Lovers of the television show, *New Girl*, or Cambria Hebert's Hashtag series will love this collection of romantic comedies that follows a group of roommates through college. Join them on a journey through friendship, love, and the trials of navigating that tricky area between the teen years and adulthood. Book 1: V-Card Jennifer is determined to lose her virginity by her 21st birthday, and thinks she's found the perfect guy for the job. But when feelings for her roommate and friend, Luke, make themselves apparent, Jenn is faced with a difficult choice. A funny, lighthearted story about understanding true womanhood and lasting love. Book 2: Brat She's a shopaholic with daddy issues. He's a socially conscious tree-hugger. They seem like a match made in Hell, but when a one-night stand results in an unplanned pregnancy, Chloe and Chase are forced to make difficult choices while confronting their feelings for one another. Book 3: Thin Kinsley Simmons has always been the 'perfect girl'. But, when her ambition and type A personality drive her toward an eating disorder, she has no choice but to enter a recovery facility. While there, she encounters counselor Royce Adams, who sees past her perfect facade to the girl within. As their friendship blossoms into something more Kinsley will find in Royce the strength to face the reasons behind her disorder.

Comparable Worth

Examines the special problems which couples face during the middle years of marriage and offers specific advice for confronting them.

Words on Cassette

This open access book investigates female employment and the gender gap in the labor market and households during China's economic transition period. It provides the reader with academic evidence for understanding the mechanism of female labor force participation, the determinants of the gender gap in the labor market, and the impact of policy transformation on women's wages and employment in China from an economics perspective. The main content of this book includes three parts women's family responsibilities and women's labor supply (child care, parent care, and women's employment), the gender gap in the labor market and society (gender gaps in wages, Communist Party membership, and participation in social activity), and the impacts of policy transformation on women's wages and employment (the social security system and the educational expansion policy on women's wages and employment) in China. This book provides academic evidence about these issues based on economics theories and econometric analysis methods using many kinds of long-term Chinese national survey data. This book is highly recommended to readers who are interested in up-to-date and in-depth empirical studies of the gender gap and women's employment in China during the economic transition period. This book is of interest to various groups such as readers who are interested in the Chinese economy, policymakers, and scholars with econometric analysis backgrounds.

Sharing Spaces Volume 1

This OECD report focuses on how best to close gender gaps under four broad headings: 1) Gender equality, social norms and public policies; and gender equality in 2) education; 3) employment and 4) entrepreneurship.

The Marriage Gap

Three volumes present the proceedings of the 6th Broadening Horizons Conference, which took place at the Freie Universität Berlin from 24–28 June, 2019. This volume - Volume 3 - contains 14 papers from Session 4 — Crossing Boundaries: Connectivity and Interaction; and Session 6 — Landscape and Geography: Human Dynamics and Perceptions.

The Spouse Gap

"Neutrosophic Sets and Systems" has been created for publications on advanced studies in neutrosophy, neutrosophic set, neutrosophic logic, neutrosophic probability, neutrosophic statistics that started in 1995 and their applications in any field, such as the neutrosophic structures developed in algebra, geometry, topology, etc.

Female Employment and Gender Gaps in China

The Monogamy Gap is a groundbreaking volume that explains why men cheat. Drawing on a range of theories across academic disciplines, the book highlights the biological compulsion of the sexual urge, the social construction of the monogamous ideal, and the devastating chasm that lies between them.

Closing the Gender Gap Act Now

This volume is a collection of fourteen papers, written by different authors and co-authors (listed in the order of the papers): N. Radwan, M. Badr Senousy, A. E. D. M. Riad, Chunfang Liu, YueSheng Luo, J. M. Jency, I. Arockiarani, P. P. Dey, S. Pramanik, B. C. Giri, N. Shah, A. Hussain, Gaurav, M. Kumar, K. Bhutani S. Aggarwal, V. P tra_cu, F. Yuhua, S. Broumi, A. Bakali, M. Talea, F. Smarandache, M. Khan, S. Afzal, H. E. Khalid, M. A. Baset ,I. M. Hezam. In first paper, the authors studied Neutrosophic Logic Approach for Evaluating Learning Management Systems. A new method to construct entropy of interval-valued Neutrosophic Set is discussed in the second paper. Adjustable and Mean Potentiality Approach on Decision Making is studied in third paper. In fourth paper, An extended grey relational analysis based multiple attribute decision making are interval neutrosophic uncertain linguistic setting . Similarly in fifth paper, Neutrosophic Soft Graphs is discussed. In paper six, Mapping Causes and Implications of India's Skewed Sex Ratio and Poverty problem using Fuzzy & Neutrosophic Relational Maps is studied by the author. Refined Neutrosophic Information Based on Truth, Falsity, Ignorance, Contradiction and Hesitation is proposed in the next paper. Point Solution, Line Solution, Plane Solution etc —Expanding Concepts of Equation and Solution with Neutrosophy and Quadstage Method the next paper. Further, Isolated Single Valued Neutrosophic Graphs are discussed by the authors in the tenth paper. In eleventh paper, Neutrosophic Set Approach for Characterizations of Left Almost Semigroups have been studied by the author. In the next paper, Degree of Dependence and Independence of the (Sub)Components of Fuzzy Set and Neutrosophic Set. In thirteenth paper, Neutrosophic Soft Multi Attribute Decision Making Based on Grey Relational Projection Method is introduced by the authors. In fourteenth paper, the author studied The Novel Attempt for Finding Minimum Solution in Fuzzy Neutrosophic Relational Geometric Programming (FNRGP) with (max,min) Composition. In the last paper, Neutrosophic Goal Programming is developed.

Bridging the Gap: Disciplines, Times, and Spaces in Dialogue – Volume 3

Handbook of the Economics of the Family, Volume One includes comprehensive surveys of the current state of the economics literature in the field, prepared by leading scholars, with a particular emphasis on the most recent developments in each area. Chapters cover Culture and the family; Mating markets; Household decisions and intra-household distributions; The economics of fertility: a new era; Families, labor markets, and policy; Family background, neighborhoods, and intergenerational mobility; The great transition: Kuznets facts for family-economists; An institutional perspective on the economics of the family. An economics approach to changing family arrangements Understanding of inequality and intergenerational mobility Evolution of gender roles within families and across societies

Neutrosophic Sets and Systems, Book Series, Vol. 32, 2020. An International Book Series in Information Science and Engineering

'Political Messaging in Music and Entertainment Spaces across the Globe' uniquely expands the frontiers of political communication by simultaneously focusing on content (political messaging) and platform (music and entertainment). As a compendium of valuable research work, it provides rich insights into the construction of political messages and their dissemination outside of the traditional and mainstream structural, process and behavioral research focus in the discipline. Researchers, teachers, students and other interested parties in political communication, political science, journalism and mass communication, sociology, music, languages, linguistics and the performing arts, communication studies, law and history, will find this book refreshingly handy in their inquiry. Furthermore, this book was conceptualized from a globalist purview and offers readers practical insights into how political messaging through music and entertainment spaces actually work across nation-states, regions and continents. Its authenticity is also further enhanced by the fact that most chapter contributors are scholars who are natives of their areas of study, and who painstakingly situate their work in appropriate historical contexts.

