Stolen Girl

A fictionalised account of the now universally known story of the Stolen Generation and tells of an Aboriginal girl taken from her family and sent to a children's home.

Stolen Girl

A companion to Making Bombs for Hitler and The War Below, this novel follows a Ukrainian girl who was kidnapped as a child to be raised by a Nazi family. Nadia is haunted by World War II. Her memories of the war are messy, coming back to her in pieces and flashes she can't control. Though her adoptive mother says they are safe now, Nadia's flashbacks keep coming. Sometimes she remembers running,

hunger, and isolation. But other times she remembers living with a German family, and attending big rallies where she was praised for her light hair and blue eyes. The puzzle pieces don't quite fit together, and Nadia is scared by what might be true. Could she have been raised by Nazis? Were they her real family? What part did she play in the war? What Nadia finally discovers about her own history will shock her. But only when she understands the past can she truly face her future. Inspired by startling true events, Marsha Forchuk Skrypuch delivers a gripping and poignant story of one girl's determination to uncover her truth.

Stolen Life

"The award-winning *Stolen Life* is a remarkable collaborative work between a distinguished novelist and a Cree woman who broke a lifetime of silence to share her story. Imprisoned for murder at the age of twenty-seven, Yvonne Johnson sought out Rudy Wiebe, the chronicler of her ancestor Big Bear, as a means of coming to terms with her self, her past, and the crime that defines her future. The ensuing story, which is told with Wiebe's compassion and infused with Johnson's intelligence and spirituality, defies the grisly events of her life"--Back cover.

Stolen Sisters

In 2014, the nation was rocked by the brutal violence against young Aboriginal women Loretta Saunders, Tina Fontaine and Rinelle Harper. But tragically, they were not the only Aboriginal women to suffer that year. In fact, an official report revealed that since 1980, 1,200 Canadian Aboriginal women have been murdered or have gone missing. This alarming official figure reveals a national tragedy and the systemic failure of law enforcement and of all levels of government to address the issue. Journalist Emmanuelle Walter spent two years investigating this crisis and has crafted a moving representative account of the disappearance of two young women, Maisy Odjick and Shannon Alexander, teenagers from western Quebec, who have been missing since September 2008. Via personal testimonies, interviews, press clippings and official documents, Walter pieces together the disappearance and loss of these two young lives, revealing these young women to us through the voices of family members and witnesses. *Stolen Sisters* is a moving and deeply shocking work of investigative journalism that makes the claim that not only is Canada failing its First Nations communities, but that a femicide is taking place.

The Next Girl

Tortoises disappear from a Madagascar reserve and reappear in the Bronx Zoo. A dead iguana floats in a jar, awaiting its unveiling in a Florida court. A viper causes mayhem from Ethiopia to Virginia. In *Stolen World*, Jennie Erin Smith takes the reader on an unforgettable journey, a dark adventure over five decades and six continents. In 1965, Hank Molt, a young cheese salesman from Philadelphia, reinvented himself as a "specialist dealer in rare fauna," traveling the world to collect exquisite reptiles for zoos and museums. By the end of the decade that followed, new endangered species laws had turned Molt into a convicted smuggler, and an unrepentant one, who went on to provide many of the same rare reptiles to many of the same institutions, covertly. But Molt soon found a rival in Tommy Crutchfield, a Florida carpet salesman with every intention of usurping Molt as the most accomplished reptile smuggler in the country. Like Molt, Crutchfield had modeled himself after an earlier generation of natural-history collectors celebrated for their service to science, an ideal that, for Molt and Crutchfield, eclipsed the realities of the new wildlife-protection laws. Zoo curators, caught between a desire for rare animals and the conservation-minded focus of their institutions, became the smugglers' antagonists in court but also their best customers, sometimes simultaneously. Crutchfield forged ties with a criminally inclined Malaysian wildlife trader and emerged a millionaire, beloved by some of the finest zoos in the world. Molt, following a string of inventive but disastrous smuggling schemes in New Guinea, was reduced to hanging around Crutchfield's Florida compound, plotting Crutchfield's demise. The fallout from their feud would result in a major federal investigation with tentacles in Germany, Madagascar, Holland, and Malaysia. And yet even after prison, personal ruin, and the depredations of age, Molt

and Crutchfield never stopped scheming, never stopped longing for the snake or lizard that would earn each his rightful place in a world that had forgotten them—or rather, had never recognized them to begin with.

