Evenings at the Tango Palace

Evenings at the Tango Palace explores a son's disowning his father's dreams and choosing differently. A respected composer, conductor and jazz pianist, Juilliard professor Max Bergman's memories of his childhood and coming of age are colored by his vivid imagination and sense of drama. His father's sudden death a few days before the premiere of Max's opera, forces him to deal with generational conflicts as the family gathers in his sister's home for the traditional mourning period. There he discovers a history he never knew. Max's opera, Number Our Days, is based upon a family episode that his father and sister had wanted to keep secret, and when he refuses to cancel the scheduled premiere, his professional and personal ideals conflict. Battles with himself and his family over dreams, choices, and responsibilities determine his own life and freedom, and lead to a hard won triumph. Mature readers will recognize and identify with the characters and situations in this urban novel.

Indiana Jones and The Arms of Gold (Adaptation)

With an introduction by award-winning author Alberto Manguel, Milongas is Edgardo Cozarinsky's love letter to tango, and the diverse array of people who give it life. From tango's origins in the gritty bars of Buenos Aires, to milongas tucked away in the crypt of a London Church, a café in Kraków, or the quays of the Seine, Cozarinsky guides us through a shape-shifting dance's phantasmagoric past. In neighborhood dance halls vibrant and alive through the early hours of the morning, where young and old, foreign and native, novice and master come together to traverse borders, demographics, and social mores, "it is impossible to distinguish the dance from the dancer." As conspiratorial as he is candid, Cozarinsky shares the secrets and culture of this timeless dance with us through glimmering anecdote, to celebrate its traditions, evolution, and the devotees who give it life.

Grandma, Someday I'll Travel the World

London's Soho district underwent a spectacular transformation between the late Victorian era and the end of the Second World War: its fin-de-siècle buildings and dark streets infamous for sex, crime, political disloyalty, and ethnic diversity became a center of culinary and cultural tourism servicing patrons of nearby shops and theaters. Indulgences for the privileged and the upwardly mobile edged a dangerous, transgressive space imagined to be "outside" the nation. Treating Soho as exceptional, but also representative of London's urban transformation, Judith Walkowitz shows how the area's foreignness, liminality, and porousness were key to the explosion of culture and development of modernity in the first half of the twentieth century. She draws on a vast and unusual range of sources to stitch together a rich patchwork quilt of vivid stories and unforgettable characters, revealing how Soho became a showcase for a new cosmopolitan identity.

The Floating Bear

Readers and acolytes of the vital early 1950s-mid 1960s writers known as the Beat Generation tend to be familiar with the prose and poetry by the seminal authors of this period: Jack Kerouac, Gregory Corso, Lawrence Ferlinghetti, Diane Di Prima, and many others. Yet all of these authors, as well as other less well-known Beat figures, also wrote plays-and these, together with their countercultural approaches to what could or should happen in the theatre-shaped the dramatic experiments of the playwrights who came after them, from Sam Shepard to Maria Irene Fornes, to the many vanguard performance artists of the seventies. This volume, the first of its kind, gathers essays about the exciting work in drama and performance by and about the Beat Generation, ranging from the well-known Beat figures such as Kerouac, Ginsberg and Burroughs, to the "Afro-Beats†? - LeRoi Jones (Amiri Baraka), Bob Kaufman, and others. It offers original studies of the women Beats - Di Prima, Bunny Lang - as well as groups like the Living Theater who in this era first challenged the literal and physical boundaries of the performance space itself.

In the year 2000, Stephen Graham King was diagnosed with a rare, aggressive cancer known as synovial sarcoma, beginning a four-year ordeal of radiation, chemotherapy, physiotherapy, and multiple recurrences. After having trouble with his left knee for much of his adult life, King finally saw a doctor following a bump to the leg that almost made him pass out from the excruciating pain. After the diagnosis, he endured five major, invasive surgeries that cost him a large portion of his left leg and half of his left lung, radically changing his body, mind, and self-image forever. And in the end, forcing him to relearn many things: some as basic as re-learning how to walk. As a gay man who is part of an image-conscious subculture within our image-driven society, he was forced to confront his feelings about his body on the long road back to health. Now, in *Just Breathe*, King shares his journey from health to illness and back to health again through prose and journal entries written during the battle. Told with candour and humour, this is the story of his challenging recovery and the love of life, friends, and family that helped him to survive.

