Salvage

Ava, a teenage girl living aboard the male-dominated deep space merchant ship *Parastrata*, faces betrayal, banishment, and death. Taking her fate into her own hands, she flees to the *Gyre*, a floating continent of garbage and scrap in the Pacific Ocean, in this thrilling, surprising, and thought-provoking debut novel that will appeal to fans of *Across the Universe*, by Beth Revis, and *The Handmaid's Tale*, by Margaret Atwood. Internationally bestselling author Stephanie Perkins called it "brilliant, feminist science fiction." Ava is the captain's daughter. This allows her limited freedom and a certain status in the *Parastrata*'s rigid society—but it doesn't mean she can read or write or even withstand the forces of gravity. When Ava learns she is to be traded in marriage to another merchant ship, she hopes for the best. After all, she is the captain's daughter. But instead, betrayal, banishment, and a brush with love and death are her destiny, and Ava stows away on a mail sloop bound for Earth in order to escape both her past and her future. The gravity almost kills her. Gradually recuperating in a stranger's floating cabin on the *Gyre*, a huge mass of scrap and garbage in the Pacific Ocean, Ava begins to learn the true meaning of family and home and trust—and she begins to nourish her own strength and soul. This sweeping and harrowing novel explores themes of choice, agency, rebellion, and family, and after a tidal wave destroys the *Gyre* and all those who live there, ultimately sends its main character on a thrilling journey to Mumbai, the beating heart of Alexandra Duncan's post-climate change Earth. An Andre Norton Award nominee.

Aidan Jones was my brother. But I couldn't really remember his face. I couldn't remember talking to him or playing with him. He was just a gap, an absence, a missing person. Before she was adopted by a loving family and raised in a leafy Home Counties town, Cass Montgomery was Cass Jones. Her memories of her birth family disappeared with her name. But when her adopted family starts to break down, a way out comes in the form of a message from her lost brother, Aidan. Having Aidan back in her life is both everything she needs and nothing she expected. Who is this boy who calls himself her brother? And why is he so haunted? I glance at the paper. There's a big picture on the

front page. A girl with dark red hair. A girl with eyes that might have been green or they might have been grey. I sit down and stare at Cass, and it is her, it is. My stolen sister. Aidan's a survivor. He's survived an abusive stepfather and an uncaring mother. He's survived crowded foster homes and empty bedsits. He's survived to find Cass. If only he can make her understand what it means to be part of his family. . .

Stereotypical trailer trash. That's how people saw me. I'm Karmen Butler, the girl everyone teased, tortured, pranked-bullied. After graduating high school, I left my shithole of a town behind with no intentions of ever returning. My dreams were within my grasp. Or so I thought... Luck. That's what was on his side. Brayden Stephens was on top of the world and the biggest prick of all. At least that's how I remember him. Then he lost it all. His vices took over and now he's a washed-up has-been with a cocky smirk and arrogant attitude. Valued. That was how he made me feel. One night changed everything for us. In an instant I was lost to his touch, his voice. Everything about him captivated me. Against my better judgment, I let him in. I let him see the real me. Since he'd walked into my office, he'd been trying to redeem himself of his past mistakes. Glimpses of a love and life I'd never known before were all he had given me. Now he's done it, the one thing he said he wouldn't. He's broken me. AGAIN. Excuses are what I was fed. The truth restrained him, bound him to his past, and now, I'm left to deal with the aftermath. Is there anything left to SALVAGE? I don't know... You tell me.

Salvage Trouble

The escape pods are long gone. A distress beacon is still active. Chase off the pirates and the wreck is all theirs. What was a crime scene moments before just became legitimate salvage, fair game for an opportunistic starship captain. Carl Ramsey is that opportunist. His crew of misfits includes his ex-wife as pilot, a drunken mechanic, a predatory bodyguard, and an outcast wizard from the Convocation. On their best days, they're a well-oiled machine, capable of taking on any challenge. In theory. If that ever happened, Carl would be as shocked as anyone. In the meantime, they're a crew in need of terras, and the galaxy doesn't give those out for free. Jobs come and go, but the cost of fuel is always chasing a ship like its own ion trail. A good captain just keeps his crew from killing one another, getting dusted by pirates, and earning however they can. Nobody pays for easy work, and every job comes with its own surprises—never the good kind. Welcome to life out in the Black Ocean. ...where you can't always get what you want. But if you try, sometimes... You'll get what you need. *Salvage Trouble* is the first mission of *Black Ocean*, a science fantasy series set in the 26th century. Do you wish there had been a second season of *Firefly*? Do you love the irreverent fun of *Guardians of the Galaxy*? Have you ever wondered how *Star Wars* would have turned out if Luke and Obi-wan had ditched the rebellion to become smugglers with Han and Chewie? Then *Black Ocean* is the series for you! Pick up your copy of *Salvage Trouble*, and aim to misbehave with the crew of the *Mobius*.

Salvaged

A WOMAN ON THE RUN. A CAPTAIN ADRIFT IN SPACE. ONE OF THEM IS INFECTED WITH AN ALIEN PARASITE. In this dark science fiction thriller, a young woman must confront her past so the human race will have a future. Rosalyn Devar is on the run from her famous family, the bioengineering job she's come to hate, and her messed-up life. She's run all the way to outer space, where she's taken a position as a "space janitor," cleaning up ill-fated research expeditions. But no matter how far she goes, Rosalyn can't escape herself. After too many mistakes on the job, she's given one last chance: take care of salvaging the *Brigantine*, a research vessel that has gone dark, with all crew aboard thought dead. But the *Brigantine*'s crew are very much alive--if not entirely human. Now Rosalyn is trapped on board, alone with a crew infected by a mysterious parasitic alien. The captain, Edison Aries, seems to still maintain some control over himself and the crew, but he won't be able to keep fighting much longer. Rosalyn and Edison must find a way to stop the parasite's onslaught...or it may take over the entire human race.

