The War on Lebanon

Israel's 34-day bombardment of Lebanon in the summer of 2006 demands international attention not only for its tragic results-the death of over 1,000 Lebanese civilians and the devastation of Lebanon's infrastructure and environment-but for its implications for all of the Middle East. What explains Hizballah's capture of two Israeli soldiers and the scale of Israel's retaliation? Why did the US reject an early cease-fire, instead encouraging Israel as Lebanese casualties mounted? Why did President Bush and Secretary of State Rice claim the Lebanese and the Arab world would welcome

the "birth pangs" of a "new Middle East" designed by the US and Israel? And where will it all lead? Will Lebanon become a modern, non-sectarian state or will the confessional order be further entrenched?

War in Lebanon

This is the first comprehensive account of the progression of the Second Lebanese War, from the border abduction of an Israeli soldier on the morning of July 12, 2006, through the hasty decision for an aggressive response; the fateful discussions in the Cabinet and the senior Israeli command; to the heavy fighting in south Lebanon and the raging diplomatic battles in Paris, Washington and New York. The book answers the following questions: has Israel learned the right lessons from this failed military confrontation? What can Western countries learn from the IDF's failure against a fundamentalist Islamic terror organization? And what role did Iran and Syria play in this affair? *34 Days* delivers the first blow-by-blow account of the Lebanon war and new insights for the future of the region and its effects on the West.

34 Days

This bilingual anthology, edited by Christophe Ippolito, contains Samuel Hazo's complete translation of Lebanon: Twenty Poems for One Love and Paul B. Kelley's selections from the never-before-translated Sentimental Archives of a War in Lebanon. The Francophone poet Nadia Tueni has devoted readers in Lebanon and elsewhere in the Middle East and has quickly achieved poetic distinction in France. The fluency of her poetic language and motifs—reflecting Tueni's love of her people and country—is illuminated in Ippolito's introduction: "She chose to create a new poetic language that captured the fragile essence of her troubled country and exposed the many crises of identities present in the war. By identifying with her country, she placed herself beyond all parties and created a sacred river that irrigates her poems." Drawn from two collections that were published during the civil war in Lebanon in 1979 and 1982, these poems are haunted by the Lebanese war: some transcend famous Lebanese locales as the symbolic incarnations of the land's eternal essence; others, illuminated at first by nostalgic memories, take on a prophetic tone. Tueni's work merges the poetic with the political landscape of her country. She writes: "I belong to a country that commits suicide every day, while it is being assassinated." The languages of Rimbaud, Lautreamont, and surrealist poetry have had a decisive influence on Tueni's poetry. But she also owes a great debt on the Arabic side to the avant-garde poets, for example, the celebrated Adonis. Like many Lebanese writers, Tueni was active in political circles, particularly after the war in 1967. Her poems tell of suffering—"memories of an abandoned garden slip away"—of her own life slipping away, and in the end, the reader is invited to reflect on the mimesis of identity: identity of a country, identity of a woman, each echoing the other.

Lebanon / Liban

Leila Fawaz's pioneering study tells the story of the 1860 civil wars that began in Mount Lebanon and spilled over into Damascus. This period witnessed the most severe outbreak of sectarian violence in the history of Ottoman Syria and Lebanon. The author's close analytical narrative of the dramatic events of that year is set against the broader themes of nineteenth-century social, political, and economic change. Fawaz shows how social conflict, including "ethnic" civil wars, cannot be explained without analyzing the regional and international currents that play upon both central state power and local autonomy. She also demonstrates the important role of the communal balance between social and political institutions within regions. Fawaz's new insights into the formation of sectarian identities and conflict will make *An Occasion for War* essential reading for all students of the modern Middle East.

An Occasion for War

Rarely have the horror and tragedy of war been so graphically--and brilliantly--portrayed as in Robert Fisk's epic account of the Lebanon conflict. A Critical scrutiny of a terrible war that has yet to be resolved.

