MAGIC

The definitive biography of the basketball legend Earvin 'Magic' Johnson, from the author of Michael Jordan: the Life. Magic Johnson is one of the most beloved, and also controversial, athletes in history. He lifted the dowdy sport of American pro basketball into the global spotlight, a transformation driven by his ability to eviscerate opponents with a grand sense of fun. He was a master entertainer who directed basketball to the heights of both glory and epic excess, all of it driven by his mind-blowing no-look passes and personal charm. At the charismatic height of his power, Johnson shocked the world with his personal story which pushed public awareness of the HIV and AIDs crisis. Through hundreds of interviews with Johnson's coaches, representatives past and present, teammates, opponents, friends and loved ones, including key conversations with Johnson himself, this is the first truly definitive study of the revolutionary player: the man, the icon, Magic Johnson.

My Life

"A true emotional phenomenon . . . Entertaining . . . Of particular interest to fans will be the evolution of Johnson's relationship with Bird, his great karmic partner in the game."—Newsday (New York) He's faced challenges all of his life, but now Magic Johnson faces the biggest challenge of all, his own brave battle with HIV. In this dramatic, exciting, and inspirational autobiography, Magic Johnson allows readers into his life, into his triumphs and tragedies on and off the court. In his own exuberant style, he tells readers of the friends and family who've been constant supporters and the basketball greats he's worked with. It's all here, the glory and the pain, the character, charisma, and courage of the hero called Magic. AN ALTERNATE SELECTION OF THE BOOK-OF-THE-MONTH CLUB

I Love Jesus, But I Want to Die

A compassionate, shame-free guide for your darkest days "A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized."—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to "choose joy" and "pray more." So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

In Pursuit of Wholeness

God wants to rescue you from the things that diminish or destroy your spirit, mind, body, relationships, and other aspects of your humanity. Jesus came to offer salvation and healing to the total person—to restore broken individuals to a place of wholeness and well-being. Comprehensively covered topics include the anointing of the Holy Spirit, spiritual antidotes for anxiety, today's miracles, a balanced perspective of physical healing, and the discipline of prayer, as well as many others. *In Pursuit of Wholeness* presents definitive steps to receiving personal transformation through the gift of salvation and its relationship to wholeness for the entire person. Many current books on supernatural Christianity rely heavily on personal testimonies and little on sound interpretation of the biblical text. *In Pursuit of Wholeness* corrects this imbalance and opens up this world in a way that is biblically sound and practically relevant. Explore the meaning and benefits of salvation as you experience the fullness and wholeness of God's love and grace in your life—today.

The 48 Laws of Power

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control—from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

The Whispering of the Willows

New in hardback. Faith-based, this first book in the Big Creek Appalachian series begins in dark places where children are traded as child brides to men who are willing to work the family farm.

Innocent Emerald Ashby is assaulted and becomes pregnant. She is accused and dishonored, but when members of the community come round, surprises happen.

Sunflowers Under Fire

Finalist for the 2019 Whistler Independent Book Awards, Semi-finalist for 2019 Kindle Book Awards, Literary Fiction, and Honorable Mention 2020 Writers' Digest Self-Published Book Awards. In this family saga, love and loss are bound together by a country always at war. During WWI, Lukia Mazurets, a Ukrainian farmwife, delivers her eighth child while her husband is serving in the Tsar's army. Soon after, she and her children are forced to flee the invading Germans. Over the next fourteen years, Lukia must rely on her wits and faith to survive life in a refugee camp, the ravages of a typhus epidemic, the Bolshevik revolution, unimaginable losses, and one daughter's forbidden love. *Sunflowers Under Fire* is a heartbreakingly intimate novel that illuminates the strength of the human spirit. Based on the true stories of her grandmother's ordeals, author Diana Stevan captures the voices of those who had little say in a country that is still being fought over.

All Through the Night

With her stammering tongue and quiet ways, Cadence Piper has always struggled to be accepted. After the death of her mother, Cadence sets her heart on becoming a nurse, both to erase the stain her brother has left on the family's honor and to find long-sought approval in the eyes of her father. When Dorothea Dix turns her away due to her young age and pretty face, Cadence finds another way to serve . . . singing to the soldiers in Judiciary Square Hospital. Only one stubborn doctor stands in her way. Joshua Ivy is an intense man with a compassionate heart for the hurting and downtrodden. The one thing he can't have is an idealistic woman destroying the plans he's so carefully laid. When the chaos of war thrusts Cadence into the middle of his clandestine activities, he must decide if the lives at stake, and his own heart, are worth the risk of letting Cadence inside. Everything changes when Joshua and Cadence unearth the workings of a secret society so vile, the course of their lives, and the war, could be altered forever. If they fight an enemy they cannot see, will the One who sees all show them the way in the darkest night?