Salvage the Bones

A hurricane is building over the Gulf of Mexico, threatening the coastal town of Bois Sauvage, Mississippi, and Esch's father is growing concerned. He's a hard drinker, largely absent, and it isn't often he worries about the family. Esch and her three brothers are stocking up on food, but there isn't much to save. Lately, Esch can't keep down what food she gets; at fifteen, she has just realized that she's

pregnant. Her brother Skeetah is sneaking scraps for his prized pit bull's new litter, dying one by one. Meanwhile, brothers Randall and Junior try to stake their claim in a family long on child's play and short on parenting. As the twelve days that make up the novel's framework yield to a dramatic conclusion, this unforgettable family - motherless children sacrificing for one another as they can, protecting and nurturing where love is scarce - pulls itself up to face another day.

American Salvage

New from award-winning Michigan writer Bonnie Jo Campbell, *American Salvage* is rich with local color and peopled with rural characters who love and hate extravagantly. They know how to fix cars and washing machines, how to shoot and clean game, and how to cook up methamphetamine, but they have not figured out how to prosper in the twenty-first century. Through the complex inner lives of working-class characters, Campbell illustrates the desperation of post-industrial America, where wildlife, jobs, and whole ways of life go extinct and the people have no choice but to live off what is left behind. The harsh Michigan winter is the backdrop for many of the tales, which are at turns sad, brutal, and oddly funny. One man prepares for the end of the world--scheduled for midnight December 31, 1999--in a pole barn with chickens and survival manuals. An excruciating burn causes a man to transcend his racist and sexist worldview. Another must decide what to do about his meth-addicted wife, who is shooting up on the other side of the bathroom door. A teenaged sharpshooter must devise a revenge that will make her feel whole again. Though her characters are vulnerable, confused, and sometimes angry, they are also resolute. Campbell follows them as they rebuild their lives, continue to hope and dream, and love in the face of loneliness. Fellow Michiganders, fans of short fiction, and general readers will enjoy this poignant and affecting collection of tales.

The Immortal Soul Salvage Yard

Poetry from writer and poet, Beth May.

Salvage Title

To 12-year-old Nunzio Paradiso, each new wreck towed into "Paradise Salvage" is a random opportunity for discovery. A story of innocence lost and justice found, of ambition frustrated and dreams realized, "Paradise Salvage" glows with heart and marks the debut of a gifted storyteller.

Paradise Salvage

History of one of the most ambitious and successful marine salvage operations ever undertaken. The HMS Edinburgh was carrying 5 1/2 tons of gold when she was sunk in 1942.

The Salvage of the Century

The name of the title poem—"Brother Salvage: a genizah," provides a skeleton key to unlock the powerful forces that bind Rick Hilles's collection. A genizah is a depository, or hiding place, for sacred texts. It performs a double function: to keep hallowed objects safe and to prevent more destructive forces from circulating and causing further harm. Brother Salvage serves exactly this purpose. The poems are heartrending and incisive, preserving stories and lives that should not be forgotten. Yet, through the poet's eloquent craft, painful histories and images are beautifully and luminously contained. Like scholars sifting through ancient genizahs in search of spiritual and historical insights, readers immersed in Brother Salvage will find, at the heart of the book, the most sacred entity: hope.

Salvage Secrets Design & Decor

A saturation diver with Hollywood looks, Brian Worley was a born risk-taker. A latecomer to the industry, he began clumsily in the London Docks before working his way through the North Sea and onto more exotic locations. Funded by his subsea career while stored in pressurised chambers for weeks, he pursued a playboy lifestyle out of the water, living in France and South America. Regularly working at 300m below sea level with all manner of fellow misfits, the living was good, but the diving was perilous. Encounters with creatures of the deep, human error and inexperience combined regularly with lethal consequences. But with his apprehension rising with each dive, Brian just had to survive to fund his future. Retired from commercial diving at 40, he was salvaging a hitherto undiscovered wreck of historical significance in The English Channel, and running out of money fast, when he received an offer of a return to work in Brazil - a contract he should never have accepted. *Salvamar* is a biographical novel set between 1970 and 1984.

"An impressive new volume. . . . Rich's admirers will recognize the complex symbiosis between the activist and the maker of new language, each propelling, describing, provoking the other's words."—*Publishers Weekly* "Look: with all my fear I'm here with you, trying what it means, to stand fast; what it means to move." In these astonishing new poems, Adrienne Rich dares to look and to extend her poetic language as witness to the treasures—the midnight salvage—we rescue from fear and fragmentation. Rich's work has long challenged social plausibilities built on violence and demoralizing power. In *Midnight Salvage*, she continues her explorations at the end of the century, trying, as she has said, "to face the terrible with hope, in language as complex as necessary, as communicative as possible—a poetics which can work as antidote to complacency, self-involvement, and despair. I have wanted to assume a theater of voices rather than the restricted I. To write for both readers I know exist and those I can only imagine, finding their own salvaged beauty as I have found mine." "In her vision of warning and her celebration of life, Adrienne Rich is the Blake of American letters."—Nadine Gordimer

Salvage Merc One

Skinheads. Drug dealers. Cops. For two brothers-of-circumstance navigating the violent streets of this industrial wasteland, every urban tribe is a potential threat. Yet it is amongst the denizens of these unforgiving alleys, dangerous squat houses, and underground nightclubs that the brothers - and the small street tribe to which they belong - forge the bonds that will see them through senseless minor cruelties, the slow and constant grind of poverty, and savage boot culture violence. Friendship. Understanding. Affinity. For two brothers, these fragile ties are the only hope they have for salvation in the wake of a mutual girlfriend's suicide, an event so devastating that it drives one to seek solace far from his steel city roots, and the other to a tragic - yet miraculous - transformation, a heartbreaking

metamorphosis from poet and musician to street prophet, emerging from a self-imposed cocoon an urban shaman, mad-eyed shaper of (t)ruthless reality. *What We Salvage* is a reckless, gritty, and unapologetic journey, a novel that seizes the poignant fragility of *Catcher in the Rye* and throws it into a merciless world reminiscent of *A Clockwork Orange*. It is a work that author James Morrow dubbed "postmodern punk," a term that befits Baillie's poetry-as-street-prose style.

