Life After Death and the World Beyond

Examines a variety of topics relevant to the question of an afterlife for the soul after the body dies, including dreams, out-of-body and near-death experiences, angels, ghosts, and communication with spirits.

Life After Death and the World Beyond

Aims to be a comprehensive and objective investigation into life after death, including interviews with people who claim to know what Heaven is like. This survey features astral travel, near-death episodes, messengers from beyond, and visits by the Virgin Mary.

Beyond Death

'In a book of such varied contents, it is certain that everyone will find something which will challenge and inform - and indeed, on occasion, inspire.' - John Bowker, Church Times Throughout history human beings have been preoccupied with personal survival after death. As a consequence, most world religions proclaim that life continues beyond the grave, and they have depicted the Hereafter in a variety of forms. These various conceptions constitute answers to the most perplexing spiritual questions: Will we remember our former lives in the Hereafter? Will we have bodies? Can bodiless souls recognize each other? Will we continue to have personal identity? Will we be punished or rewarded, or absorbed into the Godhead? These issues serve as the basis of this collection of essays which provide a framework for understanding traditional conceptions of the Hereafter as well as new perspectives.

Secrets of Life After Death

This is a book about life after death as provided to me through journaling and a series of extraordinary events by my wife, Suzette Delashmet Shockley, after her demise. When these events started to happen, I, having not known or even though about life after someone has passed was in disbelief. I researched and kept an open mind. Because of these happenings and my research, I now know that when a person loses a good friend, a spouse, a child, or other loving relationship, the deceased person can come through. The stronger the love vibrations, the easier and the stronger the connection between them will be. In shock and deep despair over the death of his beloved wife, Suzette Delashmet Shockley-Barcafer, Ward Barcafer struggled to live his life. But to his surprise, he began hearing Sue's voice coming through to him from her life in Heaven! ... (Paula Lenz) This profound inner play from the light of love gives insight to the presence of heaven on earth and the continual expression of earth connection to what is called Heaven. The depth and breadth of their love is known as a harmonic love. ... (Dr. Patty Luckenbach) For those of a skeptical nature, the proof of life after death is undeniable. For those who are grieving, the intimacy and teachings are comforting. For those who are curious, these are remarkable stories. ... (Marcia Beachy) In this intimate journal of his experiences with Suzette and his spirit guides, Ward walks us through spirit to spirit connection and communication that has no barriers separating the earthly and ethereal realms. Suzette selflessly shares with us, through Ward, what life is like for a soul in Heaven ... (Dr. Ruth Anderson)

A World Beyond

YOU CANNOT DIE Everyone knows that there are two certainties in life: death and taxes. So then, why is the fear of death put into the minds of people? Why does death occur? Is it really the 'end' of everything, or is there a world beyond the mystical veil that we call death? You will find the answers to all these questions in *Beyond Life*. This book consists of a series of easy to follow conversations on the subjects of Death, and Life after Death. These are set out in an imaginary storyline between various seekers and Sirshree Tejparkhi, the eminent Founder of the Tej Gyan Foundation. Sirshree says that, "If knowledge about death and life after death makes your present life positive and beautiful, and if understanding it brings about a positive changes in your life, then you have understood the message correctly." *Beyond Life* is not just for clearing doubts; it is also about changing your life completely by bringing about a total transformation – a life where you understand that you cannot truly 'die'.

Beyond Life

A psychologist seeks to answer your burning questions about what happens after death, from afterlife communication and human consciousness to out-of-body and near-death experiences. Most people in the world believe in some form of life after death, but what exactly is the nature of the afterlife? David Fontana examines all the extensive evidential material that has been accumulated over time—including communication through mediums and accounts from those who had near-death and out-of-body experiences—and compares them to descriptions found in such mystical texts as *The Tibetan Book of the Dead* and *The Egyptian Book of the Dead*. He explores the whole area of human consciousness and considers the question: if the body and the brain perish at death, what remains to survive? From the various ideas of paradise to the very meaning of existence, this is a journey through infinite possibilities.

