One Day I Will Save Myself

The debut US poetry collection from social media star Elvira Sastre, exploring the sharp, slippery moments that turn a beloved relationship into something self-destructive. Counting the days that pass after a devastating breakup, Elvira Sastre confronts the haunting questions that surround every failed relationship: What happened? Where did it all go wrong? How did it all fall apart? With a bold, lyrical voice poised on the knife's edge of romance and grief, Sastre evokes the heady rush of first love and the sorrow of its painful end—even as she learns to pick up the pieces and move on after the worst has happened. At once deeply personal and universally resonant, painful and resoundingly hopeful, *One Day I Will Save Myself* speaks to the poet in all of us. An intimate journey through loving, losing, and living that inspires readers to begin their own healing and is perfect for fans of Rupi Kaur, r.h. Sin, and Atticus.

Everything Changed When I Forgave Myself

Love does the job. travelling too. writing does it. music. Also art, whisky, dark-coloured flowers and watching the landscape change in October. Driving on a small road somewhere in Italy with a beautiful boy and I don't want to be anywhere else in the whole wide world than right there, with him, that very car, smiling. But I close my eyes for one second and the moment is gone. I'm back to getting high on empty roads somewhere in Sweden and I'm the loneliest girl in the whole damn world and I just want all things beautiful. I just want the music, the literature, the art and the moments of driving in a car with a beautiful boy in Italy. but here, alone, I have no cares in the world. I have no cares in the world. I just want it all to be beautiful. _____ The 4th book from Swedish songwriter & author Charlotte Eriksson is a narrative journey from a lost and wandering youth, trying to find a place in the world, to slowly growing into a peaceful meditation on the joys of growing up, changing and befriending yourself. We get to follow a young woman, consciously creating herself, striving towards an adult self. "Where are our heroes?" she asks. "Where are our role models? Why are we leaving youth behind and laughing at the ones who are still there? Why not help each other out instead? with a little grace.

with a little compassion. Love for all and everyone around because we're all stumbling or succeeding back and forth, every day, and I want more community. I want helpers and guidance. Am I helping someone?" Charlotte helps by documenting her struggles, inner journeys and outer experiences, and she helps by sharing them with the world as boldly and bravely as she does. "We're all going through the same journey of growing from kids to teenagers to young adults to somewhat adult-to maybe a little calmer, to even more calm, and some lose their ways here but I want to speak up about it and hear that we're all on the same journey. We're all on the same road but it feels like everyone's ashamed of walking this road so everyone's looking down, trying not to be seen, pretending their feet are steady and not stumbling." _____ "And what am I? I'm forever stuck in a nonexistent place where no time passes and I do so much and learn so much but I don't grow. I'm still teenage me wanting more. Wanting less. Wanting anything and everything and I think I should grow up now. Grow out of childish anxiety and sorrows for all things past and everyone has moved on from schools and neighbourhoods and I moved first and swore the loudest on never coming back but now I dream about all things past. Going back. How do you transition from being a lost teenager, to one of those calm and serene souls of integrity and certainty? Because that's what I must do, now, soon. Do others feel left behind too, or is it just me? Like the train left with everyone on it and I'm still standing on the platform trying to decide if I should watch the sky for another hour or go change my ticket. Maybe sometimes you need to just close your eyes and jump on the train without feeling ready, and grow your steady breath on the way. I think sometimes you don't know how much you're capable of until you're forced to grow into it."

2am Thoughts

The poetry of 2am Thoughts condenses an entire relationship with its untamed emotions and experiences to a single day. As the long hours of the night drag on, so does the love, heartache, and loss. When the dawn breaks, the morning sun brings acceptance, healing, and recovery.

I'll Just Save Myself

I'll just save myself is poetess Nidhi M. Jhaveri's debut collection of poetry and prose. It offers to take the reader on a soul-searching journey. It is about self-love, self-care, aching, survival, self-worth, growth, mental health and raw emotions. Each poem is a piece of her soul that has been unearthed so dearly for you. It offers solace, to form a connection, to touch, and heal. "These mere words sewn with ink hope to reside in your spacious heart." Allow the pieces of her soul to accompany you on your journey, now.

