Eyes Of A Child

Chris Paget's well ordered world is blown apart by his love for his assistant, Terri, in the sequel to Degree of Guilt. Terri's ex husband, Ricky, is determined to destroy them both and instigates a child custody battle for Terri's four-year old daughter, accusing Terri of neglect and Paget's teenage son of sexual molestation. Then Ricky is murdered and Paget finds himself the principle suspect, on trial for his life. Eyes of a Child demonstrates why North Patterson is an international bestselling author. The pace is superb, the court room scenes unsurpassable, but most importantly the compelling characters, particularly Ricky, Terri's cunning and amoral husband, show North Patterson as one of the strongest storytellers writing today.

Little Deaths

"A phenomenal achievement."---Jeffery Deaver "A gem of a whodunit."---Mary Kubica, author of The Good Girl It's 1965 in a tight-knit working-class neighborhood in Queens, New York, and Ruth Malone--a single mother who works long hours as a cocktail waitress--wakes to discover her two small children, Frankie Jr. and Cindy, have gone missing. Later that day, Cindy's body is found in a derelict lot a half mile from her home, strangled. Ten days later, Frankie Jr.'s decomposing body is found. Immediately, all fingers point to Ruth. As police investigate the murders, the detritus of Ruth's life is exposed. Seen through the eyes of the cops, the empty bourbon bottles and provocative clothing which litter her apartment, the piles of letters from countless men and Ruth's little black book of phone numbers, make her a drunk, a loose woman--and therefore a bad mother. The lead detective, a strict Catholic who believes women belong in the home, leaps to the obvious conclusion: facing divorce and a custody battle, Malone took her children's lives. Pete Wonicke is a rookie tabloid reporter who finagles an assignment to cover the murders. Determined to make his name in the paper, he begins digging into the case. Pete's interest in the story develops into an obsession with Ruth, and he comes to believe there's something more to the woman whom prosecutors, the press, and the public have painted as a promiscuous femme fatale. Did Ruth Malone violently kill her own children, is she a victim of circumstance--or is there something more sinister at play? Inspired by a true story, Little Deaths, like celebrated novels by Sarah Waters and Megan Abbott, is compelling literary crime fiction that explores the capacity for good and evil in us all"--

Closed Eyes

Written by retired police detective Jim Benish, this book is a fast read. Its the kind of story you can not put down. In 1993 Benish picked up the file on cold case murder of Tracey Neef. He soon developed a suspect. Neef was kidnapped while walking one block to school and was found in the frigid foothills of the Rocky Mountains near Boulder Colorado. Since writing the book new revelations have come to light about two suspects highlighted in this book in a murder in Hawaii. Aaron and Todd Schonlau. A must read.

Murder in the Children's Eyes

Murder in the Children's Eyes is a true story about tragic events in the author's past. The memoir begins in 1940 and spans over twenty years. It tells how a man loves his wife, but she doesn't share his love. Instead, she has an affair with her cousin, and her husband ends up killing her. Ava Jones Burnett's father met and married a girl he was completely in love with and they had ten children. When her father could not take her cheating anymore, he shot her mother in the face with a shotgun. This personal and chilling account tells how over the years the children were mistreated and blamed for their parents' mistakes, and also how they managed to survive and rise above their shattered childhoods. The author wrote this book for her own self-esteem and to help others who have also had tragedies in their families. "My siblings and I are all in our fifties and most of us are still unable to talk about our parents. We have not even gone into details to tell our children about their grandparents. We need to get this out, look at it for what it is and was, so we can move forward." Author Bio: Ava Jones Burnett grew up in the Little Rock, Arkansas area. This is her first book. Through the Eyes of a Child

DANNY'S HERO When the bogeyman left and four-year-old Danny crawled out from hiding into his "Uncle Matt's" arms, he knew he'd found the one place where he could feel safe again. Horrified that her son might have witnessed a murder, Jillian Kincaid wanted to take Danny away from the hovering police and the stranger who'd found him. Yet her heart warmed when Matthew Childs soothed Danny's fears—and leapt when his dark gaze met hers. Matthew wanted nothing more than to take mother and son home and protect them. For his investigations showed that the murder was one of many—and Jillian might be the next target!