Life Beyond Death

...In the world of life beyond death, there are seven main planes. There are different realms in these seven planes assigned for different types of souls. In the lower levels the sinners experience punishments for their sins and in the higher levels the virtuous souls experience the rewards for their virtues. The Bhu-plane and Bhuvu-plane are the only planes for experiencing the rewards and punishments in accordance to the worldly karma of a soul. Right after the boundary of Bhuvu-plane starts the arena of eternal karma. The field of karma for the enlightened souls start from Swaloka and has extended through Maholoka, Janoloka and Tapoloka. The enlightened souls who dwell in those planes control everything of this universe according to God's instructions...

FROM THE WORLD BEYOND DEATH

James Van Praagh enjoys an extraordinary gift - he can communicate with the spirits of men, women, children and animals who have died. Possessing the rare ability to bridge the gap between the physical and spiritual worlds, he provides comfort to those who have lost loved ones and brings back powerful messages from the other side. In this inspiring book, he shows us what lies beyond our visible world and answers our most profound questions about life after death. Part spiritual memoir and part instructional

guide, this international bestseller offers a powerful and inspiring message about the world beyond. Filled with hope and enlightenment about our spiritual future, it is a book that will change the way you look at death and life.

Talking To Heaven

A life-long exploration of the mysterious world of afterlife research has led to this book. The notion of a world beyond this one is firmly rooted into our popular culture, as countless strange phenomena in life point us toward this direction--from hauntings, to near-death experiences, and many more encounters with the "beyond". By venturing all the way through this rabbit-hole, Cyrus Kirkpatrick has come out from the other end, still with his marbles intact, and with the intention of finally putting all the pieces together to describe the reality behind what appears to be a multi-planar universe that we all exist as part of. A topic that must be ultimately rooted in science and not the New Age aisle, "Understanding Life After Death" is hopefully an attempt to push the subject in the right direction.

Understanding Life After Death

At the age of twenty, George Ritchie died in an Army hospital. Nine minutes later, he returned to life. What happened to him during those minutes was so compelling that it changed his life forever. In *Return from Tomorrow*, Ritchie tells of his transforming encounter with the Son of God, who led him to encounters with other nonphysical beings at the very doorway of eternity. Ritchie's extraordinary experience not only altered his view of eternity, but it has also altered the lives of hundreds of thousands of readers. One of the most startling and hopeful descriptions of the realm beyond, this classic will inspire readers from all walks of life. It includes a brand-new preface from Elizabeth Sherrill.

Return from Tomorrow

In *Amazing Stories of Life After Death*, Liz Gwyn shares her experiences along with real-life stories from medical field professionals and first responders that will inspire your own personal and spiritual growth.

Amazing Stories of Life After Death

There is one universal question to which there seems to be no definitive answer: what happens to us when we die? Many people have their own individual theories; different faiths have different beliefs. The rest of us we can merely shrug and resign ourselves to the fact that we can never know the unknowable. Just a few years ago, Susan Starkey would have felt the same way. But following a move to Spain, a sequence of astonishing events changed her life dramatically, turning her scepticism on its head, especially regarding the question of what happens to us when we die. Starkey is now convinced that there is a life after death; this book reveals her personal experiences and shares the verifiable evidence of her discoveries. In this profound story, Susan Starkey explains how she uncovered the roots to her past life, along with a vast family network that had been lost to her for centuries. She shares her ability to contact the Spirit World through a new-found ability to communicate through automatic writing. *Life After Death Beyond Doubt* is a remarkable and insightful guide to the afterlife, one which will bring comfort to others who may be searching for the answers that Susan Starkey has been given. Her work may prove beyond doubt that there is an existence after death and that we never truly die.

