The Official Guide to Mega Man

The definitive translation by Dick Davis of the great national epic of Iran—now newly revised and expanded to be the most complete English-language edition. A Penguin Classic Dick Davis—“our pre-eminent translator from the Persian” (The Washington Post)—has revised and expanded his acclaimed translation of Ferdowsi’s masterpiece, adding more than 100 pages of newly translated text. Davis’s elegant combination of prose and verse allows the poetry of the Shahnameh to sing its own tales directly, interspersed sparingly with clearly marked explanations to ease along modern readers. Originally composed for the Samanid princes of Khorasan in the tenth century, the Shahnameh is among the greatest works of world literature. This prodigious narrative tells the story of pre-Islamic Persia, from the mythical creation of the world and the dawn of Persian civilization through the seventh-century Arab conquest. The stories of the Shahnameh are deeply embedded in Persian culture and beyond, as attested by their appearance in such works as *The Kite Runner* and the love poems of Rumi and Hafez. For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Mega Man: Robot Master Field Guide - Updated Edition

Captivating and action-packed, *From Blood and Ash* is a sexy, addictive, and unexpected fantasy perfect for fans of Sarah J. Maas and Laura Thalassa. A Maiden... Chosen from birth to usher in a new era, Poppy's life has never been her own. The life of the Maiden is solitary. Never to be touched. Never to be looked upon. Never to be spoken to. Never to experience pleasure. Waiting for the day of her Ascension, she would rather be with the guards, fighting back the evil that took her family, than preparing to be found worthy by the gods. But the choice has never been hers. A Duty... The entire kingdom's future rests on Poppy's shoulders, something she's not even quite sure she wants for herself. Because a Maiden has a heart. And a soul. And longing. And when Hawke, a golden-eyed guard honor bound to ensure her Ascension, enters her life, destiny and duty become tangled with desire and need. He incites her anger, makes her question everything she believes in, and tempts her with the forbidden. A Kingdom... Forsaken by the gods and feared by mortals, a fallen kingdom is rising once more, determined to take back what they believe is theirs through violence and vengeance. And as the shadow of those cursed draws closer, the line between what is forbidden and what is right becomes blurred. Poppy is not only on the verge of losing her heart and being found unworthy by the gods, but also her life when every blood-soaked thread that holds her world together begins to unravel. Mega Man: Fully Charged

A tiny American town's plans for radical self-government overlooked one hairy detail: no one told the bears. Once upon a time, a group of libertarians got together and hatched the Free Town Project, a plan to take over an American town and completely eliminate its government. In 2004, they set their sights on Grafton, NH, a barely populated settlement with one paved road. When they descended on Grafton, public funding for pretty much everything shrank: the fire department, the library, the schoolhouse. State and federal laws became meek suggestions, scarcely heard in the town's thick wilderness. The anything-goes atmosphere soon spread into the neighboring woods. Freedom-loving citizens ignored hunting laws and regulations on food disposal. They built a tent city in an effort to get off the grid. And it all caught the attention of Grafton's neighbors: the bears. *A Libertarian Walks Into a Bear* is the sometimes funny, sometimes terrifying tale of what happens when a government disappears into the woods. Complete with gunplay, adventure, and backstabbing politicians, this is the ultimate story of a quintessential American experiment -- to live free or die, perhaps from a bear.

Cat behaviorist and star of Animal Planet's hit television show *My Cat from Hell*, Jackson Galaxy, a.k.a. "Cat Daddy," isn't what you might expect for a cat expert (as *The New York Times* noted, with his goatee and tattoos, he "looks like a Hells Angel"). Yet Galaxy's ability to connect with even the most troubled felines -- not to mention the stressed-out humans living in their wake -- is awe-inspiring. In this book, Galaxy tells the poignant story of his thirteen-year relationship with a petite gray-and-white short-haired cat named Benny, and gives singular advice for living with, caring for, and loving the feline in your home. When Benny arrived in his life, Galaxy was a down-and-out rock musician with not too much more going on than a part-time job at an animal shelter and a drug problem. Benny's previous owner brought the cat to the shelter in a cardboard box to give him up. Benny had seen better days --- his pelvis had just been shattered by the wheels of a car -- and his owner insisted he'd been "unbondable" from day one. Nothing could have been further from the truth. An inspiring account of two broken beings who fixed each other, *Cat Daddy* is laced throughout with Galaxy's amazing "Cat Mojo" advice for understanding what cats need most from us humans in order to live happier, healthier lives.
