I called myself Pip, and came to be called Pip.' Great Expectations charts the progress of Pip from childhood through often painful experiences to adulthood, as he moves from the Kent marshes to busy, commercial London, encountering a variety of extraordinary characters ranging from Magwitch, the escaped convict, to Miss Havisham, locked up with her unhappy past and living with her ward, the arrogant, beautiful Estella. In this compelling story, Dickens shows the dangers of being driven by desire for wealth and social status. Pip must establish his own sense of self against the plans which others seem to have for him, and thus discover a firm set of values and priorities. Whether such values will allow one to prosper in the complex world of early Victorian England is, however, the major question posed by Great Expectations, one of Dickens' most fascinating, and disturbing, novels. This edition uses the text of the Clarendon edition, with a new Introduction and Explanatory Notes. The Appendices give the original, discarded ending, Dickens' brief working notes, and the serial instalments and chapter divisions in different editions.

Great Expectations

The adventures of an orphaned young man in Victorian England who is given a great deal of money by an unknown benefactor to enable him to live as a gentleman, pursuing a good education and fulfilling great expectations.

Great Expectations

A Christmas Carol is Charles Dickens' most famous book and arguably the world's most read Christmas story. Here, we follow Ebenezer Scrooge, a miserly and mean-spirited businessman, who undergoes a total transformation and becomes a kind person after being haunted by ghosts on Christmas Eve. It is one of the great classics of world literature, here accompanied by other classics from Dickens' Christmas repertoire, like A Christmas Tree and The Seven Poor Travellers. CHARLES DICKENS [1812–1870], born in Portsmouth, England, was the most popular English-language novelist of his time. He created a fictional world that reflected the social and technological changes during the Victorian era. Among his most famous works are David Copperfield, Oliver Twist, Great Expectations, A Tale of Two Cities, A Christmas Carol, and The Pickwick Papers.

The first collected and annotated edition of Carroll's brilliant, witty poems, edited by Gillian Beer. 'Twas brillig, and the slithy toves / Did gyre and gimble in the wabe...' wrote Lewis Carroll in his wonderfully playful poem of nonsense verse, 'Jabberwocky'. This new edition collects together the marvellous range of Carroll's poetry, including nonsense verse, parodies, burlesques, and more. Alongside the title piece are such enduringly wonderful pieces as 'The Walrus and the Carpenter', 'The Mock Turtle's Song', 'Father William' and many more. This edition also includes notes, a chronology and an introduction by Gillian Beer that discusses Carroll's love of puzzles and wordplay and the relationship of his poetry with the Alice books 'Opening at random Gillian Beer's new edition of Lewis Carroll's poems, Jabberwocky and Other Nonsense, guarantees a pleasurable experience - not all of it nonsensical' - Times Literary Supplement Lewis Carroll was the pen-name of the Reverend Charles Lutwidge Dodgson. Born in 1832, he was educated at Rugby School and Christ Church, Oxford, where he was appointed lecturer in mathematics in 1855, and where he spent the rest of his life. In 1861 he took deacon's orders, but shyness and a stammer prevented him from seeking the priesthood. His most famous works, Alice's Adventures in Wonderland (1865) and Through the Looking-Glass (1872), were originally written for Alice Liddell, the daughter of the Dean of his college. Charles Dodgson died of bronchitis in 1898. Gillian Beer is King Edward VII Professor Emeritus of English at the University of Cambridge and past President of Clare Hall College. She is a Fellow of the British Academy and of the Royal Society of Literature. Among her works are Darwin's Plots (1983; third edition, 2009), George Eliot (1986), Arguing with the Past: Essays in Narrative from Woolf to Sidney (1989), Open Fields: Science in Cultural Encounter (1996) and Virginia Woolf: The Common Ground (1996).

"The Book of the Courtier" by Baldassarre conte Castiglione is a lengthy philosophical dialogue on the topic of what constitutes an ideal courtier or court lady, worthy to befriend and advise a Prince or political leader. Castiglione set the narrative of the book in his years as a courtier in his native Duchy of Urbino. It offers a poignantly nostalgic evocation with a reverent tribute to the friends of Castiglione's youth.

The difficulties in determining the quality of information on the Internet--in particular, the implications of wide access and questionable credibility for youth and learning. Today we have access to an almost inconceivably vast amount of information, from sources that are increasingly portable, accessible, and interactive. The Internet and the explosion of digital media content have made more information available from more sources to more people than at any other time in human history. This brings an infinite number of opportunities for learning, social connection, and entertainment. But at the same time, the origin of information, its quality, and its veracity are often difficult to assess. This volume addresses the issue of credibility--the objective and subjective components that make information believable--in the contemporary media environment. The contributors look particularly at youth audiences and

experiences, considering the implications of wide access and the questionable credibility of information for youth and learning. They discuss such topics as the credibility of health information online, how to teach credibility assessment, and public policy solutions. Much research has been done on credibility and new media, but little of it focuses on users younger than college students. *Digital Media, Youth, and Credibility* fills this gap in the literature. Contributors Matthew S. Eastin, Gunther Eysenbach, Brian Hilligoss, Frances Jacobson Harris, R. David Lankes, Soo Young Rieh, S. Shyam Sundar, Fred W. Weingarten