American Society for Aesthetics Selma Jeanne Cohen Prize in Dance Aesthetics Before Columbus Foundation American Book Award *Dancing in Blackness* is a professional dancer's personal journey over four decades, across three continents and 23 countries, and through defining moments in the story of black dance in America. In this memoir, Halifu Osumare reflects on what blackness and

dance have meant to her life and international career. Osumare's story begins in 1960s San Francisco amid the Black Arts Movement, black militancy, and hippie counterculture. It was there, she says, that she chose dance as her own revolutionary statement. Osumare describes her experiences as a young black dancer in Europe teaching "jazz ballet" and establishing her own dance company in Copenhagen. Moving to New York City, she danced with the Rod Rodgers Dance Company and took part in integrating the programs at the Lincoln Center. After doing dance fieldwork in Ghana, Osumare returned to California and helped develop Oakland's black dance scene. Osumare introduces readers to some of the major artistic movers and shakers she collaborated with throughout her career, including Katherine Dunham, Pearl Primus, Jean-Leon Destine, Alvin Ailey, and Donald McKayle. Now a black studies scholar, Osumare uses her extraordinary experiences to reveal the overlooked ways that dance has been a vital tool in the black struggle for recognition, justice, and self-empowerment. Her memoir is the inspiring story of an accomplished dance artist who has boldly developed and proclaimed her identity as a black woman.

The New Yorker

With contributions by Raúl A. Fernández, Benjamin Givan, Acácio Tadeu de Camargo Piedade, Warren R. Pinckney Jr., Linda F. Williams, Christopher G. Bakriges, Stefano Zenni, S. Frederick Starr, Bruce Johnson, Christophine Ballantine, Michael Molasky, Johan Fornäs, and Andrew F. Jones *Jazz* is typically characterized as a uniquely American form of artistic expression, and narratives of its history are almost always set within the United States. Yet, from its inception, this art form exploded beyond national borders, becoming one of the first modern examples of a global music sensation. *Jazz Planet* collects essays that concentrate for the first time on jazz created outside the United States. What happened when this phenomenon met with indigenous musical practices? What debates on cultural integrity did this "American" styling provoke in far-flung places? Did jazz's insistence on individual innovation and its posture as a music of the disadvantaged generate shakeups in national identity, aesthetic values, and public morality? Through new and previously published essays, *Jazz Planet* recounts the music's fascinating journeys to Asia, Europe, Africa, and Latin America. What emerges is a concept of jazz as a harbinger of current globalization, a process that has engendered both hope for a more enlightened and tranquil future and resistance to the anticipated loss of national identity and sovereignty. Essays in this collection describe the seldom-acknowledged contributions non-Americans have made to the art and explore the social and ideological crises jazz initiated around the globe. Was the rise of jazz in global prominence, they ask, simply a result of its inherent charm? Was it a vehicle for colonialism, Cold War politics, and emerging American hegemony? *Jazz Planet* provokes readers to question the nationalistic bias of most jazz scholarship, and to expand the pantheon of great jazz artists to include innovative musicians who blazed independent paths.

Poetry

Negotiations are heated preceding Rosalite Roxburgh's departure to the kingdom of Largole, and it's all about who holds the purse strings. As the Duke's daughter fights for the other Ducal households to contribute to the funds for her journey, House Edanelli makes an offer all find hard to refuse. Sir Oswald, meanwhile, grows more and more attached to Rosalite, to the point that our heroine begins commiserating with him more than her own father, putting Oswald in Duke Roxburgh's thorny sights. But this is a mere appetizer to the trouble awaiting Rosalite upon arrival in Largole: with the timeline for the novel's original apocalypse escalated, she finds herself out of time for frivolous encounters with the fourth prince. Meanwhile, Glen, whose safety in the canon Rosalite has taken for granted, finds himself face-to-face with his manipulative mother, Lady Melissa Diamont. Will Rosalite make it back in time to rescue Glen, or will the machinations of the story finally catch up with her? Find out in Volume III of *Touch My Brother and You Die!*

Beat Drama

This book traces the deployment of intermedial aesthetics in the works of early twentieth-century female performers. By destabilizing medial and genre boundaries, these women created compelling and meaningful performances that negotiated turn-of-the-century American social and cultural issues.

