

restructuring networks in post socialism legacies linkages and localities

[#post-socialism](#) [#network restructuring](#) [#socialist legacies](#) [#economic transformation](#) [#local development](#)

Explore the complex processes of network restructuring in regions emerging from post-socialism. This analysis delves into enduring socialist legacies, examining how various linkages and distinct localities influence contemporary socio-economic transformation. Understanding these dynamics is crucial for comprehending regional development.

Each journal issue is carefully curated to ensure scholarly integrity and originality.
