Follow the Road Signs

Journeys & arrivals in strange & magical places - a kaleidoscopic collection of stories by Africa's younger writers. Follow the Road is a collection of stories pushing against the grain of right vs wrong. It is an anthology of unique perspectives, ideas and dreams.

Follow the Road

Follow the Yellow Brick Road is for people who want to change and grow. And the most powerful way to learn new habits and truly change is through experience. Dorothy did not develop Scarecrow-knowing, Tin Man-heart and Lion-courage from a book. It was not from a lecture that Dorothy discovered her wizard was a fraud and that if she faced her scary witch, the witch would melt. She learned these vital life lessons along the Yellow Brick Road. Follow the Yellow Brick Road is especially for people who have ever had a twister pick up their life and drop them into a strange and uncharted land. If you are having trouble managing at work, going through a break-up, are caught in an addiction, have lost a loved one, or are in a challenging relationship, then you are in the Land of Oz and need to do as Glinda instructed: Follow the Yellow Brick Road. "Follow the Yellow Brick Road is a wonderful metaphor for understanding our lives and our relationships. I would recommend it to anyone as a tool for personal or corporate growth." -Dan Maltby, Ph.D., Director of the Organizational Leadership Program, Biola University See what others are saying inside!

Follow the Yellow Brick Road

Volume 1 of The Caves of Thailand covers the eastern and north-eastern provinces of Amnat Charoen, Bueng Kan, Buriram, Chachoengsao, Chaiyaphum, Chanthaburi, Chonburi, Kalasin, Khon Kaen, Loei, Mahasarakham, Mukdahan, Nakhon Nayok, Nakhon Phanom, Nakhon Ratchasima, Nong Bua Lamphu, Nong Khai, Prachinburi, Rayong, Roi Et, Sa Kaeo, Sakon Nakhon, Sisaket, Surin, Trat, Ubon Ratchathani, Udon Thani and Yasothon. Over 1,100 caves, rock shelters, stream sinks, resurgences and other sites of speleological interest are fully detailed, supported by 78 surveys and a bibliography with over 200 references.

Follow the Road Map

War never changes. The Fallout franchise certainly has, however. In 2008 Bethesda revived Interplay's famous "Post Nuclear Role Playing Game"

A Map for Life

By turning off the main highway and discovering old routes, some of which have been travelled for thousands of years, you will see Ireland in an entirely different way. Follow the Old Road will take you on a tour of a variety of pathways from great river roads to lost railways. Long before records began, travellers arriving on our shores found safe havens, natural harbours, the estuaries of rivers, and settled there, in sight of the ocean that had brought them to this land. Gradually they moved inland to more fertile soil, usually along the course of a river that provided both guidance and essential water supplies. In later centuries, great lords built their castles and monks their abbeys upriver, at the tidal limit. Some of the routes are still used today while others lie ignored and overgrown. Villages, and, later on, towns grew up around these castles and abbeys to serve their needs; towns that still prosper today.

British Road Book

A dazzling collection from across the African continent and diaspora here SHORT STORY DAY AFRICA has assembled the best nineteen stories from their 2013 competition. Food is at the centre of stories from authors emerging and established, blending the secular, the supernatural, the old and the new in a spectacular celebration of short fiction. Civil wars, evictions, vacations, feasts and romances the stories we bring to our tables that bring us together and tear us apart.

British Road Book

The Great North Road — since 1922 officially classified as the A1 — has been the main route between London and Edinburgh since earliest times. But roads change and so much of the original has since been bypassed leaving an intriguing trail of discovery for author Chris 'Wolfie' Cooper. As we travel the 400 miles, we follow every twist and turn of the old road, past the remains of bygone carriageways, forgotten byways, dead ends, and wayside rest houses of distant memory, and even trace parts which have completely disappeared.

The Caves of Eastern Thailand

As the youngest daughter of a country music legend, Raegan Farrow longs to establish an identity away from the spotlight and publish her small-town romances under a pen name. But after her dream is dashed when she won't exploit her mother's fame to further her own career, she hears a rumor from a reliable source regarding a tell-all being written about the Farrow family. Making matters worse, the unknown author has gone to great lengths to remain anonymous until publication. Raegan chooses to keep the tell-all a secret from her scandal-leery sisters as they embark on a two-week, cross-country road trip at their mother's request and makes it her mission to expose the identity of the author behind the unsanctioned biography. But all is complicated when she discovers their hired bus driver, Micah Davenport, has a hidden agenda of his own--one involving both of their mothers and an old box of journals. As they rely on each other to find the answers they seek, the surprising revelations they unearth will steer them toward their undeniable connection and may even lead them down the most unexpected of paths.

Fallout 3 - Strategy Guide

Four young Englishwomen retrace the ancient Silk Road--4,500 miles in eight months by horse and camel.