Winner of the Victorian Premier's Literary Award Winner of the Margaret Scott Prize For forty years, until the day he died, Ivan Turgenev, one of the greatest novelists of Russia's Golden Age, was passionately devoted to the diva Pauline Viardot. He followed her and her husband around Europe, even living with them amicably at times as part of their household. Yet as far as we know, the relationship with Pauline was chaste. What then did Turgenev mean by 'love', the word at the core of his life and work? In a remarkable work of memoir, literary biography and travel writing, Robert Dessaix has found the pulse that still quickened Turgenev's age, but has failed in ours. Praise for *Twilight of Love* by Robert Dessaix 'The most inventive portrait of a writer's life and legacy since Flaubert's Parrot.' *The Independent* 'A marvellous and unusual book.' *The Sunday Times*

The waltz, perhaps the most beloved social dance of the 19th and early 20th centuries, once provoked outrage from religious leaders and other self-appointed arbiters of social morality. Decrying the corrupting influence of social dancing, they failed to suppress the popularity of the waltz or other dance crazes of the period, including the Charleston, the tango, and "animal dances" such as the Turkey Trot, Grizzly Bear, and Bunny Hug. This book investigates the development of these popular dances, considering in particular how their very existence as "taboo" cultural fads ultimately provided a catalyst for lasting social reform. In addition to examining the impact of the waltz and other scandalous dances on fashion, music, leisure, and social reform, the text describes the opposition to dance and the proliferation of literature on both sides.

Throughout the anthology, textual analysis is balanced with production criticism. Contributors assess Fornes's connection to the various traditions that have claimed her--absurdism, realism, and surrealism, among others. Several critics reveal Fornes's range by delving deeply into individual plays, particularly the landmark *Fefu* and *Her Friends*. Her work as a director is captured in rehearsal logs, interviews with her actors, and a sampling of production reviews from 1965 to 1993. The anthology closes with Fornes's own views on her work, in statements and interviews from each stage of her career. More than twenty production photographs accompany the text.

Birmingham's *First Black in Blue* should be required reading for all Americans. This first-person memoir traces the often-difficult path that Leroy Stover had to take to make it from a farm in rural Alabama to his position as the pioneering first black police officer on the City of Birmingham's force. Yes, that Birmingham, of Bull Connor fame. You remember the news clips of German Shepherd dogs biting peaceful marchers and fire hoses flattening innocent bystanders. You will shake your head in disbelief as you read about the treatment Stover received during his first days and weeks on the force. You also will learn about what a huge difference a police officer can make in a community as you trace the arc of Stover's career. The Civil Rights Era in America needs to be continually studied and discussed as we make progress towards becoming a truly equitable society. Birmingham's *First Black in Blue* makes a vital contribution to this discussion as an authentic and fascinating first-person history.

Touch My Brother and You Die

Vernon and Irene Castle popularized ragtime dancing in the years just before World War I and made dancing a respectable pastime in America. The whisper-thin, elegant Castles were trendsetters in many ways: they traveled with a black orchestra, had an openly lesbian manager, and were animal-rights advocates decades before it became a public issue. Irene was also a fashion innovator, bobbing her hair ten years before the flapper look of the 1920s became popular. From their marriage in 1911 until

1916, the Castles were the most famous and influential dance team in the world. Their dancing schools and nightclubs were packed with society figures and white-collar workers alike. After their peak of white-hot fame, Vernon enlisted in the Royal Canadian Flying Corps, served at the front lines, and was killed in a 1918 airplane crash. Irene became a movie star and appeared in more than a dozen films between 1917 and 1922. The Castles were depicted in the Fred Astaire-Ginger Rogers movie *Vernon and Irene Castle's Ragtime Revolution* (1939), but the film omitted most of the interesting and controversial aspects of their lives. They were more complex than posterity would have it: Vernon was charming but irresponsible, Irene was strong-minded but self-centered, and the couple had filed for divorce before Vernon's death (information that has never before been made public). *Vernon and Irene Castle's Ragtime Revolution* is the fascinating story of a couple who reinvented dance and its place in twentieth-century culture.

Body Knowledge

Seeking to characterise the radical shifts in taste that changed American life in the Jazz Age, Jacob documents the films and film genres that were considered old-fashioned, as well as those considered more innovative, and looks closely at the work of Erich von Stroheim, Charlie Chaplin, Ernst Lubitsch, Monta Bell, and others.

Twilight of Love

This collection of sixteen essays by leading theater critics offers a fresh and exciting look at modern drama as it is being written by women today. Combining a variety of critical approaches, Brater situates the new women playwrights at the center of a continuing debate about what constitutes power, privilege, and current stage practice. His symposium examines the work of Caryl Churchill, Rochelle Owens, Ariane Mnouchkine, Marsha Norman, Simone Benmussa, Tina Howe, Sarah Daniels, Maria Irene Fornes, Pam Gems, and Ntozake Shange, as well as theater collectives of the 1970s and 1980's, to provide a diverse look at the tension between theoretical matters and questions of dramatic style, performance, and enactment. A mixture of historical, thematic, structural, psychoanalytic, and feminist readings, this collection sharpens our definition of what value and vision mean in contemporary theater.