Life After Death Beyond Doubt: How My Spirit Guide Gave Me Factual Evidence of My Previous Life on Earth

Is there truly life beyond death? What really happens when we die? Can the living stay connected with, or even help, their loved ones who have passed on? Answers to these questions have traditionally been sought for in Eastern religions but – perhaps surprisingly for some – they can also be found within the Christian tradition. In fact, such knowledge was prevalent in early Christianity, but was gradually suppressed and eventually forgotten. Turning to hidden – esoteric – sources that reveal lost meanings within the Bible, the Dead Sea Scrolls and other Gnostic texts, Hans Stolp and Margarete van den Brink describe the world of light that exists beyond death, and the 'seven steps' needed to progress through its realms. The authors draw on near-death experiences as well as the many profound personal encounters with deceased friends and family members described by people in recent times. With this knowledge, together with Rudolf Steiner's research, they offer answers to the following questions: · What is the world beyond death really like and what tasks await us there? · Why is love and wisdom

gained in life on earth so important in the afterlife? · How can the living help or hinder the dead? · How do the departed themselves help loved ones who are left behind? · How does the Christ sustain the dead as they review their previous life and prepare for the next? This is an extraordinary guide to understanding what happens after death. It also offers invaluable advice on staying connected to our loved ones who have passed on.

A Journey Into The Mysteries of Life: Lessons From The World Beyond: Book One - The End of the Beginning

Followers of the early New Age movement known as New Thought, which was wildly popular at the turn of the 20th century, were intensely interested in gleaning the fruit of all of humanity's spiritual wisdom. Here, in this curious volume originally published in 1909, one of the most influential New Thought writers and editors introduces Western readers to Eastern thought on what, exactly, is on the other side of the river of death. From the geography of the astral plane to the soul-slumber that occurs after death, from communication with spirits to what lies beyond reincarnation, this is a fascinating look at the pop spirituality of a century ago. American writer WILLIAM WALKER ATKINSON (1862-1932) aka Theron Q. Dumont was born in Baltimore and had built up a successful law practice in Pennsylvania before professional burnout led him to the religious New Thought movement. He served as editor of the popular magazine *New Thought* from 1901 to 1905, and as editor of the journal *Advanced Thought* from 1916 to 1919. He authored dozens of New Thought books including *Arcane Formula or Mental Alchemy* and *Vril, or Vital Magnetism* under numerous pseudonyms, some of which are likely still unknown today.

What Happens When We Die?

This book is about contemporary senses of life after death in the United States, Japan, and China. By collecting and examining hundreds of interviews with people from all walks of life in these three societies, the book presents and compares personally held beliefs, experiences, and interactions with the concept of life after death. Three major aspects covered by the book include, but are certainly not limited to, the enduring tradition of Japanese ancestor veneration, China's transition from state-sponsored materialism to the increasing belief in some form of afterlife, as well as the diversity in senses of, or disbelief in, life after death in the United States. Through these diverse first-hand testimonies the book reveals that underlying these changes in each society there is a shift from collective to individual belief, with people developing their own visions of what may, or may not, happen after death. This book will be valuable reading for students of Anthropology as well as Religious, Cultural, Asian and American Studies. It will also be an impactful resource for professionals such as doctors, nurses, and hospice workers.

