A First Book of Fairy Tales

From the Brothers Grimm to Hans Christian Andersen, this illustrated collection contains a wide range of classic fairy tale stories we know and love. As well as favourites such as Cinderella, The Snow Queen, and Jack and the Beanstalk, A First Book of Fairy Tales also includes some lesser-known gems, such as The Fisherman and his Wife and Diamonds and Toads. Written by award-winning, bestselling children's writer Mary Hoffman, these poetic retellings are given a new life, and are perfect for reading alone or aloud. They're presented alongside wonderful, world-building illustrations, giving full immersion into the world of myths and legends.

Illustrated Book of Fairy Tales

A multicultural collection of traditional tales from Europe, Asia, Australia, and North and South America.

Fairy Tale

WELCOME TO THE DARK SIDE OF HAPPILY EVER AFTER Charlie Reade looks like a regular high school kid, great at baseball and football, a decent student. But when Charlie is seventeen, he meets a dog named Radar and her aging master, Howard Bowditch, a recluse in a big house at the top of a big hill, with a locked shed in the backyard. When Bowditch dies, he leaves Charlie a cassette tape telling a story no one would believe - inside the shed is a portal to another world. Legendary storyteller Stephen King goes into the deepest well of his imagination in this spellbinding novel about a seventeen-year-old boy who inherits the keys to a parallel world where good and evil are at war, and the stakes could not be higher - for their world or ours.

The Interpretation of Fairy Tales

A Jungian psychologist explains how careful analyses of fairy tales like "Beauty and the Beast" can lead to a better understanding of human psychology Of the various types of mythological literature, fairy tales are the simplest and purest expressions of the collective unconscious and thus offer the clearest understanding of the basic patterns of the human psyche. Every people or nation has its own way of experiencing this psychic reality, and so a study of the world's fairy tales yields a wealth of insights into the archetypal experiences of humankind. Perhaps the foremost authority on the psychological interpretation of fairy tales is Marie-Louise von Franz. In this book—originally published as *An Introduction to the Interpretation of Fairy Tales*—she describes the steps involved in analyzing and illustrates them with a variety of European tales, from "Beauty and the Beast" to "The Robber Bridegroom." Dr. von Franz begins with a history of the study of fairy tales and the various theories of interpretation. By way of illustration she presents a detailed examination of a simple Grimm's tale, "The Three Feathers," followed by a comprehensive discussion of motifs related to Jung's concept of the shadow, the anima, and the animus. This revised edition has been corrected and updated by the author.

Mixed Up Fairy Tales

Presents a split-page book that allows readers to mix and match fairy tale characters and plot elements to create novel stories, like that of the ugly duckling that puts on a red cape and moves in with seven dwarves.

Classic Fairy Tales

Illustrated retelling of 14 standard fairy tales.

The Feminine in Fairy Tales

A Jungian psychologist explores what we can learn about women—and men—from the feminine archetypes, symbols, and themes found in fairy tales. In this engaging commentary, the distinguished analyst and author Marie-Louise von Franz shows how the Feminine reveals itself in fairy tales of German, Russian, Scandinavian, and Eskimo origin, including familiar stories such as "Sleeping Beauty," "Snow White and Rose Red," and "Rumpelstiltskin." Some tales, she points out, offer insights into the psychology of women—while others reflect the problems and characteristics of the anima, the inner femininity of men. Drawing upon her extensive knowledge of Jungian psychology, Dr. von Franz discusses the archetypes and symbolic themes that appear in fairy tales as well as dreams and fantasies, draws practical advice from the tales, and demonstrates its application in case studies from her analytical practice.

Little Book of Fairy Tales

A selection of short stories influenced heavily by Fairy Tales, Myths and Legends. Written by and about minorities.

5 Minute Fairy Tales

Once upon a time . . . From The Princess and the Pea and Rumpelstiltskin to The Three Bears and The Elves and the Shoemaker, children will love reading the four stories in this abridged version of Tomie dePaola's Favorite Nursery Tales. And at 24 pages, there's a lot to love! The accessible trim, glittered cover, and beautiful illustrations make this book the perfect addition to any child's library.

My First Fairy Tales

A definitive compilation of more than two hundred traditional fairy tales, compiled by the Brothers Grimm, includes the stories of Cinderella, Rapunzel, Snow-White, Hansel and Gretel, Little Red-Cap, and Briar Rose, among others, accompanied by explanatory and historical material, as well as commentary by Joseph Campbell. Reissue. 10,000 first printing.