Lebanon

From 1975 to 1990, Lebanon endured one of the most protracted and bloody civil wars of the twentieth century. Sune Haugbolle's timely and often poignant book chronicles the battle over ideas that emerged from the wreckage of that war. While the Lebanese state encouraged forgetfulness and political parties created sectarian interpretations of the war through cults of dead leaders, intellectuals and activists

- inspired by the example of truth and reconciliation movements in different parts of the world - advanced the idea that confronting and remembering the war was necessary for political and cultural renewal. Through an analysis of different cultural productions - media, art, literature, film, posters, and architecture - the author shows how the recollection and reconstruction of political and sectarian violence that took place during the war have helped in Lebanon's healing process. He also shows how a willingness to confront the past influenced the popular uprising in Lebanon after the assassination of Prime Minister Rafiq Hariri.

Pity the Nation

A reflective examination of everyday life in Lebanon in times of precarity and political torpor.

War and Memory in Lebanon

This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th-century intervention operations. Designed for a wide variety of users, it encompasses general reviews of aspects of military organization and science, as well as specific wars and conflicts. The book examines naval and air warfare, as well as significant individuals, including commanders, theorists, and war leaders. Each entry includes a listing of additional publications on the topic, accompanied by an article discussing these publications with reference to their particular emphases, strengths, and limitations.

Lebanon

This book challenges the assumption that men write of war, women of the hearth. The Lebanese war has seen the publication of many more works of fiction by women than by men. Miriam Cooke has termed these women the Beirut Decentrists, as they are decentered or excluded from both literary canon and social discourse. Although they may not share religious or political affiliation, they do share a perspective which holds them together. Cooke traces the transformation in consciousness that has taken place among women who observed and recorded the progress towards chaos in Lebanon. During the so-called "two year" war of 1975-76 little comment was made about those (usually men in search of economic security) who left the saturnalia of violence, but with time attitudes changed. Women became aware that they had remained out of a sense of responsibility for others and that they had survived. Consciousness of survival was catalytic: the Beirut Decentrists began to describe a society that had gone beyond the masculinization normal in most wars and achieved an almost unprecedented feminization. Emigration, the expected behavior for men before 1975, became the *sin qua non* for Lebanese citizenship. The writings of the Beirut Decentrists offer hope of an escape from the anarchy. If men and women could espouse the Lebanese women's sense of responsibility, the energy that had fueled the unrelenting savagery could be turned to reconstruction. But that was before the invasion of 1982.

Reader's Guide to Military History

This book will serve as a guide for those who wish to understand the Lebanese conflict-expert and general reader alike-and for those, as well, who would work to bring peace to that tormented land. From Palestinian, Syrian, and Israeli intervention to delicate inter-Arab relations, the Arab-Israeli conflict, and superpower involvement, sixteen experts analyze the motives and actions of the men and groups engaged in the bloody Lebanese hostilities. Tables, notes, and index included.

War's Other Voices

An essential resource, completely revised and updated for the sixtieth anniversary of the founding of Israel In print for forty years, The Israel-Arab Reader is a thorough and up-to-date guide to the continuing crisis in the Middle East. It covers the full spectrum of the Israel-Arab conflict, including a new chapter recounting the Gaza withdrawal, the Hamas election victory, and the Lebanon-Israel War. Featuring a new introduction that provides an overview of the past 115 years of conflict, and arranged chronologically and without bias, this comprehensive reference includes speeches, letters, articles, timelines, and reports dealing with all the major interests in the area.

Lebanon in Crisis

Under Siege is Rashid Khalidi's firsthand account of the 1982 Lebanon War and the complex negotiations for the evacuation of the P.L.O. from Beirut. Utilizing unconventional sources and interviews with key officials and diplomats, Khalidi paints a detailed portrait of the siege and ensuing massacres, providing insight into the military pressure experienced by the P.L.O., the war's impact on Palestinian and Lebanese civilians, and diplomatic efforts by the United States. A new preface by Khalidi considers developments across the Middle East in the thirty years since the conflict. The preface also cites recently declassified Israeli documents to offer surprising new revelations about the roles and responsibilities of both Israeli leaders and American diplomats in the tragic coda to the war, the Sabra and Shatila massacres.