The Life Beyond Death

One of the most profound, deeply affecting questions we face as human beings is the matter of our mortality--and its connection to immortality. Ancient animist ghost cultures, Egyptian mummification, late Jewish hopes of resurrection, Christian eternal salvation, Muslim belief in hell and paradise all spring from a remarkably consistent impulse to tether a triumph over death to our conduct in life. In *After Lives*, British scholar John Casey provides a rich historical and philosophical exploration of the world beyond, from the ancient Egyptians to St. Thomas Aquinas, from Martin Luther to modern Mormons. In a lively, wide-ranging discussion, he examines such topics as predestination, purgatory, Spiritualism, the Rapture, Armageddon and current Muslim apocalypticism, as well as the impact of such influences as the New Testament, St. Augustine, Dante, and the Second Vatican Council. Ideas of heaven and hell, Casey argues, illuminate how we understand the ultimate nature of sin, justice, punishment, and our moral sense itself. The concepts of eternal bliss and eternal punishment express--and test--our ideas of good and evil. For example, the ancient Egyptians saw the afterlife as flowing from *ma'at*, a sense of being in harmony with life, a concept that includes truth, order, justice, and the fundamental law of the universe. "It is an optimistic view of life," he writes. "It is an ethic that connects wisdom with moral goodness." Perhaps just as revealing, Casey finds, are modern secular interpretations of heaven and hell, as he probes the place of goodness, virtue, and happiness in the age of psychology and scientific investigation. With elegant prose, a magisterial grasp of a vast literary and religious history, and moments of humor and irony, *After Lives* sheds new light on the question of life, death, and morality in human culture.

Life After Death Today in the United States, Japan, and China

This book taps into popular culture's insatiable appetite for the supernatural. Written in a popular style, *Heaven and the Afterlife* touches on many topics related to life after death, including amazing near-death experiences, accounts from the Bible, testimonies, theories, and what some of the world's religions believe. It will demystify the afterlife with information about heaven, hell, ghosts, angels, near-death experiences, and much more, helping readers gain a solid understanding of the often-confusing subject of life after death. The book culminates by presenting Jesus as the answer to eternal peace and how readers can spend eternity with him. Garlow and Wall write not only for believers, but also for seekers or anyone looking for straight, simple answers to the fascinating subject of the world beyond this life.

After Lives

One Palm Sunday, Echo Bodine prayed to be granted a better understanding of worlds beyond this one, and three days later she found herself on an amazing voyage. Leaving her body behind, she traveled through life, death, and then beyond in a breath-taking vision of what awaits us all after this life. *Echoes of the Soul* is heartwarming and enlightening. In simple prose, Echo Bodine gently leads readers through realms of existence we all have yet to experience. Her inspiring images leave us with a hopeful vision of life after death — or, as Echo calls it, graduation, when we go to our real home. This inspiring and positive vision of the afterlife leaves the reader filled with hope, and even awe.

Heaven and the Afterlife

Two great truths govern human existence: impermanence is the law of the Universe and therefore it is inevitable, but the *jeewatma* (soul) is permanent and lives forever. When one views human existence from the perspective of this knowledge, then the only certitude is that there is no death. With the materialization of the Universe the wheel of time was set in motion, imprinting preordained impermanence. Yet, despite the world's impermanence, Man is offered the opportunity of acquiring knowledge and achieving spiritual growth within his lifespan. The cosmic soul momentarily adopts a human body to experience advancement in human form. But when the *jeewatma* departs the physical body from one of the five *koshas* (sheaths), it is released from this confinement and bondage into the joyful revelation of its true nature. The soul experiences divine love and achieves a state of timelessness. The demise of the human body thus becomes the moment for joyful fulfillment – when the *jeewatma* achieves ultimate growth and eternal beauty. Though the human form and external body decays, the *jeewatma* or the subtle body/soul, remains intact in its true and original form. Litterateur Rajendra Kher has spent long years studying the subject of death. He has researched both ancient and modern references, as well as the Vedas, Upanishads, Bhagavad-Gita, Srimad Bhagvatam and various mythological literature in his attempt to unravel and comprehend death and 'life after life'. He has also analyzed the personal experiences of rishis, scholars, masters and yogis; adding his findings to the book to make it comprehensive. The gift contained in these pages is the lifting of the veil on death. In so doing, it frees each of us from unknown fears and dread about death and dying, enabling us to experience instead, true happiness and the grace of living.

Echoes of the Soul

A noted British medium shares his insights into life after death and recounts his personal experiences and contacts to describe the world beyond the physical, what happens when people die, and messages of the spirits for the living.