The Complete Grimm's Fairy Tales

Explores classical and modern fairy tales to argue that fairy tales are a mirror of human understanding and culture.

Once Upon a Time

Who says that English folk have no fairy-tales of their own? The present volume contains only a selection out of some 140, of which I have found traces in this country. It is probable that many more exist. A quarter of the tales in this volume, have been collected during the last ten years or so, and some of them have not been hitherto published. Up to 1870 it was equally said of France and of Italy, that they possessed no folk-tales. Yet, within fifteen years from that date, over 1000 tales had been collected in each country. I am hoping that the present volume may lead to equal activity in this country, and would earnestly beg any reader of this book who knows of similar tales, to communicate them, written down as they are told, to me, care of Mr. Nutt. The only reason, I imagine, why such tales have not hitherto been brought to light, is the lamentable gap between the governing and recording classes and the dumb working classes of this country—dumb to others but eloquent among themselves. It would be no unpatriotic task to help to bridge over this gulf, by giving a common fund of nursery literature to all classes of the English people, and, in any case, it can do no harm to add to the innocent gaiety of the nation. A word or two as to our title seems necessary. We have called our stories Fairy Tales though few of them speak of fairies. [Footnote: For some recent views on fairies and tales about fairies, see Notes.] The same remark applies to the collection of the Brothers Grimm and to all the other European

collections, which contain exactly the same classes of tales as ours. Yet our stories are what the little ones mean when they clamour for "Fairy Tales," and this is the only name which they give to them. One cannot imagine a child saying, "Tell us a folk-tale, nurse," or "Another nursery tale, please, grandma." As our book is intended for the little ones, we have indicated its contents by the name they use. The words "Fairy Tales" must accordingly be taken to include tales in which occurs something "fairy," something extraordinary-fairies, giants, dwarfs, speaking animals. It must be taken also to cover tales in which what is extraordinary is the stupidity of some of the actors. Many of the tales in this volume, as in similar collections for other European countries, are what the folklorists call Drolls. They serve to justify the title of Merrie England, which used to be given to this country of ours, and indicate unsuspected capacity for fun and humour among the unlettered classes. The story of Tom Tit Tot, which opens our collection, is unequalled among all other folk-tales I am acquainted with, for its combined sense of humour and dramatic power. The first adjective of our title also needs a similar extension of its meaning. I have acted on Molière's principle, and have taken what was good wherever I could find it. Thus, a couple of these stories have been found among descendants of English immigrants in America; a couple of others I tell as I heard them myself in my youth in Australia. One of the best was taken down from the mouth of an English Gipsy. I have also included some stories that have only been found in Lowland Scotch. I have felt justified in doing this, as of the twenty-one folk-tales contained in Chambers' "Popular Rhymes of Scotland," no less than sixteen are also to be found in an English form. With the Folk-tale as with the Ballad, Lowland Scotch may be regarded as simply a dialect of English, and it is a mere chance whether a tale is extant in one or other, or both. I have also rescued and re-told a few Fairy Tales that only exist now-a-days in the form of ballads. There are certain indications that the "common form" of the English Fairy Tale was the cante-fable, a mixture of narrative and verse of which the most illustrious example in literature is "Aucassin et Nicolette."

English Fairy Tales

A collection of 332 nursery rhymes grouped under such categories as "Historical," "Tales," "Proverbs," "Songs," "Games," and "Jingles."

The Nursery Rhyme Book

A beautiful hardback treasury, containing over fifty fairy tales from around the world, introduced by award-winning author Michael Morpurgo. The perfect gift for fairy tale lovers of all ages. This glorious collection contains much-loved favourites from Hans Christian Andersen and the Brothers Grimm, such as The Little Mermaid, Rapunzel and Hansel and Gretel, alongside lesser known fairy tales, such as the Chinese story of Bayberry, who rescues his sister, Little Red, from a devious dragon. Bringing together amazing stories from across the world, there are tales of witches from Russia, tree ghosts from India, magical moon spirits from Japan and many more. Fully illustrated throughout, with beautiful colour and line-work images from iconic Golden Age illustrators, including Arthur Rackham, Walter Crane and Warwick Goble. A sumptuous 480 page gift hardback, complete with a foiled cut-through cover, gold foiled edges and a ribbon marker, The Macmillan Fairy Tales Collection is a book to share and treasure. Macmillan has been publishing children's books for over 175 years. Drawing on Macmillan's rich historical archive, The Macmillan Fairy Tales Collection contains stories and artwork from treasuries first published in the 1800s and early 1900s. Plus an informative section about some of the authors and artists behind those original collections.

