In the late '90s, third-wave ska broke across the American alternative music scene like a tsunami. In sweaty clubs across the nation, kids danced themselves dehydrated to the peppy rhythms and punchy horns of bands like The Mighty Mighty Bosstones and Reel Big Fish. As ska caught fire, a swing revival brought even more sharp-dressed, brass-packing bands to national attention. Hell of a Hat dives deep into this unique musical moment. Prior to invading the Billboard charts and MTV, ska thrived from Orange County, California, to NYC, where Moon Ska Records had eager rude girls and boys snapping up every release. On the swing tip, retro pioneers like Royal Crown Revue had fans doing the jump, jive, and wail long before The Brian Setzer Orchestra resurrected the Louis Prima joint. Drawing on interviews with heavyweights like the Bosstones, Sublime, Less Than Jake, and Cherry Poppin' Daddies—as well as underground heroes like Mustard Plug, The Slackers, Hepcat, and The New Morty Show—Kenneth Partridge argues that the relative economic prosperity and general optimism of the late '90s created the perfect environment for fast, danceable music that—with some notable exceptions—tended to avoid political commentary. An homage to a time when plaids and skankin' were king and doing the jitterbug in your best suit was so money, Hell of a Hat is an inside look at '90s ska, swing, and the loud noises of an era when America was dreaming and didn't even know it.

Enjoy 25 adorably cute illustrations of VEGETABLES IN LOVE! Uh, okay, You're right... some are technically fruits, but would you really put them in a fruit salad? Stop with your cynicism and just color already! Get your crayons, pens, and pencils! And relax and have fun adding color to the horribly short lives of vegetables! They too deserve a little love and affection... even if some of them do taste really gross and make you wanna barf. Each page has a small text caption on the reverse side so you can remove and display each illustration as you wish! Contains sarcastic, flirty, and humorous writing along with kid-friendly artwork. This would make the perfect gift for that special someone you love (or for yourself) who also enjoys some stress-relieving coloring time. You can even color as a couple!

The Rovers Return is central to life in Granada TV's Coronation Street. This is an illustrated history of the bar-staff, the regulars, the occasional visitors, and all the events - both on and off the screen - that form the distinctive character of the famous hostelry.

## Fresh Love

A working artist for over two decades, NJ-native Keith Charles Dovoric marries the traditions of musicianship and lyric-writing to craft an unexpectedly fresh breath of literary songcraft. Presaged by the likes of the "rock poets" (Dylan, Cohen, Springsteen, Zevon) as well as the giants of written verse (Dorothy Parker, T.S. Eliot), and featuring over 180 songs, *Another Day, Another Delusion: Selected Lyrics* is the ideal distillation of a writer, musician, and performer whose provocative compositions -- not to mention jaundiced world-view -- have set him apart from the cookie-cutter ethos of middlebrow pop culture. "This compendium is the upshot of ten years' worth of assemblage, blood, glory, misery, malignancy, and squalor. I feel it presents me well, for lack of better terms. I'm very pleased with it."

## Catalog of Copyright Entries

To celebrate twenty-five years of excellent song-craft, NJ singer-songwriter, musician, author, and educator Keith Charles Dovoric has compiled a volume that, for the first time, captures every era of his uncompromisingly prolific career. With over 180 songs, and featuring compositions he has penned with The SUDs, Palomino, and Asylum Avenue, along with unreleased material, *Broken Pilgrim Songs* (named for the author's long-standing, self-publishing moniker) is the definitive collection of Mr. Dovoric's work.

## Catalog of Copyright Entries. Fourth Series

The latest collection from singer-songwriter, musician, poet, essayist, and teacher Keith Charles Dovoric, "Some of the Songs" represents a fine distillation of, and primer for, this singular artist's most memorable works. (Volume contains 80 songs, three of which are previously unpublished.)

## The Billboard Albums

After Kenneth W. Warren's *What Was African American Literature?*, Margo N. Crawford delivers *What is African American Literature?* The idea of African American literature may be much more than literature written by authors who identify as "Black". *What is African American Literature?* focuses on feeling as form in order to show that African American literature is an archive of feelings, a tradition of the tension between uncontainable black affect and rigid historical structure. Margo N. Crawford argues that textual production of affect (such as blush, vibration, shiver, twitch, and wink) reveals that African American literature keeps reimagining a black collective nervous system. Crawford foregrounds the "idea" of African American literature and uncovers the "black feeling world" co-created by writers and readers. Rejecting the notion that there are no formal lines separating African American literature and a broader American literary tradition, Crawford contends that the distinguishing feature of African American literature is a "moodscape" that is as stable as electricity. Presenting a fresh perspective on the affective atmosphere of African American literature, this compelling text frames central questions around the "idea" of African American literature, shows the limits of historicism in explaining the mood of African American literature and addresses textual production in the creation of the African American literary tradition. Part of the acclaimed Wiley Blackwell Manifestos series, *What is African American Literature?* is a significant addition to scholarship in the field. Professors and students of American literature, African American literature, and Black Studies will find this book an invaluable source of fresh perspectives and new insights on America's black literary tradition.

Rod Parker is an adventurous young man who finds himself bored with his tedious job at a Pennsylvania steel mill. Then one day in the summer of 1900 he quits his job, leaves his long time girlfriend Elizabeth Durham and strikes out on his own to seek his fortune in the hunting fields of Africa. In Africa he lives out his childhood dream of making a living in the wilderness where he soon discovers that learning this trade the hard way can be an extremely dangerous pursuit, but he is a fast learner and of adventurous heart and he soon comes to realize his dream of wealth and earning a living with a rifle. In time he discovers that money cannot bring happiness and contentment as he lives a life of heartbreak and tragedy. Despite the loss of his wife and his best friend, he trudges onward in his restless pursuit of money and adventure. Then after fourteen years of hard work and heartache he finally discovers that true happiness lies in his relationship with others and not in the tremendous wealth that he has acquired. *Ivory Hunter* is a fast paced action/adventure tale of courage and loyalty set during the golden age of the ivory trade. Be with Rod and his faithful tracker on the trail of big bull tuskers and feel the tension as he levels his big bore express rifle on the dangerous beast bearing down on him.

## Life and Times at the Rovers Return

Keith Charles Dvoric is a NJ-born-and-bred singer-songwriter with over twenty-five years of composing, recording, performing, and publishing experience. Inspired by the likes of Dylan Thomas, T.S. Eliot and Dorothy Parker -- as well as Bob Dylan, the Doors, and Warren Zevon -- Mr. Dvoric demonstrates a finely-honed, well-crafted, and refreshingly oblique approach to rock and folk rock-inspired lyric-writing, betraying many cultural and literary influences. *Ransom Notes on Sunny Days*, featuring over eighty works (including five previously-unpublished lyrics and one poem), captures Mr. Dvoric's strengths, proving to be the ideal primer to this hard-to-pigeonhole writer and performer.