The Monogamy Gap

Provides a collection of essays by liberal and feminist philosophers addressing the question of whether marriage reform ought to stop with same-sex marriage. Taken together, these essays challenge contemporary understandings of marriage and the state's role in it. --From publisher description.

Catalog of Copyright Entries. Third Series

This is a book about conflict. It identifies aggravating economic factors in conflict, proceeds to an appreciation of its economic cost, and then proposes economic policy changes which would tend towards reducing the potential for conflict in the Sahel.

Neutrosophic Sets and Systems, book series, Vol. 11, 2016

How did gender figure in understandings of spatial realms, from the inner spaces of the body to the furthest reaches of the globe? How did women situate themselves in the early modern world, and how did they move through it, in both real and imaginary locations? How do new disciplinary and geographic connections shape the ways we think about the early modern world, and the role of women and men in it? These are the questions that guide this volume, which includes articles by a select group of scholars from many disciplines: Art History, Comparative Literature, English, German, History, Landscape Architecture, Music, and Women's Studies. Each essay reaches across fields, and several are written by interdisciplinary groups of authors. The essays also focus on many different places, including Rome, Amsterdam, London, and Paris, and on texts and images that crossed the Atlantic and the Mediterranean, or that portrayed real and imagined people who did. Many essays investigate topics key to the 'spatial turn' in various disciplines, such as borders and their permeability, actual and metaphorical spatial crossings, travel and displacement, and the built environment.

Handbook of the Economics of the Family

The meaning and significance of the institution of marriage has engendered angry and boisterous battles across the United States. This book uncovers broad cultural anxieties that fuel on-the-ground practices to reinforce a boundary of heterosexual marriage, questioning why marriage has become an issue of pervasive national preoccupation and anxiety.

Political Messaging in Music and Entertainment Spaces across the Globe. Volume 2.

This collection of readings is designed to clarify the relationship between social structures and psychological processes. Our awareness of the need for such a book derives from our extensive experiences in teaching a for mal course for mental health professionals on gender and psychother apy. The material in this anthology emphasizes the clinical implications of the new research and knowledge that has changed our understanding of the psychological development of women and men. Throughout the book, we present ideas that challenge conventional explanations of psy chological distress in women and men and suggest alternative concep tualizations of these processes. As will be evident, our work is informed by and contributes to the growing field of knowledge produced by feminist scholars over the last decade. That this book on gender has more to say about women reflects the existence of a substantial body of research that reconceptualizes women's psychology. The corresponding research on men is still in its formative stages, due in part to the later development of a men's move ment. Although many of the chapters focus on women, we have attempted in our discussion to consider the implications for men. We believe that the fundamental processes explored in this book are relevant to the understanding of both women and men.

After Marriage

This volume is intended to introduce university and seminary students and scholars to the neglected field of ritual studies, particularly within the larger context of biblical and theological studies. At the same time, the author hopes to further the discussion by interacting with numerous scholars in the field, providing an extensive bibliography of relevant works. Klingbeil defines the basic terms used in ritual studies and explains the concepts involved in interpreting biblical ritual. He offers a broad history of the study of biblical ritual, beginning with the critiques of ritual found in the Old Testament prophetic books and surveying attitudes toward ritual down to modern times. Drawing on the fields of anthropology and sociology, as well as his decade of work in the field, Klingbeil presents a comprehensive reading strategy for biblical ritual texts. In addition, he explores connections between ritual studies and theological research. This ground-breaking study promises to generate discussion

about biblical ritual and provides an excellent introduction to this growing field of study for students and scholars.

Development Centre Studies Conflict and Growth in Africa The Sahel Volume 1

This book is a small step in that direction to discuss the challenges extensively on the issues relating to international law and find pragmatic and lasting solutions to overcome those challenges. The work is based on the fundamental principles, objectives, and values that underpin the field of international law and the pursuit of justice in the international arena. It underscores the crucial role of legal norms, institutions, and mechanisms in fostering cooperation, resolving conflicts, and promoting peace and development on a global scale. It recognizes the complexity and ever-evolving nature of the international system, requiring constant adaptation and innovation in legal frameworks to address emerging challenges. The book aims to examine and analyse the emerging issues in the international arena of today's times. It acknowledges the inherent challenges in achieving universal adherence to international law and the pursuit of justice. It recognizes the necessity of multilateral cooperation, diplomatic dialogue, and the strengthening of international institutions to overcome these challenges collectively. It calls for a commitment to the rule of law, respect for human dignity, and the protection of the most vulnerable among us. In conclusion, this work sets the stage for a comprehensive exploration of international law and justice. It invites readers to delve into the complexities, debates, and transformative potential of this field, and to actively contribute to the ongoing quest for a more just and peaceful world.

Mapping Gendered Routes and Spaces in the Early Modern World

This book is the first intersectionality-mainstreamed textbook written for introductory political science courses.

One Marriage Under God

This book presents a comprehensive examination of public opinion in the democratic world. Built around chapters that highlight key explanatory frameworks used in understanding public opinion, the book presents a coherent study of the subject in a comparative perspective, emphasizing and interrogating immigration as a key issue of high concern to most mass publics in the democratic world. Key features of the book include: Covers several theoretical issues and determinants of opinion such as the effects of personality, age and life cycle, ideology, social class, partisanship, gender, religion, ethnicity, language, and media, highlighting over time the effects of political, social, and economic contexts. Each chapter explores the theoretical rationale, mechanisms of effect, and use in the scholarly literature on public opinion before applying these to the issue of immigration comparatively and in specific places or regions. Widely comparative using a nine-country sample (Australia, Canada, France, Germany, Italy, Portugal, Switzerland, the United Kingdom, and the United States of America) in the analysis of individual-level determinants of public opinion about immigration and extending to other countries like Belgium, Brazil, and Japan when evaluating contextual factors. This edited volume will be essential reading for students, scholars, and practitioners interested in public opinion, political behaviour, voting behaviour, politics of the media, immigration, political communication, and, more generally, democracy and comparative politics.

Federal Equitable Pay Practices Act of 1985

This issue of the journal *Berliner China-Hefte / Chinese History and Society*, themed 'Taiwan: Self vs. Other' brings together outstanding contributions from the 11th annual European Association of Taiwan (EATS) conference, which was held at the University of Portsmouth in 2014. The various papers included here examine how Taiwan perceives and projects itself to its domestic and international audiences by employing a wide variety of case studies. (Series: *Chinese History and Society / Berliner China-Hefte*, Vol. 47) [Subject: ?Asian Studies, Sociology]

The Gender Gap in Psychotherapy

The third edition of *Handbook of Marriage and the Family* describes, analyzes, synthesizes, and critiques the current research and theory about family relationships, family structural variations, and the role of families in society. This updated Handbook provides the most comprehensive state-of-the-art assessment of the existing knowledge of family life, with particular attention to variations due to gender,

socioeconomic, race, ethnic, cultural, and life-style diversity. The Handbook also aims to provide the best synthesis of our existing scholarship on families that will be a primary source for scholars and professionals but also serve as the primary graduate text for graduate courses on family relationships and the roles of families in society. In addition, the involvement of chapter authors from a variety of fields including family psychology, family sociology, child development, family studies, public health, and family therapy, gives the Handbook a multidisciplinary and interdisciplinary framework.