The Israel-Arab Reader

At one time, Lebanon was considered the most cosmopolitan country in the Middle East. That changed with a devastating 15-year-long civil war that began in the mid-1970s, followed by another 15 years of Syrian domination. As Lebanon attempts to rebuild, it faces many problems. The terrorist organization Hezbollah operates freely in southern Lebanon, and its leaders have been elected to important positions in the state's government. In addition, more than 400,000 Palestinians live as refugees in the country. Periodic attacks on Israel from within Lebanon have led to deadly retaliation. This book examines the economic and political issues facing Lebanon today. It provides up-to-date information about the country's geography and climate, history, society, important cities and communities, and relations with other countries. Each title in this series contains color photos, maps, timelines and graphics that will help student readers put events into historical and present day perspective as well as back matter including: an index, further reading lists for books and internet resources, and a series glossary. Mason Crest's editorial team has placed Key Icons to Look for throughout the books in this series in an effort to encourage library readers to build knowledge, gain awareness, explore possibilities and expand their viewpoints through our content rich non-fiction books. "The many facets of Middle Eastern history and politics are admirably represented in this far-ranging anthology." —Publishers Weekly In this insightful anthology, historians Marvin E. Gettleman and Stuart Schaar have assembled a broad selection of documents and contemporary scholarship to give a view of the history of the peoples from the core Islamic lands, from the Golden Age of Islam to today. With carefully framed essays beginning each chapter and brief introductory notes accompanying over seventy readings, the anthology reveals the multifaceted societies and political systems of the Islamic world. Selections range from theological texts illuminating the differences between Shiite and Sunni Muslims, to diplomatic exchanges and state papers, to memoirs and literary works, to manifestos of Islamic radicals. This newly revised and expanded edition covers the dramatic changes in the region since 2005, and the popular uprisings that swept from Tunisia in January 2011 through Egypt, Libya, and beyond. The Middle East and Islamic World Reader is a fascinating historical survey of complex societies that—now more than ever—are crucial for us to understand. "Ambitious . . . A timely work,

it focuses mainly on sociopolitical texts dating from the rise of Islam to the debates concerning U.S. foreign policy in the post-9/11 world.” —Choice

Beirut to Carnival City

From Simon & Schuster, *Israel's Lebanon War* is the first and only complete inside account of a disastrous military adventure and its ongoing consequences. A detailed narrative by two Israeli journalists on the origins, conduct, and political repercussions of the Lebanon war, based on previously unreleased documents and interviews with high officials.

The Middle East and Islamic World Reader

A noted historian analyzes Yasser Arafat's role in destabilizing the Middle East in a book praised as “eye-opening and exhaustively researched” (New York Post). Offering the first comprehensive account of the collapse of the most promising peace process between Israel and the Palestinians, historian Efraim Karsh details Arafat's efforts since the historic Oslo Accords in building an extensive terrorist infrastructure, his failure to disarm the extremist groups Hamas and Islamic Jihad, and the Palestinian Authority's systematic efforts to indoctrinate hate and contempt for the Israeli people through rumor and religious zealotry. Arafat has irrevocably altered the Middle East's political landscape, and the ongoing Israeli-Palestinian conflict will always be Arafat's war.

Israel's Lebanon War

This book offers a reconceptualisation of conventional deterrence theory, and applies it to enduring rivalries in the Middle East. The work argues that many of the problems encountered in the development of deterrence theory lay in the fact that it was developed during the Cold War, when the immediate problem it had to address was how to prevent catastrophic nuclear wars. The logic of nuclear deterrence compelled a preoccupation with the problem of stability over credibility; however, because the logic of conventional deterrence is different, the solution of the tension between credibility and stability is achieved by deference to credibility, due to the requirements of reputation and costly signaling. This book aims to narrow the gap between theory and evidence. It explores how a reconceptualization of the theory as a process that culminates in the internalization of deterrence within enduring rivalries is better suited to account for its final success: a finding that has eluded deterrence theorists for long. This interdisciplinary book will be of much interest to students of deterrence theory, strategic studies, international security, Middle Eastern studies and IR in general.