Follow the Old Road

Escape with Russ Manning, the Southeast's hiking expert, into the deep gorges and rock shelters that make this area a natural utopia. He has trekked along every trail and behind every waterfall, from Yahoo Falls to the Gentleman's Swimming Hole--in 100 Trails of the Big South Fork, he guides you to and through the land's best of best!

Feast, Famine and Potluck

The classic guide to hiking the Land of 10,000 Lakes, now updated and in full color! View the spectacular waterfalls, gorges, and canyons of the nationally known Superior Hiking Trail, step back into Native American history alongside the quarries of Pipestone National Monument, or see bald eagles and other wildlife in Bear Head Lake State Park. Highlighting the history and geography of each route, this book introduces more than forty of the finest trails the Gopher State has to offer. Each featured hike includes detailed hike specs and descriptions, trailhead location, mile-by-mile directional cues, gorgeous full-color photography, and a detailed map.

British Road Book

Revised and updated, this guide leads readers to 50 of the best snowshoeing and cross-country ski trails in Colorado--from Rocky Mountain National Park to Telluride.

The Great North Road

TRACKLESS: A JOURNEY THAT FOLLOWS NO TRAILS by MA Hill tells of the power of dreams and destiny. Is what we want what we need? Can we choose our path in life? Set in Australia between the 1950's and 80's this book evokes a poetic vision of the vast distances of the land and the dissolving polarities between the truth of reality and the mystery of illusion. Magic and myth interweave in this novel of betrayal and deceit. This is the story of Aidan Randell, who abandons his career as an architect in a quest for art and freedom. When he meets gifted musician, Gwenyth Chamberlain, the ramparts of the safe world she has constructed fracture into chaos. Is it fate, foretold by Viking Ru nestones cast by the strange dancer, Dolfine? Random chance? Or the inevitable consequences of cause and effect — of action and reaction? Are they driven by profound love and devotion, or lust and desperation? Is the treasure a priceless antique violin, or just a wooden box with strings — a worthless fake? From the mansions of the wealthy and powerful, to beach shacks and remote desert camps — from sailing super-yachts and driving 4WD on outback tracks — they journey into the wilderness of the soul and discover bedrock.

The Roads We Follow

This book is based on over 150 scientific papers about the Dogu'a Tembien district in Ethiopia. To reach a broader public of people interested in geosites and human-environment interactions, the authors here add a geoguide about this mountain district in Ethiopia(13°30' N, 39°10' E; upto 2850 m high) which shows a varied lithology. A large team has carried out research in that district over the past 23 years, including long stays in the areas. Numerous viewpoints and geosites are only accessible on foot; hence the authors prepared the book as a trekking guide, which will enhance sustainable tourism in the same time. This edited work summarises the study results in the international literature into a comprehensive book, which comprises 35 thematic chapters, detailed description of 573 km of trekking routes to access the landscape and the most scenic excursion points, as well as the necessary logistical information. A state-of-the-art trekking map is included as a digital annex.

The Last Secrets of the Silk Road

Sidney Spencer is the successful author of mystery novels who loves her job, but she's due for a much-deserved break. She owns a cabin in Spring Lake, Pennsylvania, but she's never spent the winter there. This is just the respite she needs as she settles in her winter home and a quiet community filled with new friends. As a mystery author, Sidney is always curious, and she suspects several of her neighbors are hiding secrets. She does her best to weed out the truth, but her amusing hobby turns to something much more necessary when one person is killed and two girls are reported missing. Now, Sheriff Will Putnam needs her help before someone else ends up dead. Sidney knows certain neighbors in Spring Lake harbor secrets, but do any of them seem capable of murder? She has to use all her investigative skills to discover whether there is a killer among them. And she'd better figure things out soon before she becomes the killer's next person of interest—and possible prey.

British Road Book ...: The southern counties (Kent to Cornwall) comp. and ed. by F.W. Cook. 4th ed. (as rev. and enl. 1893)

The post-apocalyptic modern classic with an introduction by novelist John Banville. In a burned-out America, a father and his young son walk under a darkened sky, heading slowly for the coast. They have no idea what, if anything, awaits them there. The landscape is destroyed, nothing moves save the ash

on the wind and cruel, lawless men stalk the roadside, lying in wait. Attempting to survive in this brave new world, the young boy and his protector have nothing but a pistol to defend themselves. They must keep walking. Winner of the Pulitzer Prize for Fiction, *The Road* is an incandescent novel, the story of a remarkable and profoundly moving journey. In this unflinching study of the best and worst of humankind, Cormac McCarthy boldly divines a future without hope, but one in which, miraculously, this young family finds tenderness. An exemplar of post-apocalyptic writing, *The Road* is a true modern classic, a masterful, moving and increasingly prescient novel. This edition is part of the Picador Collection, a series of the best in contemporary literature, inaugurated in Picador's 50th Anniversary year.

