The Emerald River

On the river Sorgue in Provence lies Vaucluse la Fontaine, a village of some two hundred souls. The emerald green waters of the river turn the great wooden wheel of the old paper mill, where Jean Louis has lived from the age of eight. Now a young man, Jean Louis is excited, if a little apprehensive, as he leaves the village on his trusted mare Sorrel. He feels proud that Brother Xavier, the leader of the monks who runs the old paper mill, has asked him to deliver an important letter to a destination two days' ride beyond the village. And so begins a long journey for Jean Louis as tragic events strike him and the village he has just left behind but which will, ultimately, lead to his discovery of the truth about who he is.

Emerald River of Compassion

The Emerald River of Compassion is a journey through Gaia -- the actual consciousness of the Earth. By means of poetic fiction, mythologist and master storyteller Rowena Pattee Kryder weaves a tale of all people and all time. By piercing Gaia through stories of individuals, she reveals how we coincide with or diverge from the structure of nature. This is a brilliant exploration of the multidimensional richness that we all, knowingly or unknowingly, participate in. As the lives of the characters unfold, time is continuously contracting into a dense impact of insight and meaning, and then expanding into release and expression.

Can a stone be cursed? The 'Karensa Emerald', a mystical healing stone found by a Cherokee shaman in the mid-1800s traveled west on the Trail of Tears to Oklahoma. In Book One of The Emerald Series Karensa Moorehead inherited it - and its blessing or curse. During her short, often violent life, Karensa had children by two very different men: John Jean Cappen, a missionary doctor on the llanos of Venezuela and handsome, passionate Bart Grant, a sheriff in Arizona. In Books Two through Four the children came of age. Their children are now adults and in 2013 the emerald is about to pass to a new owner. Will they be blessed or cursed? Book Five of The Emerald Series finds three generations of Grants and Cappens facing life and death choices along the Orinoco River in South America, along the banks of the Roaring Fork River in Aspen, Colorado and in Nova Scotia and Labrador. The action filled family saga continues from Venezuela to Canada, adding Sioux, Apache, and Inuit descendants.

A river cruise is undoubtedly the most civilized way to see the best of Europe; you can relax in the comfort of a small vessel as you glide through picturesque towns and spectacular scenery. But how do you choose which cruise company, which kind of rivership, and where to go? This thoroughly updated and expanded new edition of the Berlitz guide to River Cruising in Europe will tell you everything you need to know about taking a cruise along Europe's beautiful rivers and waterways. The book cuts through the brochures' hype - almost every river cruise company promises you luxury. But what does 'luxury' really mean? The guide gives you unbiased advice on the different kinds of river vessels and the facilities they offer, helping you to make an informed choice. In 1940 the Museum sponsored excavations at the necropolis of Sitio Conte on the Pacific coastal plain 100 miles southwest of Panama City. The cemetery had been used by the local elite and their subordinates for over seven hundred years, until its abandonment during the tenth to twelfth centuries A.D. The focus is on Burial 11, whose main occupant was buried with fantastic gold objects. Included are essays on the excavations, the goldworking techniques, and the significance of the decorative motifs, as well as a catalogue of the gold objects. Illustrations include many color photographs along with archival photographs of the original excavations.
