## Picturing Perfect

For twenty-two-year-old Hadley Foster, life has not always gone according to plan: family tragedy and her abrupt split from her true love, Jason Kelly, during high school have left painful scars. However, she has picked up the pieces and moved on: she has been dating wealthy investment banker Tucker for six years, and her life is falling comfortably into place. But on a trip to Europe with her best friend, a series of unforeseen events turns her life upside down, and all of Hadley's well-laid plans begin to fall apart. When the now-successful Jason resurfaces in her life, she is forced to confront her agonizing past and decide whom to trust as she picks up the pieces yet again, and how to finally move forward. Picturing Perfect is an emotionally raw exploration of how hope, trust, and optimism can endure even in the face of enormous challenges.

## Wife Number Seven

Lipstick. Bright, red lipstick. Nothing but lipstick. Even though it's against our faith to wear a color that screams of sexual promiscuity and deviant behavior, I'm not allowed to protest. But, I want to. So badly. You see, there's more to me than the braid that spills down my back. More to me than the layers of heavy fabric that maintain my modesty. And so much more than the oppressive wedding band that adorns my finger--the same band that each of my sister wives wear. So much more. To protest would be sinful. I must keep sweet, that is my duty. So I'll wear the lipstick. I'll do as I'm told. And I'll do my best to silence the resistance within me, to push him from my mind. If only my heart would do the same.

Then Elle has a chance encounter with Troy Saladino--the man who had been the love of her life--and suddenly a million old feelings are rushing back. ### I Love Jesus, But I Want to Die

A compassionate, shame-free guide for your darkest days “A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

### Bunny Roo, I Love You

A warm and tender welcome to the world! In a gorgeous picture book that's playfully sweet and visually captivating, New York Times bestselling author Melissa Marr and talented new illustrator Teagan White celebrate the many ways parents make their new babies feel at home. The world can seem like a big, bewildering place for new babies—fortunately, their mamas know just how to soothe and comfort them. Through enchanting scenes portraying all kinds of mama animals looking out for their little ones, the mother in this story reassures her baby, and young children everywhere, that their caretakers will always love them and keep them safe. This beautiful picture book has the feel of a classic and its heartwarming premise should make it a family favorite. “A lovely package.”—Kirkus Reviews “Vintage-looking, pastoral prettiness.”—Publishers Weekly

### Mother Before Wife

Secrets. So many secrets. Nothing but secrets. I started another life with a new husband, thirteen new sister wives and a new place to call home. But the secrets weigh on me, on all of us. And every secret leads back to the Prophet the, self-proclaimed, mouthpiece of God. The man I've worshiped since childhood, the man we obey without question. And he's the man who will destroy us all. I must reveal his secrets. Prove his betrayal, his lies and his deceit. I will not be silenced, no matter how hard he tries. And I will never give up. Ever.

#### Love Like This

Sometimes the most imperfect match is the most perfect surprise. Hadley Cooper believes in happily-ever-afters with her whole heart. Described by her friends as a wide-eyed, eternal optimist, she looks for the bright side in most any situation. However, when her job as the assistant manager of Silhouette, a posh boutique on Rodeo Drive, is on the line, she realizes it's time to pull her head out of the clouds and find a way to turn business around, and that just might mean partnering with the most stubborn up-and-coming fashion designer she's ever encountered. Spencer Adair has a passion for fashion, but hates the fact that it rhymes. She's serious about her designs, fiercely protective of her work, and is waiting patiently for her big break. What she didn't plan on, however, was the unsolicited opinions of that overly-friendly blond boutique manager. Or the way her heart beats faster every time she's around.

'Melissa captures her love of food and its roots deliciously' - Ainsley Harriott 'A masterful work and a must for any lover of the food of Jamaica and the Caribbean region or simply anyone who loves good food' - Dr Jessica B. Harris 'Motherland is a cookbook that charts the history of the people, influences and ingredients that uniquely united to create the wonderful patchwork cuisine that is Jamaican food today. There are recipes for the classics, like saltfish fritters, curry goat and patties, as well as Melissa's own twists and family favourites, such as: Oxtail nuggets with pepper sauce mayo, Ginger beer prawns, Smoky aubergine rundown, Sticky rum and tamarind wings, Grapefruit cassava cake, Guinness punch pie. Running through the recipes are essays charting the origins and evolution of Jamaica's famous dishes, from the contribution of indigenous Jamaicans, the Redware and Taíno peoples; the impact of the Spanish and British colonisation; the inspiration and cooking techniques brought from West and Central Africa by enslaved men and women; and the influence of Indian and Chinese indentured workers who came to the island. Motherland does not shy away from the brutality of the colonial periods, but takes us on a journey through more than 500 years of history to give context to the beloved island and its cuisine.

**\*INSTANT NEW YORK TIMES BESTSELLER\* \*INSTANT USA TODAY BESTSELLER\* \*INSTANT #1 INDIE BESTSELLER\*** From the New York Times bestselling author of *Red, White & Royal Blue* comes a new romantic comedy that will stop readers in their tracks... For cynical twenty-three-year-old August, moving to New York City is supposed to prove her right: that things like magic and cinematic love stories don't exist, and the only smart way to go through life is alone. She can't imagine how waiting tables at a 24-hour pancake diner and moving in with too many weird roommates could possibly change that. And there's certainly no chance of her subway commute being anything more than a daily trudge through boredom and electrical failures. But then, there's this gorgeous girl on the train. Jane. Dazzling, charming, mysterious, impossible Jane. Jane with her rough edges and swoopy hair and soft smile, showing up in a leather jacket to save August's day when she needed it most. August's subway crush becomes the best part of her day, but pretty soon, she discovers there's one big problem: Jane doesn't just look like an old school punk rocker. She's literally displaced in time from the 1970s, and August is going to have to use everything she tried to leave in her own past to help her. Maybe it's time to start believing in some things, after all. Casey McQuiston's *One Last Stop* is a magical, sexy, big-hearted romance where the impossible becomes possible as August does everything in her power to save the girl lost in time.