British Road Book ...: The south midland counties, Wales and East Anglia, comp. and ed. by F.W. Cook. 2d and rev. ed

Volume II of III This volume is sub-titled *The Battle of St Mihiel*, and covers St Mihiel, Pont a Mouson and Metz. The first 18 pages provide the historical background, how the St Mihiel salient was formed in September 1914 and how it was eventually eliminated four years later, in September 1918. Details of the American forces (corps and divisions) involved are given with photos of some of their commanders. Then follow the outlines of three guided tours round the battlefields with comments on the scenes of interest and accounts of the fighting. The first tour covers Verdun to Commercy, via Calonne trench, Eparges, Apremont Forest, Ailly Wood and St Mihiel, including a visit to the latter. The next trip goes from Commercy to Metz, via Pont a Mousson and including a visit to Pretre Wood where there was heavy fighting from Sep 1914 to May 1915 when it finally passed into French hands and remained there. It ends with a tour of Metz. The third tour runs from Metz to Verdun via Etain, the main place of interest visited on this leg which does not take in the Verdun battlefield. Good maps and battlefield photos all make this an interesting piece of WWI history.

100 Trails of the Big South Fork: Tennessee & Kentucky, 4th Edition

2400 Miles from home in the scenic isolation of the Pacific Northwest, Jimmy & Beth's honeymoon comes to an abrupt end as the world shuts down. As word reaches them that the world economies have collapsed, they want to get home to Tennessee as soon as possible. Confidence instilled through their military experience and determination spurs them on in a long journey across country. By truck, walking, on a bicycle & finally motorcycles it takes them eleven months to return home.

Hiking Minnesota

Five friends - one journey - a stunning estate ahead. The path appears straight until the travelers reach a "Detour" signpost. Is it a trick? Or one of the signs their benevolent host said they should follow in order to reach the estate? Anyone can set a straight path toward their goals, but sometimes there are rocks on the road, someone might eat your lunch or steer you toward temptations that pull you away from what you really want. What then? Do you give up? Barrel through? Try to go around? "Detours" is a modern day parable that follows a group of people who chose Heavenly Father's plan, but soon discover Earth's journey isn't what they expected. Unforeseen adventures lead them to make different choices, just as everyone must make every day. Where is your path leading you?

Winter Trails™ Colorado

This guide to journeys within the Peak District National Park contains a series of cycle routes which are suitable for the family as well as the serious rider. The routes vary between 10 and 30 miles, and several may be linked together for longer trips. Sketch maps are provided, but it is suggested that these be backed up with the Ordnance Survey 1:25000 map *The White Peak and The Dark Peak*. The use of tarmac surfaces has been minimized whenever possible. Descriptions of each journey are supplemented with background information on points of interest and pubs and inns to be encountered en route. Several of the trips have been chosen based on suitable car parks, while others allow transit from one railway station to another. A list of cycle hire centres is given at the back of the book.

Trackless

Spoken on Mavea Island by approximately 32 people, Mavea is an endangered Oceanic language of Vanuatu. This work provides grammatical descriptions of this hitherto undescribed language. Fourteen chapters, containing more than 1,400 examples, cover topics in the phonology and morphosyntax of Mavea, with an emphasis on the latter. Of particular interest are examples of individual speaker variation

presented throughout the grammar; the presence of three linguo-labials (still used today by a single speaker) that were unexpectedly found before the rounded vowel /o/; and a chapter on numerals and the counting system, which have long been replaced by Bislama's but are remembered by a handful of speakers. Most of the grammatical descriptions derive from a corpus of texts of various genres (conversations, traditional stories, personal histories, etc.) gathered during the author's fieldwork, conducted for eleven months between 2005 and 2007.

British Road Book

This informative book helps students learn to follow a road map, including using the grid system, legend, and compass rose. Students are also taught to understand and use a scale on a map. Each topic arms students with useful knowledge about reading road maps. A follow-up activity encourages readers to use a map to write directions for a friend.

Geo-trekking in Ethiopia's Tropical Mountains

This is a new release of the original 1933 edition.

Breach of Trust

Guidebook to 35 full and half day mountain biking routes in Slovenia. The graded routes, which range from technically not difficult but requiring a reasonable level of fitness to highly technical, requiring a high level of fitness and confident bike handling skills, vary in length from 12km to 59km. Routes are located in Gorenjska, Soca Valley, the South, as well as Central and North Eastern Slovenia. Full route descriptions are accompanied by gradient profiles and 1:75,000 mapping, together with practical information such as getting to and around Slovenia, travelling with the bike, arranging accommodation and dealing with emergency situations. A handy Slovenian language glossary is also included. Showcasing a remarkably diverse landscape, Slovenia is an idyllic mountain biking destination. From the towering peaks of Gorenjska and the stunning riverside trails of the Soca Valley to the tremendous limestone caves of the Karst region and the forests of the Nanos plateau in the country's south, there is endless opportunity for tough climbs, long descents and technical trails - as well as slow, scenic trips lakeside and through vineyard-laced landscapes - making it a perfect travel destination for the avid mountain biker.