When I Lost You

English rain smelt and tasted of nothing at all. It had none of the fury, the passion of the monsoons. Instead, it was weak; half-hearted.

The Soldier's Girl

Shivering in the early morning chill, the caretaker flips the switch on the Ferris wheel and stumbles back in shock. The teenage girl's body is slumped in a halo of pretty colored lights, long red hair spilling over her tear-stained cheeks, her eyes fixed forever on her dangling feet. When teenager Nikki Jackson's body is found at an amusement park, just hours after Fourth of July fireworks lit up the night sky, the Lost Creek police rule her death as suicide—a devastating final act from a girl who had lost all hope. But the absence of the knife used to make the wounds on her delicate wrists makes Detective Madison Harper think otherwise. And the partial fingerprint found on the girl's face proves her right. Someone else was with Nikki in her final moments... Back home in Colorado for the first time in seven years to investigate the murder of a woman with ties to the son she lost to the care system, the pressure is on for Madison to work both cases at once. Fearing the team has missed a vital clue, Madison searches the crime scene alone and finds the last thing she ever expected: a note proving the victims knew each other, and that the cases are linked. Is this a coincidence, proof a dangerous murderer is on the loose, or a trap set to lead Madison off the trail? It's only when Madison finally finds the knife used to harm Nikki, tucked in an almost impossible to find hiding place, that she knows she is closing-in on a twisted killer. But the last person she expects to see dragged into the department in handcuffs is her own missing son... An absolutely unputdownable crime thriller that will have you sleeping with the lights on. Addictive reading for anyone who loves Lisa Regan, Robert Dugoni and Melinda Leigh. Everyone is talking about Cry For Help 'Oh man, what a rollercoaster of a ride... jaw-dropping and edge-of-the-seat stuff... couldn't put it down till it was finished!' The Woman in the White Kimono

A history of shoplifting, revealing the roots of our modern dilemma. Rachel Shteir's *The Steal* is the first serious study of shoplifting, tracking the fascinating history of this ancient crime. Dismissed by academia and the mainstream media and largely misunderstood, shoplifting has become the territory of moralists, mischievous teenagers, tabloid television, and self-help gurus. But shoplifting incurs remarkable real-life costs for retailers and consumers. The "crime tax"—the amount every American family loses to shoplifting-related price inflation—is more than \$400 a year. Shoplifting cost American retailers \$11.7 billion in 2009. The theft of one \$5.00 item from Whole Foods can require sales of hundreds of dollars to break even. *The Steal* begins when shoplifting entered the modern record as urbanization and consumerism made London into Europe's busiest mercantile capital. Crossing

the channel to nineteenth-century Paris, Shteir tracks the rise of the department store and the pathologizing of shoplifting as kleptomania. In 1960s America, shoplifting becomes a symbol of resistance when the publication of Abbie Hoffman's *Steal This Book* popularizes shoplifting as an antiestablishment act. Some contemporary analysts see our current epidemic as a response to a culture of hyper-consumerism; others question whether its upticks can be tied to economic downturns at all. Few provide convincing theories about why it goes up or down. Just as experts can't agree on why people shoplift, they can't agree on how to stop it. Shoplifting has been punished by death, discouraged by shame tactics, and protected against by high-tech surveillance. Shoplifters have been treated by psychoanalysis, medicated with pharmaceuticals, and enforced by law to attend rehabilitation groups. While a few individuals have abandoned their sticky-fingered habits, shoplifting shows no signs of slowing. In *The Steal*, Shteir guides us through a remarkable tour of all things shoplifting—we visit the Woodbury Commons Outlet Mall, where boosters run rampant, watch the surveillance footage from Winona Ryder's famed shopping trip, and learn the history of antitheft technology. A groundbreaking study, *The Steal* shows us that shoplifting in its many guises—crime, disease, protest—is best understood as a reflection of our society, ourselves.