Midnight Salvage: Poems 1995-1998

"Crawford's absorbing account of his first adventures in the salvage trade . . . an unusually likeable, as well as interesting, memoir." —*The Scotsman* In 1971 Alec Crawford is determined to make his fortune from ship salvage. Early attempts lead nowhere until he teams up with a new partner, Simon Martin. Diving in Hebridean waters, they explore remains of the Spanish Armada, and the wreck of the SS Politician, the vessel made famous in the film *Whisky Galore!* But money is scarce and irregular, and the work is fraught with danger and disappointment. Until they hear of one of the most incredible wrecks of all time—the White Star liner RMS *Oceanic*, which, when built in 1899, was the biggest and most luxurious ship in the world. Widely regarded as an "undiveable" wreck, lying somewhere off the remote island of Foula, they decide to take the challenge. They face unbelievably dangerous waters and appalling weather conditions, and when a large salvage company takes action against them, they also have a huge legal fight on their hands. But if they succeed, the rewards will be enormous . . . "Crawford pioneered many of the methods now used in deep sea recovery, but this book is more about the excitement than the technicalities. It is also a love song to Scotland and a vanishing way of life." —*Sorted Magazine* "Crawford is a born story-teller, and his tales unfold as easily and naturally as he were an old friend." —*The Shetland Times* "A story of genuine adventure." —*Desperate Reader*

What We Salvage

Sunday Times bestseller 'When I see something old, that I think is beautiful, special, valuable, it's not about the money. It's about being in another time and place.' Star of TV's *Salvage Hunters*, Drew Pritchard will go to the greatest lengths for the best deals. He discovered the casts Lord Elgin made of his infamous marbles in a school garage, and broke the bank to buy the tool box Malcolm Campbell used when he set the water speed record in 1934. He made a million. Lost it. And made it again. The face of the compulsively fascinating business of finding and restoring lost treasures, visionary Drew takes us up and down the country, into garages, factories, schools and pubs, digging out incredible items from that 'other time and place'. Then by lovingly restoring them, he brings our history back to life. A flat cap among silver spoons and old school ties, our favourite no-bullshit expert may be a one-off, but his story makes us all dream of that obscure piece of antiquity gathering dust in the garden shed...

The stand-alone companion to Alexandra Duncan's acclaimed literary sci-fi debut novel *Salvage*, an Indies Introduce title that internationally bestselling author Stephanie Perkins called "brilliant, feminist science fiction." *Kirkus Reviews* called *Sound* "essential" in a starred review. As a child, Ava's adopted sister, Miyole, watched her mother take to the stars, piloting her own ship from Earth to space making deliveries. Now a teen herself, Miyole is finally living her dream as a research assistant on her very first space voyage. If she plays her cards right, she could even be given permission to conduct her own research and experiments in her habitat lab on the flight home. But when her ship saves a rover that has been viciously attacked by looters and kidnappers, Miyole—along with a rescued rover girl named Cassia—embarks on a mission to rescue Cassia's abducted brother, changing the course of Miyole's life forever. Harrowing, provocative, and literary, *Sound* begins roughly a decade after the action in the author's critically acclaimed *Salvage* and is a powerful stand-alone companion. *School Library Journal* says *Sound* "will appeal to readers looking for science fiction with strong female heroines and abundant diversity."

Sound

Authored by a man with extensive experience in salvage operations, this is a comprehensive treatment of ship salvage in all its aspects, but written in plain language. The early chapters introduce the concepts of marine salvage and explain how the parties involved in a salvage operation relate. Ship construction and naval architecture as they pertain to possible later salvage of a ship are explained, and the types of casualties are described. The fine points of surveys, salvage plans and processes, rigging, restoring buoyancy, lifting, machinery and equipment used in salvage, cargo handling, and the special aspects related to salvage of tankers are discussed in complete detail. Casualty management is also covered. The book's appendices include necessary salvage contracts, sample forms, and checklists for all possible situations.

Salvage

They thought this was just another salvage job. They thought wrong. An AI overseer and a human crew arrive on a distant planet to salvage an ancient UN starship. The overseer is unhappy. The crew, well, they're certainly no A-team. Not even a C-team on the best of days. And worse? Urmahon Beta, the planet, is at the ass-end of nowhere. Everybody expects this to be a long, ugly, and thankless job. Then it all goes disastrously wrong. What they thought was an uninhabited backwater turns out to be anything but empty. Megafauna roam the land, a rival crew with some terrifyingly high-powered gear haunts the dig site, and a secret that will change humanity forever is waiting in the darkness. Stuck on this unmapped, hostile planet, lacking resources, and with tech built by the cheapest bidder, the salvage crew must engineer their way to payday...and beat Urmahon Beta before it kills them all. Experience this space exploration adventure told from the perspective of a snarky artificial intelligence you won't soon forget. It's perfect for fans of *The Martian*, *Red Dwarf*, *Firefly*, and *We Are Legion (We Are Bob)*.

Modern Marine Salvage

Salvage logging—removing trees from a forested area in the wake of a catastrophic event such as a wildfire or hurricane—is highly controversial. Policymakers and those with an economic interest in harvesting trees typically argue that damaged areas should be logged so as to avoid “wasting” resources, while many forest ecologists contend that removing trees following a disturbance is harmful to a variety of forest species and can interfere with the natural process of ecosystem recovery. *Salvage Logging and Its Ecological Consequences* brings together three leading experts on forest ecology to explore a wide range of issues surrounding the practice of salvage logging. They gather and synthesize the latest research and information about its economic and ecological costs and benefits, and consider the impacts of salvage logging on ecosystem processes and biodiversity. The book examines • what salvage logging is and why it is controversial • natural and human disturbance regimes in forested ecosystems • differences between salvage harvesting and traditional timber harvesting • scientifically documented ecological impacts of salvage operations • the importance of land management objectives in determining appropriate post-disturbance interventions Brief case studies from around the world highlight a variety of projects, including operations that have followed wildfires, storms, volcanic eruptions, and insect infestations. In the final chapter, the authors discuss policy management implications and offer prescriptions for mitigating the impacts of future salvage harvesting efforts. *Salvage Logging and Its Ecological Consequences* is a “must-read” volume for policymakers, students, academics, practitioners, and professionals involved in all aspects of forest management, natural resource planning, and forest conservation.