The Road

Toby Arora is in a bind. His family has given him the ultimatum to find love (the Indian way) before he hits 30. And despite all odds and a few false starts, he thinks he's found someone perfect. But is she really the girl of his dreams? Will he be able to connect with someone halfway across the world? Will he be able to balance career and love? Follow Toby's journey as he chases his butterflies and the remarkable and unexpected discoveries it brings. From the Cover: True love. Professional success. Life goals. Hopes for the future. Dreams, Desires and everything in between. Butterflies. A friend had once shared a remarkable and beautiful interpretation of life: He said that life is like chasing butterflies in a beautiful meadow and every person has their own butterflies.... And that's what this story is about. Butterflies. Toby Arora's butterflies. The pressure to get married that is typical of Indian families. The complexity of finding chemistry and love. The uncertainty spurred by the global recession. The nostalgia for home and the dilemma of moving back. Laced with humor and sprinkled with spontaneous chats, intimate emails and thought provoking journal entries, this highly engrossing and relatable novel follows the protagonist Toby, as he chases his butterflies and the remarkable and unexpected discoveries they bring. A quick read perfect for travel, a day at the beach or an evening on the couch!

Roads Made Easy by Picture and Pen

During the challenging years between the Great War and the Second World War, ordinary people find themselves pushed to their limits. In *La Strada Da Seguire*, Susan Toscan uses fiction—inspired by her own history—to tell the tales of two seemingly unrelated communities, one in Australia and the other in Italy. In the 1930s in Griffith, New South Wales, an emerging major farming district, a family diligently works to build a life on their farm. When Italian migrants move to the town, bringing invaluable knowledge and a commitment to hard work, thriving businesses are born. The new neighbours struggle to develop a successful multicultural society. Things are no easier in Italy. In the uncertain years following the Great War, everyone hopes for some stability. Barely recovered from the Great War, they

now find themselves caught up in the inescapable wave of another. Desperate for change, a young woman looks for an escape from her frightfully mundane existence. As the Second World War breaks out, the young men from both of these communities are called to service. Ripped from the only lives they know and the relative safety of home, they must face an unpredictable future with as much dignity and bravery as they can muster, against forces and events far beyond their control. Life, love, and tragedy are all part of the new world, and the members of these communities must now choose between being victims—or survivors.

The Americans in the Great War - Vol II

Drawing on literary and archaeological evidence, David A. Dorsey examines the road system in Israel during the Iron Age (ca. 1200-586 B.C.). He offers a comprehensive investigation of the nature and physical characteristics of roads in ancient Israel and reconstructs Israel's road network as it existed during the Old Testament period.

Follow the Road Map

This guidebook covers 20 mountain biking routes set throughout the length and breadth of the North Downs, from Farnham in the west to Dover in the east, as well as a route along the Downs Link, which joins the North Downs Way with the South Downs Way. They range from 18.5km to 59km in length and up to 90% off road. The routes, illustrated with OS map extracts and height profiles, are graded for difficulty (blue, red and black) and are suitable for mountain bikers with at least some experience and a reasonable degree of fitness. The guide gives practical information on recommended gear, preparation and safety, as well as details of accommodation and local bike shops.

The Soliean Stars

In The Soliean Stars, Leader Avieasolia of the eternal interstellar Soliean Republic encounters an ancient, legendary computer at the core of the three stars of the Republic, one that allows travel through both time and space. After accidentally glimpsing a raging, war-torn future thousands of years away, Avieasolia has no choice but to further investigate the discovery. Realizing he has uncovered what Leader Akjaeir, who left decades before, had been looking for, he instructs his loyal adviser Granite, a bearlike humanoid alien, to assemble a team of elite and diverse members of the Republic to investigate what the timeless discovery means closer to home. Follow Granite, Mountain, Henry, Setai, Onyx, and Sapphire on a seemingly lighthearted adventure where they piece together the clues of the past to uncover what may save their universe when the end comes.

Magic Castle Readers (Set)

With more than 10 million copies in print, Magic Castle Readers is one of the most successful beginning reading series available today. These books feature charming illustrations and provide children with a fun escape to faraway lands. Curriculum topics are woven into each book and include subjects such as counting, colors, feelings, manners, and many more. Offer your young patrons Magic Castle Readers and watch them enter a world in which they love to read!

Funworld

Short Haul Engine is a tough-minded, original, unyielding first collection. Although the subject matter is often back roads fever, that dead-end dreaminess, the poems are shot through with a smashing energy and a willingness to say just about anything, no matter how risky or wild. Karen Solie is a unique blend of irony and guts, of snarl and praise. She is so talented that even her darkest poems dazzle. --Brick Brooks.

