Literacy for All

An equity-conscious, culturally sustaining approach to literacy education. Every student comes to the classroom with unique funds of knowledge in addition to unique needs. How can teachers celebrate and draw upon the valuable literacies each child already possesses to engage them more effectively in school literacy practices? In *Literacy for All*, Shawna Coppola shows how a literacy pedagogy founded on anti-oppressive principles can transform the experiences of teachers and students alike. Using her framework, which highlights the social and cultural aspects of literacy, teachers can help students participate in literacy experiences that illuminate their individual strengths. Coppola's book, an ideal introduction for equity-conscious literacy educators, shows how to design instructional and assessment practices that reflect both the cognitive processes and the social practices inherent in learning to read and write.

Benedict Cumberbatch - The Biography

This is the story of Benedict Cumberbatch, still only in his thirties, and one of Britain's foremost acting talents, excelling in theatre, television, radio and cinema.

From These Ashes Part III

Even in history's darkest times, enlightened men looked to the heart when choosing a friend. From *These Ashes*, is about a young man from Barnwell County, South Carolina who inherits 150 of his fellow human-beings. Part I, *A Friend Loveth at All Times*, speaks of the close relationships that existed on plantations between master and slave and the unrecognized struggle for freedom complicated by loyalty to a fair master. Part II, *A Brother Offended*, continues the story through the war. The characters serve with the 2nd South Carolina Cavalry under Edgefield's M.C. Butler - sharing in such adventures as Brandy Station, Hampton's cattle raid and the bitter return to South Carolina to fight against Kilpatrick's Army, who gloried in burning a path from the low country to Columbia with more vengeance than Sherman dealt Georgia. After the war, the main character returns home to find another challenge.

Following true accounts of the Reconstruction, Part III, *Through Wisdom is a House Built*, places the characters into this agonizing time. In Part III, the main character does what he must to build a safe future for those he loves from the ashes left by Kilpatrick's invasion. From *These Ashes* celebrates positive qualities in men of both colors. Reynolds believes what we give our power over to will manifest. With this story he has chosen to celebrate the good in mankind - the good that was present then and is now. President Lincoln once said when meeting Harriet Beecher Stowe, "So you're the little lady who wrote the book that started this great war!" Reynolds shares a veiled history with a new generation of Americans. Knowledge brings understanding and understanding empathy. So with this tale his prayer is set free... Let the South be free to celebrate her Confederate heritage.

The Strength of These Arms

Describes how slaves were able to preserve some elements of their African heritage despite the often brutal treatment they experienced on Southern plantations.

Benedict Cumberbatch: Transition Completed

Star Trek: Into Darkness, *The Fifth Estate*, *12 Years a Slave*, *August: Osage County*, *The Hobbit: The Desolation of Smaug*—these would be milestones in most actors' entire career. For Benedict Cumberbatch, roles in these films are merely a year's additions to his already-vast resume. 2013 proved to be the final step in Cumberbatch's transition from respected working actor to bona fide worldwide celebrity and recipient of BAFTA Los Angeles' Britannia Award for British Artist of the Year. Like its predecessor, *Benedict Cumberbatch, In Transition* (MX Publishing, 2013), *Benedict Cumberbatch, Transition Completed: Films, Fame, Fans* explores the nature of Cumberbatch's fame and fandom while analysing his most recent roles. This in-depth performance biography does more than critique the actor's radio, stage, film, and television performances—especially his star turn in the long-awaited yet controversial third series of *Sherlock*. It also analyses how and why the actor's work is so memorable in each role, a perspective unique to this performance biography. Cumberbatch's role in popular culture, as much as his acting in multiple media, is well worth such scrutiny to illustrate that Benedict Cumberbatch represents both the best of acting and of the power of celebrity.

African American Theater

A Florida Bird Dog ~ REX ~

After a long absence from his native southern Appalachians, Thomas Rain Crowe returned to live alone deep in the North Carolina woods. This is Crowe's chronicle of that time when, for four years, he survived by his own hand without electricity, plumbing, modern-day transportation, or regular income. It is a *Walden* for today, paced to nature's rhythms and cycles and filled with a wisdom one gains only through the pursuit of a consciously simple, spiritual, environmentally responsible life. Crowe made his home in a small cabin he had helped to build years before—at a restless age when he could not have imagined that the place would one day call him back. The cabin sat on what was once the farm of an old mountain man named Zoro Guice. As we absorb Crowe's sharp observations on southern Appalachian natural history, we also come to know Zoro and the other singular folk who showed Crowe the mountain ways that would see him through those four years. Crowe writes of many things: digging a root cellar, being a good listener, gathering wood, living in the moment, tending a mountain garden. He explores profound questions on wilderness, self-sufficiency, urban growth, and ecological overload. Yet we are never burdened by their weight but rather enriched by his thoughtfulness and delighted by his storytelling.