## Broken Pilgrim Songs

What do invisible rats, aspiring rapists, axe-wielding gorillas, coffee shop ninjas and clown-faced kidnappers all have in common? They're just some of the shady miscreants and dubious heroes who populate the pages of the twisted tales making up Dave Lauby's rollicking short fiction collection *The Big Day* (and other stories). From the wimpy 13-year-old boy spurred on to criminal acts by his best friend from a Bizarro universe to the arctic survivalist whose sense of day and night (and pain

and pleasure) become snow blinded and indistinguishable, the characters of Lauby's nine exuberant narratives pinball-collide themselves against tragedy and comedy and all the emotional bumpers in-between. Weaving in and out through a maze of twisting turns, unexpected jolts and surprise endings, TBD(aos) provides the reader with a well-balanced and intellectually nutritious nine-course story meal while tasting every bit like dessert with every bite. It's a guarantee that you'll want to come back for seconds.

### Some of the Songs

Chosen from among the winners and finalists of the 2009 National Magazine Awards, this collection features a mixture of reviews, profiles, and reporting that caught both readers' and critics' attention.

### What is African American Literature?

A first time novelist parodies Ronald Sukenick's classic fiction of the sixties Fetishists, dreamers, voyeurs, internet porn addicts, granola-heads, drug dealers, dorks, liars, layabouts, workaholics, sex maniacs, TV junkies, compulsives, neurotics, intellectuals, idealists: graduate students, all. In this book about the complicated experience of pursuing a Ph.D., Matthew Roberson details the curious world of a group stuck between childhood and adulthood, idealism and surrealism, representation and reality. What he wants he thinks is to screw things up. If you screw things up they fall apart. If things fall apart then you're under the skin of the world. And when you reemerge when things come together again they come together differently. Different than before. So what does this mean it means he wants to fail. Believe it or not. He aspires to failure. It's possible however he realizes to fail at failing. Or to make of it a howling success. In this, his first novel, Roberson rewrites Ronald Sukenick's classic fiction of the sixties, 98.6, simultaneously parodying earlier experimental life and art, while exposing present day vacuousness and alienation. It's a hilarious send-up of American narcissism, wherein Roberson brilliantly reveals video culture and the web-cam as nineties embodiments of metafictional self-fascination.

### Ivory Hunter

This simple story commences on a November evening, in the autumn of 185-. Charleston and New York furnish me with the scenes and characters. Our quaint old city has been in a disquiet mood for several weeks. Yellow fever has scourged us through the autumn, and we have again taken to scourging ourselves with secession fancies. The city has not looked up for a month. Fear had driven our best society into the North, into the mountains, into all the high places. Business men had nothing to do; stately old mansions were in the care of faithful slaves, and there was high carnival in the kitchen. Fear had shut up the churches, shut up the law-courts, shut up society generally. There was nothing for lawyers to do, and the buzzards found it lonely enough in the market-place. The clergy were to be found at fashionable watering-places, and politicians found comfort in cards and the country. Timid doctors had taken to their heels, and were not to be found.

### Ransom Notes on Sunny Days

It took Shakespeare 25 years to create his legacy of 38 plays and five years for Coculuzzi and Toner to destroy it. Shakespeare's Sports Canon transforms the Complete Works of William Shakespeare into a hilarious hybrid of improvised sporting play and spectacle theatre. Presented as live UCSN (Upstart Crow Sports Network) broadcasts, the Sports Canon includes: Shakespeare's Rugby Wars: the Wars of the Roses tetralogy presented as a rugby match as Team Lancaster and Team York scrum it out for the British Crown and Rugby Supremacy; Shakespeare's World Cup: the famous four Tragedies as Team Denmark, England, Scotland, and Italy kick out the blank verse for Top Tragic Cup; Shakespeare's Gladiator Games: the Roman and Greek plays as a traditional Roman Ludi where Gladiators vie for the coveted wooden Rudis...and with it their freedom; Shakespeare's Comic Olympics: all of the Comedies and Romances as Olympic events as Athletes strive to overcome comic feats of timing in their quest for Ring Finger Gold; Shakespeare's NHL (National History League): the leftover Histories as a tribute to Canadian street hockey and homage to the Original Six as hockey's Historical Heroes faceoff for Lord Stanley's impressive Cup.

### Gettin' Hooked

This compilation of essays takes the study of the blues to a welcome new level. Distinguished scholars and well-established writers from such diverse backgrounds as musicology, anthropology, musicianship, and folklore join together to examine blues as literature, music, personal expression, and cultural product. *Ramblin' on My Mind* contains pieces on Ella Fitzgerald, Son House, and Robert Johnson; on the styles of vaudeville, solo guitar, and zydeco; on a comparison of blues and African music; on blues nicknames; and on lyric themes of disillusionment. Contributors are Lynn Abbott, James Bennighof, Katharine Cartwright, Andrew M. Cohen, David Evans, Bob Groom, Elliott Hurwitt, Gerhard Kubik, John Minton, Luigi Monge, and Doug Seroff.

Mr. No Commitments. Well, that's not entirely true. Cash Callahan has been committed to his rodeo bronc-riding career for years. But get married? No way. Cash isn't opposed to marriage for other people. It's just not for him—or for his long-time girl, Milly Malone—the one planning to marry another man. What on earth is she thinking? Milly waited five years for Cash to pop the question. She's given him enough rope to knit an interstate highway—and he keeps traveling right on down it. So she's got a new beau, a wedding on Saturday, and no footloose, commitment-shy cowboy is going to mess things up. A smart, clever woman like Milly should realize that marrying a boring number-cruncher is a mistake. But all Cash's rational, sensible arguments don't do a lick of good. There is only one way to prevent disaster—he'll have to marry her himself!

#### Nineteen Ninety-eight Point Six

Winston Hardegree was born in the throes of the Great Depression in 1932, but spent happy boyhood summers on his grandparents' rural Alabama farm, where hard work and adventure led to a deep appreciation for life's simple pleasures. At nineteen, Winston lost his father and suddenly became family patriarch for his mother, siblings, and new bride. He took a job in the local textile mill, and over thirty-five years of unrelenting hard work became a successful top-executive of this international company. Disenchanted, Winston decided to return to the simpler way of life he had so loved as a boy. Winston's quest to reintroduce the man he had become to the boy of his youth brought about these

stories of gardening, life with regular folk and beloved animals, and adventures that Winston and his wife, Beth, shared in the garden, in love, and in living the autumn and winter of his years at The Blessed Earth Farm in the rural upstate of South Carolina. This book is a compilation of essays and short stories written during Winston's search for simplicity, and his observations on life and on death, as he faces the final days of a terminal illness. This is Winston Hardegree's Legacy.

