As private secretary to the Emperor Hadrian, the scholar Suetonius had access to the imperial archives and used them (along with eyewitness accounts) to produce one of the most colourful biographical works in history. The Twelve Caesars chronicles the public careers and private lives of the men who wielded absolute power over Rome, from the foundation of the empire under Julius Caesar and Augustus, to the decline into depravity and civil war under Nero and the recovery that came with his successors. A masterpiece of observation, anecdote and detailed physical description, The Twelve Caesars presents us with a gallery of vividly drawn – and all too human – individuals.

The Twelve Caesars

An essential primary source on Roman history and a fascinating achievement of scholarship covering a critical period in the Empire As private secretary to the Emperor Hadrian, the scholar Suetonius had access to the imperial archives and used them (along with eyewitness accounts) to produce one of the most colourful biographical works in history. The Twelve Caesars chronicles the public careers and private lives of the men who wielded absolute power over Rome, from the foundation of the empire under Julius Caesar and Augustus, to the decline into depravity and civil war under Nero and the recovery that came with his successors. A masterpiece of observation, anecdote and detailed physical description, The Twelve Caesars presents us with a gallery of vividly drawn—and all too human—individuals. James B. Rives has sensitively updated Robert Graves's now classic translation, reinstating Latin terms and updating vocabulary while retaining the liveliness of the original. This edition contains a new chronology, further reading, glossaries, maps, notes and an introduction discussing Suetonius' life and works. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

The Twelve Caesars

One of the most controversial of all works to survive from ancient Rome, the Augustan History is our main source of information about the Roman emperors from 117 to 284 AD. Written in the late fourth century by an anonymous author, it is an enigmatic combination of truth, invention and humour. This volume contains the first half of the History, and includes biographies of every emperor from Hadrian to Heliogabalus - among them the godlike Marcus Antonius and his grotesquely corrupt son Commodus. The History contains many fictitious (but highly entertaining) anecdotes about the depravity of the emperors, as the author blends historical fact and faked documents to present our most complete - albeit unreliable - account of the later Roman Caesars.

The Twelve Caesars

Brings to life for us the unrest and conspiracies, the struggle over the imperial succession, the prodigies and portents, the military campaigns all the way from Ethiopia to Yugoslavia. The author shows us the ruthless power-seeking as the 400-year-old republic finally collapsed and makes a great set-piece of the battle of Actium -- where Augustus defeated Antony and Cleopatra to become master of the world. He also inserts fictionalized speeches into his narrative, which offer his own profound political reflections or dramatize the many different attitudes to the emperor. The fascinating debate between the great general Agrippa and Maecenas (the patron of Horace and Virgil) on the merits of republicanism and monarchy confronts issues which are still very much alive today.

The Lives of the Twelve Caesars

The Lives of the Twelve Caesars by 2nd Century Roman historian Gaius Suetonius Tranquillus is the key primary source of biographical information for the first twelve rules of ancient Rome - emperors Julius Caesar, Augustus, Tiberius, Caligula, Claudius, Nero, Galba, Otho, Vitellius, Vespasian, Titus and Domitian.

The Twelve Caesars

The Roman leader's memoirs recount his campaigns against the Gallic tribes conducted between 58 and 50 B.C.

The Twelve Caesars

These nine biographies illuminate the careers, personalities and military campaigns of some of Rome's greatest statesmen, whose lives span the earliest days of the Republic to the establishment of the Empire. Selected from Plutarch's Roman Lives, they include prominent figures who achieved fame for their pivotal roles in Roman history, such as soldierly Marcellus, eloquent Cato and cautious Fabius. Here too are vivid portraits of ambitious, hot-tempered Coriolanus; objective, principled Brutus and open-hearted Mark Anthony, who would later be brought to life by Shakespeare. In recounting the lives of these great leaders, Plutarch also explores the problems of statecraft and power and illustrates the Roman people's genius for political compromise, which led to their mastery of the ancient world.

Lives of the Later Caesars

Suetonius' Life of Augustus is the most commonly read ancient account of the life of Rome's first emperor, presenting a mass of historical and biographical detail about both his public and personal lives. This volume provides the first large-scale commentary on Suetonius' work in English, drawing out what is unique about Suetonius' information, discussing how it relates to other ancient accounts, and assessing its historical reliability. The commentary is the first to be accessible to readers without any knowledge of Latin or Greek due to its use of English lemmata, while the new translation remains faithful to the original Latin. Accompanied by an introduction which investigates the career of Suetonius, the date of the Lives of the Caesars, the structure of the Life of Augustus, the various sources utilized by Suetonius, and the way in which the reader should approach this complex text, the commentary also looks to examine Suetonius' work not just as a repository of facts, but as a literary artefact carefully constructed by its author.

The Roman History

De vita Caesarum commonly known as The Twelve Caesars, is a set of twelve biographies of Julius Caesar and the first 11 emperors of the Roman Empire written by Gaius Suetonius Tranquillus. The work, written in AD 121 during the reign of the emperor Hadrian, was the most popular work of Suetonius, at that time Hadrian's personal secretary, and is the largest among his surviving writings. It was dedicated to a friend, the Praetorian prefect Gaius Septicius Clarus.

