Funny Scottish Exams

We've all giggled at the answers that have been given to some Scottish exam questions. This collection of hilarious howlers will make you thank your lucky stars that no one took a note of your answers.

F in Exams

F stands for "funny" in this perfect gift for students or anyone who has ever had to struggle through a test and needs a good laugh. Celebrating the creative side of failure in a way we can all relate to, F in Exams gathers the most hilarious and inventive test answers provided by students who, faced with a question they have no hope of getting right, decide to have a little fun instead. Whether in science (Q: What is the highest frequency noise that a human can register? A: Mariah Carey), the humanities (Q: What did Mahatma Gandhi and Genghis Khan have in common? A: Unusual names), math, or other subjects, these 250 entries prove that while everyone enjoys the spectacle of failure, it's even sweeter to see a FAIL turn into a WIN.

F in Exams

Four books in one: The ultimate compendium of the New York Times–bestselling series filled with hilariously wrong test answers from real-life classrooms. This fun omnibus features the complete content from all four books in the popular series—F in Exams, F for Effort, F this Test, and F in Exams: Pop Quiz—plus more than one hundred brand-new, sadly real, hilariously wrong, and sometimes admirably creative student answers (Q: What is the role of a catalyst in a chemical reaction? A: It lists the cats involved). Also including bonus trivia in the form of “Stuff They Should Have Taught Us in School” facts (did you know a sneeze can travel up to 100 MPH?), this A+ collection will amuse anyone facing down a test as well as those happy to have the classroom behind them.

F for Effort

From the author of the national bestseller F in Exams comes a new compendium of hilarious and inventive wrong test answers and homework hiccups. F for Effort features hilarious gems from elementary school (“two halves make a whale”), middle school (Q: What does “germinate” mean? A: To become a German citizen), and high school (Q: Fossil fuels are usually associated with which major type of rock? A: Classic rock). These 250 examples of creative invention are sure to charm anyone who has had to bluff or blunder their way through a test. Plus, this is a fixed-format version of the book, which looks nearly identical to the print version.

F in Exams Pop Quiz

Will some students ever learn from their mistakes? We hope not! A new collection of real—and really hilarious—wrong answers. This all-new collection of hilarious, totally wrong, real test answers serves a fresh batch of A+ wit misapplied to F- quiz scores. A little studying would reveal that the most powerful

light source known to man isn't "lightsabers," nor do we salt the roads when it snows "to make them taste better." But where's the fun in that? From the same wellspring of failure as the million-selling F in Exams series, this special pop quiz collection will amuse and entertain anyone preparing to face down a test paper as well as those just glad to be far away from a classroom.

F This Test

New York Times—Bestselling Series: A collection of laugh-out-loud incorrect test answers showcasing the brilliance of stumped students. From the author of the bestselling F in Exams, and F for Effort comes this all-new collection of inventively wrong—yet totally real—test responses by students who don't know the answer, but come up with something better instead. Featuring crucial academic subjects including English (Q: Name a key theme in Madame Bovary; A: Cows), Geography (Q: Where can you find the Andes?; A: Google Earth), Science (Q: Describe the properties of a meteor; A: An animal that only eats meat) and more, F this Test rounds out the curriculum with an extra-credit section for those tricky elective courses, and demonstrates that it's more fun to laugh when faced with an absolute fail.

F in Exams

Another year, another set of exams and another round of well-meaning students to provide us with our textbook mix of wisdom and wisecracks. Bursting with yet more crazy and creative thinking, this book showcases an all-new selection of test paper answers, from hilarious misunderstandings to maverick mistakes.