#### The Red Scur

DURING THE VIETNAM WAR, GIs who managed to survive their tour of duty in one piece or less were flown home in chartered airliners. They called those planes a Freedom Birds. This is the story of three young men from wildly different backgrounds who meet on such a plane and make a pact to spend three days together in San Francisco. Their goal: to spend every cent of their mustering out money in a party of a lifetime. And they all get more than they bargained for: because when they land, it is July 1967, a time that would come to be known as a The Summer of Love. It is a place and time where each young man will have to confront the ghosts who followed them home from the jungles of Vietnam and contemplate a future none of them had imagined.

### The Blood of Christ

Christians have been ever prompted to the higher life by the spirit of God. All who are justified freely by His grace will walk no more after the lusts of flesh. Why is this so? The Spirit that kept Jesus is now in them. They now possess an unselfish spirit through faith in the merits of Christ and seek to separate from sin and self-will. He who gave His life knows how to impart it to us. Many realize justification by faith must involve more than cleansing of a record. Surely, the power to justify a lost sinner must also contain power to transform the life. A heart yearning to be like Jesus must be part of the gospel. Does the word of God say anything about purging the conscience, freedom from condemnation of the law, victory over sin, death, and devil? Yes, much so. In only one way does the Biblical experience come - the precious blood of Christ applied. The power that avails in heaven with the Father, has conquered the devil, justifies the sinner, and gives victory in the life, is the BLOOD. It is hoped repetition of the instruction concerning the blood will give comfort and direction to His saints.

### The Chemistry of the Blood

The Chemistry of the Blood is one of Dr. M. R. De Haan's most widely read books. In it, his scientific background is uniquely combined with his skillful exposition of Scripture to correlate Scripture and science. In addition to the title chapter on The Chemistry of the Blood, Dr. De Haan also discusses such intriguing themes as 'The Chemistry of Tears, ' 'The Chemistry of the Bible, ' 'The Chemistry of Man, ' and other striking truths.

#### Antidote

There is so much talk in the Christian circles about the blood of Jesus, the Lamb of God. But how exactly does the power in the blood go to work for the sins of humanity? This book will take you on an exciting and intriguing journey full of exposition and revelation about the dynamics of how the blood of God's only Lamb compared to the blood of a natural lamb becomes the most effective antidote for the venomous effects of sin perpetuated by the evil works of Satan. This book will also explain in detail, both scientifically and spiritually, the reason why the blood of Jesus is compared to no other creature than that of the blood of a lamb.

#### The Mystery of the Blood of Jesus

The genesis of this book came to me as a revelation from Almighty God. I received this wisdom of God when I was incarcerated and jailed at Metropolitan Correctional Center—New York (MCC— NY). It all started one morning when I was praying in the cell. Suddenly, I felt a strong lifting of my mind within my brain. As I recovered from that emotional feeling, the knowledge of the entire Bible came to me. I began to read the Bible intensively and carefully observed every word. I noticed that the divine knowledge which I received was in line with the Bible. I clearly understood what happened to me. God wants to speak to us as a nation through this book, and I think no human wisdom can challenge God's message. This book contains the mysteries of God that are hidden in the Bible. I call it an auxiliary Bible, which by all academic standards has the potential to make a positive impact on our society. It contains timely information and will impact many people's daily lives.

#### Just One Drop of Jesus' Blood Washed Away My Sin

Just one drop of Jesus' BLOOD washed away my sin is a 31 Daily Devotional with a spiritual scriptures, powerful pictures, precious prayers and journal pages for each day, so you can write down your journey, notes, prayers, Hallelujah and AaHa Moments. This book was written to inspire and encourage people to read, write and Honor the Precious BLOOD of Jesus. It is easy to read, simple and straight to the point. Revelation 1:5 New International Version (NIV) 5 and from Jesus Christ, who is the faithful witness, the firstborn from the dead, and the ruler of the kings of the earth. To him who loves us and has freed us from our sins by his blood. Victoria hope: Daily Devotional with colorful pictures and journal pages will encourage people to Honor and focus on the blood of Jesus. She hopes souls will be saved and become an inheritance to farther generations. She plans to leave all her bibles, scriptures, journals and this book to her children's children, and so forth. She prays you will do the same. Proverbs 13:22King James Version (KJV) 22 A good man leaveth an inheritance to his children's children: and the wealth of the sinner is laid up for the just.

#### Blood Sins

New York Times bestselling author Kay Hooper delivers once again with this chilling novel in which the Special Crimes Unit sends a Haven operative undercover to catch a charismatic killer who promises his victims heaven in exchange for more than their lives. . . Young, vulnerable, attractive, Tessa Gray looked like the perfect victim. Which was why Noah Bishop of the FBI's Special Crimes Unit recruited the novice operative to use as bait for a killer hidden inside the Church of the Everlasting Sin—a fortified mountain compound where at least two women have already been murdered in ways that defy explanation. By entering the cult's compound, Tessa will expose herself to the dark magnetism of its leader and his fanatically loyal followers. Once she's inside, no one, not even Bishop or the town's chief of police, can guarantee she'll come out alive. And not even Tessa knows if she's strong enough to resist the lure of a killer who is less than human.

#### The Wordless Book

The second in the Blood Trilogy, Blood Sins provides answers to the cliffhanger ending of Blood Dreams. All clues to the recent rash of murders point to the enigmatic Church of the Everlasting Sin and its

charismatic leader, the Reverend Adam Deacon Samuel. But getting to the man known as "Father" will be no easy task, for he is insulated within his flock of loyal minions--closely guarded by those who would gladly give their life for his.

### Blood sins

Sin was an extremely important and serious concern for the earliest Christians and the authors of the New Testament writings. Early Christians came to see the life and ministry of Jesus as challenging presumptions about the meanings of sin and faithfulness. This book provides a comprehensive treatment of different understandings of sin in early Christianity. Jeffrey S. Siker describes how the earliest Christian voices represented in the New Testament writings understood "sin" not only as a theological abstraction, but also as a real reflection upon human thought and behavior that violated right relationships with both other human beings and with God. Siker explores language about sin in relation to the Jewish and Greco-Roman contextual worlds of the New Testament writings, and examines the development and change of these worlds in relation to the modern concept of sin.

No Remission of Sin without Shedding of Blood. A sermon, etc. [Extracted from "The Penny Pulpit," Aug. 1867.]

This book was written by Pastor Bill Haddox shortly before his death in 2018. It was his dream to publish this book and share his thoughts on Sin and Salvation.