I'm Walking as Straight as I Can

A candid memoir of building an acting career—and a happy life—with cerebral palsy: “It’s a joy to read this book” (Ian McShane). Exposing real pain, unstoppable perseverance, and unquestionable faith in the human spirit, this autobiography offers a true glimpse beyond actress Geri Jewell’s public image as a one-dimensional hero. Born with cerebral palsy, Jewell made history when she became the first person with a disability cast in a recurring role on American television in *The Facts of Life*, and in the years that followed she experienced a string of other successes, including a performance at the White House and a role on HBO’s *Deadwood*. But along with such accomplishments, this personal story also depicts some of the less-than-rosy events that happened behind closed doors during her initial climb to fame—among them, her release from *The Facts of Life*; her manager’s embezzlement of the money she made on the show; and her struggle with chronic pain, despair, and a fear of revealing her true

sexual identity. Told with grace and humor, this inspirational narrative presents an honest portrayal of a woman who refused to give up when others kept knocking her down.

Reality Transurfing

Transurfing Reality was one of the top non-fiction bestsellers in the world in 2005 and 2006. Unknown till now in the West, the series has sold over 1,300,000 copies in Russia in three years. This translation (by Natasha Micharina) describes a new way of looking at reality, indeed of creating it. It provides a scientific explanation of the laws that help you do this, building up a scientific model, speaking in detail about particular rules to follow and giving important how-to tips, illustrated with examples. The author introduces a system of specific terms, notions, and metaphors, which together make a truly convincing, thought-provoking theory of creating your own life. "You are ruled by circumstances and it will always be like that until you learn how to manage your reality," says the author. Bringing together the cutting edge of modern science and philosophical teaching, the book's style is popular-scientific, metaphorical and conversational. Books in the series: Reality Transurfing 1: The Space of Variations; Reality Transurfing 2: A Rustle of Morning Stars; Reality Transurfing 3: Forward to the Past; Reality Transurfing 4: Ruling Reality; Reality Transurfing 5: Apples Fall to the Sky

My Life

Bloody Spade

A girl full of heart A thief touched by darkness A boy with a fiery temper An unwitting servant of evil The era of magic was once thought to be a myth, but after the Reemergence ushered forces both dark and light into the mundane world, it has since become a harsh reality. Now those affected by this strange power-a specialized group of Empowered called Jokers, known collectively as Cardplay-must protect their world from the darkness that threatens to consume it, all the while fighting for equality in a society clinging to normalcy. But the Reemergence was only the beginning. When another influx occurs on the seventh anniversary of that fateful event, an unfortunate encounter at ground zero lands Iori Ryone, a teenage boy in possession of a corrupt and legendary magic, in the care of recent Joker graduate Ellen Amelia Jane. From him, she learns the Reemergence may not have been the inevitable natural disaster it first seemed. Someone is trying to tear down the barrier that separates the magical realms from the mundane. The question is, can Cardplay stop them before it's too late? Bloody Spade is the first installment in an urban fantasy duology that follows a cat-eared thief and a spirited girl as they try to navigate his wild magic, her hotheaded brother, a sinister plot, and the feelings they're developing for each other.

The End of the Magi

Following his vision of the coming Messiah, the prophet Daniel creates a select group of men who will count down the calendar to the arrival of Israel's promised king. Centuries later, as the day nears,

Myrad, a young magi acolyte, flees for his life when his adoptive father and others are put to death by a ruthless Parthian queen. Having grabbed only a few possessions, Myrad escapes the city, and searching for a way to hide from the soldiers scouring the trade routes, he tries to join the caravan of the merchant Walagash. The merchant senses that Myrad is hiding secrets, but when the young man proves himself a valuable traveler, an epic journey filled with peril, close escapes, and dangerous battles begins. With every day that passes, the calendar creeps closer to the coming Messiah. All About Love