Reconceptualizing Deterrence

'Beware of Small States' wrote Mikhail Bukarin in 1870. He could have meant Lebanon: a sectarian state no bigger than Wales that has become battleground for one of the defining conflicts of twentieth-century history. Throughout its short existence, it has been attacked, invaded, occupied or interfered with to serve the political interests of foreign powers, resulting a series of devastating wars and crises. To understand Lebanon's history is to understand the history of the entire region - and, with the rise of Hizbullah, it has come to assume a disproportionate, dangerous power of its own. Iran and Israel now face each other in the hills of south Lebanon. David Hirst, author of *The Gun and the Olive Branch*, is a hugely respected commentator on the Arab-Israeli crisis. In a masterly narrative, he gives a much-needed, comprehensive history of the country and its conflicts, culminating with the recent war in Gaza and its fallout in Lebanon. Powerful and often moving, *Beware of Small States* is a magisterial book, essential reading for understanding Lebanon or the current political climate of the Middle East.

Middle East Studies for the New Millennium

No country in the world has more political battles, military conflicts, and ethnic complexity per person and per square mile than does Lebanon. This book explains the issues, events, and personalities involved in one of the globe's most dramatic and important stories.

Beware of Small States

In *Spoils of Truce*, Reinoud Leenders documents the extensive corruption that accompanied the reconstruction of Lebanon after the end of a decade and a half of civil war. With the signing of the Ta'if peace accord in 1989, the rebuilding of the country's shattered physical infrastructure and the establishment of a functioning state apparatus became critical demands. Despite the urgent needs of its citizens, however, graft was rampant. Leenders describes the extent and nature of this corruption in key sectors of the Lebanese economy and government, including transportation, health care, energy, natural resources, construction, and social assistance programs. Exploring in detail how corruption implicated senior policymakers and high-ranking public servants, Leenders offers a clear-eyed perspective on state institutions in the developing world. He also addresses the overriding role of the Syrian leadership's interests in Lebanon and in particular its manipulation of the country's internal differences. His qualitative and disaggregated approach to dissecting the politics of creating and reshaping state institutions complements the more typical quantitative methods used in the study of corruption. More broadly, *Spoils of Truce* will be uncomfortable reading for those who insist that power-sharing strategies in conflict management and resolution provide some sort of panacea for divided societies hoping to recover from armed conflict.

The war for Lebanon -- a conflict of domestic and external forces seeking to shape and control the Lebanese entity -- began long before 1970 and unfortunately did not end in 1983. But these years, the focus of this book, form a particularly significant phase in the history of both Lebanon and its immediate environment. The events of this period unfolded through 4 distinct stages: the collapse of the Lebanese political system between 1970 and 1975; the civil war of 1975-76; the lingering crisis of the years 1976-82; and the war of 1982. This book primarily explores the interplay between Lebanon's domestic politics and developments in the larger Middle East.

Spoils of Truce

"A Beirut Heart" is the unforgettable story of an American woman who lived amidst the Lebanese Civil War for eight years and through it all attempted to sustain a life with her Lebanese husband and two small children. It is a memoir that offers a unique illustration of the unsung heroes of war--the women who assume the awesome task of keeping the family united during wartime. The book tells the story of how Cathy Sultan moved with her family to Lebanon in 1969. For six years they led an ideal life experiencing the rich culture, exotic food and breathtaking landscape of the city located along the blue waters of the Mediterranean Sea. After the war began in 1975, their lives changed forever. Sultan recounts how she held the family together by comforting her children after bomb blasts and consoling her physician husband who spent his days treating wounded civilians. To keep sane, she used cooking as her tranquilizer. The unique narrative places us uncomfortably inside something we seldom consider--the domestic element of civil war--and leaves on the reader a permanent impression of the destroyed city and its resilient people.

War for Lebanon, 1970-1985

This is an English translation of a book which was written in Arabic and published in Lebanon in 1999. It is about the struggles, sufferings and hopes of the people of South Lebanon during the period 1976 to 1986. The author outlines the troubles the people of this area lived through. He discusses causes and effects of cooperation between Lebanese and their Israeli neighbours. He takes us on a journey from East Beirut to the Jezzin area of Mount Lebanon as it would have been undertaken during the years 1984 to 1990. The narrative starts at the Port of Beirut and follows the sea route to Nakoura in South Lebanon. It then proceeds across the mainland through various villages and towns, covering the geographic and historic diversity of the population and the problems they faced. This is a story of a society living in a part of the Holy Land, the land of the "Good News". It outlines a continuous struggle to survive, a search for a long-lasting peace and a background worth considering in a Middle East filled with hatred. We can, by reading between the lines, understand how terrorism developed in this area and later expanded to the whole world. Some of the questions and concerns the author raised in 1999 were answered at the Twin Towers, the chaos in Paris, the attacks in the U.K. and Spain and, unfortunately, on and on.