### Sin in the New Testament

It is wonderful to walk with the Lord, having hope of the good life to come. We can look forward to eternal rest, where there is no pain, no hunger, no suffering, and no stress. But our journey is not from mountaintop to mountaintop but down in the valley where, according to the proverb, "the rubber meets the road." We don't always languish on the grassy knolls, but we walk through the valleys, sometimes skipping happily, other times trudging and struggling to continue. The path that Christians follow, King David called the path of righteousness. Proverbs calls it the Path of Life. But there are other paths that can take us in a different direction. These paths lead to destruction. Some believe that a Christian can never follow that path to destruction, yet there is one who will try to turn us to that path. He will contradict God's Word. He will challenge God's will. He will try to make every person doubt that God even exists, or failing that, he will try to make every Christian lose their belief in God's credibility. He'll try to persuade us to follow our natural desires instead of the will of God. He will try to neutralize the importance of God in our lives and remove him from the throne of our faith. He wants to be in charge, to rule. He tried to rule once and failed. For his rebellion, he was cast out of heaven, and the angels who followed him were cast out with him. He now rules, but only in the kingdom of darkness and only temporarily. There is no chance for him defeat God. But he keeps trying. He will keep trying until he is cast out once again, when he will suffer the ultimate defeat. He will be cast into the Lake of Fire, where he will have no more chance to come against God or against God's people. The danger is that he continually tries to get as many to follow him now as he can, and those who have chosen to follow him in this life will have no choice but to follow him into the Lake of Fire. God is great, and life in the Spirit is a great blessing. But do not forget this one thing: Sin lieth at the door. As long as we do well, we will rule over it. We have a choice. We always have a choice because of Jesus. What choices will you make?

### Sin & Salvation

The prologue. The Inveigler is a lucid poetic depiction of seduction. With a stepwise narrative approach, the battle for the human soul (the house) is captured. Chapter 1 commences with the event at Eden, how a covenant was (written in the blood of Abel) enacted between the woman and her seed and the ancient Serpent (Sin). The consequence of this covenant was to play out in both the immediate and subsequent generations. Saul visits a witch at Endor and eats there and ends up giving all the souls in his family in one day to the same inveigler. The creator had commenced work immediately when this imbroglio started and foremost set up a counter covenant of circumcision of the flesh. Mankind was to continue to increase beyond the Serpents diabolic decimation machinery. In Egypt, the latter attempted to beat this event of the eight day by demanding the execution of every male newborn at the delivery stool. But then, the deed must work like covenants. He was outwitted; oppression bred multiplication! He continued with his potent weapon; Idolatry (illicit sex). The creator went to the next stage, the circumcision of the Spirit the ultimate covenant. This time around another virgin was convinced to bring forth the tree of life.

Mankind was given another opportunity to eat this word that was made flesh and live forever. Another covenant was written in the blood of Jesus, which began to speak better things (blessings) than the blood of Abel. The remembrance of this covenant by the faithful in The Lords Supper continues to be a torment in the heart of the ancient Serpent. The Prince of this world thus became the pauper; a fugitive and wanderer. The former fugitives (due to the scheme at Eden) now have rest in the New Covenant. The ultimate climax of this real life drama is the exit of Sin from the house he had occupied since he schemed his way into it at Eden. The book culminates in a thrilling narrative epilogue; Manna which portrays seduction at its best and what happens to a man when he allows Sin in the House.

The power of the blood—Jesus' blood sacrificed on the cross—plays an important role in Christian beliefs. But when you actually think about it, do you know why it's important? Or why God chose it as the cornerstone of Christianity? In *Covered by the Blood of Jesus* author Rita Y. Jarrett shares the results of her research on the knowledge of the blood sacrifice of Jesus. His blood, still alive and active, is our way back to our original place and position with God. The blood of Jesus is a divine entity, something with a real existence, and has all the attributes of the names and titles of the Lord. Learn why the blood of Jesus was the only medium of exchange qualified to save all humankind and provide salvation and redemption for the sin of the world. This book explains why the subject of the blood sacrifice of Jesus must be given its place of honor and recognition in order for us to become true worshippers and in a position to realize all its benefits and value. Jarrett provides you with all the information needed to give it its proper place in your faith.

Sin Lieth at the Door- Second Edition

Hot-blooded, prideful, feral, Lana Malesuis is a demon. She has sworn an oath to heal her war-torn, dying species. Her method: drain human blood, use it to fuel her dark magic, reap human misfortune. She has come to the town of White Sulfur Springs to cull. Cold-blooded, ruthless, conniving, Jame Asher is a human. He has sworn to avenge his wife and baby girl, killed by demon magic. His plan: destroy demons' portals, deprive them of their human blood supply, exterminate them one by one. He has come to White Sulfur Springs to kill. But when they meet, and he takes Lana as his prisoner, the last thing he expects to see in her wild violet eyes is the frightened innocence of a young girl. For her part, Lana never expects to feel anything but hate for the most feared demon hunter on Earth. Neither of them expected it to become something more.

Sin in the House

This book provides a comprehensive and an analytical study of the New Testament Scriptures regarding the blood of Jesus. By studying the Scriptures in the New Testament that mention the blood of Jesus, we find out that through the blood of Jesus, God has provided the answer to every aspect of the problem of sin. Sin is breaking the law of God (1 John 3:4), but in the blood of Jesus there is justification (Romans 5:9), propitiation (Romans 3:25), and forgiveness (Hebrews 9:22). Sin is slavery (John 8:34), but by the blood of Jesus we have been purchased (Revelation 5:9), acquired (Acts 20:28), redeemed (1 Peter 1:19), and set free (Revelation 1:5). Sin is an enmity with God (Colossians 1:2, ) but through the blood of Jesus we have been reconciled (Colossians 1:22), we have been brought near (Ephesians 2:13), we have been sanctified (Hebrews 13:12), we can enter the holy places (Hebrews 10:19), and we enter a new covenant with God (Mark 14:24). Sin is a defilement (Matt. 15:11), but through the blood of Jesus, we have been cleansed (1 John 1:9), washed (Revelation 7:14), and our conscience is purified (Hebrews 9:14).

Covered by the Blood of Jesus

Wise Blood, Flannery O'Connor's first novel, is the story of Hazel Motes who, released from the armed services, returns to the evangelical Deep South. There he begins a private battle against the religiosity of the community and in particular against Asa Hawkes, the 'blind' preacher, and his degenerate fifteen-year-old daughter. In desperation Hazel founds his own religion, 'The Church without Christ', and this extraordinary narrative moves towards its savage and macabre resolution. 'A literary talent that has about it the uniqueness of greatness.' Sunday Telegraph 'No other major American writer of our century has constructed a fictional world so energetically and forthrightly charged by religious investigation.' The New Yorker 'A genius.' New York Times

## Blood and Sin

Foreword by Colin Gunton. Draws upon both the Catholic and the Protestant theological traditions to explore the humanity of Jesus.