The Macmillan Fairy Tales Collection

Journey to magical and memorable lands with this long-awaited collection of 12 classic fairy tales, both popular and lesser-known, ranging from "The Sleeping Beauty" to "Ali Baba and the 40 Thieves" and beyond. A must-have for the holiday season, this impeccably designed anthology features sumptuous illustrations and details such as cover embossing, intricate folio devices and a ribbon bookmark. Ages 8-10

The Barefoot Book of Fairy Tales

Artist Petra Collins and actress Alexa Demie create nine erotic stories in a contemporary reimagining of a fairy tale book. Fairy Tales is an erotic folklore of short stories shot by Petra Collins starring Alexa Demie. The pair created the concept and text collaboratively. Alexa portrays nine characters that embody new stories they would have liked to see. As children, Petra and Alexa were both enamored with fairy tales, which provided an escape from their own painful realities. Each of the nine tales are set

in unique spaces, ranging from suburban homes and parking lots to fantastical sets. Petra and Alexa's chapters of elves, mermaids, sirens, water sprites, fallen angels, fairies, witches, and banshees blend their own stories with retold fairy tales. The photos combine elements of camp, prosthetics, and shibari in a surreal update to the imagery of the Brothers Grimm, Hans Christian Anderson, Charles Perrault, and others.

Fairy Tales

Forty-three tales of fairies, giants, and foolish ones from the folklore that served to amuse the unlettered classes of "Merrie England."

English Fairy Tales

Once upon a time fairy tales weren't meant just for children, and neither is Angela Carter's *Book of Fairy Tales*. This stunning collection contains lyrical tales, bloody tales and hilariously funny and ripely bawdy stories from countries all around the world- from the Arctic to Asia - and no dippy princesses or soppy fairies. Instead, we have pretty maids and old crones; crafty women and bad girls; enchantresses and midwives; rascal aunts and odd sisters. This fabulous celebration of strong minds, low cunning, black arts and dirty tricks could only have been collected by the unique and much-missed Angela Carter. Illustrated throughout with original woodcuts.

Angela Carter's Book Of Fairy Tales

Who says that English folk have no fairy-tales of their own? The present volume contains only a selection out of some 140, of which I have found traces in this country. It is probable that many more exist. A quarter of the tales in this volume, have been collected during the last ten years or so, and some of them have not been hitherto published. Up to 1870 it was equally said of France and of Italy, that they possessed no folk-tales. Yet, within fifteen years from that date, over 1000 tales had been collected in each country. I am hoping that the present volume may lead to equal activity in this country, and would earnestly beg any reader of this book who knows of similar tales, to communicate them, written down as they are told, to me, care of Mr. Nutt. The only reason, I imagine, why such tales have not hitherto been brought to light, is the lamentable gap between the governing and recording classes and the dumb working classes of this country-dumb to others but eloquent among themselves. It would be no unpatriotic task to help to bridge over this gulf, by giving a common fund of nursery literature to all classes of the English people, and, in any case, it can do no harm to add to the innocent gaiety of the nation. A word or two as to our title seems necessary. We have called our stories *Fairy Tales* though few of them speak of fairies. [Footnote: For some recent views on fairies and tales about fairies, see Notes.] The same remark applies to the collection of the Brothers Grimm and to all the other European collections, which contain exactly the same classes of tales as ours. Yet our stories are what the little ones mean when they clamour for "*Fairy Tales*," and this is the only name which they give to them. One cannot imagine a child saying, "Tell us a folk-tale, nurse," or "Another nursery tale, please, grandma." As our book is intended for the little ones, we have indicated its contents by the name they use. I have also rescued and re-told a few *Fairy Tales* that only exist now-a-days in the form of ballads. There are certain indications that the "common form" of

the English Fairy Tale was the cante-fable, a mixture of narrative and verse of which the most illustrious example in literature is "Aucassin et Nicolette."