A Beirut Heart

This book offers a fresh perspective on the impact of the US intervention in Lebanon in 1982 and the decision-making drivers that led the Reagan Administration into the Lebanese Civil War. Based on newly released archival materials from high level Washington officials such as President Reagan, Secretary of State Shultz and Secretary of Defense Weinberger, it argues that the failure of the Reagan Administration to accurately understand the complex political landscape of the Lebanese Civil War resulted in the US-led Multinational Force becoming militarily intertwined in the conflict. This book challenges the notion that Reagan deployed US Marines under the ideals of international peacekeeping, asserting that the US Administration hoped that the Multinational Force would create the political capital that Reagan needed to strengthen the US' position both in the Middle East and globally. Ultimately, the peacemakers were forced to withdraw as they evolved into antagonists. A case study in the foreign policy doctrines of key Washington decision-makers throughout the 1980s, this project is perfect for any International Relations scholar or interested reader seeking to understand the links between the mistakes of the Reagan Administration and contemporary US interventions in the Middle East.

A new edition of the widely acclaimed account of the civilian experience of fifteen years of war in Beirut- "a profound, heartbreaking book" (Los Angeles Times Book Review), "an impassioned cry against indifference" (New York Times Book Review), "a work ringing with truth and insight" (Arab Book World)-now with an Afterword about the postwar years. A New York Times Book Review Notable Book. An intensely personal yet timelessly crafted portrait of life in a worn-torn city, Beirut Fragments spans the years of the civil war in Lebanon, 1975-1990. When thousands fled, Jean Said Makdisi chose to stay. She raised three sons, taught English and Humanities at Beirut University College-and she wrote. She records the breakdown of society and the physical destruction of Beirut, the massacres of Sabra and Shatila, the Israeli Invasion, everyday acts of terrorism, the struggle to maintain ordinary routines amid chaos, and the incredible spirit of a people. A Palestinian, a Christian, a woman who has lived in Jerusalem, Cairo, the United States, and Beirut, Jean Said Makdisi uses the migrations of her own life as a paradigm which helps elucidate many of the conflicts in the region. The new afterword covers the postwar years, from the last ceasefire to the present day.

US Foreign Policy and the Multinational Force in Lebanon

Despite the torrent of coverage devoted to war with Iraq, woefully little attention has been paid to the history of the region, the policies that led to the conflict, and the daunting challenges that will confront America and the Middle East once the immediate crisis has ended. In this collection, Micah L. Sifry and Christopher Cerf, coeditors of the acclaimed Gulf War Reader, have assembled essays and documents that present an eminently readable, up-to-the-moment guide -- from every imaginable perspective -- to the continuing crisis in the Gulf and Middle East. Here, in analysis and commentary from some of the world's leading writers and opinion makers -- and in the words of the key participants themselves -- is the engrossing saga of how oil economics, power politics, dreams of empire, nationalist yearnings, and religious fanaticism -- not to mention naked aggression, betrayal, and tragic miscalculation -- have conspired to bring us to the fateful collision of the West and the Arab world over Iraq. On Evelyn Accad

A major New York Times bestseller by NBC's Chief Foreign Correspondent Richard Engel—this riveting story of the Middle East revolutions, the Arab Spring, war, and terrorism seen close up “should be required reading” (Booklist, starred review). In 1997, young Richard Engel, working freelance for Arab news sources, got a call that a busload of Italian tourists was massacred at a Cairo museum. This is his first view of the carnage these years would pile on. Over two decades he has been under fire, blown out of hotel beds, and taken hostage. He has watched Mubarak and Morsi in Egypt arrested and condemned, reported from Jerusalem, been through the Lebanese war, covered the shooting match in Iraq and the Libyan rebels who toppled Gaddafi, reported from Syria as Al-Qaeda stepped in, and was kidnapped in the Syrian cross currents of fighting. Engel takes the reader into Afghanistan with