## The Power of the Blood of Jesus

No one ever wants to talk about incest, adultery, prostitution, addiction, or homosexuality. God forgives all sins. I am a living testimony to that. In this book, I have told my deepest secrets to let you all know you are not alone. It is time to stop playing and putting on church clothes to pretend we are someone we're not. We must use what we have been through to help lead people to God and to give them hope. If we hide or downplay the very things we have been through, then the things God saved us from are hidden. If we have to go through hell and survive, shouldn't we want it to be worth something? It is for God's glory! In this book, I share real issues and raw and uncut truth from my life. I share my story for the Lord's glory and purpose. Even though some people may be taken aback with the ugly truth and magnitude of sin, I did not leave anything out. If you think you have sinned too much and God will never accept you, then I urge you to read this and see just how sinful and wicked my life was. You will see where life carried me and where God picked me up from.

Christ made Sin: II Cor. V. XXI. Evinc't from Scripture, upon occasion of an exception taken at Pinnars-Hall, 28 January, 1689, at re-printing the sermons of Dr Tobias Crisp ... Together with an epistle to the auditory of the exception. And Doctor Crisp's own answer to an exception against his assertion, of Christ being the first gift to a believer, before the acting of grace in him. With a portrait

A step-by-step exploration of why the blood of Christ is so important to Christians from master theologian Andrew Murray.

## Wise Blood

To prevent this our personal righteousness from touching anything as pertaining to Christ's righteousness, or as a condition on which God gives Christ's righteousness, I humbly offer to your perusal the effects of many hours pains to obtain the marrow out of the word "Christ made sin for us," and I hope, if it be read with an humble waiting for teaching from the Lord Jesus, you will find it beneficial towards the understanding, the riches of the free grace of God in Jesus Christ, to make him to be sin for us for his own name sake, not for our personal worthiness, and our evangelical righteousness sake. If any say, why doth this person trouble himself to write thus, in vindication of his father's sermons? It is for the sake of our dear Lord Jesus, whose glory is eclipsed by the setting up man's righteousness in the matter of justification; upon which account I may say, "the zeal of thine house hath eaten me up."

## History of Utah, 1540-1886

Starting with the first chapter titled Something's Missing, your readers will be launched into an explosive, yet motivating, revelation of a deeper truth: that all of Christianity centers around the power of the New Covenant. The result will be a generation of readers who delve deeper into the origins of Christianity only to discover a power able to transform their lives today

## History of Utah

Wenham's study on the Book of Leviticus is a contribution to The New International Commentary on the Old Testament. Like its companion series on the New Testament, this commentary devotes considerable care to achieving a balance between technical information and homiletic-devotional interpretation.

## In the Likeness of Sinful Flesh

J. D. Myers shows how the death of Jesus on the cross reveals the truth about the five concepts of sin, law, sacrifice, scapegoating, and bloodshed. After carefully defining each, this book shows how these definitions provide clarity on numerous biblical texts.

## Blood on the Mountain

Blood on the Mountain is the first book to recount the full story and reveal the many secrets of The Temple Mount of Jerusalem. It is a tale of bloodshed, human greed and depravity, unparalleled in history. Today the Mount is a walled complex with at its centre the famous Dome of the Rock, which covers a small area of exposed mountain known as the As Sakhra or Foundation Stone. Traditionally the birthplace of monotheism, where Abraham prepared the sacrifice of Isaac, the stone is believed to mark the location of King Solomon's Temple which contained the Ark of the Covenant. Solomon's Temple was destroyed by the Babylonians in 586 BC, and the Second Temple, built by Herod, became the focal point for much of Jesus' ministry. The As Sakhra is also sacred to Muslims as the place where Muhammed ascended into heaven on his night-time journey from Mecca. But despite such spiritual associations, the Temple Mount remains historically the most violently disputed single location on earth; more human blood has been spilt per square metre of its surface than at any other man-made human location in known civilisation, and as the Millennium draws to a close, and militant religious attitudes harden in Israel, the threat of renewed human bloodshed, on a massive scale, persists. This is a revelatory book, containing a central line of detection which unfolds on many levels of history, archaeology and faith. The story contains some of the most famous characters of history: King David, King Muhammad and Lawrence of Arabia. Blood on the Mountain exposes the true historical origins, and the real motives which lie behind the activities and involvement of such organisations as the Knights Templar and the Freemasons, and reveals new evidence about the physical properties and fate of the Ark of the Covenant.

## Blood on the Mountain

In the mountains of eastern Arizona Territory, bounty hunter Jacob Payne's skills are required to rescue a teenage girl. Flora Kimball has been kidnapped from her family's farm, right under her father's nose. The neighbors of Elk Springs refuse to help, content to leave her to her fate. When Jacob learns of the

tragedy, he teams up with a family friend to go after the outlaw and his captive. Despite overwhelming odds, a skittish horse, and uncertain allies, Jacob vows to bring this girl home safely and unharmed ...

#### Blood on the Mountain

Jake Landon thinks a second ranger season in the Colorado Rockies with his hyper-competent lover Kurt Carlson is close enough to heaven, and a national forest is big enough to be his closet. City life, school-and the luxuries of electricity and running water-can wait, maybe forever, as long as Jake doesn't have to come out. He doesn't plan on Kurt's vision of his future being as narrow and direct as the single track roads through the trees."Your future, your fear, and me," Kurt tells Jake. "You can have two of the three, so choose wisely." Jake may have no choices left after they stumble on armed men guarding a beautiful but deadly crop that doesn't belong among the pines and spruces. Angry men with guns are only one danger in the Colorado wilderness, and Jake's reluctance to come out is now his smallest problem.Kurt's skills and Jake's silver tongue may not be enough to get them out of this mess-how much of the blood shed on the mountain will be theirs?

