

Dying In America Improving Quality And Honoring Individual Preferences Near The End Of Life

[#end of life care](#) [#quality of life](#) [#dying in America](#) [#individual preferences](#) [#hospice care](#)

Focusing on improving the quality of life for individuals facing the end of life in America is crucial. This involves honoring individual preferences, providing compassionate care, and ensuring access to resources that support a dignified and meaningful experience during this sensitive time. By prioritizing patient-centered care and open communication, we can help individuals and their families navigate the challenges of end-of-life with greater peace and support.
