The snow glows white on the mountain tonight

A kingdom of isolation

And it looks like I'm the queen

The wind is howling like this swirling storm inside

Don't let them know

Turn away and slam the door

To test the limits and break through

You'll never see me cry

My power flurries through the air into the ground

My soul is spiraling in frozen fractals all around

And I'll rise like the break of dawn

Let the storm rage on!

The cold never bothered me anyway

Dark Prisms

The mythological, folkloric, and religious beliefs of Western culture have resulted in a long and ongoing history of esoteric themes in theatre from the Middle Ages to the present in Spain and the America. Now Robert Lima, a noted comparatist, brings to bear on this material his wide knowledge of the world of the occult. Lima defines the terms "occult" and "occultism" broadly to embrace the many ways in which humans have sought to fathom a secret knowledge held to be accessible only through such supernatural agencies as alchemy, angelology, asceticism, astrology, demonolatry, divination, ecstasy, magic, necromancy, possession, Santeria, séances, voodoo, and witchcraft. The dramatic works covered range from medieval materializations of Hell to the Golden Age plays of Lope de Vega, Tirso de Molina, and Calderón de la Barca, to modern stage works by Valle-Inclán, García Lorca, Casona, Miras, and a number of significant Afro-Brazilian and Caribbean dramatists. The concluding comprehensive bibliography of the drama of the occult is invaluable.

Stages of Evil

"The evil that men do" has been chronicled for thousands of years on the European stage, and perhaps nowhere else is human fear of our own evil more detailed than in its personifications in theater. Early writers used theater to communicate human experiences and to display reverence for the gods governing daily life. Playwrights from Euripides onward sought inspiration from this interplay between the worldly and the occult, using human belief in the divine to govern characters' actions within a dramatic arena. The constant adherence to the supernatural, despite changing religious ideologies over the centuries, testifies to a deep and continuing belief in the ability of a higher power to interfere in human life. Stages of Evil is the first book to examine the representation and relationship of evil and the occult from the prehistoric origins of drama through to the present day. Drawing on examples of magic, astronomy, demonology, possession, exorcism, fairies, vampires, witchcraft, hauntings, and voodoo, author Robert Lima explores how theater shaped American and European perceptions of the occult and how the dramatic works studied here reflect society back upon itself at different points in history. From representations of Dionysian rites in ancient Greece, to the Mouth of Hell in the Middle Ages, to the mystical cabalistic life of the Hasidic Jews, to the witchcraft and magic of the Elizabethan and Jacobean stage, Lima traces the recurrence of supernatural motifs in pivotal plays and performance works of the Western tradition. Considering numerous myths and cultural artifacts, such as the "wild man," he describes the evolution and continual representation of supernatural archetypes on the modern stage. He also discusses the sociohistorical implications of Christian and pagan representations of evil and the theatrical creativity that occultism has engendered. Delving into his own theatrical, literary, folkloric, and travel experiences to enhance his observations, Lima assays the complex world of occultism and

examines diverse works of Western theater and drama. A unique and comprehensive bibliography of European and American plays concludes the study and facilitates further research into the realm of the social and literary impact of the occult.

His imprisonment, until only a few days earlier, is still fresh and raw in his mind, especially the female prison guard, Nike. He pins her down, while she screams and cries, and carves his own name into her porcelain-white back. After he is done, he commits to memory this dark yet pleasant feeling. Urban Teens in the Library

Based loosely on the life of the author's grandfather, a professional embroiderer in the court of the last king of Vietnam in the early 1900s, Kien Nguyen has reimagined his grandfather's amazing story to weave a tapestry of his own: this stunning and page-turning novel. Dan Nguyen is seven years old when he witnesses his father brutally beheaded by the mayor in a bid for power. Dan's wife, Ven, 20 years his senior, makes him promise to one day avenge his father's death. In order to protect him until he is old enough to defend his family's honor, Ven hides Dan as a servant in the house of the enemy -- and Dan falls in love with the one person he can never have, the mayor's beautiful granddaughter Tai May. Dan's journey from slavery into scandal, and finally to the royal court where he has the chance to win Tai May's heart, is a story of spellbinding drama and intrigue, and, ultimately, the story of a great love affair.