A New York Times bestseller and enduring classic, All About Love is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. All About Love reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in All About Love. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness--not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The Utne Reader declared bell hooks one of the "100 Visionaries Who Can Change Your Life." All About Love is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

From Poverty to Power: Or The Realization Of Prosperity And Peace

The classic collection of Dr. King's sermons that fuse his Christian teachings with his radical ideas of love and nonviolence as a means to combat hate and oppression. As Martin Luther King, Jr., prepared for the Birmingham campaign in early 1963, he drafted the final sermons for Strength to Love, a volume of his most well known homilies. King had begun working on the sermons during a fortnight in jail in July 1962. While behind bars, he spent uninterrupted time preparing the drafts for works such as "Loving Your Enemies" and "Shattered Dreams," and he continued to edit the volume after his release. Strength to Love includes these classic sermons selected by Dr. King. Collectively they present King's fusion of Christian teachings and social consciousness and promote his prescient vision of love as a social and political force for change.

As a young man, Earvin "Magic" Johnson admired his father and other small-town entrepreneurs who created jobs and served as leaders in his Midwestern community. He worked for them, watched them, and his interest in building communities through economic development grew even while his basketball career flourished. His fame as an NBA star gave him access to some of the most successful business leaders in the country. It was Earvin's own entrepreneurial spirit that inspired them to serve as his mentors. Earvin made the transition from great athlete to greater entrepreneur through hard work and by avidly pursuing opportunities. He recognized that densely populated urban communities were ripe for commercial and residential development. He partnered with major brands like Starbucks, 24 Hour Fitness, and T.G.I. Friday's to lead a major economic push in these communities. The success of his businesses proved that ethnically diverse urban residents would welcome and support major brands if given the opportunity. Earvin continues to be a leader of urban economic development that provides jobs, goods, and a new spirit of community. *32 Ways to Be a Champion in Business* will inspire and enlighten readers who wish to make a similar impact with their careers and business endeavors.

If you want your biggest goals to move from possible, to probable, to inevitable, you better read *The Miracle Equation*."—Mel Robbins, bestselling author of *The 5-Second Rule*

“A comprehensive guide for parents who are unfortunately given the ‘bad news’ regarding their pre-born child with either an ultrasound or laboratory diagnosis of a potential or real congenital problem. It explains to them both secular and religious faith-based strategies on how to emotionally, psychologically and spiritually prepare for and assimilate the multiple and various emotions they will

have to reconcile, as well as how to deal with the mixed messages they will be receiving from family members, friends, physicians, and their own inner conflicting feelings. . . . My prayers have been answered in Madeline Pecora Nugent's *My Child, My Gift*." From the Foreword by MARK X. LOWNEY "This volume is a must read for each parent, grandparent and friend. Nugent has answered every question asked regarding the pains and joys of motherhood. Madeline's words are written to mothers who crave honest counsel and anticipate earnest guidance. To call this book "Every Mother's Bible" would sound irreverent. But sincerely this is undoubtedly the most profound and complete guide to understanding what love means at the heart of becoming a mother. This treasure piece is essential to occupy every woman's library." TERRI GREEN Author of *Simple Acts of Kindness* Includes many insights and experiences of parents, along with b/w photos of their children.

My Child, My Gift

A luminous, tenderly rendered novel of a woman fighting for her family's survival in the early years of the Dust Bowl; from the acclaimed and award-winning Rae Meadows. Annie Bell can't escape the dust. It's in her hair, covering the windowsills, coating the animals in the barn, in the corners of her children's dry, cracked lips. It's 1934 and the Bell farm in Mulehead, Oklahoma is struggling as the earliest storms of The Dust Bowl descend. All around them the wheat harvests are drying out and people are packing up their belongings as storms lay waste to the Great Plains. As the Bells wait for the rains to come, Annie and each member of her family are pulled in different directions. Annie's fragile young son, Fred, suffers from dust pneumonia; her headstrong daughter, Birdie, flush with first love, is choosing a dangerous path out of Mulehead; and Samuel, her husband, is plagued by disturbing dreams of rain. As Annie, desperate for an escape of her own, flirts with the affections of an unlikely admirer, she must choose who she is going to become. With her warm storytelling and beautiful prose, Rae Meadows brings to life an unforgettable family that faces hardship with rare grit and determination. Rich in detail and epic in scope, *I Will Send Rain* is a powerful novel of upheaval and resilience, filled with hope, morality, and love.