Life Final Chapter and Other Poems

The poems in this book is full of life hope and dreams past, present and future of what life is expected to be. As we go through life many challenge we find ourselves face with things past, present and future. Life can throw any obstacles in our way, it's up to us rather to step over them or just lie down and excepted life as it is. My own experience in life taught me that what ever we face in life there's always an answer for every thing, rather we receive to believe it or not is totally left up to us. As I traveled through life many challenge I found myself writing my most precious thought down thinking I'll come back and read them when I want to find comfort or peace within my soul. In the wee hours of the morning when the house is silent and darkness is still around my most interment thought are found dancing in my head waiting to be lead on paper and stored in a place thinking that no one will read but myself. Life began to challenge me when I remember back to certain event that drove me to write thinking, I'll store this treasure up under lock and key no one would find it but me , "so I thought." As I began to travel the distance of life set before me I found in the early part of my marriage I would write my husband these long letter of my thoughts, because I just wasn't the type who could hold a conversation well. As I wrote little did I know that it would lead to become such an adventure in my life. In this book of poetry you will find how a young women beat the odds of silent and open up to a hold new life of communication. I would start my day each morning reading an inspirational poem to my friend at work from a book. So one day I decided to give it a try thinking to myself I can do this. On writing my first poem and letting my friends read it ,writing began for me then. They were honest enough to let me know how what they read touched their hearts. As people began to read my work they start asking me to write poems for them on special occasions, and I did without hesitations. As I wrote for other as well as myself little did I know that it would lead to this point in my life. In this book you're read how friend, love one and everyday people find ways of comfort just by reading words that touch their hearts and sent healing. Poetry is writing that releases the soul of man to write about what's hidden down inside of ones soul.

Yes we all have hidden treasure just sitting pounding upon our minds just waiting to be release to peoples who could take it and heald from darkness that they thought light could no longer shine, I take the most interment thought of one person and transfer it so that there understanding could be seen more clearly. I know you're wondering how do some one do that. I find it easy just by conversation with them. Remember I said that it was not something I was good at doing, but now it a gift that I found. Writing is the most profound reason people write today. I found it to be rewarding and comforting where peace is found. Taking words and making them dance across the pages send chill up my spine. I find myself as I write hidden inside this world that no one knows but me. I began to pick ,choose and write words that dance across my page sending messages to the reader, letting them know even though we go through many things in life that will carry us to experience sadness, happiness. Laughter, and tears we can still go on and conquer in this world the one thing we all hope for and that's peace for all man kind. In this book of poetry you'll find the color of the rainbow just as God intended it to be fill with many colors, you'll find how He took each one and mold them as He saw fit. How the raindrops and clouds, trees and grass are all here for man to enjoy, not to destroy. In this book you'll be taken to places far beyond the thought of mankind. How everyday mistakes can be recorded and correctly by the thought of man. I

Save Myself

Sometimes the dark times in our lives overtake our reality. This is especially true when we experience heartbreak. Heartbreak will come in many forms throughout our lifetime, and each time it can make us ask some hard questions of ourselves. Getting through heartbreak and gaining some sort of understanding and clarity is important. Healing can only be done by finding and centering ourselves again. These poems are glimpses into what it took for me to get through one of these such life-wrenching experiences.

Me, Myself, and I Poems

Me, Myself, and I Poems, sheds light on the word sacrifice, and learning how to cut your loss without the aftermath of guilt. This poetry book is about marking one's territory, setting ground rules, having moral independence, and knowing when to say, "NO," it's about me, myself, and I this time. After giving of myself freely over the years, I decided to save a piece of the story for me, and write this book from the depths of my soul.

40 Copies of Myself

Random words from a schizophrenic whirlpool that are the poems and pictures that will take you from the previous book you read to the next. Hope you enjoy the ride.

The Literary World

Hoffmann) The Little Match Girl The Elves and the Shoemaker Mother Holle The Star Talers Snow-White...