Short Haul Engine

The complete guide to every WWF VHS release from 1985-1989, with full reviews of every tape, alternative wrestler bios, exclusive artwork by Bob Dahlstrom, awards, match ratings, and much, much more.

The Complete WWF Video Guide Volume I

"What is your name?" That's what Nora asks her neighbors as she rides up and down the elevator of her apartment house. She doesn't mean to be a busybody. She just wants to be like doorman Henry and know all the people in her building--all 200 of them! And then one day Nora gets a great idea: they'll have a giant party, for everyone in the building!

Busybody Nora

Her sister's broken engagement to Eliot Talbot was only the first event to turn Valeria Gray's summer topsy-turvy, and because of it her friendship with Eliot's brother Rob seemed doomed to come to an end. However [she still had] her summer job in the Talbot factory ... Not long after that, the factory began to be plagued with minor annoyances that threatened to become serious. The way in which Val straightens things out makes [up the story].

Drums in My Heart

After a long and unsuccessful search, Polka-dot Puppy finally finds a home.

Reminiscences of Michael Kelly of the King's theatre, and Theatre royal, Drury lane [ed. by T.E. Hook].

Three little rabbits exhibit both good and bad habits regarding their attitudes toward new experiences, taking care of their things, behaving with others, getting enough rest, and eating healthy.

Polka-Dot Puppy

"Using a method based on New Historicism, but with added emphasis on literature as cultural commentary, Andrew Cusack's study traces the motif's intertextual connections, how it receives meaning from non-literary discourses, and how it transmits meaning into the social sphere by molding individual and collective self-conceptions. The study draws on a corpus of ten prose narratives that reflect the vast scope of the motif and show how its function changes. The study pays scrupulous attention to the historical specificity of each work and to its relationship to contemporary aesthetic and philosophical currents, revealing the wanderer motif to be a significant vehicle of cultural memory that sustained the ideas of the Enlightenment and of Romanticism into the latter part of the century."--BOOK JACKET.

Rabbits' Habits

A collection of addresses and essays produced over an eighteen year period by the California Department of Water Resources.

Wanderer in 19th-century German Literature

An antique dealer's revelation about a former queen's priceless heirloom starts Nancy on a trail of exciting adventures. Madame Alexandra, now living incognito in River Heights, asks Nancy to find her missing grandson. With only one clue to go on – a faded photograph of the prince at the age of four – the young detective begins her search. Nancy's investigation unmasks a slick imposter and reunites the long-separated family in this suspense-filled story.

Addresses: 1963

Cette Édition spéciale regroupe les trois recueils de nouvelles de Corinne Falbet-Desmoulin: Singulières, Insolites et Atypiques. Les femmes, l'amour et l'amitié, la famille, sont les thèmes abordés, dans une écriture fluide et sensible, où la poésie, l'amour de la nature et la sensualité ont toujours leur place... ainsi que la surprise!

Nancy Drew 20: The Clue in the Jewel Box

First English translation of Heine's controversial though masterful polemic, with introduction and commentary. In 1840, Heinrich Heine, the major German poet of Jewish origin of the age, published a book on Ludwig Börne, the major German political writer of Jewish origin of the period, who had died three years before. Regarded by Heine and others as his best-written book, it was also his most disastrously conceived. Intended to recover the high ground of revolutionary principle and philosophy against the attacks mounted on him by Börne and his supporters, the book was instead met by a storm of outrage from which it seemed Heine's reputation might never recover. In the course of time, the evaluation was reversed; Heine was increasingly celebrated as a true herald of revolution. His vocabulary of Hellenism and Nazarenism, employed for the first time in Börne, was transmitted into English usage by Matthew Arnold. But Börne itself is Heine's only major work that has never been fully translated into English. The commentary to the edition clarifies the conflict between the two most prominent German-Jewish public intellectuals of their time, corrects the misapprehensions constantly in circulation about their relationship and the book, and reveals the many peculiarities of the text. Jeffrey