ENGLISH FAIRY TALES, New Edition

This marvelous collection of fairy tales, some moral, some satirical, some bizarre, reflects the popularity and scope of this enduring and versatile genre. Featuring tales written by figures as diverse as Charles Dickens and Ursula Le Guin, this anthology will appeal to the child that exists in every adult.

The Oxford Book of Modern Fairy Tales

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The old fairy tales [retold].

This volume offers a comprehensive critical and theoretical introduction to the genre of the fairy tale. It: explores the ways in which folklorists have defined the genre assesses the various methodologies used in the analysis and interpretation of fairy tale provides a detailed account of the historical development of the fairy tale as a literary form engages with the major ideological controversies that have shaped critical and creative approaches to fairy tales in the twentieth and twenty-first centuries demonstrates that the fairy tale is a highly metamorphic genre that has flourished in diverse media, including oral tradition, literature, film, and the visual arts.

Big Book Of Fairy Tales

First came the phenomenal bestselling Mixed up Fairy Tales with sales over 100,000 copies to date, and now comes More Mixed up Fairy Tales! This ingenious split-page, spiral bound book lets you create your own hilarious versions of the most-loved rhymes. What would happen if the Pied Piper grew long hair and flew away with a yellow brick road? The total number of mix ups is 1728 combinations! Includes: The Pied Piper, The Little Mermaid, Pinocchio, Rapunzel, Tom Thumb, Rumpstiltskin, The Gingerbread Man, Robin Hood, Thumbelina, Hansel and Gretel and The Frog Prince. Praise for Mixed Up Fairy Tales: 'Variations enough for plenty of delightfully silly combinations.' - Guardian

Fairy Tale

Presents a collection of fairy tales from the Brothers Grimm, including "Snow-White and Rose-Red," "Rapunzel," and "King Thrushbeard."

Favourite Mixed Up Fairy Tales

A complete collection of Scottish fairy tales, myths and legends, bound in a beautiful new edition. From the mysterious cat-faced lady whose magic allows a servant girl to attend a prince's ball, to the princess who meets an enchanted frog; from ogres and hooded crows, to faery bagpipers and shape-shifting monsters... This book includes traditional favourites that readers will love to spot, alongside classic myths and legends from Scottish heritage.

The Complete Grimm's Fairy Tales

The Worlds greatest Fairy Tales from countries far and wide.

Scholastic Classics: Scottish Fairy Tales, Myths and Legends

Cinderella (Ashputtel) - The sleeping beauty in the forest - Beauty and the Beast - Rumpelstiltskin - Rapunzel - Snow White (Snowdrop) - Aladdin and the enchanted lamp - Little red riding hood - The fire-bird - Hansel and Gretel - The frog prince - The wild swans.

The Joy of Fairy Tales

In the late 18th and early 19th centuries, attitudes toward history and national identity fostered a romantic rediscovery of folk and fairy tales. This is the period of the Golden Age of folk and fairy tales, when European folklorists sought to understand and redefine the present through the common tales of the past, and long neglected stories became recognized as cultural treasures. In this rich collection, distinguished expert of fairy tales Jack Zipes continues his lifelong exploration of the story-telling tradition with a focus on the Golden Age. Included are one hundred eighty-two tales--many available in English for the first time--grouped into eighteen tale types. Zipes provides an engaging general Introduction that discusses the folk and fairy tale tradition, the impact of the Brothers Grimm, and the significance of categorizing tales into various types. Short introductions to each tale type that discuss its history, characteristics, and variants provide readers with important background information. Also included are annotations, short biographies of folklorists of the period, and a substantial bibliography. Eighteen original art works by students of the art department of Anglia Ruskin University not only illustrate the eighteen tale types, but also provide delightful—and sometimes astonishing—21st-century artistic interpretations of them.

Fairy Tales

Stories prompted by research that shows that reading or being read to for just ten minutes every day will significantly improve children's reading skills. This short story collection supports this - each story is selected from Usborne's Reading Programme and will take about ten minutes to read. Ideal for sharing with younger children; as children learn to read on their own they can tackle these simple stories on their own. Part of Usborne's amazing selection of story books for young children. Previous title, '10 Ten-Minute Stories', also available ISBN: 9781409596745.