Santa's Library: 400+ Christmas Novels, Stories, Poems, Carols & Legends

From a critically acclaimed New York Times bestselling author and poet comes “a delightfully hybrid book: part anthology, part critical study, part autobiography” (Chicago Tribune) that is organized around fifty-one remarkable poems by poets such as Robert Frost, Emily Dickinson, Wallace Stevens, and Sylvia Plath. For Jill Bialosky, certain poems stand out like signposts at pivotal moments in a life: the death of a father, adolescence, first love, leaving home, the suicide of a sister, marriage, the birth of a child, the day in New York City the Twin Towers fell. As Bialosky narrates these moments, she illuminates the ways in which particular poems offered insight, compassion, and connection, and shows how poetry can be a blueprint for living. In *Poetry Will Save Your Life*, Bialosky recalls when she encountered each formative poem, and how its importance and meaning evolved over time, allowing new insights and perceptions to emerge. While Bialosky's personal stories animate each poem, they touch on many universal experiences, from the awkwardness of girlhood, to crises of faith and identity, from braving a new life in a foreign city to enduring the loss of a loved one, from becoming a parent to growing creatively as a poet and artist. Each moment and poem illustrate “not only how to read poetry, but also how to love poetry” (Christian Science Monitor). “An emotional, sometimes-wrenching account of how lines of poetry can be lifelines” (Kirkus Reviews), *Poetry Will Save Your Life* is an engaging and entirely original examination of a life while celebrating the enduring value of poetry, not as a purely cerebral activity, but as a means of conveying personal experience and as a source of comfort and intimacy. In doing so the book brilliantly illustrates the ways in which poetry can be an integral part of life itself and can, in fact, save your life.

Poetry Will Save Your Life

A periodical in part famous for the cartoon portraits of politicians and public figures. These were mainly by "Spy" (i.e. Sir Leslie Ward) and "Ape" (i.e. Carlo Pellegrini).

Vanity Fair

The play tells a life story of the greatest French poet of the 15th century - Francois Villon, also known as the "Voice of Paris". The story leads us from Villon's student years, when he used to be an assiduous scholar of Sorbonne and foster child of the senior Priest Guillaume de Villon, to the time when the poet gets involved with a bad company and is being lead into the mire of thefts, burglaries, and finally unpremeditated murder. After the crime Villon is banished from Paris and he wanders in the precincts of the city fighting for survival, retaining his fervent mind, sharp tongue, skill of scoffing his enemies and ill-wishers in his poems. However, the prodigal son returns to Paris to find his place in this world. Being banished for the last time, he vanishes from Paris and vanishes from History ..

I Know All Save Myself Alone

These are not mere poetries, but the stories of love, hope and pain have been lyrically penned. When you start with grief and reach at the hopeful end, you realize how beautiful the journey was. In a world full of materialism, where we all want to gain and earn without realizing what we are losing, these poems are just an effort to revive that dying hope and feeling again that subdued pain. The wordings are not of such complexity that one needs a teacher to explain, but so vividly and lucidly kept in the flow to keep the story going and to serve the purpose of igniting the lost emotion. Most of the poems are about the abstruse grieves of a woman and how she struggled hard to bring herself to this unbelievable status. Many of the poems talk about the love we feel everyday and we just move on without realizing the deep impact it had already left on us. In our day to day lives, we keep on doing many deeds which prove our humanity and we don't even realize that we are the genuine epitome of hope and our mother earth feeds on this very string. In real life, we get used to renounce our birth rights of exhibiting emotions, and poetry is the healing we all need. The book is all about you, your broken heart, the healing you need, repairing your shattered hope, and then a will to live again.

The Diary by the Sea

This holiday, we are offering to you our own Christmas box - filled up to the top with the best Christmas novels, classics to read during holidays, magical Christmas tales, legends, most famous carols and the unique poetry of the giants of literature dedicated to this one and only holiday: The Gift of the Magi (O. Frank Baum) Christmas At Sea (Robert Louis Stevenson) The Savior Must Have Been A Docile Gentleman (Emily Dickinson) The Heavenly Christmas Tree (Fyodor Dostoevsky) The Little City of Hope (F. Marion Crawford) The First Christmas Of New England (Harriet Beecher Stowe) Christmas in the Olden Time (Walter Scott) Christmas In India (Rudyard Kipling) A Christmas Carol (Charles Dickens) The Twelve Days of Christmas The Wonderful Wizard of OZ (L. Frank Baum) Ring Out, Wild Bells (Alfred Lord Tennyson) Little Lord Fauntleroy (Frances Hodgson Burnett) Black Beauty (Anna Sewell) The Christmas Child (Hesba Stretton) Granny's Wonderful Chair (Frances Browne) The Romance of a Christmas Card (Kate Douglas Wiggin) Wind in the Willows (Kenneth Grahame) The Wonderful Life - Story of the life and death of our Lord (Hesba Stretton) The Christmas Angel (A. Brown) Christmas at Thompson Hall (Anthony Trollope) Christmas Every Day (William Dean Howells) The Lost Word (Henry van Dyke) The Nutcracker and the Mouse King (E. T. A. Hoffmann) The Little Match Girl The Elves and the Shoemaker Mother Holle The Star Taler Snow-White...