Life After Life - Lifting the Veil on Death

Why We Live After Death accomplishes what no other book on life after death does: Steinpach takes the basic Laws of Nature, and applies them to the ethereal realm. By doing so, he demystifies the world beyond. Accounts of people who had clinically "died" and then been brought back to life are no longer considered fantasy: they have been scientifically proven. *Why We Live After Death* opens the door to a fuller understanding of the totality of our existence, and makes it possible for readers to answer the eternal question, "What is the meaning of life?"

We are Eternal

Drawn from her decades of experience as a hospice nurse, Trudy Harris shares stories that offer an incredible glimpse at what lies beyond this world--ethereal music, colors that did not exist on earth,

angels, and loved ones who have gone on before. She has been with hundreds of patients as they took their last breaths and knows the kinds of questions that both the dying and their loved ones ask: What happens when we die? What should I say to a loved one who is dying? How can I make a dying friend feel safe? The stories she shares will bring the reader comfort and peace even amidst pain. Tender, heartbreaking, and eye-opening, this expanded edition of the New York Times bestseller offers more incredible windows into the world beyond and life after death.

Why We Live After Death

Is there life after death? Is there a world outside our own? WHAT IF ANCIENT PEOPLE ALREADY KNEW THE ANSWERS TO THESE QUESTIONS? Acclaimed author Philip Gardiner proves that our ancestors were far more advanced "scientifically and spiritually" than previously believed. Through a special technique, ancient Egyptians and others were able to journey to other realities within themselves - in short, to the Otherworld. The author undergoes his own experiments to prove the point. Gardiner also shows that ancient people knew more about their place in the universe than previously thought. They placed buildings and objects in specific places around the globe because these points had a distinct relation to the universal and human wave resonance of electromagnetism. When the ancients journeyed to these places, they were joining with God and visualizing the effect. The remarkable conclusions and discoveries in this book not only dispel some age - old myths, but also address questions such as:Is there a universal frequency that allows the mind to travel into other realms? Does the Great Pyramid hold a real secret to the quantum realm? What are those mysterious round towers found scattered around our planet? Is ESP real? What Gateways to the Otherworld uncovers are not just tales of ancient trips to other realms, nor theories on why stone circles were built in specific locations, but real answers based on thorough research and science.

Glimpses of Heaven

You Cannot Die Everyone knows that there are two certainties in life: death and taxes. So then, why is the fear of death put into the minds of people? Why does death occur? Is it really the 'end' of everything, or is there a world beyond the mystical veil that we call death? You will find the answers to all these questions in Beyond Life. This book consists of a series of easy to follow conversations on the subjects of Death, and Life after Death. These are set out in an imaginary storyline between various seekers and Sirshree Tejparkhi, the eminent Founder of the Tej Gyan Foundation. Sirshree says that, "If knowledge about death and life after death makes your present life positive and beautiful, and if understanding it brings about a positive change in your life, then you have understood the message correctly." Beyond Life is not just for clearing doubts; it is also about changing your life completely by bringing about a total transformation - a life where you understand that you cannot truly 'die'.

Gateways to the Otherworld

I wish to congratulate you and the translator upon the beautiful translation of Fechner. It did not seem possible that such a translation, breathing as it did the entire spirit of the original, could have been made by a German. I have seldom seen a more successful bit of translating." -David Eugene Smith, Ph.D., LL.D., Professor of Mathematics, Teachers' College, N.Y. * * * * * "The author of this book holds that 'the spirits of the dead continue to exist as individuals in the living, ' and has worked out this idea in quaint suggestions and meditations which will interest many and perhaps will add somewhat of illumination to their eager gaze into the world beyond death. It is devout, hopeful and confident of a kind of a personal immortality." -The Congregationalist and Christian World.

Beyond Life

LOVE -In Search Of A Reason For Living - is an essay about life, a book about you. Its purpose is to send you on a journey through your heart, mind, and soul. If you take the journey you will find in yourself the reason for living. If you care at all about life and people and yourself, you will take the journey.