The Golden Age of Folk and Fairy Tales

An astounding tale of a dangerous quest, a talking dog, and fragmented fairy tales in an eerie post-climate collapse future. A long time ago, the Vanderchucks fled the growing climate disaster and followed their neighbours into the Underground. Jesse Vanderchuck thought it was the end. Of the world. Of life. Eventually, Jesse's little sister, Olivia, ran away and Jesse started picking through trash heaps in Toronto's abandoned subway tunnels. Day in, day out. Now, years later, Jesse meets a talking dog. Fighting illness and the hostile world aboveground, Jesse and Doggo embark on a fool's errand to find Olivia — or die trying. Along the way, Jesse spins a series of fairy tales from threads of memories, weaving together the past, present, and future into stories of brave girls, of cunning lads, of love in the face of wickedness, and of hope in the midst of despair.

Ten Ten Minute Fairy Stories

This glorious collection includes all your favourite traditional stories, such as Cinderella, Sleeping Beauty and Rumpelstiltskin, along with some less well-known stories to discover. The book is sumptuously illustrated and decorated with illustrations on every page, generous page layout, and beautiful traditional calligraphy. The story telling is outstanding. We believe this is an important book for Oxford University Press which will become a classic to keep forever. Geraldine McCaughrean has won the Carnegie Medal, the Whitbread Children's Book (twice), the Guardian Children's Book Award, and the Blue Peter Best Book Award. Her retellings of traditional stories and Ancient Myths are acclaimed throughout the world. Sophy Williams studied illustration in London. She was highly commended twice for the Reader's Digest Young Illustrator's Award and was shortlisted for the Mother Goose Prize. She has worked with writer's such as Robert Westall, Michael Rosen and Jill Paton Walsh.

The Doomsday Book of Fairy Tales

Enchanting and magic worlds are only a moment away with these stunning treasury titles. These illustrated stories, songs, and rhymes have been adapted from traditional sources. Little faces will

light up as they discover these timeless classics and come to love the well-known characters who have delighted children for generations.

The Oxford Treasury of Fairy Tales

Now back in print, a beautifully illustrated collection of twelve reimagined fairy tales, including classics like "Beauty and the Beast" and literary tales like Oscar Wilde's "The Happy Prince." Alice and Martin Provensen were one of the most talented husband-and-wife author-illustrator teams of the twentieth century. A long-out-of-print cult classic first published 50 years ago, The Provensen Book of Fairy Tales is a treasury of their illustrations accompanied by fairy tales from authors such as A. A. Milne, Hans Christian Andersen, and Oscar Wilde. Here too are clever retellings and newly imagined tales: refined old favorites like Arthur Rackham's "Beauty and the Beast," feminist revisions like Elinor Mordaunt's "The Prince and the Goose Girl," and sensitive stories by literary stylists like Henry Beston's "The Lost Half-Hour" and Katharine Pyle's "The Dreamer." Full of magic, ingenuity, and humor, The Provensen Book of Fairy Tales is a witty modern descendant of Grimm's Fairy Tales and a classic in its own right, sure to be beloved by a new generation.

Fairy Tales Every Child Should Know

A collection of political tales—first published in British workers' magazines—selected and introduced by acclaimed critic and author Michael Rosen. In the late nineteenth and early twentieth centuries, unique tales inspired by traditional literary forms appeared frequently in socialist-leaning British periodicals, such as the Clarion, Labour Leader, and Social Democrat. Based on familiar genres—the fairy tale, fable, allegory, parable, and moral tale—and penned by a range of lesser-known and celebrated authors, including Schalom Asch, Charles Allen Clarke, Frederick James Gould, and William Morris, these stories were meant to entertain readers of all ages—and some challenged the conventional values promoted in children's literature for the middle class. In Workers' Tales, acclaimed critic and author Michael Rosen brings together more than forty of the best and most enduring examples of these stories in one beautiful volume. Throughout, the tales in this collection exemplify themes and ideas related to work and the class system, sometimes in wish-fulfilling ways. In "Tom Hickathrift," a little, poor person gets the better of a gigantic, wealthy one. In "The Man Without a Heart," a man learns about the value of basic labor after testing out more privileged lives. And in "The Political Economist and the Flowers," two contrasting gardeners highlight the cold heart of Darwinian competition. Rosen's informative introduction describes how such tales advocated for contemporary progressive causes and countered the dominant celebration of Britain's imperial values. The book includes archival illustrations, biographical notes about the writers, and details about the periodicals where the tales first appeared. Provocative and enlightening, Workers' Tales presents voices of resistance that are more relevant than ever before.