#### Blood on the Snow

The Carpathian campaign of 1915, described by some as the "Stalingrad of the First World War," engaged the million-man armies of Austria-Hungary and Russia in fierce winter combat that drove them to the brink of annihilation. Habsburg forces fought to rescue 130,000 Austro-Hungarian soldiers trapped by Russian troops in Fortress Przemyśl, but the campaign was waged under such adverse circumstances that it produced six times as many casualties as the number besieged. It remains one of the least understood and most devastating chapters of the war-a horrific episode only glimpsed previously but now vividly restored to the annals of history by Graydon Tunstall. The campaign, consisting of three separate and ultimately doomed offensives, was the first example of "total war" conducted in a mountainous terrain, and it prepared the way for the great battle of Gorlice-Tarnow. Habsburg troops under Conrad von Htzendorf faced those of General Nikolai Ivanov, which together totaled more than two million soldiers. None of the participants were psychologically or materially prepared to engage in prolonged winter mountain warfare, and hundreds of thousands of soldiers suffered from frostbite or succumbed to the "White Death." Tunstall reconstructs the brutal environment-heavy snow, ice, dense fog, frigid winds-to depict fighting in which a man lasted on average between five to six weeks before he was killed, wounded, captured, or committed suicide. Meanwhile, soldiers warmed rifles over fires to make them operable and slaughtered thousands of horses just to ward off starvation. This riveting depiction of the Carpathian Winter War is the first book-length account of that vicious campaign, as well as the first English-language account of Eastern Front military operations in World War I in more than thirty years. Based on exhaustive research in Vienna's and Budapest's War Archives, Tunstall's gripping narrative incorporates material drawn from eyewitness accounts, personal diaries,

army logbooks, and correspondence among members of the high command. As Tunstall shows, the roots of the Habsburg collapse in Russia in 1916 lay squarely in the winter campaign of 1915. Packed with insights from previously unexploited primary sources, his book provides an engrossing read-and the definitive account of the Carpathian Winter War.

#### Blood on the Divide

Preacher returns in this classic Western adventure from the New York Times and USA Today bestselling author of *The First Mountain Man*. This second book in William W. Johnstone's Preacher series finds the legendary mountain man leading a wagon train of settlers into the Rockies—and through dangerous territory. Trapped on the Continental Divide by a blinding snowstorm, Preacher must fend off the gunfire of the wicked Pardee gang, and a band of marauding Utes. Praise for the novels of William W. Johnstone "[A] rousing, two-fisted saga of the growing American frontier."—Publishers Weekly on *Eyes of Eagles* "There's plenty of gunplay and fast-paced action as this old-time hero proves again that a steady eye and quick reflexes are the keys to survival on the Western frontier."—Curled Up with a Good Book on *Dead Before Sundown*

#### Blood On The Lampshade

The year is 1999, and for the first time since World War II, Europe is witnessing scenes of mass murder. The forces of Serbian strongman Slobodan Milosevic have swept into Kosovo on the Balkan Peninsula leaving a trail of death and heartbreak. Scenes of Milosevic's 'ethnic cleansing' play out on television screens all over the world; haunted figures huddled behind barbed wire fences, bodies heaped in ditches. Adelaide surgeon, Craig Jurisevic, recalls his grandfather's ordeal in a Nazi concentration camp and resolves to honour his memory by offering his skills as a surgeon to the victims of the conflict. Leaving his wife and son in Adelaide, Jurisevic flies to the Balkans under the auspices of the International Medical Corps. Although no stranger to the battlefield, he is appalled at the unparalleled savagery of the Kosovo war. Jurisevic's determination to put his skills to the best possible use leads him closer and closer to the front line, and deeper into danger. Sickened by scenes of murder and massacre, he sets aside his non-partisan status and joins forces with the Kosovo Liberation Army, operating on the injured at the front and leading night-time missions behind the lines to retrieve injured Kosovar villagers. Struggling to maintain his moral bearings, Jurisevic's journey from Adelaide to the hell of Kosovo has become a descent into the heart of darkness. *Blood on My Hands*, co-written with award-winning author Robert Hillman, tells a story of terrible suffering, of extraordinary heroism, and of the savagery that lies coiled in the human heart. It is an incredibly powerful and moving account from a remarkable Australian and one that will stay with you long after you have put the book back on the shelf.

#### Blood on My Hands: A Surgeon at War

Vampire friends Justine Croft and Simone Gireaux watched in helpless rage as their desperate hunt for newly awakened witch Teresa Diaz's abducted daughter Antonia ended with the abduction of Teresa herself. But Simone, Justine and Justine's mortal lover, cop Harry Frazier, have no intentions of conceding defeat. The three of them become international hunters, following clues and hints from Columbia to Germany to Switzerland to Austria. At every step they are barely ahead of a vengeful pursuer: the deceptively petite but ruthless and powerful "ghost" vampire known only as The Girl, who cannot be detected by vampire senses. Ahead lies a confrontation with the ancient vampire Rubicon, who holds Teresa and Antonia captive and is using them in an experiment which, if successful, could

bring about the end of life as mortals know it on earth. With the stakes raised higher than they've ever known, Justine, Simone and Harry find unexpected allies along the way, some of them bringing haunting echoes of the past to Simone. Will they find Teresa and Antonia in time--not only to save them, but to prevent the seeding of an apocalypse? Picking up the storyline from *Blood Justice*, *Blood on the Water* and *Blood on the Bayou*, *Blood on the Mountain* continues award-winning author David Burton's exciting saga of love, loss and vengeance.

#### Blood on the Mountain

The slaughter at Hlobane was second only to that at Isandlwana two months earlier, which ravaged morale in the British Army. This was in part responsible for the highly questionable conduct of some of the officers when faced with the enemy at Hlobane, leading to the British rout at Devil's Pass. Without defeat at Hlobane, however, victory at Kambula might not have been possible: the warriors of the leading Zulu regiments, over-confident after their resounding success, were easily provoked into an ill-judged attack on the enemy camp at Kambula, and exhausted themselves before the British survivors of the previous day's battle set out in pursuit, leaving 1,000 Zulu dead on the Zunguin Plain.

#### Blood on the Painted Mountain

A time of knights and magic, elves and humans, good and evil. The races of Nennetta must come together to save their land and their lives no matter what their differences are. The Dark Lord Jerrak has returned to take his revenge on those who had banished him. A group of friends are drawn into the battle and now must get the races to join together to defeat Jerrak and his minions.

#### BLOOD ON DRAGON'S MOON

When three girls are kidnapped a new Chief of Police and an investigator with the D.A. must team together, despite their clashing attitudes and growing attraction, to search the smoky mountains for the girls and the culprit.

#### Blood on Copperhead Trail

Murder is an effective way to gain power over others. Kill its leaders, and a country can be yours. Kill the people or ruthlessly intimidate them, and you can control their territory. Kill the journalists--or the story--and the truth of what is happening can be buried. *Blood on the Lens* chronicles filmmaker Jim Burroughs's eighteen trips to Afghanistan since 1986, the bloody and deceit-ridden period that saw the war against the Soviets, the cessation of American support, the civil war, the rise of the Taliban, the hijacking of the country by al Qaeda, the U.S.-led invasion, and the herculean effort to form a new country under the rule of law. Two casualties of these years of bloodshed were fellow documentary makers Lee Shapiro and Jim Lindelof, who disappeared on their way to interview legendary leader Ahmed Shah Massoud in 1987. Part of this illuminating book recounts an undercover sortie by Burroughs and a close friend of Shapiro into Taliban-controlled territory in 1998 to investigate their disappearance--unaware that at that moment just a few miles away, bin Laden was declaring his war against "all Jews and crusaders." Through such personal experiences, *Blood on the Lens* documents twenty years of treachery and betrayal, courage and hope in a country like no other. In conjunction with the release of *Blood on the Lens*, Burroughs and fellow filmmakers Suzanne Bauman and Dan Delvaney will release their documentary, *Shadow of Afghanistan* in select cities this fall. Filmed over twenty years, this is the untold story of Afghanistan, an epic tale of assassination, genocide and betrayal seen through the eyes of an Afghan Commander and independent journalists. For more information on the documentary, click on the companion site link above.