Bridging the Gap

"Asian Cross-border Marriage Migration: Demographic Patterns and Social Issues is an interdisciplinary and comparative study on the rapid increase of the intra-Asia flow of cross-border marriage migration. This book contains in-depth research conducted by scholars in the fields of demography, sociology, anthropology and pedagogy, including demographic studies based on large-scale surveys on migration and marital patterns as well as micro case studies on migrants' lives and experiences and strategies. Together these papers examine and challenge the existing assumptions in the immigration policies and popular discourse and lay the foundation for further comparative research."
-- Back cover.

Facets of International Law & Justice

"Kingsley Davis (1908-1997) was one of the pioneers in social demography, and was particularly identified with the theory of the demographic transition. This holds that the process of industrialization first causes mortality to decline, leading to a substantial rate of population growth and only later causes fertility to fall, leading eventually to the cessation of population growth. Kingsley Davis is especially remembered for his arresting and forceful critique of family-planning programs intended to achieve zero population growth. Before he devoted his major attention to social demography, Davis had distinguished himself through influential articles on the structure of family and kinship, including the topics of jealousy and sexual property, the sociology of prostitution, and illegitimacy. He had an early interest in structural-functional analysis, which resulted in his famous and controversial article on stratification, co-authored with Wilbert Moore, and his equally famous presidential address to the American Sociological Association in 1959. David Heer's biography of Kingsley Davis is based on material contained in the Kingsley Davis Archive at the Hoover Institution Library at Stanford University, the Kingsley Davis graduate file at Harvard University, the interview of Kingsley Davis by Jean van der Tak in *Demographic Destinies* (1990), and David Heer's personal relationship with Kingsley Davis. The book also contains thirty of the most important writings by Kingsley Davis. These were chosen, in part, for the number of citations received in the Cumulative Social Science Citation Index, and in part to ensure that readers would be able to assess the continuity of Kingsley Davis's ideas at all stages of his career."

political science is for everybody

2008 was a watershed year for global finance. The banking system was eventually pulled back from the brink, but the world was saddled with the worst slump since the 1930s Depression, and millions were left unemployed. While numerous books have addressed the financial crisis, very little has been written about its social consequences. Journalist Tom Clark draws on the research of a transatlantic team led by Professors Anthony Heath and Robert D. Putnam to determine the great recession's toll on individuals, families, and community bonds in the United States and the United Kingdom. The ubiquitous metaphor of the crisis has been an all-encompassing "financial storm," but Clark argues that the data tracks the narrow path of a tornado—destroying some neighborhoods while leaving others largely untouched. In our vastly unequal societies, disproportionate suffering is being meted out to the poor—and the book's new analysis suggests that the scars left by unemployment and poverty will linger long after the economy recovers. Politicians on both sides of the Atlantic have shown more interest in exploiting the divisions of opinion ushered in by the slump than in grappling with these problems. But this hard-hitting analysis provides a wake-up call that all should heed.

Comparative Public Opinion

IBSS is the essential tool for librarians, university departments, research institutions and any public or private institution whose work requires access to up-to-date and comprehensive knowledge on the social sciences.

Men and women remain unequal in the United States, but in this provocative book, Robert Max Jackson demonstrates that gender inequality is irrevocably crumbling. *Destined for Equality*, the first integrated analysis of gender inequality's modern decline, tells the story of that progressive movement toward equality over the past two centuries in America, showing that women's status has risen consistently and continuously. Jackson asserts that women's rising status has been due largely to the emergence of modern political and economic organizations, which have transformed institutional priorities concerning gender. Although individual politicians and businessmen generally believed women should remain in their traditional roles, Jackson shows that it was simply not in the interests of modern enterprise and government to foster inequality. The search for profits, votes, organizational rationality, and stability all favored a gender-neutral approach that improved women's status. The inherent gender impartiality of organizational interests won out over the prejudiced preferences of the men who ran them. As economic power migrated into large-scale organizations inherently indifferent to gender distinctions, the patriarchal model lost its social and cultural sway, and women's continual efforts to rise in the world became steadily more successful. Total gender equality will eventually prevail; the only questions remaining are what it will look like, and how and when it will arrive.

Handbook of Marriage and the Family

Large housing estates of the post-war era have shaped the face of many cities throughout Europe. In the original plans of the 1950s-1980s they were to amend the urban structure and in many cases they were expected to enable a superior form of communality and urbanity. The estates were built to ease the housing shortage, but were also thought to quite literally become the home for a "new society", be it under socialist regimes or the democratic welfare state. The reformation of society was expected to be supported by the environment of the newly built estates and, most crucially, their community spaces. The different manifestations of these community spaces were the subject of the second conference of the 45plus network, which took place in Darmstadt in September 2012 and which is documented in this volume. By focusing on community spaces, such as community centers, schools, churches, hospitals, shopping districts but also parks, open spaces and sport-grounds, the contributions to the conference addressed spaces that were thought to be particularly important points of identification for the "new societies" these estates were expected to foster. Community spaces were planned in order to hold the housing estates together – as well designed and attractive built environments, as social hubs and especially as symbolic anchors. Quite often, they boasted prominent design features, intended to serve as recognisable markers of the estates and their programmatic subtexts. While planners and politicians conceptualized community spaces with their potential to shape identification in view, communities tended to appropriate such spaces in different ways and to reinterpret their meanings. In short, local inhabitants – as well as the broader public – possibly identified with community spaces, their individual features and with the ideas and practices they associated with them in significantly different ways than originally intended. Today, the continuing tension between intention and appropriation of community spaces can be understood as an indicator of identification processes and appears to be one of the major challenges in the redevelopment of large housing estates, but might also provide unexpected opportunities. Großwohnsiedlungen der Nachkriegszeit haben das Gesicht vieler Städte in ganz Europa geprägt. Ursprünglich sollten diese Planungen der 1950er bis 1980er Jahre die Stadtstruktur verbessern und teilweise auch eine neue Form von Gemeinschaftlichkeit und Urbanität schaffen. In erster Linie zur Linderung der Wohnungsnot gebaut, wurden die Siedlungen auch als buchstäbliche Heimat für eine "neue Gesellschaft" geplant, sei es unter sozialistischen Regimes oder im demokratischen Wohlfahrtsstaat. Die Umgestaltung der Gesellschaft sollte durch die Gestaltung der neuen Siedlungen unterstützt werden, wobei den gemeinschaftlich genutzten Räumen ein besonderer Stellenwert zukam. Die verschiedenen Ausformungen dieser Räume waren Gegenstand der zweiten Konferenz des 45plus-Netzwerk, die in Darmstadt im September 2012 stattfand und in diesem Band dokumentiert wird. Durch die Fokussierung auf gemeinschaftlich genutzte Räume wie Parks, Freiflächen und Sportplätze, aber auch Gemeindezentren, Schulen, Kirchen, Krankenhäuser, Einkaufsstrassen, stellen die in den Beiträgen der Konferenz angesprochen Räume wichtige Identifikationspunkte der "neue Gesellschaften" dar. Gemeinschaftliche Räume wurden geplant, um die neuen Wohnsiedlungen zusammenzuhalten – als gut gestaltete und attraktive gebaute Umwelt, als soziale Scharniere und vor allem als symbolische Anker. Oft setzten sie prominente Gestaltungsmerkmale um so als Symbole der Siedlungen und ihrer programmatischen Subtexte zu dienen. Während Planer und Politiker die gemeinschaftlichen Räume mit dem Fokus auf ihr Potenzial als Ort der Identifikation gestalteten, wurden diese Räume durch die sie nutzenden Gemeinden in unterschiedlicher Weise

