Steph and Chris Book Reviews 'This book had me on an emotional rollercoaster from the first words... The Secret Daughter is a story that will stay with you long after you have finished the book.' Ask a Bookworm 'This was a refreshingly different read which I would put in the same vein as Diane Chamberlain but this was even better than some of Diane's latest releases. This is no girl meets boy and falls in love read but rather a heartbreaking, beautifully written story based on true facts... I would highly recommend The Secret Daughter, a thought provoking, emotional story not to be missed.' Shaz's Book Blog 'This was such a moving story, convincingly told. It is almost as though you are reading a memoir rather than a novel ... a really compelling read and would definitely recommend it.' Portobello Book Blog

Healing from Heartbreak

BOOK DESCRIPTION Sharon Webster's nightmare became her terrible reality the day her 17 year old estranged daughter landed in a locked psychiatric ward following her failed suicide attempt. Sharon saw it coming and desperately sought professional help. But, the Department of Children and Families failed to respond to her pleas for help, psychologists were unfamiliar with Julia's condition and Family Court actually enabled abusive manipulation by her ex-spouse. From the day she rejected her mother and walked from her home to live with her abusive father Julia felt perpetual guilt burn through her stomach until it one day, three years later it exploded like a volcano. Julia sought relief through a failed suicide attempt that brought her to the care of Dr. Elizabeth Malone, herself a tortured psychologist committed to rescuing young victims of child abuse. Something unique about Julia haunts Dr. Malone and feeds the demons that have stalked her lonely nights and caused her to seek relief through amphetamine abuse. Yet, in Julia she sees hope, hope for her young patient and hope for herself. Can Malone and Julia rescue each other from the abyss and can Malone skirt the law to bring Julia's abusive father to justice? Inspired by true events, "Tears In The Rain" is a story about a terrible social epidemic that destroys uncountable lives every year but is largely unknown and little understood. It is also a story of the insidious strength of hate. Mostly, it is a story of love, the unbreakable, bond of a mother's love for her child. **READERS' COMMENTS** * "I couldn't put it down for a whole day. It's almost like it was word for word what happened to me 6 years ago...Thank you for giving me such insight..."...Karey Q. * "This book is a blockbuster! Could not put it down. It speaks so much to how the nervous system works.."....Richard T.

Farther Up the Mountain

An emotional journey of awakening, through broken trust, heartbreak, and family conflict. Despite being at the depths of despair, in the face of adversity, there is always a belief for the promise of a hopeful future. This is a coming of age story with a difference. It's 35 year old single mother Mandy who is forced to mature and grow up quickly, by the time we reach the final chapters of this incredible chronicle that takes us from the blindness of naivety into pain, despair and eventually, at great cost, the maturity of hard-won wisdom. Set in the mid nineteen eighties in Edinburgh, a city dubbed as the drug's capital of Europe, a place where Mandy faces a mother's worst nightmare. The warning signs are staring her in the face, but at first she doesn't heed them. All she wants to do is love, nurture and protect her family, but despite all her efforts she has to stand by, watching helplessly as it fragments, and things fall apart. How does she bring things to a peaceful conclusion? Is it even possible?

Tears in the Rain

'They told me he died, but I never believed them. I'd have known, ' she says, her voice little more than a whisper and her eyes searching mine. 'A mother would know if her child died, wouldn't she?' The phone call comes in the middle of the night, rousing Danni from her safe, warm bed. The police have found her mother Diana wandering along the main road, miles from her house, confused and lost. Danni races to her mother's side, but when she arrives, as always, her mother doesn't seem to care. 'Go away, Danni, ' she says. 'I don't want you.' When she was a child, Danni would lie awake at night wondering what she had done to make her mother so cold. Now she is determined to put the past behind them and make Diana as happy as she can in the time they have left. But as some of Diana's memories are slipping

away, others are forcing their way to the surface. One night Diana breaks down in tears and reveals her heartbreaking secret. Years before Danni was born, there was another baby who never got to see the world. Now there is one last thing Danni can do for her mother. She will find her brother's resting place, and bring Diana some peace. But good intentions can have unexpected consequences, and soon Danni's life will be changed forever. Are some secrets best left buried? A completely heartbreaking and compelling story of families, secrets, and the fierce love between mothers and children. Fans of Amanda Prowse, Ali Mercer and Jodi Picoult will smile through their tears. See what readers are saying about Julia Roberts: 'Fantastic... A Mother's Goodbye

"Those children are our life, Rachel. You can't take them from us. And I will not stop until those children are back where they belong, with their blood family!" When Rachel met handsome Irish widower Lorcan it was a whirlwind romance. Her family back home thought it would never last. But it did, and they were so happy. Bringing up two stepchildren hadn't been in her life plan, but she loved them like her own. She'd say to them "even though you didn't grow in my tummy, you grew in my heart"

From Heartbreak to Healing

We, the Mothers, are superhumans born on this planet. We nurture a new life within ourselves and then nurture a brand new human being throughout our life. It is often said that God cannot be everywhere and so he created mothers. A mother embodies love, sacrifice, patience, and strength in one person. While raising our child, we symbolize a blend of passionate sentiments, careful behavior, and beautiful sacrifice. We begin our journey of hope the moment the child makes his or her presence known in our womb. From then on, we take each step slowly, carefully, and cautiously, with the sole purpose of safeguarding our young one, who is more valuable to us than anything else! We are fearless and dare to take on the entire world to protect our children. We exude the purest kind of love and take any humiliation in stride, forgiving continually and silently enduring the anguish of rejection while returning the warm grin of affection no matter how much we are hurt. We may not be singers, but our lullabies are the sweetest; we may not be chefs, but no meal can compare to the deliciousness of what we cook; we may not be teachers, but the life lessons we deliver are unparalleled.