#### Blood on the Lens

The tale centers on a young Human male and a young Elvin female. These two characters are the sole survivors of a terrible battle and head off to warn their people. The journey takes them through political intrigue, betrayal and prejudices. The two characters come to terms with their own fears and doubts, as they journey towards a pre-ordained destiny. Along the way their past is revealed, as is their direction and final confrontation with evil. Mixed in are subplots, new friendships, allies, murder and kidnapping. Through all of this new love and new life are born, only to be viciously ripped apart by assassination. Death is not the final chapter, as the final battle takes place on another plane of existence. It is a tale

of courage, growth, weakness and fear, all the human qualities of self, set amid a land of magic in a time of legend.

#### Blood on the Altar

Recounting the story of the Temple Mount of Jerusalem and revealing its many secrets, this book claims to expose the true historical origins and the real motives of such organizations as the Knights Templar and the Freemasons, and to present new evidence about the fate of the Ark of the Covenant.

#### Blood on the Mountain

Told in alternating points-of-view, James Preller's powerful middle-grade survival story will have readers on the edge of their seats. Carter and his older sister Grace thought the hike with their dad and their dog would be uneventful. If anything, they figured it was Dad's way of getting them off their screens for a while. But the hike on Blood Mountain turns ominous, as the siblings are separated from their father, and soon, battling the elements. They are lost. They are being hunted, but who will reach them first? The young ranger leading the search? Or the mysterious mountain man who has gone off the grid?

#### Blood Mountain

Preacher joins a wagon train in order to trap the Pardee brothers--human vultures who prey on innocent pilgrims--and when Preacher's group gets stuck on the Continental Divide, he is ready and waiting for the Pardees' attack.

#### The First Mountain Man

The massacre at Mountain Meadows on September 11, 1857, was the single most violent attack on a wagon train in the thirty-year history of the Oregon and California trails. Yet it has been all but forgotten. Will Bagley's *Blood of the Prophets* is an award-winning, riveting account of the attack on the Baker-Fancher wagon train by Mormons in the local militia and a few Paiute Indians. Based on extensive investigation of the events surrounding the murder of over 120 men, women, and children, and drawing from a wealth of primary sources, Bagley explains how the murders occurred, reveals the involvement of territorial governor Brigham Young, and explores the subsequent suppression and distortion of events related to the massacre by the Mormon Church and others.

#### Blood of the Prophets

Professional bear hunter and woodsman Bobby Burris was raised to hunt and poach on the famous Biltmore Estate lands and forest located adjacent to his family's homestead near Asheville, North Carolina. He was ruled by a tyrannical father who taught him to ignore the law and engaged him in an array of illegal activities from an early age, at which time he witnessed a notorious still-unsolved crime and murder. He was forced to participate in other crimes and retaliations during his adolescence under his father's direction. Rebelling against him, Bobby became a young renegade and formed his own small criminal organization in Asheville that extended beyond the region with links to the Italian and Mexican mafias and drug trafficking routes from Los Angeles to Philadelphia. His life from childhood into adulthood, under a Machiavellian authority, eventually led to his arrest and incarceration in a Federal prison where he by mere chance became a bodyguard for a mob boss of a major New York crime family. His road to perdition was interrupted by a vision that transformed him in the midst of this setting and began within him a process of rebelling once more against a life of crime that he'd been forced into since childhood. The story takes place against a backdrop of mountain wilderness and people with a long history of isolation, independence, and rebellion against authority. From a family of moonshine bootleggers, a legacy of crime developed from father to son that began with illegal poaching on the vast acreage of the magnificent Biltmore Estate and its forestlands, hunting parties with politically connected cronies from Asheville's "old boy" network, a series of hidden crimes, cruelties, and cover-ups that led to the monstrous formation of a young man with the brutalized heart of a stone cold killer. This story inflects the true crime genre with a psychological perspective, revealing unsolved mysteries, secret societies, bold adventure set within regional history, and family drama with a focus on the father/son relationship involving murder, sin and redemption. Bobby's journey from the black side of the mountain through a wilderness of transforming enlightenment is an exciting, intriguing, and inspiring story of physical and psychological survival. The book glows with a loving appreciation for the good that lies deep within some of the most hardened hearts, just as the setting, deep in the Appalachian Mountains,

is shown bursting with images of spectacular beauty and the rich bounty of nature even while danger may lurk at every turn.

#### The Mountain Girl Illustrated

Young Bobby Cromwell had no idea what to expect when his adoptive parents took him hiking in the eastern Oregon wilderness, but when they decided to scale the rugged terrain around Mount Eras to catch a spectacular view of the Blood Moon, they stumbled on something more sinister: an old legend that slaughtered the living and devoured their flesh. Spared the fate of death, Bobby was allowed to escape that fateful encounter, but only under the oath that he would lure additional victims to the mountain once a year, when the Blood Moon would allow the spirit to be its most ravenous. Now an adult and scarred by the part he has played in the massacre, Bobby has brought seven 20-something acquaintances to the fabled Blood Mountain, where mayhem ensues as they stumble on the same evil and wind up in a frightening push for survival.

#### Blood on the Snow

In three straight years he was a paratrooper, and army seaman, and a LRRP—and he lived to tell about it. As an FNG paratrooper in the 173d Airborne, John Leppelman made that unit's only combat jump in Vietnam. Then he spent months in fruitless search of the enemy, watching as his buddies died because of poor leadership and lousy weapons. Often it seemed the only way out of the carnage in the Central highlands was in a body bag. But Leppelman did get out, transferring first to the army's riverboats and then the all-volunteer Rangers, one of the ballsiest units in the war. In three tours of duty, that ended only when malaria forced him back to the States, Leppelman saw the war as few others did, a Vietnam that many American boys didn't live to tell about, but whose valor and sacrifice survive on these pages.

