Welcome

This is how you typically play chords on acoustic

A better way to play a chord progression on electric

How to play the G chord (you can move this shape around)

How to play the C chord (you can move this shape around)

How to play the D chord (you can move this shape around)

How to play the Em chord (guess what - you can move this shape around too)

How these shapes sound with drive and lots of reverb and delay

3rd way to play these chords - power chords

Application - insight on when to use what chord variations

You'll ...

starts off by going from the a chord to the e
bar the first four strings here on the second fret
playing on strings five and four
rest your hand on the strings
playing the open sixth string
upstroke on the third string so
play the fourth fret fourth string back to the second fret
put my middle finger down on the third fret fifth string
release here on the fourth fret third string
come down to the third fret on the sixth string
play that e power chord
use that same technique over the a chord
playing a b7 chord
hammer on to a d chord
starting here with my middle finger on the fifth fret
into pattern two of the minor pentatonic scale
bar the first two strings
play strings two and three on the second fret
borrowing the first two strings here on the fifth fret
playing the top four strings out of that barre chord
playing over the e chord