angeeignet und auch uminterpretiert. Kurz gesagt, Bewohner – wie auch die breite Öffentlichkeit – verstanden, interpretierten und nutzten die gemeinschaftlichen Räume und deren individuellen Eigenschaften möglicherweise auf deutlich andere Art und Weise als ursprünglich geplant. Heute können die anhaltenden Spannungen zwischen Absicht und Nutzung der gemeinschaftlichen Räume als Indikator für Identifikationsprozesse verstanden werden und stellen gleichzeitig eine der großen Herausforderungen bei der Sanierung von Großwohnsiedlungen dar, offenbaren jedoch vielleicht auch unerwartete Chancen.

Asian Cross-border Marriage Migration

This tightly edited volume provides an integrative overview of human bonding from infancy through adulthood. Through an attachment lens, the book synthesizes classic and cutting-edge research on close relationships and their profound impact in everyday life. Topics include infant-caregiver attachment, human social nature, child and adolescent social development, mate selection, love and sexual desire, hooking up and online dating, keys to relationship success, predictors and consequences of relationship dissolution, and the role of social connectedness in psychological adjustment and physical health. Readers get a solid grounding in the concepts, theories, and methods that define contemporary relationship science.

Kingsley Davis

The insurrection of January 6, 2021, demonstrated conclusively that tribalism in the United States has become dangerous. The “other side” is no longer viewed as a well-intentioned opponent but as an existential threat. If we don’t change course, American democracy is far from assured. This book outlines specific steps that average citizens can take to back the nation away from the brink. Instead of looking to political leaders, institutions, or policy for solutions to extreme partisanship, Christopher Beem argues that concerned citizens can and must take up the cause. He spells out seven civic practices we can all follow that will help us work against our antidemocratic tendencies and reorient the nation toward the “more perfect union” of our Founders. Beem’s road map to restore our democracy draws on thinkers from Aristotle and Thomas Aquinas to James Madison, Hannah Arendt, Abraham Lincoln, and Franklin Delano Roosevelt. Empathetic and eminently reasonable, *The Seven Democratic Virtues* presents practical advice for what each of us can do to change the political discourse and save our democracy. This is necessary reading for our politics today—and in the future.

Hard Times

Many questions remain unanswered about the observable differences in voting behavior, partisanship, and cultural attitudes among men and women. Latino political participation in the United States is generally lower than the rest of the population, mainly due to their high proportion of youth and foreign born populations that are ineligible to vote. This dynamic is slowly changing, partly as a result of the rapidly growing Latino population in the United States. This book delves deeper into the complex gender differences for Latino political behavior. More specifically, it is a political analysis of the diverse U.S. Latino population and the interacting factors that can influence male and female differences in voting and policy attitudes. Christina E. Bejarano carefully unpacks more aspects of the gender category for Latinos, including analyzing the gender differences in Latino political behavior across national origin, foreign born status, and generational status. The Latino gender gap can have far-reaching political implications on electoral politics. As the Latino population highlights their growing political sway, the major political parties have and will strategically mobilize and court the Latino electorate, Latinas in particular.

Bibliographie Internationale de Sociologie 1987

Explores the unique relationship between white women and racial Others in a wide variety of literary works.

Destined for Equality

Forced Marriage: Introducing a social justice and human rights perspective brings together leading practitioners and researchers from the disciplines of criminology, sociology and law. Together the contributors provide an international, multi-disciplinary perspective that offers a compelling alternative to prevailing conceptualisations of the problem of forced marriage. The volume examines advances in

theoretical debates, analyses existing research and presents new evidence that challenges the cultural essentialism that often characterises efforts to explain, and even justify, this violation of women's rights. By locating forced marriage within broader debates on violence against women, social justice and human rights, the authors offer an intersectional perspective that can be used to inform both theory and practical efforts to address violence against diverse groups of women. This unique book, which is informed by practitioner insights and academic research, is essential reading for practitioners and students of sociology, criminology, gender studies and law.

Community spaces

Proceedings of the Broadening Horizons 6 conference (2019): Volume 1 presents 17 papers from Session 1: Entanglement. Material Culture and Written Sources in Dialogue; Session 2: Integrating Sciences in Historical and Archaeological Research; and Session 5: Which Continuity? Evaluating Stability, Transformation, and Change in Transitional Periods.

Lessons for a Happy Marriage

Through his own family's experiences, Paul Friedman discovered how dangerous modern western psychology has been to relationships and families. The current divorce rate (the same for psychologists and the general population) is a clear testimony to the fact that western psychologists' principles are simply incorrect. As a successful pragmatist, Paul decided to skip the psychobabble and self-serving excuses for poorly working marriages. He found scientific explanations that could be communicated in simple language for dealing directly with the root causes of failing relationships. Paul does not believe therapy is the answer for the vast majority of individuals in unhappy marriages. In fact, he believes all married couples need to know what thoughts and actions will cause what results and why. The behaviors and thinking that cause the trend of an unhappy marriage need to be stopped. Then, new and correct thinking and effort needs to be exercised to move the marriage in the beneficial direction of happiness. Lessons For A Happy Marriage explains the science of marriage. It is written as a step by step format to guide each reader to guaranteed success and happiness. Paul thoroughly explains the steps so you can put them into practice with foundational knowledge instead of blind faith. He also prioritizes which things need to be done to turn your marriage around quickly. It is all common

sense and immediately usable. Utilizing this book is no different than using a manual to get the most out of a computer program; it covers everything. Paul states, "An epiphany is the collapse of bad habits under the weight of accumulated wisdom." This book shares wisdom accumulated over 15 years of experience.

Your Happy Marriage: 27 Lessons Learned from 27 Years of Married Life

Boni and Alice are the co-authors of "Your Happy Marriage: 27 Lessons Learned from 27 Years of Married Life." They wrote this journal of their married life in their desire to share their poignant and personal experiences, practical insights, and Christian principles for those engaged or already married. Boni and Alice are hopeful that the 27 lessons they share will help provide a renewed impetus as couples navigate through the joyful and rough-and-tumble terrains of that greatest adventure of all human loves called Marriage.

Eight Lessons for a Happier Marriage

Applying the methods and ideas espoused in his popular book Choice Theory, world-renowned psychiatrist and relationship expert Dr. William Glasser, along with his wife, Carleen, offers a practical guide to an enduring, satisfying, successful marriage. Eight Lessons for a Happier Marriage showcases eight real-life histories of troubled couples and presents simple, practical solutions to overcoming the pitfalls illustrated therein. Keeping love alive and strong is not as difficult as you think; let the Glassers and this indispensable book show you how!