L. Sammons is Leavenworth Professor of German Emeritus at Yale University and the author of four books on Heine.

Singulières - Insolites - Atypiques

English Legends

Music, we are often told, is a language. But if music is a language, then who is speaking? The Composer's Voice tries to answer this obvious but infrequently raised question. In so doing, it puts forward a dramatistic theory of musical expression, based on the view that every composition is a symbolic utterance involving a fundamental act of impersonation. The voice we hear is not that of the composer himself, but of a persona--a musical projection of his consciousness that experiences and communicates the events of the composition. Developing his argument by reference to numerous examples in a wide variety of styles, Mr. Cone moves from song and opera through program music to absolute instrumental music. In particular, he discusses the implications of his theory for performance. According to the dramatistic view, not only every singer but every instrumentalist as well becomes a kind of actor, assuming a role that functions both autonomously and as a component of the total musical persona. In his analysis of the problems inherent in this dual nature of the performer's job, Mr. Cone offers guidance that will prove of practical value to every performing musician. He has much to say to the listener as well. He recommends an imaginative participation in the component roles of musical work, leading to a sense of identification with the persona itself, as the path to complete musical understanding. And this approach is shown to be relevant to a number of specialized kinds of listening as well--those applicable to analysis, historical scholarship, and criticism. The dance, too, is shown to depend on similar concepts. Although *The Composer's Voice* involves an investigation of how music functions as a form of communication, it is not primarily concerned with determining, or interpreting, the "content" of the message. A final chapter, however, puts forward a tentative explanation of musical "meaning" based on an interpretation of the art as a coalescence of symbolic utterance and symbolic gesture. While not essential to the main lines of the argument, it suggests interesting possibilities for further development of the dramatistic theory. This title is part of UC Press's *Voices Revived* program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, *Voices Revived* makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1974.

Ludwig Börne

An account of four generations of Mongol leaders, from Genghis Khan, through his sons, grandsons, and great-grandsons. The book is arranged into a series of narratives, which are grouped dynastically and chronologically covering the span of the Thirteenth Century, and dealing with the process by which the Mongols came to dominate Central Asia and spread outwards to come into contact with Europe, the Indian sub-continent, and China.

Class of 2017 Yearbook

The concept of Schubert as a feminine type began in 1838. This work examines the historical reception of Franz Schubert as conveyed through the gendered imagery and language of 19th and early 20th century European culture. The figures discussed include Musset, Sand, Nerval, Maupassant, George Eliot, and others.

The Composer's Voice

This magnificent survey of the most popular period in music history is an extended essay embracing music, aesthetics, social history, and politics, by one of the keenest minds writing on music in the world today. Dahlhaus organizes his book around "watershed" years--for example, 1830, the year of the July Revolution in France, and around which coalesce the "demise of the age of art" proclaimed by Heine, the musical consequences of the deaths of Beethoven and Schubert, the simultaneous and dramatic appearance of Chopin and Liszt, Berlioz and Meyerbeer, and Schumann and Mendelssohn. But he keeps us constantly on guard against generalization and cliché. Cherished concepts like Romanticism, tradition, nationalism vs. universality, the musical culture of the bourgeoisie, are put

to pointed reevaluation. Always demonstrating the interest in socio-historical influences that is the hallmark of his work, Dahlhaus reminds us of the contradictions, interrelationships, psychological nuances, and riches of musical character and musical life. *Nineteenth-Century Music* contains 90 illustrations, the collected captions of which come close to providing a summary of the work and the author's methods. Technical language is kept to a minimum, but while remaining accessible, Dahlhaus challenges, braces, and excites. This is a landmark study that no one seriously interested in music and nineteenth-century European culture will be able to ignore.

The March of the Barbarians

The most informed reference book on nineteenth-century music currently available, this comprehensive overview of music in the nineteenth century draws on the most recent scholarship in the field. Essays investigate the intellectual and socio-political history of the time, and examine topics such as nations and nationalism, the emergent concept of an avant garde, and musical styles and languages at the turn of the century. It contains a detailed chronology, and extensive glossaries.

Schubert in the European Imagination

Nel Trecento, a Prato, città di santi e beati, vive Francesco Datini, mercante spregiudicato e completamente dedito ai propri loschi affari. Un giorno, il suo assistente gli legge qualche passo della Divina Commedia: fatta una sommaria valutazione dei propri peccati e peccatucci, Datini stabilisce di non volere per alcuna ragione finire all'Inferno. Prova prima a comprarsi un'Indulgenza, salvo poi scoprire che questa rimette solo i peccati tempo-rali. Poi tenta con la penitenza e per quaranta giorni vaga per la città ridotto in tali condizioni che nemmeno i lebbrosi vogliono avere a che fare con lui. Ma, anche in questo caso, nessuna notizia da Dio. Non gli rimane che con-tattare il Diavolo e mettersi d'accordo con lui per un trattamento di favore. Scoprirà che il Diavolo non è come se l'è sempre immaginato e insieme an-dranno a visitare il Paradiso: qui, Datini troverà scansafatiche e perdigiorno della peggior specie e tutta una serie di strane sorprese...