The Salvage Crew

The compelling true story that inspired the hugely successful major ITV drama series *HOME FIRES* – now in its second season. The Second World War was the WI's finest hour. The whole of its previous history - two decades of educating, entertaining and supporting women and campaigning on women's issues - culminated in the enormous collective responsibility felt by the members to 'do their bit' for Britain. With all the vigour, energy and enthusiasm at their disposal, a third of a million country women set out to make their lives and the lives of those around them more bearable in what they described as 'a period of insanity'. Through archive material and interviews with many WI members, Julie Summers

takes us behind the scenes, revealing their nitty-gritty approach to the daily problems presented by the conflict. Jambusters is the fascinating story of how the Women's Institute pulled rural Britain through the war with pots of jam and a spirit of make-do-and-mend.

Salvage Logging and Its Ecological Consequences

The narrator of *Salvage* - a woman in her early thirties - has left her hectic Manhattan lifestyle for rural Virginia. Escaping a trauma suffered on the New York subway, she is also fighting demons from her childhood - in the form of Nancy, an imagined product of her mother Lois's miscarried pregnancy. Lois is the other problematic relationship in her life. Bizarrely unhinged and increasingly eccentric, it seems that she's developing close friendships with various Saints from the Dark Ages. The narrator fears for her sanity, but when the Saints actually start to turn up for dinner and drinks, the fragile reality of her own world seems to be under threat.

Jambusters

An adventure for the Saint based on the two-part episode "Collision course" from *Return of the Saint*.

Styling with Salvage: Designing and Decorating with Reclaimed Materials

A deep dive into the biggest salvage operation in history: the recovery of German warships—the Allies' spoils of World War I—from Scottish waters. On Midsummer's Day 1919 the interned German Grand Fleet was scuttled by their crews at Scapa Flow in the Orkney Islands despite a Royal Navy guard force. Greatly embarrassed, the Admiralty nevertheless confidently stated that none of the ships would ever be recovered. Had it not been for the drive and ingenuity of one man there is indeed every possibility that they would still be resting on the sea bottom today. Cox's Navy tells the incredible true story of Ernest Cox, a Wolverhampton-born scrap merchant, who despite having no previous experience, led the biggest salvage operation in history to recover the ships. The 28,000-ton Hindenberg was the largest ship ever salvaged. Not knowing the boundaries enabled Cox to apply solid common sense and brilliant improvisation, changing forever marine salvage practice during peace and war.

Salvage - A Personal Odyssey

First published in 1958, *The Salvager* is both a narrative history of Great Lakes shipping disasters of 1880–1950 and the life story of Captain Thomas Reid, who operated one of the region's largest salvaging companies during that era. The treacherous shoals, unpredictable storms, and sub-zero temperatures of the Great Lakes have always posed special hazards to mariners—particularly before the advent of modern navigational technologies—and offered ample opportunity for an enterprising sailor to build a salvage business up from nothing. Designing much of his equipment himself and honing a keen eye for the risks and rewards of various catastrophes, Captain Reid rose from humble beginnings and developed salvaging into a science. Using the actual records of the Reid Wrecking and Towing Company as well as Reid's personal logs and letters, Mary Frances Doner deftly tells the stories not only of the maritime disasters and the wrecking adventures that followed, but also of those waiting back on shore for their loved ones to return.

New Spaces from Salvage

Can desire really transform reality? One day Claire, to escape her quarrelsome parents, takes refuge in the dump behind her house. There she finds a broken mirror, a nasty piece of sharp glass... yet she is strangely drawn to it. She soon discovers it has the power to transform even the most drab reality into a fairy-tale world: the grey sky is reflected blue, and Claire's modest, suburban house is transformed into the most beautiful castle. As Claire grows older, always accompanied by her magic mirror, she can see her face without her teenage acne, and her town before it fell victim to thieving property developers. But, in reality, libraries are being turned into luxury flats wherever she looks, and the boy Claire loves is instead her worst enemy. Frustrated and angry with the mirror's illusions, Claire is about to destroy it when the mysterious Peter steps in: he has also found a shard of broken mirror,

and so begins their journey to piece together the larger puzzle... Previously published in Italian, French, Greek and Dutch, *The Broken Mirror* comes to life in English for the first time, to be read with equal pleasure by children and adults.

The Salvager

"Richard Blanzac, a San Francisco-based rare book dealer, opens a box of consignment items and encounters the unexpected. There, among an assortment of literary rarities, he discovers a manuscript in verse, an Ace Double Novel, and a scattering of very old cigarette butts. These commonplace objects serve as catalysts for an extraordinary-- and unpredictable-- adventure. Without warning, Blanzac finds himself traversing a 'circle of discontinuity' that leads from the present day to the San Francisco of 1957. Caught up in that circle are an ancient Sumerian deity, a forgotten Beat-era poet named Sophie Greenwald, and an apocalyptic cult in search of the key to absolute non-existence" -- from publisher's web site.

The Broken Mirror

A LOCUS AWARD FINALIST FOR BEST FIRST NOVEL! The Guardian's Pick for Best Science Fiction Book of the Year! A timely and uncanny portrait of a world in the wake of fake news, diminished privacy, and a total shutdown of the Internet BEFORE: In Bristol's center lies the Croft, a digital no-man's-land cut off from the surveillance, Big Data dependence, and corporate-sponsored, globally hegemonic aspirations that have overrun the rest of the world. Ten years in, it's become a center of creative counterculture. But it's fraying at the edges, radicalizing from inside. How will it fare when its chief architect, Rushdi Mannan, takes off to meet his boyfriend in New York City—now the apotheosis of the new techno-utopian global metropolis? AFTER: An act of anonymous cyberterrorism has permanently switched off the Internet. Global trade, travel, and communication have collapsed. The luxuries that characterized modern life are scarce. In the Croft, Mary—who has visions of people presumed dead—is sought out by grieving families seeking connections to lost ones. But does Mary have a gift or is she just hustling to stay alive? Like Grids, who runs the Croft's black market like personal turf. Or like Tyrone, who hoards music (culled from cassettes, the only medium to survive the crash) and tattered sneakers like treasure. The world of Infinite Detail is a small step shy of our own: utterly dependent on technology, constantly brokering autonomy and privacy for comfort and convenience. With Infinite Detail, Tim Maughan makes the hitherto-unimaginable come true: the End of the Internet, the End of the World as We Know It.