7 Life Lessons on the Myths of Marriage

Are you looking for a temporary fix to the problems in your marriage or are you looking for a lasting solution? Most people I know, including those my wife and I have worked with, are looking for a lasting solution to the problems that surface in their marriage, but they are not willing to put in the effort, or make the necessary sacrifices, to make their marriage work, which is a pity! Are you willing to put in the effort and make sacrifices to make your marriage work? Your answer to this question is pertinent to how much you'll get out of this book. Be sure of this, you will get back from your marriage, the investment - in terms of effort, care and attention - you put into it. I believe you have this book in your hand because you are committed to working on your marriage, to make it the best it can be and bring glory to God, or you want to use the lessons to help someone else have a fruitful marriage. Biblical principles are ideal for Christian marriages, but they will only work for those who implement them wholeheartedly.

Lessons In Love To Boost Your Marriage

This collection of life lessons and wisdom will help you navigate your marital journey with greater ease. You can keep your married life balanced and centered simply by the choices you make. This little book offers practical, timeless advice on such topics as: Attitude ¥ Finances ¥ Faith ¥ Integrity ¥ Security ¥ Patience Take to heart these simple messages, and your marriage will be blessed with happiness and peace.

101 Most Important Things You Need to Know Before You Get Married

Happy and unhappy couples both have, generally speaking, the same problems. The happy couples aren't richer or better looking or smarter. They just do things differently. And they've learned some lessons that have helped them have a better life together. This little book is designed to teach you what they do and what they've learned. Since the publication Life Lessons for Women and Life Lessons for Mothers, many readers have asked for a book specifically for couples. Within this book are lessons for couples, drawn from the author's own marriage, happily married friends and relatives, books, journals, and numerous marriage counselors who were kind enough to share their thoughts. It's the little things

that count. Remember to appreciate that someone special in your life with the common-sense and heartfelt lessons contained within Life Lessons for Couples.

Life Lessons for Couples

Roomies with benefits and the potential for so much more in Marriage Lessons by Katie Ruggle, writing as Katie Allen Falling for your boss—no matter how fast he makes your pulse race—is such a cliché. But it's one Annabelle Shay can't seem to avoid. Gallery owner Louis Dumont is stupid hot. Plus, he's sweet, sensitive and a brilliant artist. But he's also oblivious. Which is good because Annabelle loves her job too much to risk it. Louis hasn't been with a woman since he was wounded in Afghanistan, remaining guarded about his body and his heart. But Annabelle is different. She keeps him grounded. Which is why protecting her—first pretending to be her husband to ward off unwanted attention, then inviting her to move in after her landlord kicks her out—feels so natural, even if it invites rampant temptation. Try as Annabelle might, there are some desires you simply can't shake. Louis repeatedly joke-asking her to marry him isn't helping, especially when their unbearable attraction upgrades them to roomies with benefits. But Louis is still keeping pieces of his past to himself, leaving Annabelle to wonder if he'll ever truly be vulnerable with her—or if she stands to lose everything. One-click with confidence. This title is part of the Carina Press Romance Promise: all the romance you're looking for with an HEA/HFN. It's a promise! This book is approximately 75,000 words Carina Press acknowledges the editorial services of Deborah Nemeth

Marriage Lessons

With the divorce rate soaring at a dizzying 60 percent, young couples and experienced partners may lack the skills and understanding to sustain a committed relationship. Linda and Charlie Bloom present 101 nuggets of wisdom that deliver practical guidance and make it clear that regardless of past experience anyone can develop the basic strengths, skills, and capacities needed for a great relationship. Each lesson is presented as a simple, one-sentence thought followed by an explanation using real-life examples. This book demonstrates how couples can enrich their own relationships by working through love's challenges.

101 Things I Wish I Knew When I Got Married

This Is the Story of a Happy Marriage is an irresistible blend of literature and memoir revealing the big experiences and little moments that shaped Ann Patchett as a daughter, wife, friend and writer. Here, Ann Patchett shares entertaining and moving stories about her tumultuous childhood, her painful early divorce, the excitement of selling her first book, driving a Winnebago from Montana to Yellowstone Park, her joyous discovery of opera, scaling a six-foot wall in order to join the Los Angeles Police Department, the gradual loss of her beloved grandmother, starting her own bookshop in Nashville, her love for her very special dog and, of course, her eventual happy marriage. This Is the Story of a Happy Marriage is a memoir both wide ranging and deeply personal, overflowing with close observation and emotional wisdom, told with wit, honesty and irresistible warmth.

This Is the Story of a Happy Marriage

Many couples who get married will find that success in marriage does not come easily. This is because a life of oneness involves dynamics that do not come to us naturally. As a result, a lot of married couples end up hurt, frustrated, disillusioned, and lonely. But God intended marriage to be so much more than a great disappointment. Unpack what Pastor Joey Bonifacio learned to be the four essentials of a successful marriage and see how these play out in the daily dynamics of married life. May it instill in you a desire for a successful one, and lead you to decide to make changes for the better.

The One Lesson That Changed My Marriage

Probably no other dimension of human experience has been pondered, discussed, debated, analyzed, and dreamed about more than the nature of true love. Love is everywhere -- in songs and in books, on televisions and on movie screens. Yet, for all of our thinking and talking, how many of us truly understand love and where can we turn for genuine insight in matters of true love?

Purpose and Power of Love and Marriage

While observing trainers of exotic animals, journalist Amy Sutherland had an epiphany: What if she used their techniques with the human animals in her own life—specifically her dear husband, Scott? As Sutherland put training principles into action, she noticed that not only did her twelve-year-old marriage improve, but she herself became more optimistic and less judgmental. What started as a goofy experiment had such good results that Sutherland began using the training techniques with all the people in her life, including her mother, her friends, her students, even the clerk at the post office. Full of fun facts, fascinating insights, hilarious anecdotes, and practical tips, *What Shamu Taught Me About Life, Love, and Marriage* reveals the biggest lesson Sutherland learned: The only animal you can truly change is yourself.

What Shamu Taught Me About Life, Love, and Marriage

NEW YORK TIMES BESTSELLER • Over a million copies sold! “An eminently practical guide to an emotionally intelligent—and long-lasting—marriage.”—Daniel Goleman, author of *Emotional Intelligence* The *Seven Principles for Making Marriage Work* has revolutionized the way we understand, repair, and strengthen marriages. John Gottman’s unprecedented study of couples over a period of years has allowed him to observe the habits that can make—and break—a marriage. Here is the culmination of that work: the seven principles that guide couples on a path toward a harmonious and long-lasting relationship. Straightforward yet profound, these principles teach partners new approaches for resolving conflicts, creating new common ground, and achieving greater levels of intimacy. Gottman offers strategies and resources to help couples collaborate more effectively to resolve any problem, whether dealing with issues related to sex, money, religion, work, family, or anything else. Packed with new exercises and the latest research out of the esteemed Gottman Institute, this revised edition of *The Seven Principles for Making Marriage Work* is the definitive guide for anyone who wants their relationship to attain its highest potential.

The Seven Principles for Making Marriage Work

Weddings are full of love and excitement. We know what to expect on the wedding day and maybe even the wedding night, but what then? This book is full of advice and lessons from real people that have spent much time figuring out what works and what doesn’t. I invite you to write in your own words of wisdom on the pages as you pass this book along to friends and family on their wedding days!