Chicken Soup for the Teen Soul

Depicting with humor and insight the pressure to be outwardly perfect, this novel for ages 10-13 shows how one girl develops compassion for her own and others' imperfections. For 13-year-old Isabelle Lee, whose father has recently died, everything's normal on the outside. Isabelle describes the scene at school with bemused accuracy--the self-important (but really not bad) English teacher, the boy that is constantly fixated on Ashley Barnum, the prettiest girl in class, and the dynamics of the lunchroom, where tables are turf in a all-eyes-open awareness of everybody's relative social position. But everything is not normal, really. Since the death of her father, Isabelle's family has only functioned on the surface. Her mother, who used to take care of herself, now wears only lumpy, ill-fitting clothes, cries all night, and has taken every picture of her dead husband and put them under her bed. Isabelle tries to make light of this, but the underlying tension is expressed in overeating and then binging. As the novel opens, Isabelle's little sister, April, has told their mother about Isabelle's problem. Isabelle is enrolled in group therapy. Who should show up there, too, but Ashley Barnum, the prettiest, most together girl in class.

Chicken Soup for the Teen Soul

A deliciously dark, gorgeously written YA mystery that'll prickle your skin . . . and leave a permanent mark. There are no secrets in Saintstone. From the second you're born, every achievement, every failing, every significant moment are all immortalized on your skin. There are honorable marks that let people know you're trustworthy. That is, until she glimpses a mark on the back of his neck . . . the symbol of the worst crime a person can commit in Saintstone. Leora knows it has to be a mistake, but before she can do anything about it, the horrifying secret gets out, jeopardizing her father's legacy . . . and Leora's life. This rich, lyrical fantasy with echoes of Orwell is unlike anything you've ever read, a tale guaranteed to get under your skin . . .

The Tapestries

A tough and funny project girl manages to make that chill wind blow away. The good life, according to Aisha Ingram, is easy. It's hanging with friends, dancing, listening to music, whatever . . . but it doesn't include worrying about the future. Chilling out is her mantra until she receives a sixty-day termination-of-welfare-benefits notice. Without her monthly food stamps and assistance checks and with no help from the father of her two children, Aisha's life threatens to become a little too "chilly." The clock is ticking and she doesn't have many options, but one thing she knows for sure: workfare is not for her. There's no way she's going to scrub subway cars or sweep city sidewalks. Aisha tries to come up with other ways to get money, but things don't look good. Soon another notice comes: only thirty days left. Then she sees an ad on TV for BIGMODELS, and she figures she might as well check out the agency. After all, she is pretty enough. But just when it looks like Aisha's problems might be solved, things grow crazy again. In Aisha, Janet McDonald has created a larger-than-life heroine who finds and succeeds at what is right for her.

Perfect

This study explored the embodied teen experience of parent-teen conflict and argument using a hermeneutic-phenomenological approach. Teens self-identified as (a) living in a family with everyday conflict, (b) not seeing a psychologist or counselor, (c) not having been in any drug or alcohol treatment programs, (d) not knowing the researcher ahead of time, and (e) being between the ages of 13 to 19 at the time the interview took place. The following themes emerged: (a) feeling powerless, small, devalued, and oppressed; (b) experiencing irritation, frustration, hypocrisy, pettiness, and defiance; (c) wanting freedom and autonomy and the battle for control; and (d) needing safe space and me time. Each theme and the whole embodied essence of this experience were interpreted through teens' as well as the researcher's lenses. The interpretations provide insight for teens, parents, and parent educators that may help improve parent-teen relationships and provide strategies to use in the classroom setting.