Child's Play

Finally we're playing a game. A game that I have chosen. I give one last push of the roundabout and stand back. 'You really should have played with me,' I tell her again although I know she can no longer hear. Late one summer evening, Detective Kim Stone arrives at Haden Hill Park to the scene of a horrific crime: a woman in her sixties tied to a swing with barbed wire and an X carved into the back of her neck. The victim, Belinda Evans, was a retired college Professor of Child Psychology. As Kim and her team search her home, they find an overnight bag packed and begin to unravel a complex relationship between Belinda and her sister Veronica. Then two more bodies are found bearing the same distinctive markings, and Kim knows she is on the hunt for a ritualistic serial killer. Linking the victims, Kim discovers they were involved in annual tournaments for gifted children and were on their way to the next event. With DS Penn immersed in the murder case of a young man, Kim and her team are already stretched and up against one of the most ruthless killers they've ever encountered. The clues lie in investigating every child who attended the tournaments, dating back decades. Faced with hundreds of potential leads and a bereaved sister who is refusing to talk, can Kim get inside the mind of a killer and stop another murder before it's too late? The addictive new crime thriller from multi-million copy, number one bestseller Angela Marsons explores the dark side of child prodigies and will have you absolutely hooked. Shakespeareer

Shakespeareer puts the most exciting queer theorists in conversation with the complete works of William Shakespeare. Exploring what is odd, eccentric, and unexpected in the Bard's plays and poems, these theorists highlight not only the many ways that Shakespeare can be queered but also the many ways that Shakespeare can enrich queer theory. This innovative anthology reveals an early modern playwright insistently returning to questions of language, identity, and temporality, themes central to contemporary queer theory. Since many of the contributors do not study early modern literature, Shakespeareer takes queer theory back and brings Shakespeare forward, challenging the chronological confinement of queer theory to the last two hundred years. The book also challenges conceptual certainties that have narrowly equated queerness with homosexuality. Chasing all manner of stray desires through every one of Shakespeare's plays and poems, the contributors cross temporal, animal, theoretical, and sexual boundaries with abandon. Claiming adherence to no one school of thought, the essays consider *The Winter's Tale* alongside network TV, *Hamlet* in relation to the death drive, King John as a history of queer theory, and *Much Ado About Nothing* in tune with a Sondheim musical. Together they expand the reach of queerness and queer critique across chronologies, methodologies, and bodies. Contributors. Murder Among Friends

This book argues that Greek tragedy as a genre is characterized by plots centering on kin killing. It contains a detailed analysis of five plays, and comprehensive documentation of this plot pattern in all of the extant tragedies, and in the lost plays of the fifth and fourth centuries B.C.E.

33 Keys to Ascension

This book is for those who seek the light in all its glory — for the highest good for themselves and for others — in every moment of their lives. This book is for the people who say, "I want to know God within me." It is for everybody who seeks communion, a oneness, with God. All on the path seeking higher light will find this material easy to use, for there is truth in this book. There is energy behind every word. Every meditation was shared and experienced by Robert and others. This speaks of the validity of what we are saying — the energy behind the words, the energy behind the masters. The beauty of this book is that, after a few chapters, the readers will feel that they already know the answers. They will already know the next step they need to take. So in many ways, this book simply states what all of you already know within your beings. We are just mirroring back to you your innermost truth.

The Sonnets

In his own time, Shakespeare was best known to the reading public as a poet, and even today copies of his Sonnets regularly outsell everything else he wrote. For this new edition, Stephen Orgel offers a warmly personal and original introduction to Shakespeare's best-loved and most widely read poems. Careful readings emphasize their sexual and temperamental ambiguity, their textual history and the special perils an editor faces when modernizing the original quarto's spelling, punctuation, and even layout. The edition retains the text of the Sonnets prepared by Gwynne Evans, together with his detailed notes on each, and a line-by-line commentary. Throughout, the 'voices' of the sonnets appear in all their intricacy and dramatic power.

