Bucking the Sagebrush

Excerpt from Bucking the Sagebrush: Or the Oregon Trail in the SeventiesAs to the truth of my statements about the Mormons, I will simply say that now it is a matter of history.Possibly, I may have thrown a side-light on the cow-puncher, as I know him. To me he sizes up as other humans, good, bad, and indifferent. He has one characteristic, how ever, which is most prominent - the fear of ridicule. To have his neck broken by a horse is awkward, to get shot is unfortunate but to appear ridiculous - that breaks his heart. Hav ing a fellow-feeling in this respect and know ing that prefaces are apt to be wearisome, I will rope and tie this one.About the PublisherForgotten Books publishes hundreds of thousands of rare and classic books. The Old Timer lives in an old prospectors cabin that he rebuilt. The cabin is close to a beautiful waterfall. He came to this area because of roomers of gold being panned below the falls. He discovers a unique happening of nature, a white mule deer fawn. His life becomes more meaningful as he follows the life of this beautiful deer, and continues to look for the mother lode and where the gold is coming from. The people of Lode, think he is a strange person and want nothing to do with him, and he wants nothing to do with them. After his death, the people find out what kind of a person he really was.

The Phantom Buck

Dawn was breaking and soon he needed to roll out of this nice warm bed. He'd been camped on the Middle Luke River for the last few weeks setting traps for the wily Beaver. His catch was not good for beaver and those darn muskrat kept getting in his traps. Although they weren't in season he kept them anyway, reasoning no one would check around his tent for out of season pelts in the middle of this snowy winter. The sale of his pelts would allow him to begin the journey to Oregon. A dream that had started when he'd received the letter from his Cousin Emmett.

Buck.

Buck By: Benjamin H. Miller There are few challenges more painful than coping with the unexpected death of a loved one. And for Buckley Acorns, he is no stranger to blocking out pain. From broken bones to third degree burns, Buckley eats pain for breakfast, and dishes out more than your average rookie detective. Set in modern day rural Nevada, the story of Detective Buck is one of humanism shared

between him, and the friends he needs to protect, of mystery shrouding a murderer terrorizing the county, and of perseverance held within this man who has nothing to lose in uncovering the truth. After all, whatever doesn't kill him, only makes him stronger.

Charles M. Russell cowboy, painter, sculptor, writer was an advocate of the people, animals, landscapes, and ideals of the West. Perhaps most importantly, he was an archivist. Through his detailed and honest paintings, sculptures, line drawings, and prose, he memorialized the Western way of life as it was at the turn of the twentieth century. Far from romanticizing the West, Russell's art captured the harsh and beautiful reality of the everyday world he lived in. Russell was one of those rare artists who was famous during his lifetime. Most books about Russell focus on his masterpieces, but *Charles M. Russell: Printed Rarities from Private Collections* examines the lesser-known but ubiquitous commercial works that made him a household name. These magazine covers, postcards, calendars, cigar boxes, ink blotters, letterheads, and artifacts are today some of the most highly sought after Russell memorabilia.

Dick Coler is not only a cowboy at heart but most of his youth was spent as a working cowboy on ranches throughout the West, prior to and after his tour of duty with the U.S. Marines. Some of his experiences are shared in these chapters.

Shooting and Fishing

Eclipsing Memorial Stadium on a Husker football game day, deer season is arguably the largest single sporting event of the year in Nebraska, with more than one hundred thousand hunters going afield with the hopes of tagging a trophy buck or bull. *Nebraska's Bucks and Bulls* tells the stories and shares the photographs of the greatest whitetail, mule deer, and elk shot in Nebraska. Collected through firsthand interviews with the hunters, these personal hunting stories span the decades from the mid-1940s through the 2010s. Each story shares the excitement and adventure of the hunt while weaving in Nebraska history, ecology, and geography. Photographs of the trophy animals showcase not only the quality and variety of big-game hunting in Nebraska but also the changes in hunting clothes, gear, guns, and vehicles through the state's history. Recounted by Joel W. Helmer, an avid hunter and official measurer for the Boone and Crockett Club, which created the scoring system for measuring North American big-game animals, each chapter tells the story of a buck or bull certified through official state or national records books. *Nebraska's Bucks and Bulls* has finally gathered the state's greatest hunting tales in one place.

Heroes, Heavies and Sagebrush is the result of much time spent in tracing the lives of some of these players, not only from the standpoint of historical curiosity, but in order to provide an affectionate, nostalgic glimpse of a significant aspect of the western movie fare. The lives of the various players represent a study in contrasts. Some embody the rags-to-riches-to-lost-fame theme so often observed in the lives of Hollywood residents. Some were semi-literate, while others earned academic degrees. Some retained their wealth and popularity, while still others retained neither. A representative group of actors who played heroes, heavies, sidekicks, Indians and assorted character types are included in the investigation.