the Taliban and to Iraq with ISIS. In the page-turning *And Then All Hell Broke Loose*, he shares his "quick-paced...thrilling adventure story" (Associated Press). Engel takes chances, though not reckless ones, keeps a level head and a sense of humor, as well as a grasp of history in the making. Reporting as NBC's Chief-Foreign Correspondent, he reveals his unparalleled access to the major figures, the gritty soldiers, and the helpless victims in the Middle East during this watershed time. His vivid story is "a nerve-racking...and informative portrait of a troubled region" (Kansas City Star) that shows the splintering of the nation states previously cobbled together by the victors of World War I. "Engel's harrowing adventures make for gripping reading" (The New York Times) and his unforgettable view of the suffering and despair of the local populations offers a succinct and authoritative account of our ever-changing world.

Summary: Saving Israel

This novel examines the strength of kin ties against the pull of national identity. The story follows the lives of three generations in a Lebanese family, and thus offers the reader a moving picture of how the Lebanese Civil War caused the dispersal of a traditional family across the world.

The Israel-Arab Reader

"Kamal Salibi is the foremost living historian of Lebanon, and his new book is even more important than his earlier one because it throws light on the present and future of the country as well as its past."—Albert Hourani, author of *A History of the Arab Peoples* "Among Lebanese historians only Kamal Salibi has the credibility to write such a book. Its timely appearance signals a new era in Lebanese history. It will undoubtedly become a classic."—Nadim Shehadi, Director, the Centre for Lebanese Studies, Oxford

Conflicts in the Middle East Since 1945

An *INDOMITABLE SPIRIT: LIFE IN THE SHADOW OF DEATH*, is a story about youth of Lebanon who came to age during the war and refused to allow it to subdue them. They resisted the evils of war and defied the death machine destroying the country around them, sustaining their humanity and maintaining their civility in spite of it all. They braved the most dangerous of conditions to find the joys of life in the shadow of death surrounding them. They threw parties in the face of raging battles and

danced against all odds. They lived to make beautiful memories that they now look back on with a strange sense of nostalgia. They overcame the evil that befell them in their youth and went on to succeed in all walks of life. This is a story of the resilience and strength of the human spirit. The Indomitable Spirit.

MATING TEMPEST PARANORMAL WARS

Mating Tempest [Siren Classic ManLove: Erotic Alternative Futuristic Paranormal Romance, M/M, HEA] Even though E. J. Jennings was forced to fight for the psy, he never believed that violence was the answer. In fact, the very thought of causing harm made him sick. Strafe Winchester learned early on that violence was a part of life. He didn't enjoy it, but he never shied away from it. If inflicting pain on the bad guys saved innocent lives, Strafe would make sure to inflict as much pain as possible. Strafe and E. J. were from different worlds, yet they must find a way to compromise if they have any chance to make their mating work. As they struggled to find common ground they started to realize that their rigid views weren't as black and white as they believed. Will they be able to find a shade of gray where they can be happy or are they destined to live apart? ** A Siren Erotic Romance

Sweet Buns

Welcome to Cedar Falls, a small North Carolina town nestled amongst the Smokey Mountains. Zane Fisher is prepared to fight against a proposed casino being built in his small hometown. Sure, it would bring in more visitors to their dying town, but at what risk? Aidan Dempsey is sick of the bad coffee Cedar Falls has so far had to offer. After an exceptionally bad cup, he's decided to swear off the stuff, that is until he's dragged into the local bakery. Not only does he find the best cup of coffee he's ever tasted, but the bakery owner, Zane Fisher, just might be the sexiest man he's ever met. Too bad Zane seems hell bent on avoiding him, as he's the project manager for the casino Zane is against. Will they be able to find common ground or will Aidan be doomed to only having bad coffee?