Santa's Christmas Library: 400+ Christmas Novels, Stories, Poems, Carols & Legends (Illustrated Edition)

This is a collection of poems from the heart that focus on love, loss and mental illness.

Saving Myself

This book was written during a difficult period of my life when I struggled to keep from killing myself. The poems are written in the order that I went through my life-and-death situation. I never expected to beat my demons and live to tell about it.

The Works of Lord Byron

"Song of Myself" is a poem by Walt Whitman that is included in his work *Leaves of Grass*. It has been credited as "representing the core of Whitman's poetic vision". The poem was first published without sections as the first of twelve untitled poems in the first (1855) edition of *Leaves of Grass*. The first edition was published by Whitman at his own expense. In 1856 it was called "A Poem of Walt Whitman, an American" and in 1860 it was simply termed "Walt Whitman." Walter "Walt" Whitman (1819 – 1892) was an American poet, essayist and journalist. His work was very controversial in its time, particularly his poetry collection *Leaves of Grass*, which was described as obscene for its overt sexuality.

I Can!!!..a Journey from Darkness to Light

Don't Wait Til I Die To Love me and is a book about life. The author takes his readers through a journey of self-discovery. In vivid detail he spills his thoughts and deepest feelings towards love in every dimension. Tavon hopes readers will gain a new outlook life while learning how to appreciate the little things in life. 'Don't Wait Til I Die To Me' is such a simplistic title with a nuanced meaning which can relate to people in many ways. The people who find themselves to be overlooked or undervalued will resonate with pieces like "To The Ones Who Hurt Me " and "For The Misunderstood". Pieces such as "Dying Mother" and "Five Sense" will have the readers feeling remorseful towards humanity and Mother Earth. The purpose of this book is to allow each reader to learn more about themselves and become hopeful on their healing journey. Tavon wants his readers to know they're not alone. He also hopes people will become proactive when it comes to loving themselves, other people, and the environment. This book is a guide for the lost souls with many unanswered questions. This is one of the most complete poetry collections of the modern era. Goodreads review "First of all, thank you to the author for a pdf copy of "Don't Wait Til I Die To Love Me". Reading this book: marking each and every single poem in this collection and realizing that I can't quote EVERY one in my recommendation. I really enjoyed reading the poems. Each one let me feel something different and inspired me, motivated me. I don't like to give stars because I think it's always up to the readers book taste, but if I had to, I'd give 5/5 stars for this poetry collection because I loved each poem. This book is so so good and full of love. First, let us talk about the title: "Don't Wait Til I Die To Love Me". I wanted to read this book the exact moment I've read the title It's perfect "Maybe, I was placed in your life to be there When you were falling apart And once you put the pieces back together, You felt strong enough To stand on your own Thank you for allowing me in during Your most difficult time And trusting me to place bandages On your broken heart Just know if you ever need me again I'm one call away" There's just something about this lines.. love it The perfect book for a person who needs to let go of someone or something. I love books that make you question something and make you thoughtful in a good way. Like this lines: "Would a blue jay stop flying After being knocked down by a few storms? I doubt it. So why are we afraid to love After we get hurt? Pain should make us Want to love harder Not become distant, Or seek vengeance," Not only this book tries to help you deal with love it also reminds you how you should treat people. And that's so important His poems are full of truth and everyone will find a piece of himself in this book and will enjoy it because in the end we love to talk about ourselves but what we love more is reading about us and the things we can't describe. Sometimes it's heartbreakingly true, other times it's just all you need. "The world ain't fair You deserve more"

SONG OF MYSELF (The Original 1855 Edition & The 1892 Death Bed Edition)

Frederik Theodor Visser's *An Historical Syntax of the English Language*, published in four massive volumes between 1963 and 1973, is certainly one of the cornerstones of research in English linguistics. Visser's achievements can hardly be overestimated. Before the advent of modern corpus linguistics, he compiled a remarkable wealth of detailed philological data from all periods of English and combined this with current grammatical analyses of his time. This has made this publications an indispensable resource for anyone investigating the history of English syntax. This reproduction of Visser's volumes is more than welcome, and timely, as the volumes have been out of print for quite some time and were sometimes a little bit difficult to navigate. Having a searchable and easy-to- use online version, although maybe not perfect, available now means a revival for scholarship that celebrates its fiftieth birthday without losing any of its relevance.