Salvage and Demolition

Wilbur Smith sets his vividly realistic novels on the razor's edge between human courage and nature's wrath. In *Hungry As The Sea*, this master storyteller takes us to the frigid South Atlantic, where one man fights for his life-- and for redemption. Nicholas Berg is steaming out of Cape Town aboard the salvage tug Warlock. Once Berg ruled an ocean-going empire. Now, his future has come down to a powerful boat and a daring rescue mission. One of his former ships is being lashed against the cliffs of Cape Alarm, surrounded by deadly icebergs and survivors clinging to their boats. Berg has gambled everything on reaching the Golden Adventurer before a competitor and a violent storm-- to win a fortune in salvage fees. But if Nick Berg succeeds, and climbs back into the international shipping game, that's when the real danger will begin... From the power of a relentless ocean to the hunger of men to survive upon her, this is a towering novel of adventure, love and the daring of the human soul.

M.F.K.

The fantastic adventure of a reclusive deaf girl with a mysterious power, who is traveling across a vast desert to scatter her mother's ashes. In a world of sleeping gods, a broken government, and a fragile peace held in the hands of the corrupt, one youth must find the strength to stand up against evil and save humanity. This story is not about that youth. It's about Abbie, who just wants to get to the mountain range called the Potter's Spine, scatter her mother's ashes, and then live out her life in sweet, blissful solitude. Unfortunately, everyone she meets wants to whine at her about their woes, tag along on her quest, arrest her for no reason, or blow her to bits. Journeys are hard on the social recluses of the world. Praise for M.F.K. "Manga elements . . . a vividly evoked setting, and intriguing worldbuilding make

this a fine choice for fans of Avatar: The Last Airbender and other adventures where culture, history, and magic intertwine with larger-than-life action.” —Publishers Weekly “A lush fantasy adventure full of heart . . . It’s great to see Insight Comics take notice of Magruder’s work and bring it to the printed page with such strong production values.” —A.V. Club

As They Were

This marvelous collection of autobiographical essays by the celebrated, much-adored Fisher covers her life, family, food and adventures.

The Theoretical Foot

When Robert Lescher died in 2012 an unpublished manuscript of M.F.K. Fisher’s was discovered neatly packed in the one of the literary agent’s signature red boxes. Inspired by Fisher’s affair with Dillwyn Parrish — who was to become her second husband — The Theoretical Foot is the master stylist’s first novel. In it she describes the life she all-too-briefly had with the man she’d ever after describe as the one great love of her life. It tells of a late-summer idyll at the Swiss farmhouse of Tim and Sara, where guests have gathered at ease on the terrace next to the burbling fountain in which baby lettuces are being washed, there to enjoy the food and wine served them by this stylish American couple. But all around these seemingly fortunate people, the forces of darkness are gathering: The year is 1939; World War II approaches. And the paradise Tim and Sara have made is being besieged from within as Tim — closely based on Parrish — is about to suffer the first of the circulatory attacks that will cause him to lose his leg to amputation.

Among Friends

In Among Friends M. F. K. Fisher begins her recollections in Albion, Michigan, but they soon lead her to Whittier, California, where her family moved in 1912, when she was four. The “Friends” of the title range from the hobos who could count on food at the family’s back door to the businessmen who advertised in Father’s paper—but above all they are the Quakers who were the prominent group in Whittier. Mary Frances Kennedy found them unusual friends indeed, in the more than forty years that she lived in Whittier she was never invited inside a Friend’s house. Her portraits of her father, Rex—her mentor, himself the editor of the local newspaper—her mother, Edith, and the other members of her family are memorable and moving. Originally published in 1970, Among Friends provides a fascinating glimpse into the background and development of one of our most delightful and best-loved writers, Mary Frances Kennedy Fisher.

The Gastronomical Me

classic of food writing that redefined the genre, The Gastronomical Me is a memoir of travel, love and loss, but above all hunger. In 1929 M.F.K. Fisher left America for France, where she tasted real French cooking for the first time. It inspired a prolific career as a food and travel writer. In The Gastronomical Me Fisher traces the development of her appetite, from her childhood in America to her arrival in Europe, where she embarked on a whole new way of eating, drinking, and living. She recounts unforgettable meals shared with an assortment of eccentric characters, set against a backdrop of mounting pre-war tensions. Here are meals as seductions, educations, diplomacies, and communions, in settings as diverse as a bedsit above a patisserie, a Swiss farm, and cruise liners across oceans. In prose convivial and confiding, Fisher illustrates the art of ordering well, the pleasures of dining alone, and how to eat so you always find nourishment, in both head and heart.

The Art of Eating

A commemorative keepsake edition of the food writing classic is a compilation of many of the author’s best writings and features an introductory tribute by Fisher’s leading biographer and quotes from some of today’s top culinary names. Original.

How to Cook a Wolf

M. F. K. Fisher, whom John Updike has called our “poet of the appetites,” here pays tribute to that most enigmatic of ocean creatures, the oyster. As she tells of oysters found in stews, in soups, roasted, baked, fried, prepared à la Rockefeller or au naturel—and of the pearls sometimes found therein—Fisher describes her mother’s joy at encountering oyster loaf in a girls’ dorm in the 1890s, recalls her own

initiation into the “strange cold succulence” of raw oysters as a young woman in Marseille and Dijon, and explores both the bivalve’s famed aphrodisiac properties and its equally notorious gut-wrenching powers. Plumbing the “dreadful but exciting” life of the oyster, Fisher invites readers to share in the comforts and delights that this delicate edible evokes, and enchants us along the way with her characteristically wise and witty prose. “Consider the Oyster marks M. F. K. Fisher’s emergence as a storyteller so confident that she can maneuver a reader through a narrative in which recipes enhance instead of interrupt the reader’s attention to the tales. She approaches a recipe as a published dream or wish, and the stories she tells here...are also stories of the pleasures and disillusionments of dreams fulfilled.”—PATRICIA STORACE, *The New York Review of Books* “Since Lewis Carroll no one had written charmingly about that indecisively sexed bivalve until Mrs. Fisher came along with her *Consider the Oyster*. Surely this will stand for some time as the most judicious treatment in English.”—CLIFFTON FADIMAN

Consider the Oyster

Recounts the author's three year stay in Dijon before the outbreak of World War II, and details the people encountered there.