A Guide for Murdered Children

"In her astonishing thriller, Sarah Sparrow has joined the ranks of Shirley Jackson and Stephen King. A warning: there is no safe place to read this book." —David Cronenberg *Terrifying*, thoroughly original and hauntingly written, *A Guide for Murdered Children* is a psychological thriller—and otherworldly surprise. We've heard it said that there is no justice in this world. But what if there really was? What if the souls of murdered children were able to briefly return, inhabit adult bodies and wreak revenge on the monstrous killers who stole their lives? Such is the unthinkable mystery confronting ex-NYPD detective Willow Wylde, fresh out of rehab and finally able to find a job running a Cold Case squad in suburban Detroit. When the two rookie cops assigned to him take an obsessive interest in a decades-old disappearance of a brother and sister, Willow begins to suspect something out of the ordinary is afoot. And when he

uncovers a series of church basement AA-type meetings made up of the slain innocents, a new way of looking at life, death, murder—and missed opportunities—is revealed to him. Mystical, harrowing and powerfully moving, *A Guide for Murdered Children* is a genre-busting, mind-bending twist on the fine line between the ordinary... and the unfathomable.

The Wicker Man

Many fans of Robin Hardy's *The Wicker Man* (1973) may know that this classic is considered a fine sample of folk horror. Few will consider that it's also a prime example of holiday horror. Holiday horror draws its energy from the featured festive day, here May Day. Sergeant Neil Howie (Edward Woodward), a "Christian copper," is lured to the remote Scottish island Summerisle where, hidden from the eyes of all, a thriving Celtic, pagan religion holds sway. His arrival at the start of the May Day celebration is no accident. The clash between religions, fought on the landscape of the holiday, drives the story to its famous conclusion. In this *Devil's Advocate*, Steve A. Wiggins delineates what holiday horror is and surveys various aspects of "the Citizen Kane of horror movies" that utilize the holiday. Beginning with a brief overview of Beltane and how May Day has been celebrated, this study considers the role of sexuality and fertility in the film. Conflicting with Howie's Christian principles, this leads to an exploration of his theology as contrasted with that of Lord Summerisle (Christopher Lee) and his tenants. Such differences in belief make the fiery ending practically inevitable.

From Pain to Violence

Violence is all around us; yet, despite its widespread prevalence, we remain unclear about its causes. In this book Felicity de Zulueta - begins by defining "violence" as distinct from "aggression\

Family Business

Douglas J. Keeling "staked out his territory with a fresh and provocative eye" (Birch Lane Press) with his first novel, *A CASE OF INNOCENCE*, which Kirkus Reviews called a "follow-in-the-gold-en-age-footsteps-of-Spade-and-Marlow first novel, with nice, sardonic touches-a strong start," and Publisher's Weekly dubbed "an amusing entry in the tough-private-eye genre." In his new novel, *FAMILY BUSINESS*, Keeling takes on a timely and controversial subject with which he is intimately familiar to weave a tale that is both intriguing and impactful, as seen through the eyes of new character Luke Kelsey. Lucas Kelsey, a Kansas City attorney whose comfortable but relatively mundane legal practice centers around adoption cases, finds his world turned upside down when he discovers the body of a murdered four-year-old girl in his office. Never in his wildest dreams could he imagine how the case would come to involve him, and then pull him into a vortex where past meets present. As Kelsey tries to protect his family from the killer while unraveling the mystery, he is forced to confront issues from his own life that surface unexpectedly in connection with the murder, leading to a stunning, dramatic conclusion. In this fast-paced thriller, Keeling draws on his unique knowledge of the worlds of law and adoption, and his roots in hard-boiled detective fiction, to pen a study in crime and human drama as complex as it is compelling.