Secrets to a Happy Marriage

Marriage and becoming a father are two of the most important Rites of Passage in a man’s life. Unfortunately, our society no longer recognizes them as such, nor do the elder men prepare, counsel, and train the younger men to succeed in these endeavors. As a result, good men and women enter marriage with false expectations and misconceptions about how to create a successful marriage and a meaningful life. There is hope! If you are struggling & losing faith in your marriage, don’t quit. You can learn and master the principles to be successful, end the conflict, save your marriage, and restore your family. If you are not married, you can prepare yourself to enjoy the best that a lifelong marriage can bring. You can lead your family to thrive providing your children a secure and loving home. At the end of the day, it all comes down to your ability to lead yourself and then your ability to lead your family based on your actions. The direction of your leadership comes from the foundation of your life, your purpose. Your purpose will determine the qualities of character that you must develop. You must consciously choose and master the attitude necessary to sustain the self-discipline to navigate the storms of life so that you can serve your purpose. If you remain focused on these four attributes of your life and firmly rooted in your values, you will create an amazing legacy for yourself, your wife, your children, and your community. Truly, practical guidance for real success!

The Essential Guide for the Married Man

When Sherry Suib Cohen met her attorney/fisherman husband, she was drawn—against her will—into a world of power boats, fishing lines, and dubious baits. Frightened by the challenges of stormy waters and toothy sharks, she nonetheless learned some remarkable lessons about marriage from the exhilaration, boredom, loneliness, risk-taking, survival techniques, and, yes, sexiness she discovered at sea. Cohen’s lovely stories ring true for every relationship. Her lessons of intimacy and sensuality include these: •See the beauty in what he loves, even if it looks like ground-up fish bait. •Spend time together: hearing about catching the shark isn’t the same as feeling the shark’s breath. •The tides are constant, and you’d better be too. •Love has only one sure route: unconditional support, even if you’re

scared, even you have to bluff it. From how to rock the waves of passion to how to make marriage a safe harbor, Cohen's message is perfect for anyone in love—with another person or with the sea.

Secrets of a Very Good Marriage

"Drawing on interviews with seven hundred long-married elders, 30 Lessons for Loving delivers timeless wisdom from a wide range of voices on everything from choosing "the one" to dealing with in-laws, money, children, and, yes, sex"--

30 Lessons for Loving

In *Ten Lessons to Transform Your Marriage*, marital psychologists John and Julie Gottman provide vital tools—scientifically based and empirically verified—that you can use to regain affection and romance lost through years of ineffective communication. In 1994, Dr. John Gottman and his colleagues at the University of Washington made a startling announcement: Through scientific observation and mathematical analysis, they could predict—with more than 90 percent accuracy—whether a marriage would succeed or fail. The only thing they did not yet know was how to turn a failing marriage into a successful one, so Gottman teamed up with his clinical psychologist wife, Dr. Julie Schwartz Gottman, to develop intervention methods. Now the Gottmans, together with the Love Lab research facility, have put these ideas into practice. What emerged from the Gottmans' collaboration and decades of research is a body of advice that's based on two surprisingly simple truths: Happily married couples behave like good friends, and they handle their conflicts in gentle, positive ways. The authors offer an intimate look at ten couples who have learned to work through potentially destructive problems—extramarital affairs, workaholism, parenthood adjustments, serious illnesses, lack of intimacy—and examine what they've done to improve communication and get their marriages back on track. Hundreds of thousands have seen their relationships improve thanks to the Gottmans' work. Whether you want to make a strong relationship more fulfilling or rescue one that's headed for disaster, *Ten Lessons to Transform Your Marriage* is essential reading.

Ten Lessons to Transform Your Marriage

Marital education; practical and usable principles and philosophies, used by The Marriage Foundation "We do not advocate you stay together for your children, alone. We advocate you make your marriage so wonderful, through education, that the idea of splitting up would be unthinkable"

Breaking the Cycle

Welcome to the 20/20 Relationship Foresight marriage workbook with 20 lessons and marriage exercises! We've all heard the expression, "Hindsight is 20/20." It is incredibly easy to see the right thing to do - after it's happened. That's so true in relationships. Many divorcees can pinpoint where things went awry... but now it's too late to do anything about it. With a little practice and this powerful relationship workbook, you can develop 20/20 foresight. You can predict the problems that you will encounter. And know exactly how to handle them. Just like everything else in life, this will mean work. But you can choose to work hard - or you can choose to work smart! In 20 relationship exercises, marriage coach and best-selling author Sara Freed will help you work smart. She'll arm you with proven, practical tools to build and maintain a happy marriage. Read each short lesson. Put marriage exercises into practice. And use the worksheets to support your efforts. This is a great marriage workbook for couples to work on together, but you can also do the work alone. You may be surprised by your spouse's willingness to participate once he or she sees the results of your efforts.

Develop 20-20 Relationship Foresight

"Drawing on interviews with seven hundred long-married elders, 30 Lessons for Loving delivers timeless wisdom from a wide range of voices on everything from choosing "the one" to dealing with in-laws, money, children, and, yes, sex"--

30 Lessons for Loving

Offers activities readers can do in minutes a day to restore and strengthen a marriage.

75 Habits for a Happy Marriage

“Heartfelt and ever-endearing—equal parts information and inspiration. This is a book to keep by your bedside and return to often.”—Amy Dickinson, nationally syndicated advice columnist “Ask Amy” More than one thousand extraordinary Americans share their stories and the wisdom they have gained on living, loving, and finding happiness. After a chance encounter with an extraordinary ninety-year-old woman, renowned gerontologist Karl Pillemer began to wonder what older people know about life that the rest of us don’t. His quest led him to interview more than one thousand Americans over the age of sixty-five to seek their counsel on all the big issues: children, marriage, money, career, aging. Their moving stories and uncompromisingly honest answers often surprised him. And he found that he consistently heard advice that pointed to these thirty lessons for living. Here he weaves their personal recollections of difficulties overcome and lives well lived into a timeless book filled with the hard-won advice these older Americans wish someone had given them when they were young. Like *This I Believe*, *StoryCorps’s Listening Is an Act of Love*, and *Tuesdays with Morrie*, *30 Lessons for Living* is a book to keep and to give. Offering clear advice toward a more fulfilling life, it is as useful as it is inspiring.

30 Lessons for Living

It’s never too late to make your marriage work—here are some simple steps! Are you trying to save your marriage? Looking for a solution to your failing marriage? Make your marriage more favorable? So you need a book to help you or a way out? The solution to your issue is learning how to make your marriage work. The concepts that will survive your love are discussed in this book. The first pillar of marriage is love; without love and understanding, two disparate people cannot coexist; these are the guiding ideals that set couples on the path to a contented and lasting union. These principles, which are clear in their approach but profound in their effects, show partners surprising new ways to make love.