The Gospel According to Harry Potter

The shocking, heart-breaking - and often very funny - true story behind *Oranges Are Not the Only Fruit*. In 1985 Jeanette Winterson's first novel, *Oranges Are Not the Only Fruit*, was published. It was Jeanette's version of the story of a terraced house in Accrington, an adopted child, and the thwarted giantess Mrs Winterson. It was a cover story, a painful past written over and repainted. It was a story of survival. This book is that story's the silent twin. It is full of hurt and humour and a fierce love of life. It is about the pursuit of happiness, about lessons in love, the search for a mother and a journey into madness and out again. It is generous, honest and true. 'Unforgettable... It's the best book I have ever read about the cost of growing up' Daisy Goodwin, *Sunday Times* **ONE OF THE GUARDIAN'S 100 BEST BOOKS OF THE 21st CENTURY**

Grief overload is what you feel when you experience too many significant losses all at once, in a relatively short period of time, or cumulatively. In addition to the deaths of loved ones, such losses can also include divorce, estrangement, illness, relocation, job changes, and more. Our minds and hearts have enough trouble coping with a single loss, so when the losses pile up, the grief often seems especially chaotic and defeating. The good news is that through intentional, active mourning, you can and will find your way back to hope and healing. This compassionate guide will show you how.

Too Much Loss: Coping with Grief Overload

The Sunday Times Bestseller 'Really brilliant and just crammed with wisdom and insight. It will genuinely make a difference to me and the way I think about myself.' Stephen Fry ____ Everyone says they want to be happy. But that's much more easily said than done. What does being happy actually mean? And how do you even know when you feel it? In Happy Derren Brown explores changing concepts of happiness - from the surprisingly modern wisdom of the Stoics and Epicureans in classical times right up until today, when the self-help industry has attempted to claim happiness as its own. He shows how many of self-help's suggested routes to happiness and success - such as positive thinking, self-belief and setting goals - can be disastrous to follow and, indeed, actually cause anxiety. Happy aims to reclaim happiness and to enable us to appreciate the good things in life, in all their transient glory. By taking control of the stories we tell ourselves, by remembering that 'everything's fine' even when it might not feel that way, we can allow ourselves to flourish and to live more happily. ____ What readers are saying: ***** 'Immensely positive and life-affirming' ***** 'This is the blue print to a good life' ***** 'Thought provoking and potentially life-changing.'

Elizabeth George shares six simple yet powerful Bible truths that God uses to transform a woman's life . . . truths that will permanently change the way you think, feel, and live. More than 10,000 thoughts pass through our minds each day. Wouldn't you like every one of those thoughts to be pleasing to God? That can be a challenge with the pressures of daily living. When we find our thoughts overwhelmed by fear, worry, and depression, it's difficult to keep our minds focused on truth and joy!

Loving God with All Your Mind

A wide range of women—actors, athletes, academics, CEOs, writers, small-business owners, birth workers, physicians, and activists—share their experiences of becoming mothers in this multifaceted, moving, and revealing collection. Throughout her difficult pregnancy and following her frightening labor experience, Amy Schumer found camaraderie and empowerment in hearing birth stories from other women, including those of her friend Christy Turlington Burns. Turlington Burns's work in maternal health began after she experienced a childbirth-related complication in 2003—an experience that would later inspire her to direct and produce the documentary feature film *No Woman, No Cry*, about the challenges women face throughout pregnancy and childbirth around the world. It is through Schumer and Turlington Burns's conversations that the idea for *Arrival Stories* was born. By sharing their experiences, the contributors to *Arrival Stories* offer an informative and deeply affecting account of what it feels like when a woman first realizes she is a mother. This beautiful collection features essays by: Serena Williams • Alysia Montaño • Abby G. Lopez • Amber Tamblyn • Shilpa Shah • Christy Turlington Burns • Emily Oster • Emma Hansen • Leslie Feist • Amanda Williams • Angel Geden • Adrienne Bosh • Latham Thomas • Rachel Feinstein • Ashley Graham • Jill Scott • Jennie Jeddry and Kim DeLise • La La Anthony • Shea Williams • Sienna Miller • Katrina Yoder • Amy Schumer Intimate and urgent, *Arrival Stories* offers a panoramic view of motherhood and highlights the grave injustices that women of color face in maternal healthcare. It is the perfect book for any expectant or new mother, or for anyone who knows and loves one.