Their jobs have set them at odds, but the attraction brewing between them is too strong to resist in this all-new paranormal romance from the author of *Dangerous Mating*. Sergeant Major Candace Obermier has arrived at Alpha League Federal Agency headquarters with one task in mind--shutting it down. While A.L.F.A.'s pledge to protect humans from paranormal threats is noble, they've caused nothing but mayhem as far as Candy can tell. And their director? He's the worst of the lot. Director Josh Tumbel has finally found his mate. And she's doing everything she can to shut down operations, while he struggles to control his mating instincts. But when A.L.F.A. headquarters is taken in a hostage situation, Josh has a chance to demonstrate the critical nature of the agency's existence, and prove his worth to Candy as a protector and lover.

Claimed by a Demon King

The moment the demon King Thorne of the Third Realm set eyes on the mortal huntress Sable, he knew she was his fated one. The fiery, dangerous female awakened hungers he had never experienced before, a dark craving and passion that has consumed him in their time apart. As the lunar cycle wanes, she enters his world again and nothing will stand in the way of him claiming his forever with her—not the relentless assault from the Fifth Realm or the dark elf male determined to seduce her out of his grasp. Intent on achieving the coveted position of commander at Archangel, Sable leads her small team into the dark underworld and the Third Realm, to a war where her allies are the very creatures she normally hunts—vampires, werewolves, and demons. Her eagerness to lead the deadly mission has everything to do with winning her promotion, and nothing to do with the kingdom's brash, lethally seductive demon king—a king who stirred fierce desire and wildfire heat in her with just a look and an innocent touch when they first met, and has been in her wicked dreams ever since. As the gathering storm between rivals unleashes irresistible passion that flares white-hot and the heat of the battle brings life-shattering realisations, can Sable place her duty before her heart? Or will she surrender to her deepest desires and be claimed by a demon king? *Claimed by a Demon King* is the second novel in the *Eternal Mates Romance* series, a fated mates paranormal romance featuring a possessive royal demon hero who will stop at nothing to claim his mate, a cast of vampires, demons, dark elves, wolf shifters, immortals and demon hunters, and full of action and adventure--and steamy scenes! Paranormal Passions

Nuit Aux Trois: Quinn's two roommates, lovers Fletcher Covair and Devlin St. Giles, have the perfect idea: Quinn will accompany them on a Halloween ghost hunt at a haunted plantation. Quinn agrees, knowing there's no such thing as ghosts and thinking the time away will give her time to assess her future job prospects, and if nothing else, a chance to relax. But the plantation's resident ghost, Alison, has other ideas. She wants help in righting a longtime wrong, and it seems that the ghost has chosen Quinn, Dev, and Fletch to assist her. While Quinn's mind is reeling from the knowledge that there are really ghosts, she comes to another shocking realization: Dev and Fletch have more on their minds than ghost hunting, and Alison isn't the only restless spirit who wants to make contact. The Resurrection of Josephine: Martin Vandreen avoids graveside funerals at all costs-for good reason. As a spiritual medium with the ability to communicate with the dead, cemeteries tend to be filled with restless souls that want to chat with him. But when Martin makes an exception and attends the burial ceremony of his dear friend's departed father, he encounters a powerful entity that nearly kills him. Rumer Rousseau and her lover Noah Hopper will do anything to stop the resurrection of Josephine, including forcibly

enlisting the help of Martin. Martin reluctantly agrees to help find a way to destroy Josephine before the evil witch gains enough power to overturn the spell binding her spirit to her crypt, thus allowing her to return to the world of flesh and blood. Suddenly, Martin's orderly lifestyle is turned upside down. But within the arms of Rumer and Noah, he's finds that he no longer desires the solitude he once treasured, and longs to have a relationship that can stand the test of time. But will the bond they forged together be strong enough to survive the resurrection of Josephine? Come As You Are: Tempest Gandy needs a change. After leaving her job as a television news producer, she purchases a house in the French Quarter and is now working to turn it into a B&B. Unfortunately, she's not sleeping well at night and she's pretty sure something paranormal is going on in her house. When her fatigue starts to interfere with her work during the day, she contacts her friend Quinn, who works with the New Orleans Ghost Seekers. Franco LeBeau can read minds. When the Ghost Seekers meet at his French Quarter establishment to discuss a new case, he meets Tempest and is thrilled to discover that her thoughts match his own: instant attraction. But after hearing Tempest's story, his attraction instantly turns to worry. He knows it's not a ghost disturbing Tempest's sleep, but an incubus. The Seekers agree to help Tempest battle the incubus, and Franco offers to act as a bodyguard during the night. Of course, Tempest hopes Franco will do more with her body than guard it. Only one thing stands in their way: a demon who wants Tempest all for himself. Conjurer at the Crossroads: Pebbles Malloy has tried to fight her heritage as a conjurer. She doesn't mind working at her grandmother's shop in the French Quarter, but she doesn't want the responsibilities that come with conjuring. Then she tells the members of the ghost seekers that she can banish an incubus who has decided to target one of the group's lovers. The problem is she doesn't have enough practice to harness her energy and get rid of the demon for good. So she promises to meet him at the crossroads where she will make a pact with him to bear him a child, something he desires more than anything in the world. But as time passes, Pebbles finds out this demon has a tragic past, one that haunts him and keeps him enslaved when he would like nothing more than to reclaim his soul. Can Pebbles and her fellow Ghost Seekers find a way help the incubus break out of his prison, or will she find herself in his position, lost to an evil presence, in mind, body and soul?