How To Make A Successful Marriage

New York Times bestselling author Michael Gurian offers a groundbreaking plan for couples seeking to build a healthy relationship, work through past hurts, and create greater intimacy. Become separate from your partner yet also become closer—sounds counterintuitive, doesn’t it? With twenty-five years of family and marital counseling practice, Michael Gurian shows that “intimate separateness” is the key to creating a healthy partnership in life. Recent university studies show that the most frequent reason relationships dissolve is not abuse, alcoholism, money, or even infidelity, but rather a lack of emotional fulfillment. Most books on love and marriage focus on teaching communication and conflict skills, but neglect to help couples with the “other half” of intimacy—separateness. In this practical yet personal guide to love, Gurian details the benefits of creating a lifelong balance of closeness and separateness. He outlines a twelve-stage model created for his own private practice, which provides long-term goals and focal points for dialogue that can help couples work through arguments. Gurian also delves into differences in white and gray matter between the male and female brain (which may explain the varying needs for intimacy and separateness), differences in verbal-emotive development, and the effects these all have on relationships. Rich with examples and case studies, this book presents strategies for communication and conflict that build more emotional balance, while showing how intimate separateness can be the key to lifelong happiness.

Lessons of Lifelong Intimacy

In *Happy as 2 Pigs in a Blanket*, stay-at-home mom and entrepreneur Mary Ellen Hastings shares the lessons she and her husband Bob learned through their determination to have an exceptional marriage. Bob and Mary Ellen Hastings committed themselves to growing together to become all they could be for each other, their children, and the world around them. They have accomplished their goal and are celebrating 50 years of wedded bliss! Though popular media and some couples have lost sight of the personal growth possibilities within marriage, many husbands and wives would like to stay together for life. Bob and Mary Ellen wrote this book for couples with a desire to remain married in hopes of inspiring others to keep advancing in their quest for a lifetime of loving commitment. Bob and Mary Ellen have been willing to take the time to learn the skills necessary to build on their strong foundation of love. Rather than drifting apart because each spouse was doing their own thing, Bob and Mary Ellen found ways of growing closer in their relationship while growing individually. They are indeed as carefree and happy as two pigs in a blanket and want other couples to be as well! *Happy as 2 Pigs in a Blanket* chronicles the lessons Bob and Mary Ellen have learned along the way. This book shares principles and strategies for . . . Respecting the marriage beginning and transitions . Learning to be married . Identifying and sharing core values . Making memories that last a lifetime . Communicating and sharing

in the most important aspects of life . Finding and building a couple identity . Protecting marriage from outside pressures that threaten to destroy loving relationships

Happy As 2 Pigs in a Blanket

“Where does ‘highly happy’ come from—and can we have some too?!” Have you ever looked at a blissfully married couple and thought, I wish I could know their secret? Now you can. After years of investigative research, Shaunti reveals twelve powerful habits that the happiest marriages have in common. Best news of all? Anyone can learn the secrets of a highly happy marriage! In *The Surprising Secrets of Highly Happy Marriages*, Shaunti Feldhahn shares her findings about little, very unexpected, often overlooked actions that make a huge difference. You’re about to discover that highly happy couples: • Go to bed mad • Keep score (just not in the way you think) • Boss their feelings around • Have factual fantasies • Get in over their heads • Don’t tell it like it is • Don’t look to marriage to make them happy... Packed with eye-opening research and practical helps, this book delivers relationship insights that will take your marriage from “just fine” to “just the marriage we’ve always wanted.”

The Surprising Secrets of Highly Happy Marriages

In the long-awaited follow-up to her groundbreaking, million-copy bestseller *The Proper Care and Feeding of Husbands*, Dr. Laura now focuses on how men and women need to understand and appreciate the uniqueness of masculinity and femininity; what the best ways to relate, caretake, and nurture each other are; and how to bring a marriage back from the brink of disaster. Dr. Laura asserts that in order to produce and sustain a wonderfully satisfying marriage, spouses must recognize and appreciate the polarity between the masculine and the feminine. Both husband and wife have power in the relationship, and each needs to realize this in order to ensure personal satisfaction. Using real-life examples from her call-in radio show, and giving real-life solutions, Dr. Laura focuses on the typical mistakes made by men and women in their relationships and shows how marriages can not only survive but thrive.

The Proper Care and Feeding of Marriage

In 30 short, wry, and Bombeckian essays, a woman reflects on her long and happy marriage to a man whose other great love is the sea. *Secrets of a Very Good Marriage* is about fishing and commitment and the sexy joys therein. Sherry Cohen's wise, warm, and personal memoir will appeal to every married woman and to all young women looking forward to married life at its best. Line drawings.

Simple Habits for Marital Happiness

Seven essays celebrating the beauty of the imperfect marriage. We hear plenty about whether or not to get married, but much less about what it takes to stay married. Clichés around marriage—eternal bliss, domestic harmony, soul mates—leave out the real stuff. After marriage you may still want to sleep with other people. Sometimes your partner will bore the hell out of you. And when stuck paying for your spouse’s mistakes, you might miss being single. In *Wedding Toasts I’ll Never Give*, Ada Calhoun presents an unflinching but also loving portrait of her own marriage, opening a long-overdue conversation about the institution as it truly is: not the happy ending of a love story or a relic doomed by high divorce rates, but the beginning of a challenging new chapter of which “the first twenty years are the hardest.” Calhoun’s funny, poignant personal essays explore the bedrooms of modern coupledness for a nuanced discussion of infidelity, existential anxiety, and the many other obstacles to staying together. Both realistic and openhearted, *Wedding Toasts I’ll Never Give* offers a refreshing new way to think about marriage as a brave, tough, creative decision to stay with another person for the rest of your life. “What a burden,” Calhoun calls marriage, “and what a gift.”

Secrets of a Very Good Marriage

Find out what happy couples know that makes their marriages amazing instead of mundane! Harry H. Harrison’s latest dose of wit and wisdom pays tribute to the sanctity of marriage and provides a trove of insight—1001 to be exact—into what it takes to have a happy union for a lifetime. Covering topics from the differences of the sexes, to money, marriage myths, and menopause, Harry doles out loads of practical tips and advice laced with his witty humor we’ve all come to love. *1001 Things Happy Couples Know About Marriage* is a topic any newlywed—or seasoned couple—will appreciate, especially when

the wedding day has come and gone, and all that's left is each other. With two million books in the market, no one knows how to deliver short, powerful truths like Harry Harrison!