F in Exams

Lined Journal, 120 Pages, 6 x 9, Soft Cover, Glossy Finish Funny and Hilarious joke in the cover Perfect Valentine's Gift For work, school, college

The Exam's Questions Were Very Easy

What if society wasn't fundamentally rational, but was motivated by insanity? This thought sets Jon Ronson on an utterly compelling adventure into the world of madness. Along the way, Jon meets psychopaths, those whose lives have been touched by madness and those whose job it is to diagnose it, including the influential psychologist who developed the Psychopath Test, from whom Jon learns the art of psychopath-spotting. A skill which seemingly reveals that madness could indeed be at the heart of everything . . . Combining Jon Ronson's trademark humour, charm and investigative incision, The Psychopath Test is both entertaining and honest, unearthing dangerous truths and asking serious questions about how we define normality in a world where we are increasingly judged by our maddest edges. 'The belly laughs come thick and fast – my God, he is funny . . . provocative and interesting' – Observer

The Psychopath Test

Despite using them every day, most software engineers know little about how programming languages are designed and implemented. For many, their only experience with that corner of computer science was a terrifying "compilers" class that they suffered through in undergrad and tried to blot from their memory as soon as they had scribbled their last NFA to DFA conversion on the final exam. That fearsome reputation belies a field that is rich with useful techniques and not so difficult as some of its practitioners might have you believe. A better understanding of how programming languages are built will make you a stronger software engineer and teach you concepts and data structures you'll use the rest of your coding days. You might even have fun. This book teaches you everything you need to know to implement a full-featured, efficient scripting language. You'll learn both high-level concepts around parsing and semantics and gritty details like bytecode representation and garbage collection. Your brain will light up with new ideas, and your hands will get dirty and calloused. Starting from main(), you will build a language that features rich syntax, dynamic typing, garbage collection, lexical scope, first-class functions, closures, classes, and inheritance. All packed into a few thousand lines of clean, fast code that you thoroughly understand because you wrote each one yourself.

Crafting Interpreters

Bursting with head-scratching exam answers, this collection brings together the most side-splitting examples from the F in Exams series.

F in Exams

The F in Exams are over, the results are in and just when you thought it was safe to go back in the classroom... BANG! It's time for F in Retakes! Enjoy another heady dose of hilarious answers that canny students have given to the trickiest exam questions.

F in Retakes

Against the backdrop of his most haunting, high-profile murder and child abuse cases, a veteran prosecutor goes beyond an insider's reflection to shine a light on the humanlike qualities personified in the U.S. criminal justice system and what this means for our future. The Humanity of Justice is a procedural true-crime book told through the eyes and heart of a veteran criminal prosecutor who cares about the people he meets and their life-altering circumstances. Burke E. Strunsky, a senior deputy district attorney in southern California, takes the reader inside the courtroom for some of the most haunting criminal cases in the state as well as the nation, including: a highly respected church leader who brutally murders his wife for the insurance money while their baby sleeps peacefully in another room; a twisted father who sexually molests his daughter's own friends at her slumber parties; a former police chief who drowns his wife of thirty years in their backyard spa; and a young man who sadistically tortures and kills a helpless three-year-old boy, yet manages to dodge the death penalty. Strunsky's own impassioned social and moral commentary is woven throughout this thought-provoking book on issues significant to the world of criminal justice. Even in the midst of the darkest stories, the voices and courage of the victims and those who love them will leave the reader touched and inspired. 100% of the proceeds from this book will be donated to The Humanity of Justice Foundation, a non-profit organization, to help prevent child abuse and neglect.

The Humanity of Justice

A plane crashes on a desert island and the only survivors, a group of schoolboys, assemble on the beach and wait to be rescued. By day they inhabit a land of bright fantastic birds and dark blue seas, but at night their dreams are haunted by the image of a terrifying beast. As the boys' delicate sense of order fades, so their childish dreams are transformed into something more primitive, and their behaviour starts to take on a murderous, savage significance. First published in 1954, *Lord of the Flies* is one of the most celebrated and widely read of modern classics. Now fully revised and updated, this educational edition includes chapter summaries, comprehension questions, discussion points, classroom activities, a biographical profile of Golding, historical context relevant to the novel and an essay on *Lord of the Flies* by William Golding entitled 'Fable'. Aimed at Key Stage 3 and 4 students, it also includes a section on literary theory for advanced or A-level students. The educational edition encourages original and independent thinking while guiding the student through the text - ideal for use in the classroom and at home.

Lord of the Flies

We all know that the written word is full of traps for the unwary, and this goes double for those in their early years of learning it. Enjoy this collection of side-splitting spelling slip-ups ranging from the charming to the ridiculous, and the cute to the unintentionally X-rated!