The Lives of the Twelve Caesars

A military leader of legendary genius, Caesar was also a great writer, recording the events of his life with incomparable immediacy and power. The Civil War is a tense and gripping depiction of his struggle with Pompey over the leadership of Republican Rome - a conflict that spanned the entire Roman world, from Gaul and Spain to Asia and Africa. Where Caesar's own account leaves off in 48 BC, his lieutenants take up the history, describing the vital battles of Munda, Spain and Thapsus, and the installation of Cleopatra, later Caesar's mistress, as Queen of Egypt. Together these narratives paint a full picture of the events that brought Caesar supreme power - and paved the way for his assassination only months later.

The Twelve Caesars

The Lives of the Twelve Caesars is a book by Suetonius. It presents a biography of the 12 leaders of Rome, containing their roots, rise to power and tribulations in the Roman society.

The Twelve Caesars

The Twelve Caesars, is a set of twelve biographies of Julius Caesar and the first 11 emperors of the Roman Empire written by Gaius Suetonius Tranquillus. The work, written in AD 121 during the reign of the emperor Hadrian, was the most popular work of Suetonius, at that time Hadrian's personal secretary, and is the largest among his surviving writings. The Twelve Caesars is considered very significant in antiquity and remains a primary source on Roman history.

The Conquest of Gaul

A masterful new translation of Suetonius' renowned biography of the twelve Caesars, bringing to life a portrait of the first Roman emperors in stunning detail. The ancient Roman empire was the supreme arena, where emperors had no choice but to fight, to thrill, to dazzle. To rule as a Caesar was to stand as an actor upon the great stage of the world. No biography invites us into the lives of the Caesars more vividly or intimately than that by Gaius Suetonius Tranquillus, written from the centre of Rome.

and power, in AD 121. Placing each Caesar in the context of the generations that had gone before, and connecting personality with policy, Suetonius injected flesh and blood into their stories, which continue to inform how we understand the drama of power today. Their shortfalls, foreign policy crises and sex scandals are laid bare; we are shown their tastes, their foibles, their eccentricities; and we sit at their tables and enter their bedrooms, resulting in a series of biographies mediated through the lives of the Caesars themselves. That Rome lives more vividly in people's imagination than any other ancient empire owes an inordinate amount to Suetonius, and now award-winning author and translator Tom Holland brings us even closer in a new, spellbinding translation. Giving a deeper understanding of the personal lives of the Caesars and of how they inevitably informed what happened across the vast expanse of empire, *The Lives of the Caesars* is an astonishing, immersive experience of a time and culture at once familiar and utterly alien to our own.

The Makers of Rome

A contemporary biography of the first twelve Caesars of the Roman Empire, including Julius Caesar, Augustus, Tiberius, Caligula, Claudius, Nero, Vespasian, Titus and Domitian. The author Suetonius was personal secretary to the Emperor Hadrian.

Suetonius

The Twelve Caesars is a set of twelve biographies of Julius Caesar and the first 11 emperors of the Roman Empire written by Gaius Suetonius Tranquillus. The Twelve Caesars (Kartindo Classics Edition)

De vita Caesarum, commonly known as *The Twelve Caesars*, is a set of twelve biographies of Julius Caesar and the first 11 emperors of the Roman Empire written by Gaius Suetonius Tranquillus

The Civil War

'Because of his baldness and hairiness, he announced it was a capital offence for anyone either to look down on him as he passed or to mention goats in any context.' The biography of the brutal, crazed and incestuous Roman Emperor Caligula, who tried to appoint his own horse consul. Introducing Little Black Classics: 80 books for Penguin's 80th birthday. Little Black Classics celebrate the huge range and diversity of Penguin Classics, with books from around the world and across many centuries. They take us from a balloon ride over Victorian London to a garden of blossom in Japan, from Tierra del Fuego to 16th-century California and the Russian steppe. Here are stories lyrical and savage; poems epic and intimate; essays satirical and inspirational; and ideas that have shaped the lives of millions. Gaius Suetonius Tranquillus (c.70-130 CE). Suetonius's *The Twelve Caesars* is also available in Penguin Classics.

The Lives of the Twelve Caesars, Complete

The Twelve Caesars (121 CE) can be considered one of the most picturesque biographical works ever written. It records the lives of the people who brandished complete power in Rome after it transformed from being a republic into an empire in 27 BCE. Suetonius was closely familiar with court life as he was a private secretary to one of the emperors, Hadrian. He uses that information in *The Twelve Caesars* to reveal insights into the ups and downs of the empire's early years, as well as the ideals and flaws of its seemingly divine rulers. The composition of the individual memoirs has frequently perplexed modern readers, who expect Suetonius to recount his story in an even and linear manner from the ruler's birth to his death. Suetonius generally began the autobiography with the emperor's family and

his upbringing; the majority of each memoir consists of a myriad of memorable anecdotes about an emperor's private life and his public conduct. Be that as it may, this is not a mere inventory of corruption and sex. Instead, Suetonius lets his readers know that he has carefully organized the narratives "by categories." These categories incorporate the emperor's morality and his vices. After the vices and virtues, Suetonius' Lives normally conclude with a story of the emperor's passing and a comprehensive physical description of his body.