#### Blood Mountain

The 28th SS Volunteer Grenadier Division 'Wallonien', which mostly consisted of French-speaking citizens of the Kingdom of Belgium – first as part of the Wehrmacht, and later in the ranks of the Waffen SS – fought as one of the national legions against the Red Army on the Eastern Front in February 1942. The Walloons gained fame during the legendary resistance in Cherkassy Pocket, where in early 1944 they lost more than fifty percent of their strength. In the summer of the same year they fought a defensive battle in Estonia in the region of Dorpat, and in February 1945 were directed to Western Pomerania, where until the last days of the war they put up a stubborn resistance to the armies of Stalin. This book, which was originally published in Polish, is based on the unpublished memoirs of participants of these events, and is the first account to describe the Walloons' participation in the mysterious Pomeranian campaign in such a detailed manner. It tells the tragic story of the Walloon volunteers, who at all costs tried to stop the onrush of the enemy standing at the gates of the Third Reich. The Pomeranian odyssey led by the controversial and infamous Volksführer Leon Degrelle went on for three months, and the trial meant death and courage. Stargard, Altdamm, Neu Rosow – these are locations, that became synonyms for unconditional sacrifice. They are also a symbol of kameradschaft, of a group of tough guys and daredevils, who were determined to stake everything on one throw of the dice. The book is illustrated with unique photographs, known so far only to a small group of people. These are complemented by a special comic created by the French artist Godus and with images made with great attention to detail, which were produced for historical reconstruction, showing silhouettes of the Walloon soldiers. It is worth noting that some of these were made in the same location where the fighting raged in April 1945.

Survivors of a nuclear holocaust battle a dangerous religious cult in this post-apocalyptic adventure from a USA Today–bestselling author. After nuclear apocalypse brought civilization to its knees, one man rose up to lead a once-great nation out of the ashes. When everything fell apart, it was Ben Raines, heroic soldier and survival expert, who became the leader that freedom-loving, law-abiding people everywhere could rally around. Now a bloodthirsty religious cult called the Ninth Order is spreading a doctrine of hate across the land. Soulless and sadistic, they're sending their fanatical armies against Raines and his Rebels, plotting treachery within his own ranks. If their terrible plan succeeds, Ben Raines will die...and so will all his dreams for the future of America. Fourth in the long-running series!

#### Last Blood on Pomerania

Stranded in the rugged northern Rockies, a wagon train of settlers is viciously savaged by a group of merciless outlaws rampaging through the mountains. But when the villains cross the wrong man, nothing on earth will stop him from paying every one of them back--in blood.

#### Blood in the Ashes

Before invasion, Turtle Island-or North America-was home to vibrant cultures that shared long-standing philosophical precepts. The most important and wide-spread of these was the view of reality as a collaborative binary known as the Twinned Cosmos of Blood and Breath. This binary system was built on the belief that neither half of the cosmos can exist without its twin. Both halves are, therefore, necessary and good. Western anthropologists typically shorthand the Twinned Cosmos as "Sky and Earth" but this erroneously saddles it with Christian baggage and, worse, imposes a hierarchy that puts sky quite literally above earth. None of this Western ideology legitimately applies to traditional Indigenous American thought, which is about equal cooperation and the continual recreation of reality. *Spirits of Blood, Spirits of Breath* examines traditional historical concepts of spirituality among North American Indians both at and, to the extent it can be determined, before contact. In doing so, Barbara Alice Mann rescues the authentically indigenous ideas from Western, and especially missionary, interpretations. In addition to early European source material, she uses Indian oral traditions, traced as much as possible to their earliest versions and sources, and Indian records, including pictographs, petroglyphs, bark books, and wampum. Moreover, Mann respects each Indigenous culture as a discrete unit, rather than generalizing them as is often done in Western anthropology. To this end, she collates material in accordance with actual historical, linguistic, and traditional linkages among the groups at hand, with traditions clearly identified by group and, where recorded, by speaker. In this way she provides specialists and non-specialists alike a window into the purportedly lost, and often caricatured, world of Indigenous American thought.

"A densely detailed account of the 1879 Zulu defeat of the British . . . portrays a complex and interesting segment of British/African history."—Library Journal The battle of Isandlwana—a great Zulu victory—was one of the worst defeats ever to befall a British Army. At noon on 22 January 1879, a British camp, garrisoned by over 1700 troops, was attacked and overwhelmed by 20,000 Zulu warriors. The defeat of the British, armed with the most modern weaponry of the day, caused disbelief and outrage throughout Queen Victoria's England. The obvious culprit for the blunder was Lieutenant General Lord Chelmsford, the defeated commander. Appearing to respond to the outcry, he ordered a court of inquiry. But there followed a carefully conducted cover-up in which Chelmsford found a scapegoat in the dead—most notably, in Colonel Anthony Durnford. Using source material ranging from the Royal Windsor Archives to the oral history passed down to the present Zulu inhabitants of Isandlwana, this gripping history exposes the full extent of the blunders of this famous battle and the scandal that followed. It also gives full credit to the masterful tactics of the 20,000 strong Zulu force and to Ntshingwayo kaMahole, for the way in which he comprehensively out-generalled Chelmsford. This is an illuminating account of one of the most embarrassing episodes in British military history and of a spectacular Zulu victory. The authors superbly weave the excitement of the battle, the British mistakes, the brilliant Zulu tactics and the shameful cover up into an exhilarating and tragic tale. "A must for anyone interested in the Zulu War. Highly recommended."—British Army Review

"Blood on the Trail is one action-packed, western . . . and Jeremiah Halstead is a lawdog to fog the outlaw trail with!" —Peter Brandvold, author of *The Cost of Dying* Silver Cloud, Montana. A mining town

welcome to all seeking to make their fortune. And a place where a lawman has to watch his back before some hardcase empties his pistol into it. Deputy U.S. Marshal Jeremiah Halstead is escorting notorious outlaw John Hudson across the territory for trial when he's ambushed by a pack of Hudson's men anxious to rescue their partner from his custody. Halstead puts the blast on them, but outnumbered and outgunned, he has little choice but to hole up in an old mining town known as Silver Cloud, Montana. It's a place where he can keep a lock on his prisoner while figuring out how to get past Hudson's gang alive. But the folks in Silver Cloud are none too happy playing host to the lawman or his kill-crazy prisoner. Unable to trust the sheriff to back his play, Halstead finds himself standing alone against Hudson's gang as they slip into town, recruiting gunmen to help free their leader. Except for Ed Zimmerman. He's spent his whole criminal life in John Hudson's shadow. He wants Hudson dead and buried so he can become the leader of the gang. And if he must, he'll put everyone in Silver Cloud six feet under—including Deputy U.S. Marshal Halstead . . . Praise for Terrence McCauley "McCauley's Westerns move at a pace that leaves readers sweating and out of breath. Blood on the Trail is one wild, entertaining ride." —Johnny D. Boggs "A captivating western . . . the setting is harsh and evocative . . . the punches are strong and swift and the bullets whiz by close enough to make readers' hair stand on end." —Booklist, STARRED Review for Dark Territory