Nineteenth-Century Music

An unprecedented examination of the ways in which the uninhibited urban sexuality, sexual experimentation, and medical advances of pre-Weimar Berlin created and molded our modern understanding of sexual orientation and gay identity. Known already in the 1850s for the friendly company of its "warm brothers" (German slang for men who love other men), Berlin, before the turn of the twentieth century, became a place where scholars, activists, and medical professionals could explore and begin to educate both themselves and Europe about new and emerging sexual identities. From Karl Heinrich Ulrichs, a German activist described by some as the first openly gay man, to the world of Berlin's vast homosexual subcultures, to a major sex scandal that enraptured the daily newspapers and shook the court of Emperor William II—and on through some of the very first sex reassignment surgeries—Robert Beachy uncovers the long-forgotten events and characters that continue to shape and influence the way we think of sexuality today. Chapter by chapter Beachy's scholarship illuminates forgotten firsts, including the life and work of Dr. Magnus Hirschfeld, first to claim (in 1896) that same-sex desire is an immutable, biologically determined characteristic, and founder of the Institute for Sexual Science. Though raided and closed down by the Nazis in 1933, the institute served as, among other things, "a veritable incubator for the science of tran-sexuality," scene of one of the world's first sex reassignment surgeries. Fascinating, surprising, and informative—Gay Berlin is certain to be counted as a foundational cultural examination of human sexuality.

The Cambridge History of Nineteenth-Century Music

This volume is a pioneering effort to examine the social, demographic, and economic changes that befell the Jewish communities of Central Europe after the dissolution of the Habsburg Empire. It consists of studies researched and written especially for this volume by historians, sociologists, and economists, all specialists in modern Central European Jewish affairs. The era of national rivalry, economic crises, and political confusion between the two World Wars has been preceded by a pre-World War I epoch of Jewish emancipation and assimilation. During that period, Jewish minorities had been harbored from violent anti-Semitism by the Empire, and they became torchbearers of industrialization and modernization. This common destiny encouraged certain common characteristics in the three major components of the Empire, Austria, Hungary, and the Czech territories, despite the very different origins of the well over one million Jews in those three lands. The disintegration

of the Habsburg Empire created three small, economically marginal national states, inimical to each other and at liberty to create their own policies toward Jews in accord with the preferences of their respective ruling classes. Active and openly discriminatory anti-Semitic measures resulted in Austria and Hungary. The only liberal heir country of the Empire was Czechoslovakia, although simmering anti-Semitism and below surface discrimination were widespread in Slovakia. While one might have expected Jewish communities to return to their pre-World War I tendencies to go their independent ways after the introduction of these policies, social and economic patterns which had evolved in the Habsburg era persisted until the Anschluss in Austria, German occupation in Czechoslovakia, and World War II in Hungary. Studies in this volume attest to continuing similarities among the three Jewish communities, testifying to the depth of the Empire's long lasting impact on the behavior of Jews in Central Euro

Il Mercante di Prato e il Diavolo

Gilreath's Sexual Politics is an update to the continuing debate over the place of gay people in American law, politics, and religion. Gilreath navigates a number of complex issues, including the delicate balance between sexual privacy and public equality, the entwining of religion and U.S. Law and politics and gay marriage.

Gay Berlin

Rufus Hallmark interprets Schumann's famously controversial song cycle in the social, literary, and musical contexts of contemporary German society.

A Social History of Germany, 1648-1914

Outstanding Academic Title 2005 - Choice Magazine The period between the two world wars was crucial in the history of homosexuality in Europe. It was then that homosexuality first came out into the light of day. Just crawling out from under the Victorian blanket, Europe was devastated by a gruesome war that consumed the flower of its youth. Tamagne examines the currents of nostalgia and yearning, euphoria, rebellion, and exploration in the postwar era, and the bonds forged at school and on the battlefield, in a scholarly treatise charting the early days of the homosexual and lesbian scene. Berlin became the capital of the new culture, and the center of a political movement seeking rights and protections for what we now call gays and lesbians. In England, the struggle was brisk to undermine the structures and strictures of Victorianism; whereas in France (which was more tolerant, over all), homosexuality remained more subtle and nonmilitant. However, the social and political backlash soon became apparent, first of all in Germany. More conservative attitudes arrested the evolution of the new mores, and it was not until the 1960s that the new wave of the sexual revolution once again swept the continent. Tamagne's work outlines the long and arduous journey from the shadows toward acceptability as the homosexual and lesbian community sets out to find a new legitimacy at various levels of society. She weaves together cultural references from literature, songs and theater, news stories and private correspondence, police reports and government documents to give a rounded picture of the evolving scene. * "The first volume argues that homosexuality, a 'high culture' sort, enjoyed a golden age consequent upon the Great War's liberalization of morals. In volume 2, reaction and repression march through the 1930s. [...] A lively read. Highly recommended." - CHOICE Magazine * Florence Tamagne holds a PhD from the prestigious Institute of Political Studies in Paris, France. This is her second book tracing the evolution of homosexuality in Europe.