F in Spelling

INSTANT NEW YORK TIMES BESTSELLER "One of the most important books I've ever read—an indispensable guide to thinking clearly about the world." – Bill Gates "Hans Rosling tells the story of 'the secret silent miracle of human progress' as only he can. But Factfulness does much more than that. It also explains why progress is so often secret and silent and teaches readers how to see it clearly." —Melinda Gates "Factfulness by Hans Rosling, an outstanding international public health expert, is a hopeful book about the potential for human progress when we work off facts rather than our inherent biases." - Former U.S. President Barack Obama Factfulness: The stress-reducing habit of only carrying opinions for which you have strong supporting facts. When asked simple questions about

global trends—what percentage of the world's population live in poverty; why the world's population is increasing; how many girls finish school—we systematically get the answers wrong. So wrong that a chimpanzee choosing answers at random will consistently outguess teachers, journalists, Nobel laureates, and investment bankers. In *Factfulness*, Professor of International Health and global TED phenomenon Hans Rosling, together with his two long-time collaborators, Anna and Ola, offers a radical new explanation of why this happens. They reveal the ten instincts that distort our perspective—from our tendency to divide the world into two camps (usually some version of us and them) to the way we consume media (where fear rules) to how we perceive progress (believing that most things are getting worse). Our problem is that we don't know what we don't know, and even our guesses are informed by unconscious and predictable biases. It turns out that the world, for all its imperfections, is in a much better state than we might think. That doesn't mean there aren't real concerns. But when we worry about everything all the time instead of embracing a worldview based on facts, we can lose our ability to focus on the things that threaten us most. Inspiring and revelatory, filled with lively anecdotes and moving stories, *Factfulness* is an urgent and essential book that will change the way you see the world and empower you to respond to the crises and opportunities of the future. --- "This book is my last battle in my life-long mission to fight devastating ignorance...Previously I armed myself with huge data sets, eye-opening software, an energetic learning style and a Swedish bayonet for sword-swallowing. It wasn't enough. But I hope this book will be." Hans Rosling, February 2017.

Factfulness

'An extraordinarily powerful, deeply moving novel' Amitav Ghosh NOW A MAJOR FILM ON NETFLIX In the world of his large family - affluent Tamils living in Colombo - Arjie is an oddity, a 'funny boy' who prefers dressing as a girl to playing cricket with his brother. But as Arjie comes to terms with his own homo-sexuality and with the racism of the society in which he lives, Sri Lanka is plunged into civil war as fighting between the army and the Tamil Tigers gradually begins to encroach on the family's comfortable life. Sporadic acts of violence flare into full scale riots and lead, ultimately, to tragedy. Written in clear, simple prose, Shyam Selvadurai's first novel is masterly in its mingling of the personal and political. WITH AN INTRODUCTION BY NEEL MUKHERJEE

Exam Activator

If only every school test was like an ACK exam! Discover more than 400 amazing facts about the human body, outer space, geography, art, music, nature, history and popular culture, all presented in an outrageously funny parody of school exams! Kids—and—parents will laugh nonstop as they learn all about our wondrous world. Each of the eight extensive quizzes contain hilarious multiple-choice questions and surprising true-false challenges. The actual answer, provided on the next page, includes deeper insight and detail. Perfect for reading out loud to friends and family, ACK exams are a fun way to get smart. There are even includes blank answer sheets that can turn ACK exams into actual family and friend challenge events! The shortest name for an actual geographic place is: A. Yt. A village name often found in rural parts of North Africa, where sadly, years of drought have made vowels extremely scarce. B. Å. It may be one letter, but do you know how to say it, smarty-pants? C. Uh. A town in South Australia, so-called because nobody could remember the original name, Ozenkadnook. D. Zed. A small city in Florida, named after the way its many British-born residents pronounce the last letter in the alphabet. Answer: B. In Sweden, there are at least eight villages that go by the name Å, and plenty more in Norway and Denmark. In these Scandinavian languages, 'Å' means "small river." Which of these places has the largest number of active volcanoes in the world? A. Indonesia. Residents regularly have to outrun lava. B. Iceland. They should call it Fireland instead. C. The teacher's lounge. They're always blowing their tops in there. D. Disney World, near Orlando, Florida. But don't worry, it's only a show, folks. ANSWER: A. Indonesia has a staggering 127 active volcanoes, many of which erupt regularly.