Tempted by a Rogue Prince

An elf prince on the verge of losing himself to the darkness, Vail is maddened by the forty-two centuries he was under the control of a witch and forced to war with his brother. Now, he roams Hell seeking an escape from his terrible past and the heads of all who bear magic. When demons of the Fifth Realm capture him, he sees a chance to end his existence, but when he wakes in a cell to a beautiful female, he finds not death but his only shot at salvation—his true fated mate. Unwilling to fall under the control of anyone ever again, Vail must escape before the Fifth King can use him as a pawn in a deadly game of revenge, but he cannot leave without Rosalind, the woman who looks at him with dark desire in her stunning eyes and awakens a fierce hunger in his heart. A Tempest of Shadows

A reverse harem, enemies to lovers, slow burn romance. "The relentless clock of fate was groaning over to the next hour, ringing the arrival of a battle as old as time, sounding the final alarm, the final chance to fall to our blades or lift them high. It was repeating infernal hours that grew hungrier with each turn, more vicious than the day, the year, the century before." The end was here. The great war had begun. I had been torn apart and remade, a marionette to dance over the coals of this world, stitched together by my tormentors. The great masters thought they could break me down and own me. They were wrong. I had won my freedom, my place in this world, my golden-eyed protector by my side. Until it happened again; the grim call of fate looking out at me through eyes of darkness, the great masters waiting with the power I needed, curses and promises in their hands. It was time to make another deal. It was time to play their game in earnest. Book 2 in the Tempest of Shadows series. Over 105,000 words. This is a

slow burn with DARK themes, unwilling anti-heroes, and one hell of a kick-ass heroine woven through a rich fantasy setting.

Midnight Awakening

What do medieval Icelanders mean when they say ¿troll¿? What did they see when they saw a troll? What did the troll signify to them? And why did they see them? The principal subject of this book is the Norse idea of the troll, which the author uses to engage with the larger topic of paranormal experiences in the medieval North. The texts under study are from 13th-, 14th-, and 15th-century Iceland. The focus of the book is on the ways in which paranormal experiences are related and defined in these texts and how those definitions have framed and continue to frame scholarly interpretations of the paranormal. The book is partitioned into numerous brief chapters, each with its own theme. In each case the author is not least concerned with how the paranormal functions within medieval society and in the minds of the individuals who encounter and experience it and go on to narrate these experiences through intermediaries. The author connects the paranormal encounter closely with fears and these fears are intertwined with various aspects of the human experience including gender, family ties, and death. The Troll Inside You hovers over the boundaries of scholarship and literature. Its aim is to prick and provoke but above all to challenge its audience to reconsider some of their preconceived ideas about the medieval past.

The Troll Inside You

Aleksei is too damaged to fall in love or for anyone to love him. No brave wolftress would want to be mated to the enforcer who couldn't save their alpha from being assassinated. She's even gone so far as to get the one job in town that would keep men off her back. No one is going to make a pass at the plus-size manager of the Naughty Wolf gentleman's club. Except the town's matchmaker doesn't buy any of it. Now Helena's goal is to get through Friendsgiving without appearing like a pathetic loser who doesn't have anyone to love them.