Home Life in Germany

First published in 1975, *Music and the Middle Class* made a trail-blazing contribution to the social history of music, bringing together sociological and historical methods that have subsequently become accepted as central to the discipline of musicology. Moreover, the major themes of the book are ones which scholars today continue to grapple with: the nature of the middle class(es) and their role in cultural definition; the concept of taste publics distinct from social status; and the establishment of the musical canon. This classic text is reissued here in Ashgate's *Music in Nineteenth-Century Britain* series, though of course the book ranges beyond its study of London to discuss in detail the contrasting concert life of Paris and Vienna. This edition features a substantial new preface which takes into account the significant work that has been done in this field since the book first appeared, and provides a unique opportunity to assess the impact the book has had on our thinking about the European middle class and its role in musical life.

Peter the Great

"In this new edition of *Homophobia*, Kantor tells in harsh detail how and why people still fire off slurs like "faggot" and "dyke," and threaten harm, from blowing up homes to bashing in heads. He takes us across America to city streets, hospitals, schools, broadcast stations, churches, and police departments, showing how homophobia is still very much alive."--[book cover].

Sexual Politics

Melopoetics, the study of the multifarious relations between music and literature, has emerged in recent years as an increasingly popular field of interdisciplinary inquiry. Brought together in this volume for the first time within the broadly conceived framework of this developing comparative discipline, noted musicologists and literary critics explore diverse topics of shared concern such as literary theory as a model for musical criticism, genre theories in literature and music, the criticism and analysis of texted music, and the role of aesthetic, historical, and cultural understanding in concepts of text--music convergence. This book of fourteen original essays--united here not by a common ideology but by common subject matter--demonstrates how musical and literary scholarship can combine forces effectively on the common ground of contemporary critical theory and interpretive practice. The concluding essay by interdisciplinary historian Hayden White offers a magisterial, non-biased assessment of the individual contributions. By generalizing the critical issues raised, White locates this ambitious enterprise of contemplating "music and text" in the larger context of intellectual history.

Frauenliebe und Leben

Everybody loves secrets. We're all fascinated by celebrities, the rich, the powerful, and the famous. When scandals break out we want to read all about it. And the surest way to get anyone's attention is to start talking about sex. Now there's a book that has all this and much more, with over 900 amazing stories about prominent people from ancient Egypt to today who, in their personal lives, all had one thing in common. They were all gay, lesbian, or bisexual. Movie stars, musicians, kings, queens, soldiers, athletes, scientists, and even religious leaders from all over the world. The book is called *Queers in History*. It's a funny title and definitely a fun read. But there's also tons of serious useful information revealing a secret side of these famous personalities. *Queers in History* reveals the compelling stories about some of your favorite folks that are usually left out of their official biographies. Did you know that, for instance: * Joan Crawford and Marilyn Monroe had a one-night-stand? * Leonardo da Vinci was imprisoned twice for same-sex affairs? * Leonard Bernstein had an affair with an Israeli soldier? * The lesbian wife of a gay actor accused Howard Hughes of having an affair with her husband shortly before his mysterious murder? * The founder of Shinto Buddhism also founded a tradition of male-male love in Japan? * Angelina Jolie wanted to marry her "Firefox" co-star Jenny Shimizu? * The wife of one US president moved her girlfriend into the White House, and another US President shared his White House bed with the male chief of his security detail? * An heroic soldier in the US Revolution was actually a woman in disguise, who "married" another woman after her service in the Continental Army? * And in 1886, when US officials asked an Indian tribe to send "their best woman" to visit Washington, DC, the tribe chose instead to send a man in a dress? These are just a few of the historical facts you'll learn from *Queers in History*. It took 17 years to gather the information that fills over 500 pages in this trade paperback. One of the most amazing facts is that *Queers in History* is only \$13.67 if you pre-order on Amazon.com . That's a lot less than a penny per fact, all from reliable sources. But *Queers in History*

is much more than a collection of facts. Each person's life is presented as an entertaining short story, showing how their sexuality affected their lives and their work. And though it's about gay people, it's something everybody will be interested in, especially straight people who may not know as much as they think they do about some of their favorite celebrities. The previous edition got rave reviews in USA Today, Wired magazine, The Village Voice, and many others. Put this book on your coffee table before your next party and a few minutes later it will be the main topic of conversation. Just don't put it in the bathroom because the first person in there may lock the door and not come out until they've finished reading it. My name's Keith Stern, I wrote *Queers in History*, and I've produced some of the most popular biographical websites on the Internet. Sir Ian McKellen, better known as Gandalf and Magneto in the movies, has contributed an inspirational foreword to the book. Visit www.queersinhistory.com for more information.

Judge Lynch, His First Hundred Years

Katie opens a word window and sees lots of stairs. Upstairs she finds lots of bears who invite her to play with them.

A History of Homosexuality in Europe, Vol. I & II

Includes numerous references to Australian Aboriginal life-style and practices based on secondary sources.

Music and the Middle Class

This rich anthology presents selected poems from the international and Canadian books shortlisted for the 2007 Griffin Poetry Prize.