Funny Boy

'... you won't know whether to laugh or cry' DAILY MAIL Getting up at the crack of dawn, wearing school uniform, squabbles in the schoolyard, endless homework... those were the best days of your life! It's time to relive them with this new collection of side-splitting jokes and ridiculous exam answers, showcasing the very best (and worst) in school humour.

Absolutely Crazy Knowledge

Give your child the support they need in English These new practice test materials for Cambridge English: Flyers (also known as Young Learners English: Flyers) support young learners and include comprehensive guidance for both teachers and parents. By working through the practice tests, children will feel ready for what they need to do on the day of the test, and will also have fun whilst they are learning. The book includes: * 3 full practice tests with a colourful and clear design to motivate and encourage young learners, and prepare them for what they will see in the real test* An audio CD with recordings by young native English speakers The Teacher's Guide and a Parent's Guide are available online, and are full of information and support for anyone preparing their child for their first Cambridge English test. For Teachers and Parents (available online)* A full guide to each part of the test* Ideas for exam preparation activities* Model answer recordings for the Speaking paper - recorded by young native English speakers so that learners hear examples of correct English again and again* Cambridge English vocabulary list with the key words learners need to know* Audio scripts for the Listening and Speaking sections* Answer key

F in Exams Joke Book

'I'm a HUGE fan of Alison Green's "Ask a Manager" column. This book is even better' Robert Sutton, author of The No Asshole Rule and The Asshole Survival Guide 'Ask A Manager is the book I wish I'd had in my desk drawer when I was starting out (or even, let's be honest, fifteen years in)' - Sarah Knight, New York Times bestselling author of The Life-Changing Magic of Not Giving a F*ck A witty, practical guide to navigating 200 difficult professional conversations Ten years as a workplace advice columnist has taught Alison Green that people avoid awkward conversations in the office because they don't know what to say. Thankfully, Alison does. In this incredibly helpful book, she takes on the tough discussions you may need to have during your career. You'll learn what to say when: · colleagues push their work on you - then take credit for it · you accidentally trash-talk someone in an email and hit 'reply all' · you're being micromanaged - or not being managed at all · your boss seems unhappy with your work · you got too drunk at the Christmas party With sharp, sage advice and candid letters from real-life readers, Ask a Manager will help you successfully navigate the stormy seas of office life.

A2 Flyers

Blackstone's Statute Books are designed specifically to provide students with a collection of statutes for use throughout their course, and now cover all the main law subjects.

Ask a Manager

Love To Teach: Research and Resources for every classroom is an exciting book that combines the latest educational research with examples of what this can look like in the classroom. Filled with research-informed ideas to support all teachers and leaders in both Primary and Secondary this book would be great for NQTs to more experienced teachers and leaders alike. The educational research is presented in a format which is accessible, helpful and informative and will help inform educators about cutting-edge research in practical and applicable ways. The practical resources are easily adaptable and ready to be implemented in any classroom and are grounded in Kate's own classroom practice. 'Written with the same passion, reflection and drive that runs through everything Kate does, Love To Teach is a real gem. Kate explores a huge range of practical pick-up-and-use strategies rooted deeply in educational research. The book is an equal balance between thought-provoking and extremely useful. Love to Teach is a great resource for all teachers who are committed to improving their practice and increasing their impact upon the futures of the young people they teach.' -- Sarah Findlater Secondary Principal at Gems First Point School Dubai. Author and Series Editor of the Bloomsbury CPD Library @msfindlater

Blackstone's Statutes on Public Law

In "Watching The English" anthropologist Kate Fox takes a revealing look at the quirks, habits and foibles of the English people. She puts the English national character under her anthropological microscope, and finds a strange and fascinating culture, governed by complex sets of unspoken rules and byzantine codes of behaviour. The rules of weather-speak. The ironic-gnome rule. The reflex apology rule. The paranoid-pantomime rule. Class indicators and class anxiety tests. The money-talk taboo and many more ...Through a mixture of anthropological analysis and her own unorthodox experiments (using herself as a reluctant guinea-pig), Kate Fox discovers what these unwritten behaviour codes tell us about Englishness.