Old Plantation Days is a memoir in the form of a letter that Nancy Bostick writes reflecting on her life on a plantation and her marriage and parenthood afterward during the Civil War. Excerpt: The South as I knew it has disappeared; the New South has risen from its ashes, filled with the energetic spirit of a new age.

Old Plantation Days: Being Recollections of Southern Life Before the Civil War

Captured!, first published in 1930, is the dramatic World War I account of Ferdinand Huszti Horvath (1891-1973), who served in the Austro-Hungarian army on the eastern front in the bitter fighting against the Russians. Horvath paints a realistic picture of combat and the miserable conditions in the frontlines. Later, Horvath is captured by Russian troops and imprisoned for 2-1/2 years. After escaping from the prison camp and a hazardous journey across Russia (then in the throes of the turbulent Communist revolution), he made his way to freedom in Sweden. The book ends at that point in Horvath's life, but he would go on to emigrate to America, working as an animator for Disney and other Hollywood studios.

At age six, Carl Albert knew he wanted to serve in the United States Congress. In 1947 he realized his dream when he was elected to serve in the House of Representatives alongside John Kennedy, Lyndon Johnson, and Richard Nixon. In *Little Giant*, Albert relates the story of his life in Oklahoma and his road to Congress, where after eight years of service he joined its leadership and shaped the legislation known as Kennedy's New Frontier and Johnson's Great Society. In 1971 he began his own *Speakership*; six years later, when it ended, Congress had been reshaped and had weathered the constitutional crisis of Richard Nixon's "Imperial Presidency."

"My folks allus belongs to the Cavins and wore their name till after 'mancipation. Pa and ma was named Freeman and Amelia Cavin and Massa Dave fatches them to Texas from Alabama, along with ma's mother, what we called Maria. "The Cavins allus thunk lots of their niggers and Grandma Maria say, 'Why shouldn't they—it was their money.' She say there was plenty Indians here when they settled this country and they bought and traded with them without killin' them, if they could. The Indians was poor folks, jus' pilfer and loaf 'round all the time. The niggers was a heap sight better off than they was, 'cause we had plenty to eat and a place to stay. "Young Massa Tom was my special massa and he still lives here. Old Man Dave seemed to think more of his niggers than anybody and we thunk lots of our white folks. My pa was leader on the farm, and there wasn't no overseer or driver. When pa whip a nigger he needn't go to Massa Dave, but pa say, 'Go you way, you nigger. Freeman didn't whip you for nothin'.' Massa Dave allus believe pa, 'cause he tells the truth. "One time a peddler come to our house and after supper he goes to see 'bout his pony. Pa done feed that pony fifteen ears of corn. I 'members when I's jus' walkin' round good pa come in from the field at night and taken me out of bed and dress me and feed me and then play with me for hours. Him bein' leader, he's gone from 'fore day till after night. The old heads got out early but us young scraps slep' till eight or nine o'clock, and don't you think Massa Dave ain't comin' round to see we is fed. I 'members him like it was yest'day, comin' to the quarters with his stick and askin' us, 'Had your breakfas'?' We'd say, 'Yes, suh.' Then he'd ask if we had 'nough or wanted any more. It look like he taken a pleasure in seein' us eat. At dinner, when the field hands come in, it am the same way. He was sho' that potlicker was fill as long as the niggers want to eat. "The hands worked from sun to sun. Massa give them li'l crops and let them work them on Saturday. Then he bought the stuff and the niggers go to Jefferson and buy clothes and sech like. Lots saved money and bought freedom 'fore the war was over. "We went to church and first the white preacher preached and then he larns our cullud preachers. I seed him ordain a cullud preacher and he told him to allus be honest. When the white preacher laid his hand on him, all the niggers git to hollerin' and shoutin' and prayin' and that nigger git scart mos' to death.

Living to Tell the Horrid Tales: True Life Stories of Fomer Slaves, Historical Documents & Novels

This book examines how debates over copyright law in the United States during the nineteenth century, particularly over the lack of an international copyright law, intersected with the business practices and political and artistic beliefs of American authors. These debates shaped a discourse of literary property rights that forced authors to negotiate their copyrights not only with their publishers, but with their readers as well. The author argues that the act of taking out a copyright was more than a mere legal mechanism marking a transition from amateur to professional or artist to businessperson. Taking out a copyright had a profound impact on how audiences viewed authors, how authors perceived their profession, and how they represented individual rights and property ownership within their texts. The book is unique in the scope of its research, tracking developments from the 1820s through the 1890s, and in the way it approaches the work and careers of well-known authors. The author employs research from the American Antiquarian Society, the Harriet Beecher Stowe Center, and the Government and Special Collections at the University of Iowa, drawing on an array of documents including newspaper editorials, legislative hearings, court decisions, and the public and private writing of James Fenimore Cooper, Walt Whitman, Harriet Beecher Stowe, Samuel Clemens, and Emily Dickinson to demonstrate how authors found themselves in an uneasy opposition to their reading public.