The Lives of the Twelve Caesars: Claudius

De vita Caesarum, commonly known as *The Twelve Caesars*, is a set of twelve biographies of Julius Caesar and the first 11 emperors of the Roman Empire written by Gaius Suetonius Tranquillus

The Lives of the Twelve Caesars

Gaius Suetonius Tranquillus (c70-c140), also known as Suetonius, was a prominent Roman historian and biographer. He is mainly remembered as the author of *De Vita Caesarum* (Lives of the Caesars, best known in English as *The Twelve Caesars*), his only extant work. The *Twelve Caesars*, probably written in Hadrian's time, is a collective biography of the Roman Empire's first leaders who were: Julius Caesar, Augustus, Tiberius, Caligula, Claudius, Nero, Galba, Otho, Vitellius, Vespasian, Titus and Domitian. The work tells the tale of each Caesar's life according to a set formula: the descriptions of appearance, omens, family history, quotes, and then a history are given in a consistent order for each Caesar. Suetonius regarded emperors who amassed wealth for the public purse to be "greedy\

The Lives of the Caesars

The Lives of the Caesars include the biographies of Julius Caesar and the eleven subsequent emperors: Augustus, Tiberius, Gaius Caligula, Claudius, Nero, Galba, Otho, Vitellius, Vespasian, Titus, Domitian. Suetonius composed his material from a variety of sources, without much concern for their reliability. His biographies consist the ancestry and career of each emperor in turn; however, his interest is not so much analytical or historical, but anecdotal and salacious which gives rise to a lively and provocative succession of portraits. The account of Julius Caesar does not simply mention his crossing of the Rubicon and his assassination, but draws attention to his dark piercing eyes and attempts to conceal his baldness. The Live of Caligula presents a vivid picture of the emperor's grotesque appearance, his waywardness, and his insane cruelties. The format and style of Suetonius' Lives of the Caesars was to set the tone for biography throughout western literature - his work remains thoroughly readable and full of interest. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

The Twelve Caesars

De vita Caesarum, commonly known as *The Twelve Caesars*, is a set of twelve biographies of Julius Caesar and the first 11 emperors of the Roman Empire written by Gaius Suetonius Tranquillus

The Lives of the Twelve Caesars

"One of the really remarkable books of our day"—the story of the Roman emperor on which the award-winning BBC TV series was based (The New York Times). Once a rather bookish young man with a limp and a stammer, a man who spent most of his time trying to stay away from the danger and risk of the line of ascension, Claudius seemed an unlikely candidate for emperor. Yet, on the death of Caligula, Claudius finds himself next in line for the throne, and must stay alive as well as keep control. Drawing on the histories of Plutarch, Suetonius, and Tacitus, noted historian and classicist Robert Graves tells the story of the much-maligned Emperor Claudius with both skill and compassion. Weaving important themes throughout about the nature of freedom and safety possible in a monarchy, Graves's Claudius is both more effective and more tragic than history typically remembers him. A bestselling novel and one of Graves' most successful, *I, Claudius* has been adapted to television, film, theatre, and audio. "[A] legendary tale of Claudius . . . [A] gem of modern literature." —Publishers Weekly (starred review)

The Lives of the Twelve Caesars

Through his Lives of Sparta's leaders and his recording of memorable Spartan Sayings, Plutarch depicts a people who lived frugally and mastered their emotions in all aspects of life, who disposed of unhealthy babies in a deep chasm, introduced a gruelling regimen of military training for boys, and treated their serfs brutally. Plutarch's writing brings to life the personalities and achievements of Sparta. Revised edition includes a new introduction , a new essay on Plutarch, notes, a glossary, updated further reading, and an index.

The Lives of the Twelve Caesars

Excerpt from The Lives of the Twelve Caesars The plan adopted by Suetonius in his Lives of the Twelve Caesars, led him to be more diffuse on their personal conduct and habits than on public events. He writes Memoirs rather than History. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. De vita Caesarum, commonly known as The Twelve Caesars, is a set of twelve biographies of Julius Caesar and the first 11 emperors of the Roman Empire written by Gaius Suetonius Tranquillus.

The Lives of the Twelve Caesars

Based on eyewitness accounts and his own unlimited access to the Emperor Hadrian's Imperial archives, the scholar Suetonius wrote a sweeping account of the lives of twelve of Rome's most powerful emperors. From the empire's most shining examples of ruling competency, such as Julius Caesar and Augustus, to the most depraved and doomed rulers, such as Nero, this ancient and colorful biographical work presents a vivid and accessible picture of these historical figures from remote antiquity. This classic work was translated from the Latin by Robert Graves, renowned classicist, historian, and historical novelist. Combining his extensive expertise in classical history with deft writing skill and an ability to spin a good tale, Graves' excellent translation makes this classic work accessible to modern audiences.