On Life After Death

Frederick C. Beiser presents a study of the pessimism that dominated German philosophy from the 1860s to c. 1900: the theory that life is not worth living. He explores its major defenders and chief critics, and examines how the theory redirected German philosophy away from the logic of the sciences and toward an examination of the value of life.

LOVE - In Search of a Reason for Living

THE AFTERLIFE. Voices And Screams From Hell And Heaven. How the Dead Talked To Us And Described Life After Death. 425 Pages + 62 photos and drawings. A publication of TIMES SQUARE PRESS]. This book is the result of the author's 50 years of investigation, study, observation, findings and rapports with the occult, mediumistic sZances, materialized spirits, and the world's most honest and authentic mediums and channelers. Unquestionable, it is the most powerful, the most documented, the most convincing book ever written about life after death, the afterlife, spirits, and mediumistic sZances. It will without any doubt change forever your perception and understanding of the afterlife, and convince you that there is a life after death. Every single aspect and stage of the afterlife is described and explained.

Religion from A to Z

Beyond the Threshold is the first book to seriously consider the interplay between traditional world religions and metaphysical experiences in exploring the timeless question of what happens when we die. Christopher M. Moreman examines and compares the beliefs and practices of Judaism, Christianity, Islam, Hinduism, Buddhism, Confucianism, and Taoism, as well as psychic phenomena such as mediums and near-death experiences. While ultimately the afterlife remains unknowable, Moreman's unique, in-depth exploration of both beliefs and experiences can help readers reach their own understanding of the afterlife and how to live.

Weltschmerz

Life Beyond offers intriguing and revealing proof that death is not the final stage but merely a passageway to new lives beyond.

Life After Death

The Whole Truth About the Afterlife: Journey of Dead People, Souls, Spirits and Minds After Death. Published by Times Square Press, New York. Foreword by Jennifer Wallens. Introduction by Patti Negri. - What happens to us when we die? - Where will we go after death? - Do we go to heaven, to hell, or to nowhere? - What will happen to us when we get there? - How dead people live after death? And where? - Where the afterlife is located? - Where does it start and where does it end? - And who is in charge of law and order in the afterlife? - We know where the mind is located in our body, so why we don't know where the soul is located inside the human body? - Did anybody see God in the afterlife? - Is the afterlife physical or non-physical? Perhaps half-half? If so, which part is physical, and which part is not?

THE AFTERLIFE. Voices And Screams From Hell And Heaven. How the Dead Talked To Us And Described Life After Death

Rev: The Whole Truth About the Afterlife: Journey of Dead People, Souls, Spirits and Minds After Death (320 pages). Life Beyond

The world is on the brink of major changes. The vibrations are increasing on the planet and act as a catalyst that is empowering the light and suppressing the dark energies. During this process, great opportunities to be a part of a magnificent spiritual evolution are opening for those who choose the

way of the loving light of God. There is enormous confusion for many who have been subjected to false perceptions and are controlled through fear, the great tool of the dark side of governments and yes, even some religions. This book is a result of the author's 33 year search for greater truths, enhanced by communications from several spirit sources of the Deity, plus answers about other life in the Cosmos including mind expanding descriptions from highly evolved beings about life on other planetary systems. The author included several communications from friends and family when they described their transition experiences after crossing over to the World Beyond. These messages go beyond fundamental religious myths and describe various dimensions in the spiritual realm. This book is for you: f if you've ever wondered what your purpose in life is. f if you want to unleash greater powers of your mind. f if you've wondered whether there is intelligent life out there. f if you've wondered what the Afterlife is really like. f if you have any fear of dying, death or crossing over. f if you really want to evolve spiritually. Ron has given many lectures and presentations over several years to a variety of organizations. Expressing his creativity, Ron also paints in oil and is the cover artist. From a reader: "Once I started reading your book, it was so interesting I couldn't put it down and read it straight through. I need eight more copies for family and friends." Beverly R, Novi, Michigan
