You Could Do some Compare and Contrast about How Imperial Patronage Works in Pliny Z'world or Instant Mater Senatorial Election so that the High Points of Constitutionality in the Kind of Public Transcript Sort of Thing versus Domitian's Advancement or Quintillion Which Is a Palace Matter so a Very Different Source of Patronage but It's Also Extremely Subtle I Can't Even Tell You for Certain that this Was 2 : 9 Is Trajan's First Appearance in the Epistles because Pliny Famously Doesn't Make Much Effort To Distinguish Nerva and Trajan in There in the First Two Books of the Letters

He Says Dictation Is a Very Bad Idea because the Slave Might Go Too Fast and Rush You or You Might Be Too Slow and Slow You Down or You Might Be Distracted or above all You Might Be Impeded because It's Very Good When Composing To Just Stick You Late this Is a Very Useful Exercise and in Fact the Very Act of Gesticulation Makes You Have New Ideas so the Physical Movement Stimulates the Mind and that's Is the Exactly the Insight That Pliny with a Lot of Mutatis Mutandis Has Transferred to the Idea that Riding around Your Estate on the Way to the Hunt Then Gets Your Brain Going So that When You're Lying by the Nets You Think Well and You Write Well in the Same Passage a Quintillion Quintillion and Takes Position Quite Strongly against What You Might Call Natural Ists

So the Method Is You Stay in a Dark for Potentially an Hour or Two You Compose Mentally and Then You Dictate the Results To Ascribe Now this Dark Composition Has Reminded People Before and Rightly so of How Demosthenes Allegedly Went Down to a Cave To Do His Composition and Quintillion Refers to that and Fancy Were in Exactly the Same Bit of 10 3 Which We Were Just Looking at Everything Spectra Pistols One Six Third Sector Two Tacitus Is the Very Next Sentence It's about How Demosthenes Was Wise To Go Somewhere Where He Couldn't Hear or See Anything It's about How Demosthenes Was Wise To Go Somewhere Where He Couldn't Hear or See Anything so that His Eyes Did Not Distract His Mind You Can See There the Origin of Linney's Play on Eyes and Mind and Quintillions Immoral That Is So When We Work after Dark When We Do Great Let the Sinus of Night a Closed Room and a Single Lights Keep Us Straight as It Were that Texas Little Bit Problematic but the Main Points for Me Are that He Says that We Should Be Light Demosthenes Not to the Point Not to the Degree of Going into a Cave Queer Tunes Will Always Rather Practical about these Things We Should Just Turn the Lights Out or Rather We Should Have a Single Light because since We Don't Dictate We're Going to Writing and Therefore We Need a Candle or an Island So that His Eyes Did Not Distract His Mind You Can See There the Origin of Linney's Play on Eyes and Mind and Quintillions Immoral That Is So When We Work after Dark When We Do Great Let the

Sinus of Night a Closed Room and a Single Lights Keep Us Straight as It Were that Texas Little Bit Problematic but the Main Points for Me Are that He Says that We Should Be Light Demosthenes Not to the Point Not to the Degree of Going into a Cave Queer Tunes Will Always Rather Practical about these Things We Should Just Turn the Lights Out or Rather We Should Have a Single Light because since We Don't Dictate We'Re Going to Writing and Therefore We Need a Candle or an Island Now Vinnie Rewrites this in Typically My New Fashion and the Typography Is Intended To Show that but in the Same Process He Actually Again Takes Position Strongly against Quinton Yin because Beneath Dictates He Does the Thing That Quentin Says You Really Shouldn't Do Quintillion Even Calls It De Vikke I Know It's a Slack Thing To Do as a Dictate but Pliny Points Out Something Rather I Would Like To Suggest that What Pliny Is Doing that Is Rewriting the Final Soir Soria at the Instituto Oratorio Not Quite the Last Sentence That's One More Sentence after It in Quintillion but the Penultimate Sentence of His Work Where He Invokes in the Grandest Terms the Majesty of Oratory That Is Aim with All Our Heart the Majesty of Oratory Itself without Which all Is Silence Lacking Present Lights and Future Commemoration and Let Us Strive Always for the Best if We Do this I Find There's Quite a Funny Conclusion We Shall either Reach the Summit or At Least Seem Many People below Us Write a Freely Egotistical Interpretation There Now My Typography Gets Particularly Rhubarb Ative

When You Are Memorizing a Text You Should Regularly Go Back and Check whether You've Actually Remembered Passages Successfully because if You Have a New Can Then Work on Them a Bit Harder Now What More Pleasing Points Could Pliny Have Pointed to in this Very Last Letter Have We Been Spotting Thinnies Recall of Quintillion throughout the Epistles in Other Words the Elusive Message as It Were Is in the Pretext Only When You Go Back to Quintillion Do You See the Joke as It Were and for My Money That Is Quite a Poignant Piece of Evidence
