Our Awakening

The book Our Awakening consists of nine poems: 1. Story Called Love 2. Our Awakening 3. Positive Thoughts 4. Wearing Masks 5. Expectations and Acceptance 6. Nature 7. Animals 8. Our Environment 9. Awareness All of the poems are written in rhyming verses and every poetic story holds an important message within it. The book title is also the title of the second poem in the collection. Our Awakening depicts this special time we are living in, where we need as many souls as possible to be truly awake. Generally, this book discusses the importance of being connected with our soul and with our true nature. It provides some thoughts that can have a positive influence in our lives. Such inspiration can empower us to change our world for the better by becoming more aware of some things and contributing in making Earth a happier place to live in. Also, it focuses on topics like Nature and Animals, and how important they are. It also focuses on how we are all connected on Earth's stage, and if any part suffers, we cannot turn another page. Awareness is the last poem in Our Awakening and it combines all of the topics covered in the entire book. If we all become more conscious, then we have already done half of the work in this school of life. So let's start with reading the book :)

We the People: Poems of the Great Awakening. Book Three

The Great Awakening is a global movement by which a corrupt power structure is being systematically dismantled. This is C J Swan's third book on the subject. Originally the plan was to write three books but now a fourth is being worked on. The author is guided by the conviction that poetry is a unique art form that can play a special role in helping others to understand the significance of these world-shattering events taking place in our lifetime. The forward contains nineteen extracts from the ""breadcrumbs"" given by Q (also known as Q Anon) who has been an inspiration to the writing. For those new to the subject, this will serve as an introduction to something that is very misunderstood in the world today. The poems were mostly written between March and August of 2019. These poems are a call to take

up "arms" in a peaceful revolution to save the world from tyranny. Swan shows that we do not have to be American to fight in this revolution - we just have to believe in the redeeming power of Truth.

Poems of a Spiritual Awakening

Poems of a Spiritual Awakening offers an intimate look at one poet's own spiritual awakening over a period of twenty-seven years, going into and out of recovery. Most critical to this awakening is the all-inclusive universal power of a loving God as He revealed Himself to the author through this inspiring poetry. After many years knowing that change was needed but having no success finding what others had discovered to enable their recoveries, the author began writing poetry to express those innermost feelings. Through these verses, God became an overwhelming presence, awakening the author's innermost emotions and the need to finally begin recovery from addiction. From the pain of acknowledging a troubled past in *Boogie Man* to the poignancy of *Self Love*, the author gradually found a way to express deeply buried emotions and fears. This poetry collection was written in less than fifty days, with God providing the path to release and recovery. *The Voice I had a voice, I made much noise, I knew just what to do, I yelled in here, I talked out there, the voice within my mind, it drove me very blind. I thought out there, I thought out here, could hardly get some air, and then your voice, that still small sound, just threw me to the ground. It quieted my spirit true and showed me what to do.*

The Awakening

Poetry of Spiritual Awakening presents a collection of poetry arranged in three groupings designed to indicate levels of conscious awareness experienced by author Hilton L. Anderson. Waking up spiritually is an individual process; even so, there are common themes experienced by many people that may help others in their own spiritual journey. In general terms, the separate ego state is focused primarily on the external reality while the spiritual is more focused on internal consciousness. Perhaps another way of explaining this spiritual awakening is recognizing the shift from the rational mind to heart consciousness. The way in which the poems of this collection are arranged is an attempt to make this shift obvious. Through the practice of forgiveness and the awareness of love, the separate self of the ego begins to lose its hold, allowing the awareness of the larger self to become the focus of attention. This awareness heals the separation of self from others and the Divine. Ultimately the awareness of the unitary nature of existence becomes known. The fear of death and its resolution are prominent concerns of many of the poems. The need to face the reality of death and understand it in a meaningful way is one of the basic learning explored by the poetry.

Poetry of Spiritual Awakening

For the seekers, healers, the light bearers, and all of the thinking/feeling souls, this book offers poems that help you reflect on your journey and find resonance for your highs and lows. There are over 95 beautiful poems with original photos and artwork to uplift your soul and give a direction to your mind. The book takes the reader progressively from angst to awakening through four parts: Raw suffering, Feeling through the Dark, Letting the Light in, and ultimately, the take-aways of Awakenings and Spiritual Lessons. Various themes of everyday human experiences of suffering are explored. The poems dive deeper into a process to understand the source of the suffering and find different ways to let the light of possibility into the darkest of times. The year 2020 has given us human beings much to struggle with from the global pandemic, economic uncertainty, social unrest, political divisiveness, environmental concerns, and many other external turbulences wreaking havoc on the inner spirit. The author uses her background in research, clinical experiences, communication coaching, psychology, science, as well as personal explorations in spirituality to work through solutions to stay empowered, grounded, and spiritually connected through the winds of turbulence. Readers will gain insights and simple yet powerful distinctions that can help move them purposefully into the world and feel the light no matter how much darkness they may have around them. The Awakening unlocks a spiritual compilation of poems that depict life's difficulties and brings to light the most important aspect of life, which is found through faith in God and Jesus Christ. The parables of Jesus and the everyday problems of man are woven deeply throughout this enlightened poetry as it speaks to those who lack self confidence, have doubt, follow the wrong path, have anxieties and embrace a negative self image. He is the light that shines the path, but people shy away to walk in the dark.-From the poem Wrath of God by Daniel Gereige. Daniel Gereige translated his life experiences into his poetry and hopes to inspire and help those who read it. These are some of his inspiring quotes. All that I have, I'm nothing without God.- Our exterior is skin deep, our soul has no end.- Are you alive or just breathing.- Faith is the essence of man's existence.- If you believe, the universe will follow. Daniel lives in Sydney, Australia with his wife and daughter.

ICEHHA 2022

Poetry is one of the creative art form which awakens us to our purpose in life. There are different forms of poetry created by poets across the globe. Each has its own beauty. Each awakens in us a different emotion. I have tried to encompass different forms of poetries and experimented with them in this compilation, this anthology of poetries "THE AWAKENING." It is a bouquet of poesy of various forms from various countries, and also ranges from micro poetries to long odes , ballades and reverse poetries. Thus the reader can enjoy the various hues , and reflect on the nuances of life ,in our

sojourn. It encompasses various emotions, seasons, feelings and is a perfect blend of spiritualism and materialism. In this process of travelling the pathway of life we encounter different people, various circumstances, and with each experience we move one step forward towards our summum bonum and thus awakening to evolve to higher consciousness. "The Awakening" also has a purpose to inspire the readers to explore and experiment with different forms of poetries, thus an intermingling of culture will happen which will expand one's consciousness.