Love to Teach

The Mom Test is a quick, practical guide that will save you time, money, and heartbreak. They say you shouldn't ask your mom whether your business is a good idea, because she loves you and will lie to you. This is technically true, but it misses the point. You shouldn't ask anyone if your business is a good idea. It's a bad question and everyone will lie to you at least a little . As a matter of fact, it's not their responsibility to tell you the truth. It's your responsibility to find it and it's worth doing right . Talking to customers is one of the foundational skills of both Customer Development and Lean Startup. We all know we're supposed to do it, but nobody seems willing to admit that it's easy to screw up and hard to do right. This book is going to show you how customer conversations go wrong and how you can do better.

New GCSE English Language AQA Workbook - For the Grade 9-1 Course (Includes Answers)

EXAMINATIONS & ASSESSMENT. What happens to a boy when he reaches puberty? He says goodbye to childhood and enters adultery. How can you prevent milk turning sour? Keep it in the cow. We've all been there. You've been studying hard, the day of the Big test arrives, you turn over the paper, and 'what the *& per cent @ does that mean?!' Not a clue. Some students, rather than admit defeat, choose to adopt a more creative approach to answering those particularly awkward exam questions. Packed full of hilarious examples, this book will bring a smile to the face of teachers, parents and students alike - and anyone who's ever had to sit a test.

Watching the English

Help children of all learning styles and strengths improve their critical thinking skills with these creative, cross-curricular activities. Each engaging activity focuses on skills such as recognizing and recalling, evaluating, and analyzing.

The Mom Test

An updated, repackaged edition of the bestselling divination tool and party favorite - ask a yes or no question, open the book, find your answer - with more than a million copies in print. Should you ask your boss for a raise? Call that cutie you met at a party? Sell your Google stock? Tell your best friend her boyfriend's cheating? The answer to these questions (and hundreds of others) is in this fun and weirdly wise little book that's impossible to put down. It's simple to use: just hold it closed in your hands and concentrate on your question for a few seconds. While visualizing or speaking your question, place one palm down on the book's front and stroke the edge of the pages back to front. When you sense the time is right, open to the page your fingers landed on and there is your answer! Fun, satisfying, and a lot less time-consuming than asking everyone you know for advice. Over 1 million copies in print!

F in Exams

To date, more than a million insect species have been described, with probably at least another 5-8 million species waiting in the wings for a name. Insects are a fascinatingly diverse and beautiful spectrum of animals. They range in size from the tiny parasitic wasp, measuring a mere 139µm, to the aptly named Titan beetle, which can reach lengths of up to 17cm. They can be found on all continents of the world, from the Sahara Desert to the frozen wastes of Antarctica; in caves, under the ground, inside plants, other insects and vertebrates, in rivers, streams, lakes and ponds, in puddles, in the watery interiors of pitcher plants; and in our houses. While no insects live beneath the waves, the intrepid sea skaters skim the surface of some of the world's oceans. This Very Short Introduction explores the

extraordinary world of insects. It analyses insect evolution, taxonomy and development, and describes their behaviour, their life styles, and the interactions they have with other insects and other animals. As Simon Leather shows, insects are the bedrock on which human civilisation rests; without them we would almost certainly not exist. Although they can be seen as pests of our crops plants, they are also invaluable for pollinating our flowering plants and are an invaluable link in all land ecosystems. As they face challenges from climate change and pesticides it has never been more important to understand these oft-dismissed creatures. Very Short Introductions: Brilliant, Sharp, Inspiring ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

81 Fresh & Fun Critical-thinking Activities

Cheating on Tests is the first book to offer a comprehensive look at this pervasive and weighty problem. It is organized around seven major objectives: introduce and define the problem of cheating and document the extent of its occurrence; catalog and present information on the methods used to cheat on tests; provide information on methods useful for preventing cheating; describe methods used to detect cheating once it has occurred; synthesize what is known about predispositions, correlates, and cultural differences in cheating; summarize legal issues related to cheating; and illustrate ways in which individuals and institutions respond to cheating.