The issues of gender and ethnic provenance have been neglected in many textbooks on death. This book explores issues relating to gender and ethnicity to provide health care professionals with an up to date and invaluable textbook.

The Snow Killings

Over 13 months in 1976-1977, four children were abducted in the Detroit suburbs, each of them held for days before their still-warm bodies were dumped in the snow near public roadsides. The Oakland County Child Murders spawned panic across southeast Michigan, triggering the most extensive manhunt in U.S. history. Yet after less than two years, the task force created to find the killer was shut down without naming a suspect. The case "went cold" for more than 30 years, until a chance discovery by one victim's family pointed to the son of a wealthy General Motors executive: Christopher Brian Busch, a convicted pedophile, was freed weeks before the fourth child disappeared. Veteran Detroit News reporter Marney Rich Keenan takes the reader inside the investigation of the still-unsolved murders--seen through the eyes of the lead detective in the case and the family who cracked it

open--revealing evidence of a decades-long coverup of malfeasance and obstruction that denied justice for the victims.

Looking into the Eyes of a Killer

"Art is necessary in order that man should be able to recognize and change the world. But art is also necessary by virtue of the magic inherent in it."-Ernst Fischer Reissued with an introduction by John Berger, *The Necessity of Art* is a beautifully written meditation on art's importance in viewing the world in which we live. In this wide-ranging and erudite exploration of literary and fine art, Fischer looks at the relationship between the creative imagination and social reality, arguing that truthful art must both reflect existence in all its flaws and imperfections, and help show how change and improvement might be brought about. With his emphasis on the individual's need to engage with society, his rejection of rampant consumerism and hypertechnology, and his indomitable optimism, this radical, affirmative and humane vision of the artistic endeavor remains as timely today as when it was first published sixty years ago.

The Necessity of Art

"Off with her head!" decreed the Queen of Hearts, one of a multitude of murderous villains populating the pages of children's literature explored in this volume. Given the long-standing belief that children ought to be shielded from disturbing life events, it is surprising to see how many stories for kids involve killing. *Bloody Murder* is the first full-length critical study of this pervasive theme of murder in children's literature. Through rereadings of well-known works, such as *Alice's Adventures in Wonderland*, the *Nancy Drew Mystery Stories*, and *The Outsiders*, Michelle Ann Abate explores how acts of homicide connect these works with an array of previously unforeseen literary, social, political, and cultural issues. Topics range from changes in the America criminal justice system, the rise of forensic science, and shifting attitudes about crime and punishment to changing cultural conceptions about the nature of evil and the different ways that murder has been popularly presented and socially interpreted. *Bloody Murder* adds to the body of inquiry into America's ongoing fascination with violent crime. Abate argues that when narratives for children are considered along with other representations of homicide in the United States, they not only provide a more accurate portrait of the range, depth, and variety of crime literature, they also alter existing ideas about the meaning of violence, the emotional appeal of fear, and the cultural construction of death and dying.

The Boy Who Lived with the Dead

This suspenseful novel portrays a community--and a family--under siege, during the shocking string of murders of black children in Atlanta in the early 1980s. Written over a span of twelve years, and edited by Toni Morrison, who calls *Those Bones Are Not My Child* the author's magnum opus, Toni Cade Bambara's last novel leaves us with an enduring and revelatory chronicle of an American nightmare.

Having elected its first black mayor in 1980, Atlanta projected an image of political progressiveness and prosperity. But between September 1979 and June 1981, more than forty black children were kidnapped, sexually assaulted, and brutally murdered throughout "The City Too Busy to Hate." Zala Spencer, a mother of three, is barely surviving on the margins of a flourishing economy when she awakens on July 20, 1980 to find her teenage son Sonny missing. As hours turn into days, Zala realizes that Sonny is among the many cases of missing children just beginning to attract national attention. Growing increasingly disillusioned with the authorities, who respond to Sonny's disappearance with cold indifference, Zala and her estranged husband embark on a desperate search. Through the eyes of a family seized by anguish and terror, we watch a city roiling with political, racial, and class tensions.

