lives. Now they're back together again.... And this time, a lot more than just their hearts is at stake. The woman Marc once cherished is being targeted by a corrupt political figure who will stop at nothing to bury the truth. Can Marc and Josette set aside their stormy discord and see justice served—or will they both be caught in the crossfire?

Seven Brides for Seven Texas Rangers Romance Collection

Review: The Lone Star Ranger User Review - Breanne - Goodreads I have a hard time resisting a good western, gunslinging, cowboy romance! It was written a while ago and has a lot of western stereotypes but it was one very pleasurable read! +++ Review: The Lone Star Ranger User Review - Jordan Kinsey - Goodreads I've finally figured out why it always takes me so long to finish a Zane Grey western - Grey crams so much into them that chronologically they read like a much longer book. This one covers a very long and complex story in a couple hundred pages. (From books.google.com)

The Lone Star Ranger

His Secret Son A child is missing. It's Texas Ranger Chase Landon's job to find him. But it soon becomes apparent that the boy he's rescuing is the son he never knew he had... Mallory was heartbroken when Chase left. She knew his duty was to save those in need, but he didn't ever realise that Mallory needed him most.

The Texas Ranger

Happily ever after meant concussions and busted legs—at least for the Jefferson brothers. But if love meant being cursed with broken body parts, Ranger Jefferson darn sure wanted to keep his bones—and his heart—intact. To his way of thinking, even the military would be safer than snagging a Lonely Hearts lady...

The Lone Star Ranger, a Romance of the Border

Jaxson: Seven years ago, I lost everything. My family, my home and the love of my life. I couldn't save anyone that day. That's probably why I became a park ranger, to help people. I just never imagined that I'd spend Christmas Even saving a woman I'd thought was dead and falling in love with her all over again. Andi: Seven years ago, I lost everything but my own life. Four years ago, I almost did lose it. Hiking the mountains of Colorado in December this year might have been tempting fate. I'd thought for a moment that maybe I was in Heaven, but no, I was just in a cabin in the woods with a man I'd only thought was dead. He wants to pick up where we left off like nothing has happened. But after all

these years, all of these tragedies, I've learned to close myself off. And I don't know that I can just open myself up to pain like that again. I lost him once...could I really survive it if I lost him again

Texas Ranger Takes a Bride (Mills & Boon Romance)

Rugged Texas Ranger Cole McKinney, abandoned by his father, hated the thought of helping his half brothers. Also Rangers, they'd called him back to Justice, Texas, to help solve two murder cases--cases with their father as the prime suspect. Solving these crimes could help mend the wounds of Cole's past. Maybe even clear his so-called father's name-- Gorgeous, curvy and whip-smart, Joey Hendricks came to Justice as the governor's special investigator. Working the cases with Cole caused their emotions to burn so hot, a fiery night in bed might be their only release. But Joey's own family secrets in Justice could blow her one chance for love-- and these murders--sky high.

Ranger's Wild Woman (Mills & Boon American Romance)

When I saved the little boy from falling off the bleachers at the aquarium, I never imagined it would change my life. But his three Army Ranger dads had other plans for me, and sometimes the best things in life come when you least expect. I never planned on being a nanny to the most adorable twins on the planet, just like I'd never dreamt of living with three ripped, beautiful soldiers-turned-mercenaries, constantly working out in their Southold mansion to keep their hard bodies in Army Ranger shape. Yet here I am, alone on Long Island and out of money for med school. So when a chance rescue affords me the opportunity to get back on my feet, I'm more than willing to take on the responsibility... and all the delicious fringe benefits that come with it. But the men are lonely too, and our attraction is overwhelming. Week by week I'm tempted by three shredded, ridiculously-trained bodies, until lines are crossed and inhibitions are dropped and I find myself in bed with all three of them. Regrets? Absolutely none. Only that I hadn't found this part of my life sooner. Liam is as physically flawless as he is sweet, while Duncan's bright smile and broad-shouldered humor masks a much darker secret. Julius is the powerful, deadly loner of the group - relieved from command for undertaking a vengeful, near-suicide mission. Together my new lovers form the upper echelon of a rogue mercenary company, operating out of Manhattan. But when an edgy, almost impossible task calls them, one by one, to the far side of the world? It could open the door to all new possibilities... or spell the end of everything we've built together. NANNY FOR THE ARMY RANGERS is a thrilling stand-alone Military Reverse Harem Romance filled with humor, action, and suspense. HEA guaranteed!

Rescued by the Ranger

No romance on the job-- Until she meets her new partner! Arizona park ranger Vivian Hollister is not having a holiday fling with Sawyer Whitehorse--no matter how attracted she is to her irresistible new partner. Not only is a workplace romance taboo, she has a daughter to raise. So why is she starting to feel that the Apache ranger is the one to help carry on her family legacy? A man to have and to hold forever... "Stella Bagwell is a master of the cowboy romance." --#1 New York Times bestselling author Linda Lael Miller

Justice for a Ranger

It's déjà vu all over again when a teen volunteer project brings Alex Harcourt back to Yosemite. Cal Hollis is still the same hunky park ranger she kissed fourteen months ago—the man who always made her feel safe and protected. Now, with his fierce dedication to his job and his bear dog at his side, he's even more irresistible. But Alex can't fall for him again...especially once she learns his tragic secret. The kiss should never have happened—not with this woman and not on his watch. But Cal was already half in love with Alex, and second chances don't come around that often. They have to work together to catch the ruthless poachers out to destroy Yosemite's wildlife, and Cal's mind is made up. He'll move beyond the past...and hopefully catch Alex in the process!

Nanny for the Army Rangers

Fleeing to Yosemite with her daughter to escape her dangerous ex-husband, Gabi Rafferty finds a safe haven with the man she once loved, Ranger Jeff Thompson.

A Ranger for Christmas

Ren is in desperate need of a rebound fling. Lucky for him, the smoking hot contractor he hired has just the tool for the job. The last thing I want is another relationship or another broken heart. All I need are my bees and the occasional hookup to scratch the itch. Okay, maybe meeting up with my hot contractor weekly is a little more than occasional. And maybe the way I'm starting to feel about the guy I've been anonymously chatting with online should concern me. But CaulkyAF doesn't want to meet, and Cole doesn't want anything serious, so what's the worst that could happen?**** Caulky is book 1 in the Four Bears Construction Series and can be read as a stand-alone. This is a funny, steamy MM story guaranteed to make you laugh and swoon. Absolutely NO cheating and NO love triangle. This series does NOT contain shifters, it's the OTHER kind of bears.