March 2021 Indie Next Pick and #1 LibraryReads Pick "A bold, edgy, accomplished debut!" —Kate Quinn, New York Times bestselling author of *The Alice Network* A forgotten history. A secret network of women. A legacy of poison and revenge. Welcome to *The Lost Apothecary*... Hidden in the depths of eighteenth-century London, a secret apothecary shop caters to an unusual kind of clientele. Women across the city whisper of a mysterious figure named Nella who sells well-disguised poisons to use against the oppressive men in their lives. But the apothecary's fate is jeopardized when her newest patron, a precocious twelve-year-old, makes a fatal mistake, sparking a string of consequences that echo through the centuries. Meanwhile in present-day London, aspiring historian Caroline Parcellwell spends her tenth wedding anniversary alone, running from her own demons. When she stumbles upon a clue to the unsolved apothecary murders that haunted London two hundred years ago, her life collides with the apothecary's in a stunning twist of fate—and not everyone will survive. With crackling suspense, unforgettable characters and searing insight, *The Lost Apothecary* is a subversive and intoxicating debut novel of secrets, vengeance and the remarkable ways women can save each other despite the barrier of time. Don't miss *THE LONDON SEANCE SOCIETY*! Sarah's next spellbinding book about truth, illusion and the grave risks women will take to avenge the ones they love.

Jabberwocky and Other Nonsense

When this volume of Shakespeare's poems first appeared in 1609, he had already written most of the great plays that made him famous. The 154 sonnets - all but two of which are addressed to a beautiful young man or a treacherous 'dark lady' - contain some of the most exquisite and haunting poetry ever written, and deal with eternal subjects such as love and infidelity, memory and mortality, and the destruction wreaked by Time. Also included is *A Lover's Complaint*, originally published with the sonnets, in which a young woman is overheard lamenting her betrayal by a heartless seducer.

The Book of the Courtier

Drug overdose, driven largely by overdose related to the use of opioids, is now the leading cause of unintentional injury death in the United States. The ongoing opioid crisis lies at the intersection of two public health challenges: reducing the burden of suffering from pain and containing the rising toll of the harms that can arise from the use of opioid medications. Chronic pain and opioid use disorder both represent complex human conditions affecting millions of Americans and causing untold disability and loss of function. In the context of the growing opioid problem, the U.S. Food and Drug Administration (FDA) launched an Opioids Action Plan in early 2016. As part of this plan, the FDA asked the National Academies of Sciences, Engineering, and Medicine to convene a committee to update the state of the science on pain research, care, and education and to identify actions the FDA and others can take to respond to the opioid epidemic, with a particular focus on informing FDA's development of a formal

method for incorporating individual and societal considerations into its risk-benefit framework for opioid approval and monitoring.

As we approach the Millennium, apocalyptic expectations are rising in North America and throughout the world. Beyond the symbolic aura of the millennium, this excitement is fed by currents of unsettling social and cultural change. The millennial myth ingrained in American culture is continually generating new movements, which draw upon the myth and also reshape and reconstruct it. *Millennium, Messiahs, and Mayhem* examines many types of apocalypticism such as economic, racist, environmental, feminist, as well as those erupting from established churches. Many of these movements are volatile and potentially explosive. *Millennium, Messiahs, and Mayhem* brings together scholars of apocalyptic and millennial groups to explore aspects of the contemporary apocalyptic fervor in all original contributions. Opening with a discussion of various theories of apocalypticism, the editors then analyze how millennialist movements have gained ground in largely secular societal circles. Section three discusses the links between apocalypticism and established churches, while the final part of the book looks at examples of violence and confrontation, from Waco to Solar Temple to the Aum Shinri Kyo subway disaster in Japan. In this book the Promised Messiah, on whom be peace, discusses the philosophy of divine revelation, the three categories of people who claim to receive revelation, and the distinction of the truthful from the false. He then establishes his truthfulness by documenting over 200 Signs, including the fulfillment of prophecies made by the Holy Prophet Muhammad, may peace and blessings of Allah be upon him, other men of God, earlier scriptures, and his own revelations spanning over twenty-five years. The author cites numerous examples of his enemies who publicly predicted his downfall and demise, only to become the very victims of their own prophecies. God, however, protected him against every assault, while continuously reassuring him of His promise to bless his Community—a promise which continues to bear the seal and testimony of history. The author also appeals to the followers of different faiths to read this book cover to cover to appreciate and accept this evidence as proof that God is One and the Holy Prophet Muhammad is the Messenger of God, and that he is the Promised Messiah raised to unite humanity under the banner of Islam.

My Grandmother Asked Me to Tell You She's Sorry

This book presents an ethnographic study of social media in Mardin, a medium-sized town located in the Kurdish region of Turkey. The town is inhabited mainly by Sunni Muslim Arabs and Kurds, and has been transformed in recent years by urbanisation. Elisabetta Costa uses her 15 months of ethnographic research to explain why public-facing social media is more conservative than offline life. Yet, at the same time, social media has opened up unprecedented possibilities for private communications between genders and in relationships among young people – Costa reveals new worlds of intimacy, love and romance. She also discovers that, when viewed from the perspective of people's everyday lives, political participation on social media looks very different to how it is portrayed in studies of political postings separated from their original complex, and highly socialised, context. neoliberalism and political events.

"In the wake of a fever that decimated the earth's population--killing women and children and making childbirth deadly for the mother and infant--the midwife must pick her way through the bones of the

world she once knew to find her place in this dangerous new one. Gone are the pillars of civilization. All that remains is power--and the strong who possess it. A few women like her survived, though they are scarce. Even fewer are safe from the clans of men, who, driven by fear, seek to control those remaining"--Back cover.