Long Ago In France

“A heartfelt, magical family drama you can really sink your teeth into.” —Nilah Magruder, *M.F.K.* After sneaking out against her mother's wishes, Artie Irvin spots a massive wolf—then watches it don a bathrobe and transform into her mom. Thrilled to discover she comes from a line of werewolves, Artie asks her mom to share everything—including the story of Artie's late father. Her mom reluctantly agrees. And to help Artie figure out her own wolflike abilities, her mom recruits some old family friends. Artie thrives in her new community and even develops a crush on her new friend Maya. But as she learns the history of werewolves and her own parents' past, she'll find that wolves aren't the scariest thing in the woods—vampires are. “A breath of fresh air. . . . Full of robust characters, dynamic panels, and immersive landscapes, this coming-of-age story of family and the supernatural is one any reader will have a hard time putting down.”—Shannon Wright, *Twins* “A book of cycles—love, loss, reunion, redemption. Readers will thoroughly enjoy getting lost in the beautifully rendered forests.”—Wendy Xu, *Mooncakes* “A love letter to the power of family to help you grow, heal, and find yourself. . . . As rich and immersive as a big family dinner.”—Melanie Gillman, *Stage Dreams* “An absolutely gorgeous, thrilling read.”—Blue Delliquanti, *O Human Star* “Heartbreaking and heart mending.”—Priya Huq, *Piece by Piece: The Story of Nisrin’s Hijab*

Artie and the Wolf Moon

In these fifteen remarkable stories, M.F.K. Fisher, one of the most admired writers of our time, embraces the coming of old age. With a saint to guide us, she writes, perhaps we can accept in a loving way “the inevitable visits of a possibly nagging harpy like Sister Age” But in the stories, it is the human strength in the unavoidable encounter with the end of life that Fisher dramatizes so powerfully. Other themes—the importance of witnessing death, the marvelous resilience of the old, the passing of vanity—are all explored with insight, sympathy and, often, a sly wit.

Sister Age

Equipped with a camera and determination, a little girl sets out to track down an elusive red fox. But foxes are sneaky, and it proves more difficult than she thought. Nilah Magruder's debut picture book charmingly tells the story of what it means to not give up and how sometimes what you're looking for is closer than you think.

How to Find a Fox

Part fantasy, part autobiography, the tale chronicles a sojourn in one of France's most beautiful cities.

The Boss Dog

In one of her most celebrated books, the doyenne of food writers offers us more than 140 of her favourite and most famous recipes. Here are dishes for every course of every meal - from 'Teasers and Titbits', through 'Some Seeds of this Planet' to 'A Plethora of Puddings'. Whether simple or esoteric, all are served with an inimitable mixture of wit, anecdote and practicality.

With Bold Knife and Fork

This collection of entertaining anecdotes includes the abuses of the potato and how it can be dignified, social status relative to one's appreciation of vegetables, and the growth of the art of eating in ancient Greece and Rome.

Serve It Forth

This collection of interviews captures the conversations of a writer about whom the Chicago Sun-Times says, "She is to literary prose what Sir Laurence Olivier is to acting or Willie Mays is to baseball." These interviews reveal M.F.K. Fisher's fierce wit and her uncompromising and frequently contradictory attitudes toward the luxuries and necessities of gastronomy - the idea that sensual appreciation, in all aspects of life, is or should be necessary.

Conversations with M.F.K. Fisher

In *An Extravagant Hunger*, time slows and is relished, and the turning points and casual strolls of M.F.K. Fisher's life are unwrapped and savored. From the Berengaria that washed her across the sea to France in 1929, to Le Paquis, the Swiss estate that later provided a backdrop for some of the most idyllic and fleeting moments of her life, the stories of Fisher's love for food and her love for family and men are meticulously researched and exquisitely captured in this book. Exploring Fisher's lonely and formative time in Europe with her first husband; her subsequent divorce and re-marriage to her creative sparkplug, Dillwyn Parrish, and his tragic suicide; and the child she carried from an unnamed father, the story of M.F.K. Fisher's life becomes as vibrant and passionate as her prolific words on wine and cuisine. Letters and journal entries piece together a dramatic life, but *An Extravagant Hunger* steps further, bridging the gaps between personal notes and her public persona, filling in the silences by offering an engaging and unprecedented depth of intuitive commentary. With a passion of her own, Anne Zimmerman is the careful witness, lingering beside M.F.K. Fisher through her most dramatic and productive years.

An Extravagant Hunger

"M.F.K. Fisher is to literary prose," wrote the *Chicago Sun-Times*, "what Laurence Olivier is to acting." From the *Journals of M.F.K. Fisher* combines into one volume three acclaimed collections of journals, correspondence, and short stories, the earliest piece written when Fisher was nineteen and the last composed shortly before her death in 1992, at age eighty-three. "To Begin Again" gives us a portrait of Fisher's early years, from her family's migration to California in 1912 to her first marriage in 1929. Here she begins to learn about the art of "living well gastronomically" and acquires an appreciation for the nurturance of both body and soul. "Stay Me, Oh Comfort Me" presents a candid portrait of the most traumatic period of Fisher's life -- her divorce from her husband, her marriage to their friend Dillwyn Parrish, and Parrish's tragic illness and death. "Last House" offers a wry look at an artist grappling with old age and illness, and a poignant remembrance of the experiences that shaped her life's work. Filled with humor, wisdom, and beautifully crafted prose, this collection will introduce to a new generation the life and work of one of the most beloved writers of our era.