The Ohio Cultivator

Multicultural fiction is an essential part of the American literary landscape. This reference helps scholars, teachers, and librarians choose significant texts from both the past and present, and provides guidance in approaching multicultural issues as they are discussed in fiction for young adults. Included are entries for 51 writers, some of whom have nearly been forgotten, others who are just emerging. Each entry provides biographical, critical, and bibliographical information, while a general bibliography of works on multicultural literature concludes the book. Authors included range from the nearly forgotten, such as Laura Adams Armer, to the newly discovered, such as Graham Salisbury, winner of the 1994 Scott O'Dell Award for Historical Fiction. The breadth of authors covered ensures an historical context for the issues raised by multiculturalism, and the sections on the critical reception of each author address such important issues as the authority and authenticity of the writer to comment on a different culture. Contributors are of many different ethnicities and include important scholars of children's literature, lending authenticity and authority to the volume itself.

A Time For Seeds

He suddenly left the valley floor and headed off into the trees. It was daylight now, but he still had no sign yet that he was on the right path. He ran through the trees like he was born in the forest. He ran around bushes, under branches, jumped over fallen logs and rocks, and he ran as fast as his legs would carry him. All he could think about was that Brian needed his help. A menacing one world government has taken control and has forced the remaining world populous to submit to their leadership. The inhabitants of a small hidden village called Oasis have chosen to isolate themselves and survive in a beautiful and secluded forested wilderness valley in the west. David Knight, a Native American and guest of Oasis, is committed to helping people survive in this new and dangerous world. He developed his awesome, mystical powers to help others. But danger lurks on the outside, and there are those who seek to infiltrate Oasis and destroy it at any cost.

The Civil War and Reconstruction

In this remarkable and moving memoir the author relates the startling boyhood he spent traveling across 1950s America with his restless parents before interstate highways were invented, bumping into reality at every turn. It abounds in adventure and nostalgia as though Tom Sawyer and Kevin Arnold of "The Wonder Years" were combined in one boy leaving a trail of shenanigans from coast to coast. His encounters with strange landscapes, curious people, and dubious caretakers dangle lessons in life for his taking, and sometimes leaving. When his parents abandon him on a lonely highway at six years old, however, trust in others suffers. As he struggles to make sense of it other events accumulate, sometimes humorous, heartwarming, even harrowing, and a growing sense of unease mounts with increasing turbulence that infects and threatens the family. When calm eventually seems to be restored he learns his whole childhood was a deception and a startling new reality sweeps him toward the edge of an emotional chasm of discontent that threatens to swallow and imprison him forever. He realizes he must find a hidden door to his future before he is finally thrust unprepared to face the world as an adult, where the only road remaining open points towards a wasted life ahead. "Vagabond Boy" is a true story of resilience and perseverance by a boy discovering himself and the difficult world he encountered. Yet the work also offers a deeper inspirational message for today's readers who struggle with their past in an ambiguous and fragmented culture, precisely where most of us still live today.

No-Dig Gardening for Beginners: Step-by-Step Guide with Cardboard and Compost - No-Dig Gardening for Beginners: Step-by-Step Guide with Cardboard and Compost by Charles Dowding 3,981,924 views 3 years ago 28 minutes - You can use less compost. Lay thick card on weeds then 2in/5cm compost asap in early spring, and wet the card if it's dry.

Introduction – a look at beds created last December

What is light-excluding mulch?

Is cardboard needed?

Killing weeds, right from the start, without digging

Now 3 months since mulching this weedy pasture – grass now growing through, how to react

The importance of creating an edge, and how to maintain it by re-laying cardboard

Some couch grass, and how to get rid of it completely through mulching

I demonstrate planting a seed potato straight into the compost

I demonstrate making a brand new bed on weeds, with cardboard then compost, and a brief mention on using soil

Different compost options – green waste... mushroom...

and multi-purpose compost from a sack

Firming compost with feet – not compacting! I explain the difference

Levelling with a shovel to get it ready for planting

About using wooden sides, or not

Using wood chip on the pathway

Transplants ready to go in the ground, and I demonstrate planting - multisown spring onions...

Three multisown pea plants

Why propagate, as opposed to sowing direct in the ground?

Cabbage, spinach and lettuce

Multisown beetroot, and I demonstrate spacing

A worthwhile investment of compost

Examples of second plantings

What happens when the roots reach the cardboard?

Broccoli planted the previous summer

Thinking ahead for second/succession plantings to grow and harvest all year

A look at some of the harvested produce from my garden

An added benefit of homegrown veg – microbes, and why they are important