The Book of Answers

Comprehensive medical imaging physics notes aimed at those sitting the first FRCR physics exam in the UK and covering the scope of the Royal College of Radiologists syllabus. Written by Radiologists, the notes are concise and clearly organised with 100's of beautiful diagrams to aid understanding. The notes cover all of radiology physics, including basic science, x-ray imaging, CT, ultrasound, MRI, molecular imaging, and radiation dosimetry, protection and legislation. Although aimed at UK radiology trainees, it is also suitable for international residents taking similar examinations, postgraduate medical physics students and radiographers. The notes provide an excellent overview for anyone interested in the physics of radiology or just refreshing their knowledge. This third edition includes updates to reflect new legislation and many new illustrations, added sections, and removal of content no longer relevant to the FRCR physics exam. This edition has gone through strict critique and evaluation by physicists and other specialists to provide an accurate, understandable and up-to-date resource. The book summarises and pulls together content from the FRCR Physics Notes at Radiology Cafe and delivers it as a paperback or eBook for you to keep and read anytime. There are 7 main chapters, which are further subdivided into 60 sub-chapters so topics are easy to find. There is a comprehensive appendix and index at the back of the book.

Insects: A Very Short Introduction

Hoffmann's complete and well-documented account of the failings and dangers of mechanical testing illustrates the inherent flaws in aptitude and achievement tests. It demonstrates the inadequacies of multiple-choice testing, in which candidates simply choose answers and need not justify their replies, revealing the tests' inclination to reward superficiality rather than subtlety and creativity. Aimed at teachers and others involved in education, this polemic exposes the corporate testing giants whose dubious claims to scientific accuracy shield them from public scrutiny.

Cheating on Tests

The Cambridge Advanced Learner's Dictionary is the ideal dictionary for advanced EFL/ESL learners. Easy to use and with a great CD-ROM - the perfect learner's dictionary for exam success. First published as the Cambridge International Dictionary of English, this new edition has been completely updated and redesigned. - References to over 170,000 words, phrases and examples explained in clear and natural English - All the important new words that have come into the language (e.g. dirty bomb, lairy, 9/11, clickable) - Over 200 'Common Learner Error' notes, based on the Cambridge Learner Corpus from Cambridge ESOL exams Plus, on the CD-ROM: - SMART thesaurus - lets you find all the words with the same meaning - QUICKfind - automatically looks up words while you are working on-screen - SUPERwrite - tools for advanced writing, giving help with grammar and collocation - Hear and practise all the words.

FRCR Physics Notes

If you are looking for a fun teacher gift, as an alternative to a card- this notebook is a great choice! Inside this funny notebook your teacher can write all the funny things his/her student say, or write on tests. Your teacher can trace: Date Name of the student What he/she said Rating Surprise your teacher at the end of this school year with this fun appreciation gift!

The Tyranny of Testing

High school entrance exams, PSAT, SAT, and GRE, as well as professional and civil service qualifying exams, use vocabulary words in context to test verbal aptitude. Test-takers must choose the correct word out of five possible choices. Correct answers are fully explained using their definitions, to reinforce skills.

Cambridge Advanced Learner's Dictionary

Presents a collection of bloopers, malapropisms, revisionist histories, and interpretations of history from college students' term papers and blue book examinations.

Intro

A patient with S.T. segment elevation Myocardial Infarction has ongoing chest discomfort. Fibrinolytic therapy has been ordered. Heparin 4000 units I.V. bolus was administered, and a heparin infusion of 1000 units per hour is being administered. Aspirin was not taken by the patient because he had a history of gastritis treated 5 years ago. Your next action is to

A patient has sinus bradycardia with a heart rate of 36 beats per minute. Atropine has been administered to a total of 3 milligrams. A transcutaneous pacemaker has failed to capture. The patient is confused, and her systolic blood pressure is 110. Which of the following is now indicated?