Holocaust Literature: Lerner to Zychlinsky, index

Shortlisted for the CWA Gold Dagger for Non-Fiction 2017Early in the morning of Monday 8 July 1895, thirteen-year-old Robert Coombes and his twelve-year-old brother Nattie set out from their small, yellow-brick terraced house in East London to watch a cricket match at Lord's. Their father had gone to sea the previous Friday, the boys told their neighbours, and their mother was visiting her family in Liverpool. Over the next ten days Robert and Nattie spent extravagantly, pawning their parents' valuables to fund trips to the theatre and the seaside. But as the sun beat down on the Coombes house, a strange smell began to emanate from the building. When the police were finally called to investigate, the discovery they made sent the press into a frenzy of horror and alarm, and Robert and Nattie were swept up in a criminal trial that echoed the outrageous plots of the 'penny dreadful' novels that Robert loved to read. In *The Wicked Boy*, Kate Summerscale has uncovered a fascinating true story of murder and morality - it is not just a meticulous examination of a shocking Victorian case, but also a compelling account of its aftermath, and of man's capacity to overcome the past.

IF ONLY is a true and heartbreaking mother's account of her family struck by tragedy and evil. Lynne and John were the proud parents of three children, Chris, Ian and Sarah. They were a happy and ordinary family who lived in a quiet village in Northumberland where nothing out of the ordinary ever happened, until the night of February 11th 2003 when their lives were torn apart. Fourteen year old Sarah, their youngest child and only daughter, was a popular and bright girl and although she possessed confidence and a bubbly personality, she showed signs of anxiety at any changes in her life. She suffered from Separation Anxiety from her mother, due to certain factors within her family and because of this, school became a problem, but with the support of her family and teachers, she eventually overcame her fears. She began to look to the future and potential career options, only to have them snatched from her in the most violent and cruellest of ways. *IF ONLY* allows the reader to come to know Sarah, then to enter deeply into the grief stricken world of this tragic family as they are given the news of their daughter's death and the long and torturous road they must travel to deal with the investigation, Crown Court and the aftermath of losing a most precious child to rape and murder. It is an honest and heartfelt account of the deepest and darkest emotions that no family should ever be forced to endure.

When Eyes Don't Lie

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Kate Byrne har en affære med faderen til en elev; moderen har lige udgivet en kriminalroman, hvis virkelige baggrund optager Kate mere end nutiden, hvor hun ubevidst deltager i et spil uden at kende reglerne

If Only

Coming of age is a pivotal experience for everyone. So it is no surprise that filmmakers around the globe explore the experiences of growing up in their work. From blockbuster U.S. movies such as the Harry Potter series to thought-provoking foreign films such as *Bend It Like Beckham* and *Whale Rider*, films about youth delve into young people's attitudes, styles, sexuality, race, families, cultures, class, psychology, and ideas. These cinematic representations of youth also reflect perceptions about

youth in their respective cultures, as well as young people's worth to the larger society. Indeed, as the contributors to this volume make plain, films about young people open a very revealing window on the attitudes and values of cultures across the globe. *Youth Culture in Global Cinema* offers the first comprehensive investigation of how young people are portrayed in film around the world. Eighteen established film scholars from eleven different national backgrounds discuss a wide range of films that illuminate the varied conditions in which youth live. The essays are grouped thematically around the issues of youthful resistance and rebellion; cultural and national identity, including religion and politics; and sexual maturation, including gender distinctions and coming-of-age queer. Some essays engage in close readings of films, while others examine the advertising and reception of films or investigate psychological issues. The volume concludes with filmographies of over 700 youth-related titles arranged by nation and theme.

New York Magazine

When dependable Evan Madison fails to show up for work, police are dispatched to his home. His 10-year-old son, Brad, is discovered inside, sitting in front of the television playing his favorite video game. And he's covered in blood. When questioned, Brad confesses to the horrific murders of his parents, but is he telling the truth or covering for someone else?