From the Journals of M.F.K. Fisher

Susan and Joe never want this perfect summer to end. It is the 1930s, and society frowns on the slack morals of couples living in sin - but judgement is suspended at the haven on Lake Geneva where Joe's friend Sara and her lover Tim preside. Here, surrounded by orchards heavy with plums, they are thrust into an exotic milieu of artistic Americans. As morning gives way to afternoon and sunset brings the evening's festivities, the unseen tensions and desires of the group are revealed.

The Theoretical Foot

Follows the course of Jennie, a willful, wandering woman, a lovely enchantress calculating the havoc caused by her life of danger and license.

A Welcoming Life

Any discussion of the great masters of American English must include the writings of Mary Frances Kennedy Fisher. For more than sixty years, in her writings about family, food, and travel, Fisher amassed a body of work that belongs on any shelf of classic American writing. Assembled here in this new edition is a generous selection from the books from throughout her career, arranged chronologically, and with this volume, we fortunate readers are now offered a magnificent, intimate survey of her life and writing. Whether reflecting on her father's affinity for the underdog or bravely navigating the trials of old age, Fisher's candor and wit are vigorous and infectious. Tales of travel, childhood memories, recipes massacred and perfected, meditations on World War II, and thoughts on cataract surgery—the range of stories on her palette is surprising and original. *The Measure of Her Powers*, finely edited by Dominique Gioia and introduced by Ruth Reichl, will captivate those who have never read Fisher and deepen the appreciation of her many fans.

Not Now But Now

Provence, 1970 is about a singular historic moment. In the winter of that year, more or less coincidentally, the iconic culinary figures James Beard, M.F.K. Fisher, Julia Child, Richard Olney, Simone Beck, and Judith Jones found themselves together in the South of France. They cooked and ate, talked and argued, about the future of food in America, the meaning of taste, and the limits of snobbery. Without quite realizing it, they were shaping today's tastes and culture, the way we eat now. The conversations among this group were chronicled by M.F.K. Fisher in journals and letters—some of which were later discovered by Luke Barr, her great-nephew. In *Provence, 1970*, he captures this seminal season, set against a stunning backdrop in cinematic scope—complete with gossip, drama, and contemporary relevance.

The Measure of Her Powers

From A for (dining) alone to Z for Zakuski, 'a Russian hors d'oeuvre', *An Alphabet for Gourmets* takes us through a selection of food essays by the incomparable M. F. K. Fisher, alighting on long-time obsessions and idiosyncratic digressions to wholly charming effect.

Provence, 1970

Enjoy M.F.K. Fisher's strong sense of place and deep love of Provence with this collection of rich, gorgeous photographs paired with some of Fisher's best-known essays. M.F.K. Fisher's *Provence* highlights Fisher's Celtic eye for detail with a comparison of Aix-en-Provence, a university town, the site of an international music festival and the former capital of Provence, and Marseille, the port town. Fisher's description of the sights and smells belonging to an Aix bakery shop window is her Platonic ideal of a bakery shop to be found anywhere in France, for example, with its "delicately layered" scents of "fresh eggs, fresh sweet butter, grated nutmeg, vanilla beans, old kirsch and newly ground almonds." Then, there is her portrayal of the sounds of Aix's fountains mixed with the music of Mozart during the town's festival, leaving her bedazzled. She would return again and again to stroll the narrow streets of Aix with two young daughters who "seemed to grow like water-flowers under the greening buds of the plane trees." It is the quality of Fisher's writing that inspired photographer Aileen Ah-Tye to look for her Provence. In a letter to Fisher, Aileen would report back from Marseille: "The eels and the prickly rascasse were exotique to my San Francisco eyes, the smells as pungent as you can get, and . . . miracle of all miracles . . . the men and women on the docks were exactly as you described them." Thus began a collaboration that illustrates Fisher's passion for life and all its sensual pleasures that nourish the soul. "It's difficult to pick out just one favorite travel book. But if I had to pick just one favorite, it wouldn't exactly be a travel book, but rather a 'being there' book – and that is *Two Towns in Provence* by M.F.K. Fisher . . . [Reading it] was one of the turning moments in my life. She was writing about a café I've subsequently come to know very well in Aix-en-Provence called the Deux Garçons. I could smell it, and I could taste the little things she and her children were having at the time. And I thought, That's where I want to be." —Peter Mayle

An Alphabet for Gourmets

"For decades, food-lovers have taken enormous pleasure in the stories, the characters and the inimitable prose style of M. F. K. Fisher. Now we discover the kitchens and the dinner tables--the very meals that inspired M. F. K. Fisher to write. In this insightful and evocative book, Joan Reardon distills Fisher's life to its culinary essence and reveals her to us anew."--Laura Shapiro, author of *Perfection Salad: Women and Cooking at the Turn of the Century* "Reardon's commentary reveals an intimate understanding of the personality of M. F. K. Fisher. Few who enjoy food and read M. F. K. Fisher's work do not thirst to know more about this woman, and knowing about the places she lived and cooked gives a greater understanding of her writings, her feelings, her passions and frustrations."--Jerry Anne DiVecchio, Senior Food Editor, *Sunset Magazine* "I've always admired M. F. K. Fisher's gastronomical ingenuity and vivid culinary imagination. In this rich portrait, Joan Reardon eloquently shares with us Mary Frances's great lesson: to cook well, you need only the most elementary kitchen, a mortar and pestle, and full awareness of your own five senses."--Alice Waters

M.F.K. Fisher's Provence

Bringing together twenty of the author's prefaces to books by other writers and fifteen to her own, this volume collects a variety of observations on life, art, travel, food, and drink

M. F. K. Fisher Among the Pots and Pans

M.F.K. Fisher's personal, intimate culinary essays are well-loved American classics, combining recipes with her anecdotes, reminiscences, cultural observations and passionate storytelling. Auden, Fisher saw eating as inextricably bound up with living well. Whether reflecting on an epic lunch served by a fanatical waitress, the life-giving properties of wine, quails whose glorious smell 'would rouse Lazarus' or how the love of food can save a marriage, each piece is a perfectly-crafted work of art.

Dubious Honors

Christened by John Updike as the "poet of the appetites," M.F.K. Fisher changed the way Americans understood the art of living. But she was also a master mythologizer. This multifaceted portrayal is no less memorable than the personae Fisher crafted for herself.