A 62-year-old man suddenly experienced difficulty speaking and left-side weakness. He was brought to the emergency department. He meets initial criteria for fibrinolytic therapy, and a C.T. scan of the brain is ordered. What are the guidelines for antiplatelet and fibrinolytic therapy?

A patient with a possible S.T. segment elevation Myocardial Infarction has ongoing chest discomfort. Which of the following would be a contraindication to the administration of nitrates?

A patient is in cardiac arrest. Ventricular fibrillation has been refractory to a second shock. Of the following, which drug and dose should be administered first?

A 35-year-old woman has palpitations, light-headedness, and a stable tachycardia. The monitor shows a regular narrow- complex tachycardia at a rate of 180 per minute. Vagal maneuvers have not been effective in terminating the rhythm. An I.V. has been established. What drug should be administered?

A patient with sinus bradycardia and heart rate of 42 has diaphoresis and a systolic blood pressure of 80. What is the initial dose of atropine based on the current A.C.L.S. guidelines?

A patient is in refractory ventricular fibrillation and has received multiple appropriate defibrillation shocks, epinephrine 1 milligram I.V. twice, and an initial dose of 300 milligram amiodarone L.V. The patient is intubated. A second dose of amiodarone is now called for. The recommended second dose

A patient with a possible acute coronary syndrome has ongoing chest discomfort unresponsive to 3 sublingual nitroglycerin tablets. There are no contraindications, and 4 milligrams of morphine sulfate was administered. Shortly afterward, the systolic blood pressure falls to 88, and the patient has increased chest discomfort. You should

A patient has a rapid irregular wide-complex tachycardia. The ventricular rate is 138 per minute. The patient is asymptomatic with a systolic blood pressure of 110. He has a history of angina. Which of the following actions is recommended?

You arrive on the scene with the code team. High- quality C.P.R. is in progress. An A.E.D. has previously advised "no shock indicated." A rhythm check now finds asystole. After resuming high-quality compressions, your next action is to

A patient is in pulseless ventricular tachycardia. Two shocks and 1 dose of epinephrine have been given. Which is the next drug/dose to anticipate

Your patient has been intubated. Intravenous access has been unsuccessfully attempted twice. Which of the following is also an acceptable route for drug administration during a code?

A patient is in cardiac arrest. Ventricular fibrillation has been refractory to an initial shock. What is the recommended route for drug administration during CPR?

A patient is in refractory ventricular fibrillation. High-quality CPR is in progress, and shocks have been given. One dose of epinephrine was given after the second shock. An antiarrhythmic drug was given immediately after the third shock. What drug should the team leader request to be prepared for administration next?

A 57-year-old woman has palpitations, chest discomfort, and tachycardia. The monitor shows a

regular wide-complex tachycardia at a rate of 180 beats per minute. She becomes diaphoretic, and her blood pressure is 80 over 60. The next action is to

A patient is in cardiac arrest. High-quality chest compressions are being given. The patient is intubated and an I.V. has been started. The rhythm is asystole. Which is the first drug/dose to administer?

A 45-year-old woman with a history of palpitations develops light-headedness and palpitations. She has received adenosine 6 milligrams for the rhythm shown above without conversion of the rhythm. She is now extremely apprehensive. Her Blood pressure is 108 over 70. What is the next appropriate intervention?

#22: A patient in the emergency department develops recurrent chest discomfort suspicious for ischemia. Oxygen is being administered via a nasal device at 4 Liters per minute, and an I.V. line is in place. The systolic blood pressure is 160. There are no allergies or contraindications to any medication. You would first order

Following initiation of CPR and 1 shock, Ventricular fibrillation persists. A second shock is given and chest compressions are resumed immediately. An I.V. is in place and no drugs have been given.

Bag-mask ventilations are producing visible chest rise. What is your next order?

You arrive on the scene to find a 56-year-old diabetic woman with dizziness. She is pale and diaphoretic. Her systolic blood pressure is 80. The cardiac monitor shows a brady arrhythmia. The Client is receiving oxygen at 4 Liters per minute and an I.V. has been established. Your next order is