Wedding Toasts I'll Never Give

In 1994, Dr. John Gottman and his colleagues at the University of Washington—made a startling announcement: Through scientific observation and mathematical analysis, they could predict—with more than 90 percent accuracy—whether a marriage would succeed or fail. The only thing they did not yet know was how to turn a failing marriage into a successful one, so Gottman teamed up with his clinical psychologist wife, Dr. Julie Schwartz Gottman, to develop intervention methods. Now the Gottmans, together with the Love Lab research facility, have put these ideas into practice. In *Ten Lessons to Transform Your Marriage*, the Gottmans share this vital information so that couples can develop the skills to turn their relationship problems around and create strong, lasting unions. What emerged from the Gottmans' collaboration and decades of research is a body of advice that's based on two surprisingly simple truths: Happily married couples behave like good friends, and they handle their conflicts in gentle, positive ways. The authors offer an intimate look at ten couples who have learned to work through potentially destructive problems—extramarital affairs, workaholism, parenthood adjustments, serious illnesses, lack of intimacy—and examine what they've done to improve communication and get their marriages back on track. Giving an insider's view of the Love Lab, the Gottmans take the reader step-by-step through the couples' conversations, before and after they are counseled. The authors also provide an analysis of the couples' interactions, identifying their core problems and offering suggestions for resolving them. By "listening" to the discussions in this way, you will learn to detect the most common stumbling blocks of a relationship and—most important—how to avoid them. Hundreds of thousands have seen their relationships improve thanks to the Gottmans' work. Whether you want to make a strong relationship more fulfilling or rescue one that's headed for disaster, *Ten Lessons to Transform Your Marriage* is essential reading. From inside the famed Gottman Institute, aka the "Love Lab": ten scientifically proven, practical ways to strengthen your marriage "We don't feel close anymore." "You never talk to me." "We only have time for the kids." "All you do is work." "You don't care about my dreams." Do you recognize yourself, or your spouse, in any of these statements? If so, Dr. John Gottman and his wife, Dr. Julie Schwartz Gottman, say you shouldn't be surprised. In fact, their decades of scientific research have shown that most couples face these and other serious problems—but what the Gottmans have proven is that such difficulties don't have to lead to a broken relationship, or even divorce. In *Ten Lessons to Transform Your Marriage*, the Gottmans provide vital tools—scientifically based and empirically verified—that you can use to regain affection and romance lost through years of ineffective communication. You'll strengthen your relationship and make it the most fulfilling it can be.

1001 Things Happy Couples Know about Marriage (Love, Romance, & Morning Breath)

Every marriage has its rough patches. If you're wondering how to repair yours, step away from the therapist, put down the magazine, and pick up this book. If you want to build a long, happy, fulfilling marriage, why not learn from the women who've done it? Laura Doyle's marriage was in trouble. After five years, her husband had become distant. He seemed checked out of their relationship, preferring watching TV to making love. There were frequent fights that ended with tense silences and even threats of divorce. Marriage counseling actually made their problems worse. Each session seemed to reinforce the feeling that she and her husband were just too far apart. Desperate to avoid divorcing the man she loved, Laura tried something different. Rather than consulting with experts or professionals, she simply started talking to women who'd been happily married for more than fifteen years. What she discovered shocked her. Everything she had heard in marriage counseling was wrong. Laura realized that there are some basic truths to relationships that can help women maintain loving, intimate marriages, such as: The happiness of your relationship is up to you! Women hold the keys to a happy relationship 95 percent of the time (and will learn what to do the other 5 percent). What men want most of all is to be treated with respect. Treat your man with respect (even if you aren't feeling it), and he will treat you with love and care. Your man wants to know he has your trust. Give it to him, and he'll realize you are special . . . because you will be! After seeing her own marriage transform, Laura set out to help other women do the same. In this book, you'll learn Laura's *Six Intimacy Skills*, which have been used by over 50,000 women who have transformed their previously unhappy marriages into blissful unions. Stop reading articles about how important it is to schedule date night, and learn how to transform your relationship into one bursting with energy, intimacy, and love. First, *Kill All the Marriage Counselors* will put you on the path to having the marriage you want with the man you love.

10 Ways to Save Your Marriage

A New York Times Bestseller! One woman undertakes a worldwide search to learn the secrets of a great marriage—and finds one foundational truth that could change everything. Fawn Weaver was a happily married woman running a successful business—and then something happened. Maybe it was divorce rate reports on the evening news, *The Real Housewives of Orange County*, or any daytime talk show where husbands and wives dramatically reveal their betrayals. Everywhere she looked, Fawn saw negative portrayals of marriage dominating the airwaves and dooming everyone to failure. Looking at Keith, the love of her life, she knew that wasn't true. She was determined to find and connect with women just like her—happy and optimistic about marriage, deeply in love with her spouse, and committed to building a strong marriage that stands the test of time. On a whim, she started the blog HappyWivesClub.com and sent the link to a few of new friends. What started as a casual invitation to five women exploded into an international online club with 150,000 members in more than 100 countries. Happy Wives Club is Fawn's journey across the world to meet her friends and discover what makes their marriages great. Join her on this exciting, exotic trip across six continents and through more than eighteen cities. Walk the streets of Mauritius, the historic ruins in Italy, and the vistas of New Zealand and Australia. Go from Cape Town to London, Manila to Buenos Aires, Winnipeg to Zagreb. Along the way, you will meet everyday women whose marriage secrets span cultures. You will hear their stories, witness their love, and be inspired by the proof that happy, healthy marriages do exist—and yours can be one of them! It turns out great marriages are all around us—when we look for them. Go on a trip with Fawn and learn the best marriage secrets the world has to offer.

First, Kill All the Marriage Counselors

The inspirational sequel to *12 RULES FOR LIFE*, which has sold over 5 million copies around the world - now in paperback In *12 Rules for Life*, acclaimed public thinker and clinical psychologist Jordan B. Peterson offered an antidote to the chaos in our lives: eternal truths applied to modern anxieties. His insights have helped millions of readers and resonated powerfully around the world. Now in this long-awaited sequel, Peterson goes further, showing that part of life's meaning comes from reaching out into the domain beyond what we know, and adapting to an ever-transforming world. While an excess of chaos threatens us with uncertainty, an excess of order leads to a lack of curiosity and creative vitality. *Beyond Order* therefore calls on us to balance the two fundamental principles of reality - order and chaos - and reveals the profound meaning that can be found on the path that divides them. In times of instability and suffering, Peterson reminds us that there are sources of strength on which we can all draw: insights borrowed from psychology, philosophy, and humanity's greatest myths and stories. Drawing on the hard-won truths of ancient wisdom, as well as deeply personal lessons from his own life and clinical practice, Peterson offers twelve new principles to guide readers towards a more courageous, truthful and meaningful life.

Happy Wives Club

Two-time Pulitzer Prize nominee Nancy Shulins brings forth straight-from-life lessons on long-term love and the relationships nurtured by it in this composition of essays as varied as the moods of married life--each tale comes at love from a different angle to capture it in its entirety. *Every Day I Love You More: (Just Not Today!)* offers lessons in loving one person for life. It teaches couples to count their blessings, learn from their mistakes, and strengthen the bonds between them. It offers honest, reliable, witty advice, and addresses every couples' day-to-day struggles, as well as ideas that are as clever as they are fun. The tone of the essays will vary, much like the day-to-day mood in a marriage; some are poignant, some hilarious, some thoughtful, some spiritual, and some heart-warming, but all are drawn from real life. Each tale will focus on a different aspect of long-term love, and offer prescriptive suggestions for the reader. Some stories will come from the author's own marriage; others, from a wide range of committed relationships. Each offers gems of wisdom on weathering the bittersweet idiosyncrasies of every marriage, ranging from remembering why you first fell in love with him to knowing when you need time apart to indulging his need for a Lay-Z-Boy recliner. As a result, every couple who've made it past the honeymoon stage will recognize themselves in these pages, and learn to love each other more every day -- even when "every day" starts tomorrow.

Beyond Order

The return of a classic! A systematic, practical model for building marriage skills, newly revised and updated. Invaluable tools to help make marriages more rewarding, effective, and satisfying by showing

couples how to encourage each other, resolve conflict, communicate effectively, maintain equality in the relationship, and make better choices.

Every Day I Love You More (Just Not Today)

Time for a Better Marriage