Reprint of the original, first published in 1874. The publishing house Anatiposi publishes historical books as reprints. Due to their age, these books may have missing pages or inferior quality. Our aim is to preserve these books and make them available to the public so that they do not get lost.

A New English Dictionary on Historical Principles: part 1. D (1897)

The aim of this study is to provide an outline of the development, from the earliest times to the present day, of all the English syntactical constructions with a verbal form as their nucleus. Professor Visser's description is based on a very extensive collection of documentary material covering every kind of writing in prose and poetry in the Old, Middle and Modern periods, drawing on quotations illustrating syntactical phenomena in Bosworth & Toller, O.E.D., M.M.E.D., E.D.D., and D.O.S.T., but also making reference to obsolete usages not found in any grammar, and to the views of English and American grammarians of the 17th, 18th, and 19th centuries on the various syntactical constructions. The volumes of this work originally appeared in the early sixties and seventies and were well received by readers and reviewers. Volumes 1 and 2 underwent correction in the light of these early reactions. We should like to think that this work will continue to be available to the scholarly world without great increases in the price. We are however only reprinting the individual volumes in small numbers, and so we have decided that in order to guarantee a consistent reprint and pricing policy for the future, the work should be available henceforth only as a set of four volumes.

Don't Wait Til I Die to Love Me

Freedom from Yourself: Selected Poems from Divan Shams Tabrizi is a guide written to help set us free from our ignorance and the prison of our minds which keeps us occupied in misery, fear, and guilt. Rumi's teaching is based on the foundations of Sufism which is divine love, worship, simplicity and moderation, goodness, consciousness of God, humbleness, and tolerance. The most celebrated relationship in Rumi's spiritual development was with Shams Tabrizi, whom he met in Konya. Through their spiritual teamwork, they enlightened many people and also influenced all the centuries which followed. This guide was written to help people reach their ultimate goal of attaining Nirvana—a state of mind when all our desires subside and we live in total harmony, peace, serenity and total stillness of the mind. It represents the final goal of Buddhism. Freedom from Yourself enables everyone to go deeper into the meaning of Shams Tabrizi's poems and to apply them directly to the everyday problems we can encounter.

A Dictionary of the English Language

Every single step you take forward, no matter how insignificant it may seem, is significant. No matter how small your daily progress may be, it all adds up in the end. Keep going, going, and going until you're proud. Standing and waiting for the storm to end won't end it unless you decide to go through it and face it. This book is a collection of prose with a soft poetic touch. It will help you understand what it means to keep moving forward in life, and it will remind you of the strength that lies within the broken pieces of yourself. It will take you on a journey to discover self-love. This book will teach you not to give up when things get tough, help you remember that you are stronger than you give yourself credit for, and encourage you to keep your spirit high in the face of adversity, to keep going when things seem bleak. This will help you see that you will eventually get back to where you belong, in spite of all that is standing in your way. You will always find a home, no matter how difficult the road ahead may be. There's always a chance for the best, there's always a way out of a bad situation, even when it seems like there isn't one. It talks about how to rise again after a fall. Always keep in mind that no one will come to save you. No one comes. It's you. It's always you who gets this power.

The Works of the English Poets, from Chaucer to Cowper;: Dryden, Smith, Duke, King, Sprat, Halifax, Parnell, Garth, Rowe, Addison

DIVA stunning biography of the magisterial author behind *The Portrait of a Lady* and *The Ambassadors*/div
DIV Henry James is an absorbing portrait of one of the most complex and influential nineteenth-century American writers. Fred Kaplan examines James's brilliant and troubled family—from his brother, a famous psychologist, to his sister, who fought with mental illness—and charts its influence on the development of the artist and his work. The biography includes a fascinating account of James's life as an American expatriate in Europe, and his friendships with Edith Wharton and Joseph Conrad. Compressing a wealth of research into one engrossing and richly detailed volume, *Henry James* is a compelling exploration of its subject./div
