Andreas Hofer

"[...]who envy me these crumbs-men who think it a brilliant and glorious lot to be an 'imperial highness, ' the brother of a sovereign emperor! Ah, they do not know that this title means only that I am doomed to everlasting dependence and silence, and that the emperor's valet de chambre and his private secretary are more influential men than the Archduke John, who cannot do anything but submit, be silent, and look on in idleness." "Now your imperial highness slanders yourself," exclaimed Count Nugent. "You have not been silent, you have not looked on in idleness, but have worked incessantly and courageously for the salvation of your people and your country. Who drew up the original plan for the organization of the militia and the reserves? Who elaborated its most minute details with admirable sagacity? It was the Archduke John-the archduke in whom all Austria hopes, and who is the last refuge and comfort of all patriots!" "Ah, how much all of you are to be pitied, my friend, if you hope in me!" sighed John. "What am I, then? A poor atom which is allowed to move in the glare of the imperial sun, but which would be annihilated so soon as it should presume to be an independent luminary. Pray, Nugent, do not speak of such hopes; for, if the emperor should hear of it, not only would my liberty be endangered, but also[...]."

Andreas Hofer; An Historical Novel

Luise Muhlbach is the pseudonym given to the 19th century writer Austrian Clara Mundt. Mundt wrote over 50 novels. She is best known for her historical romances. Andreas Hofer was a Tyrolean innkeeper and patriot. He was the leader of a rebellion against Napoleon's forces. He fought for Austria against the French during the War of the Third Coalition. He was the leader of the rebellion against French forces in 1809 and was captured and executed by a firing squad. Hofer was a martyr in Germany and Austria and a rallying point against the power of Napoleon.

"Mrs. Mühlbach evidently does not aim to teach history through the medium of fiction. She simply uses the material that it places ready to her hand because it is available, and also for the reason that to some readers tales ostensibly founded upon fact are more entertaining than those which are

purely fictitious....There is, however, quite enough of accuracy in her delineations to give her works decided value as pictures of the periods in which their scenes are respectively laid; and she, moreover, writes with a vigor so decidedly masculine that numerous critics have made the very natural mistake of supposing the writer to be a man - a delusion which she apparently aims to foster, by announcing herself simply as L. Mühlbach upon the title-page of her works." -The New York Daily Times "As soon as the contents of this book are known, its circulation will far exceed that of the most popular novel of the season." -London Reader "There is not a dull chapter in it. The interest of the reader is well maintained from the beginning to the close, and we know of no book of similar characters which would while away an afternoon more pleasantly." -Utica Herald
