Imagine if one sketchbook had been passed down through the decades from one Disney animator to the next, with each one making a contribution before leaving it in the talented hands of another artist. That idea was the inspiration for A Disney Sketchbook. The drawings contained within it represent the entire range of animation development, from the origins of ideas to fully conceived characters. Pencil studies of a much-younger Wendy and a serpentlike sea witch reveal the many imaginative iterations that animators create before they ultimately perfect every hero and villain. And comprehensive studies of Mickey and Baloo showcase the dedication that goes into defining the facial expressions and body language of each beloved character. Films and shorts from throughout the history of the company are

featured—beginning with *Steamboat Willie* and ending with *Tangled*—demonstrating the ingenuity and skill that have remained a constant at Walt Disney Animation Studios since 1928.

Celebrate the legacy of Disney's core group of animators, with *Walt Disney's Nine Old Men: Masters of Animation*, featuring original sketches from classic films such as *Pinocchio*, *Bambi*, and *Peter Pan*—including an exclusive look at the animators' lives, with personal caricatures and fine artwork. In the mid-1930s, President Franklin D. Roosevelt coined the term "Nine Old Men" to describe the nine justices of the Supreme Court, who had seemingly lost touch with the ever-changing times. In jest, Walt Disney borrowed the term several years later to refer to his core team of animators—Les Clark, Marc Davis, Ollie Johnston, Milt Kahl, Ward Kimball, Eric Larson, John Lounsbery, Wolfgang Reitherman, and Frank Thomas—even though they were neither old nor out of touch, and in fact would together make history with their cutting-edge contributions to the world of animation. Produced in conjunction with The Walt Disney Family Museum's 2018 exhibition of the same name, *Walt Disney's Nine Old Men: Masters of Animation* features an array of fascinating artwork and family mementos from each of these accomplished gentlemen, such as sketchbooks, caricatures, and snapshots, as well as original art from the classic films *Pinocchio* (1940), *Bambi* (1942), *Peter Pan* (1953), *Lady and the Tramp* (1955), and *Sleeping Beauty* (1959). Personal art, paintings, sculptures, flip-books, and hundreds of original animation drawings are all faithfully presented, alongside pencil tests and final color scenes that showcase their genius. In conducting his extensive research on the Nine Old Men, curator and celebrated producer Don Hahn sat down with each of the animators' families for in-depth discussions, unearthing details about the unique personalities of the men behind iconic Disney characters and films. The result of this collaboration is a spectacular collection of personal artifacts and ephemera that have never been seen by the public, all of which help tell each animator's individual story and reveal how they collectively elevated animation to an art form. After roughly 40 years of mentorship, the Nine Old Men were all named Disney Legends in 1989 in recognition of their lasting contributions, not only to The Walt Disney Studios, but to animation as a whole. This book offers a deep dive into their esteemed work and life stories—and a rich offering of the legacy they helped shape.

Water to Paper, Paint to Sky is the first comprehensive retrospective of America's oldest living artist Tyrus Wong, whose groundbreaking work on Walt Disney's classic animation film *Bambi* influenced a generation of leading animators, including John Lasseter, Pete Docter, and Don Hahn. Tyrus Wong's ability to evoke powerful feeling in his art with simple gestural compositions continues to inspire each new generation of artists, and his influence can still be seen in movies today. "Tyrus Wong's

sophistication of expression was a gigantic leap forward for the medium. Where other films were literal...Bambi was expressive and emotional. Tyrus painted feelings, not objects.” — John Lasseter, Academy-Award winning director Born in 1910 in Canton, China, Tyrus Wong immigrated as a young boy to the United States, where he has enjoyed a long, distinguished, and diverse artistic career as a prolific painter, illustrator, calligrapher, lithographer, muralist, designer, Hollywood sketch artist, ceramicist, and kitemaker. Tyrus is legendary for his innovative work on Walt Disney Studio’s classic animation film Bambi, in which his singular vision and evocative, impressionistic concept art caught the eye of Walt Disney himself and influenced the movie’s overall visual style.