Mom, I Need Your Help

An updated edition of the profoundly moving and inspiring memoir from Australia's domestic violence crusader, Rosie Batty. Rosie Batty knows pain no woman should have to suffer. Her son was killed by his father in a violent incident in February 2014, a horrendous event that shocked not only the nation,

but the world. Greg Anderson murdered his 11-year-old son Luke and was then shot by police at the Tyabb cricket oval. Rosie had suffered years of family violence, and had had intervention and custody orders in place in an effort to protect herself and her son. Rosie has since become an outspoken and dynamic crusader against domestic violence, winning hearts and mind all over Australia with her compassion, courage, grace and forgiveness. 'An inspiring and necessary book that challenges the narratives we set for our lives and reveals the beauty beyond them' CLEMENTINE FORD Alexandra Collier was a writer living in a light-filled Brooklyn brownstone in New York with the man she loved. But when she woke up to a ravenous hunger to have a baby that her partner didn't share, her life took a sharp turn. She found herself back in Melbourne at 37, single, heartbroken and living with her parents. Ally began dating with dedication, with sometimes hilarious and often soul-crushing results. Like many 30-something single women, though, she found that her reproductive timeline was rapidly outpacing her romantic life. So she began to explore a controversial option: conceiving a baby with donor sperm. Insightful, moving and relatable, this is an uplifting memoir about taking hold of your own future. 'Inspiring, challenging and often very funny, Inconceivable is an important read about one woman's choice to become a parent' THE AUSTRALIAN 'Bravely rewrites the script about how to make a family' GINA RUSHTON, author of The Most Important Job in the World 'An important story, fantastically told' CELIA PACQUOLA 'Powerful, singular story I rejoiced in reading. Finally, here is a story about a woman who has created her own happily ever after, without submitting to traditional forms of family-building. Collier writes movingly of the judgement single women face in society. Necessary, immersive read' JESSIE TU 'A bright light in a shrouded corner of parenthood' ASHE DAVENPORT, author of Sad Mum Lady 'An assured first book that walks the fine line between lightness and gravity' SYDNEY MORNING HERALD 'A candid and heartwarming account of Collier's journey to motherhood that will stay with you long after putting it down' BETTER READING 'A vibrant story about gaining agency through motherhood that challenges the status quo of the traditional family' NICOLA REDHOUSE

Empty Cradle, Broken Heart

Becoming a Mother is the first book published in Ireland exploring the complexity of adoption from the perspective of an adoptive parent. It draws on a combination of seminal and modern texts and personal memoir to present a unique view of what it means to be an adoptive parent in Ireland today. The book has a particular focus on intercountry adoptive parenting, and also looks at adoption from the viewpoints of the adopted person and birth parent. A dearth of literature exploring adoption exists on Irish bookshelves. Becoming a Mother seeks to fill that void by exploring issues around the topic of adoption: the secrecy and silence that still pervades adoption, the primal desire to parent that drives adoptive parenting, the tumultuousness of search and reunion, and more. It includes shared experiences and tips on bonding with the adopted child as well as a look at parenthood for the adopted person. Becoming a Mother will be of interest to the estimated 10 per cent of the Irish population connected to adoption in some way, including the 5,000 children who were adopted from abroad. The book has been included as essential reading on preparatory courses for prospective adoptive parents and also on Barnardos' post-adoptive service reading list.

Inconceivable

Gosport, 1941. Fourteen-year-old Vera has led a sheltered life with her overbearing, religious mother and older sister. But her world is turned upside down with the arrival of the Lovell family on her street. Vera quickly befriends the daughter, Angela, an impulsive, worldly young woman who opens Vera's eyes to what she has been missing. But Vera, unaware of the effect she has on men, invites the unwanted attention of Angela's father, with devastating consequences. Outraged at the news that her teenage daughter is pregnant, Vera's mother sends her to a home for wayward girls. After giving birth to a baby boy, Vera manages to escape the brutality of the institution, only to end up homeless. Alone and struggling to make ends meet, Vera is determined to give her son a better life - at any cost. But just as their fortunes seem to change for the better, everything Vera has worked for is threatened... June Hampson brings heartbreak, warmth and humour to this compelling tale of family tragedy and a young mother's fight for her son.

Becoming a Mother

Written with the poignancy of heartbreak and the indomitable promise of hope, Deborah J. Wolf's unforgettable debut novel delves into the fragile, ever-changing relationships between mothers and daughters in the worst of times--and in the best... Allyson Houlihan had the normal ups and downs with her husband and two daughters, but all in all, their life was good, full, and happy. That changed on the day a tragic accident ripped her husband away from her--and shattered everything. Over a year later, Allyson and her daughters--eleven-year-old Becca and fourteen-year-old Lydia--are still struggling to regain their rhythm as a family. A disciplined and athletic soccer player, Becca is at a loss when an injury forces her to the sidelines, leaving her emotionally adrift. And when Ally senses Lydia, silent and secretive, slipping away, the sense of helplessness and frustration is nearly overwhelming. It will take another of life's unexpected twists and the rock-solid support of her husband's best friend, Michael, for a mother and her girls to finally run towards each other--instead of away--and for a devoted wife to free her heart to live and love again... Special chat with the author inside Deborah J. Wolf lives with her husband and two daughters in Northern California. This is her first novel.