Love in a Dish and Other Pieces

"M.F.K. Fisher's latest excursion into the art or science of gastronomy is more an anthology of the finest writing on the subject than strictly a text of her own composition . . . A royal feast, indeed!" —The New York Times Betty Fussell—winner of the James Beard Foundation's journalism award, and whose essays on food, travel, and the arts have appeared in *The New York Times*, *The New Yorker*, *Saveur*, and *Vogue*—is the perfect writer to introduce M.F.K. Fisher's *Here Let Us Feast*, first published in 1946. The author of *Eat, Live, Love, Die* has penned a brilliant introduction to this fabulous anthology of gastronomic writing, selected and with commentary from the inimitable M.F.K. Fisher. The celebrated author of such books as *The Art of Eating*, *The Cooking of Provincial France*, and *With Bold Knife and Fork*, Fisher knows how to prepare a feast of reading as no other. Excerpting descriptions of bountiful meals from classic works of British and American literature, Fisher weaves them into a profound discussion of feasting. She also traces gluttony through the Old and New Testaments of the Bible, and claims that the story of a nation's life is charted by its gastronomy. M.F.K. Fisher has arranged everything perfectly, and the result is a succession of unforgettable courses that will entice the most reluctant epicure.

Poet of the Appetites

Out Front the Following Sea is a historical epic of one woman's survival in a time when the wilderness is still wild, heresy is publicly punishable, and being independent is worse than scorned--it is a death sentence. At the onset of King William's War between French and English settlers in 1689 New England, Ruth Miner is accused of witchcraft for the murder of her parents and must flee the brutality of her town. She stows away on the ship of the only other person who knows her innocence: an audacious sailor--Owen--bound to her by years of attraction, friendship, and shared secrets. But when Owen's French ancestry finds him at odds with a violent English commander, the turmoil becomes life-or-death for the sailor, the headstrong Ruth, and the cast of Quakers, Pequot Indians, soldiers, highwaymen, and townsfolk dragged into the fray. Now Ruth must choose between sending Owen to the gallows or keeping her own neck from the noose.

A Considerable Town

M.F.K. Fisher's personal, intimate culinary essays are well-loved American classics, combining recipes with her anecdotes, reminiscences, cultural observations and passionate storytelling. Auden, Fisher saw eating as inextricably bound up with living well. Whether reflecting on an epic lunch served by a fanatical waitress, the life-giving properties of wine, quails whose glorious smell 'would rouse Lazarus' or how the love of food can save a marriage, each piece is a perfectly-crafted work of art.

Food and the Memory

The second volume of reminiscences by one of America's best-loved writers, now in paperback. The book reveals Fisher's "magnificent resilience, the comfort she took from daily writing, her marvelous powers of observation and humor, and, of course, her lifelong attractions to good food and drink."--San Francisco Chronicle.

Love in a Dish and Other Pieces

MFK Fisher is widely recognised as one of the finest writers on food and the pleasures of the table. Over the years she spent much of her time living and travelling around France, and ruminating - wisely, entertainingly, and with a deep and well-informed affection - on French food, French manners, French places and, of course, the French themselves. Here she not only celebrates, in her uniquely perceptive, evocative fashion, Aix-en-Provence and Marseille, but also gives us 'my picture, my map, of a place and therefore of myself'. Weaving together topography, history, folklore and personal memoirs with the look, the sound, the smell and (above all, perhaps) the taste of her chosen cities, MFK Fisher provides the traveller, the lover of food, France and fine writing with unforgettable portraits of two remarkable and highly individual towns.

Stay Me, Oh Comfort Me

A Vintage Shorts Travel Selection Nowhere in the world did the beloved food and travel writer M.F.K. Fisher feel more at ease than in the port of Marseille. From her timeless *A Considerable Town*, published as part of *Two Towns in Provence*, here is her affectionate introduction to the old streets and bustling waterfront of France's second city. "I first spent a night there in late 1929, and since then I have returned even oftener than seems reasonable," says Fisher of her long-term love affair with the city by the sea. In these recollections she paints a vibrant, sun-drenched portrait of the distinctive character of Marseille and its residents, the insolite or "indefinable" identity that makes it unlike anywhere else. As she reflects on the history, the culture and, of course, the foods, that make Marseille what it is, Fisher brings the city to life as only she can. An eBook short.

Two Towns in Provence

Described as a national treasure and the finest prose writer in America, and christened as a "Poet of the Appetites," M.F.K. Fisher has long been considered the finest food writer of the 20th century. But Fisher would have rejected the term "food writer" as an inaccurate and limiting description of her oeuvre for good reason. Though best known for her gastronomic writings, M.F.K. Fisher was also a novelist, travel writer, memoirist, critic, and essayist of the highest order. In an astoundingly prolific career, Fisher wrote over two dozen books, hundreds of magazine articles, dozens of book reviews, and many volumes of journals. Her output, which influenced generations of writers, has been translated into ten languages and has appeared in nearly one hundred anthologies. *M.F.K. Fisher: An Annotated Bibliography* is an essential tool for accessing and understanding Fisher's life and work. Comprehensive in scope,

it is the definitive resource for Fisher fans, scholars, researchers, and booksellers. The bibliography identifies everything ever published by Fisher and provides concise summaries of each work, as well as citations to hundreds of publications about Fisher's life and work. The Fourth Revised Edition also contains much new information including descriptions to assist with physical identification of the many editions of Fisher's books, an appendix listing nearly one hundred examples of Fisher's inclusions in anthologies, and identification of World Wide Web accessible material by and about Fisher.

Marseille

Epicure and gourmand Brillat-Savarin was one of the most influential food writers of all time. His 1825 book *The Physiology of Taste* defined our notions of French gastronomy, and his insistence that food be a civilizing pleasure for all has inspired the slow food movement and guided chefs worldwide. From discourses on the erotic properties of truffles and the origins of chocolate, to a defence of gourmandism and why 'a dessert without cheese is like a pretty woman with only one eye', the delightful writings in this selection are a hymn to the art of eating well.
