A special 25th anniversary edition of the extraordinary international bestseller, including a new Foreword by Paulo Coelho. Combining magic, mysticism, wisdom and wonder into an inspiring tale of self-discovery, *The Alchemist* has become a modern classic, selling millions of copies around the world and transforming the lives of countless readers across generations. Paulo Coelho's masterpiece tells the mystical story of Santiago, an Andalusian shepherd boy who yearns to travel in search of a worldly treasure. His quest will lead him to riches far different—and far more satisfying—than he ever imagined. Santiago's journey teaches us about the essential wisdom of listening to our hearts, of recognizing opportunity and learning to read the omens strewn along life's path, and, most importantly, to follow our dreams.

Focusing on the involvement of the pseudonymous village of Udahenagama in the atrocities of the civil war of the late 1980s and the inter-ethnic war against the Tamil guerrillas, Masking Terror describes the response of women in the rural slums of southern Sri Lanka to the further spread of violence. To reconstruct the violent backgrounds of these soldiers, she presents the stories of their mothers, sisters, wives, and grandmothers, providing a perspective on the conflict between Sinhalese and Tamil populations not found elsewhere."

Essays on the changing meanings of adulthood in places around the world: "An important collection that furthers anthropological work on life stages." —Susan Reynolds Whyte, author of *Generations in Africa: Connections and Conflicts* Elusive Adulthood examines why, in recent years, complaints about an inability to achieve adulthood have been heard in societies around the world. By exploring the changing meaning of adulthood in Botswana, China, Sudan, Papua New Guinea, Russia, Sri Lanka, Uganda, and the United States, contributors to this volume pose the problem of "What is adulthood?" and examine how the field of anthropology has come to overlook this meaningful stage in its studies. Through these case studies we discover different means of recognizing the achievement of adulthood, such as through negotiated relationships with others, including grown children, and as a form of upward class mobility. We also encounter the difficulties that come from a sense of having missed full adulthood, instead jumping directly into old age in the course of rapid social change, or a reluctance to embrace the stability of adulthood and necessary subordination to job and family. In all cases, the contributors demonstrate how changing political and economic factors form the background for generational experience and understanding of adulthood, which is a major focus of concern for people around the globe as they negotiate changing ways of living.

The Magic of Thinking Big

Love—only a four letter word, yet it's so powerful that it can conquer anything in this world! We've all experienced the first flush of love and remember the lingering fragrance of it. For ages Love has remained one of the most cherished experiences that everyone wishes to live through at least once. Humanity, time and again, has coined many definitions to describe this beautiful emotion, but this small word is a feeling that can't simply be defined. It has to be narrated . . . in the form of stories—love stories. Love Stories That Touched My Heart is a collection of such stories from readers who have a tale to tell, shortlisted from over 2000 entries that were submitted in a competition conducted by Penguin India. Selected and edited by Ravinder Singh, this anthology—made up of the stories that touched Ravin's heart the most—will make you believe that someone, somewhere, is made for you.

Mrs. Dalloway takes place over the course of a single day in a woman's life in 1920's London. There are flowers to buy, outfits to choose, but also a visit from a past lover, and the tragic fate of a young war veteran who cannot adjust to life in post-war London. Virginia Woolf's supple and mesmerizing account of an ordinary day draws the reader into the minds, perceptions, and emotions of an astonishingly varied and vivid cast of characters. Woolf reminds us that each day, hour, and even minute of our lives harbors the potential to transform us and those around us. Luminously beautiful, Mrs. Dalloway uses

the internal monologues of the characters to tell a story of inter-war England. With this, Virginia Woolf changed the novel forever.

Written by one of the founders of modern political philosophy, Thomas Hobbes, during the English civil war, *Leviathan* is an influential work of nonfiction. Regarded as one of the earliest examples of the social contract theory, *Leviathan* has both historical and philosophical importance. Social contract theory prioritizes the state over the individual, claiming that individuals have consented to the surrender of some of their freedoms by participating in society. These surrendered freedoms help ensure that the government can be run easily. In exchange for their sacrifice, the individual is protected and given a place in a steady social order. Articulating this theory, Hobbes argues for a strong, undivided government ruled by an absolute sovereign. To support his argument, Hobbes includes topics of religion, human nature and taxation. Separated into four sections, Hobbes claims his theory to be the resolution of the civil war that raged on as he wrote, creating chaos and taking casualties. The first section, *Of Man* discusses the role human nature and instinct plays in the formation of government. The second section, *Of Commonwealth* explains the definition, implications, types, and rules of succession in a commonwealth government. *Of a Christian Commonwealth* imagines the religion's role government and societal moral standards. Finally, Hobbes closes his argument with *Of the Kingdom of Darkness*. Through the use of philosophical theory and historical study, Thomas Hobbes attempts to convince citizens to consider the cost and reward of being governed. Without an understanding of the sociopolitical theories that keep government bodies in power, subjects can easily become complicit or allow society to slip into anarchy. Created during a brutal civil war, Hobbes hoped to educate and persuade his peers. Though *Leviathan* was a work of controversy in its time, Hobbes' theories and prose has survived centuries, shaping the ideas of modern philosophy. This edition of *Leviathan* by Thomas Hobbes is now presented with a stunning new cover design and is printed in an easy-to-read font. With these accommodations, *Leviathan* is accessible and applicable to contemporary readers.

Mrs. Dalloway

A monumental illustrated survey of the architecture of thirteenth- and fourteenth-century China The Yuan dynasty endured for a century, leaving behind an architectural legacy without equal, from palaces, temples, and pagodas to pavilions, tombs, and stages. With a history enlivened by the likes of Khubilai Khan and Marco Polo, this spectacular empire spanned the breadth of China and far, far beyond, but its rulers were Mongols. Yuan presents the first comprehensive study in English of the architecture of China under Mongol rule. In this richly illustrated book, Nancy Shatzman Steinhardt looks at cities such as the legendary Shangdu—inspiration for Samuel Taylor Coleridge's *Xanadu*—as well as the architecture the Mongols encountered on their routes of conquest. She examines the buildings and monuments of diverse faiths in China during the period, from Buddhist and Daoist to Confucian, Islamic, and Christian, as well as unusual structures such as observatories, archways, stone and metal buildings, and sarcophaguses. Steinhardt dispels long-standing views of the Mongols as destroyers of cities and architecture across Asia, showing how the khans and their families built more than they tore down. She

demonstrates that the stipulations of the Chinese building system were powerful and resilient enough to guide the architecture that rose under Mongolian rule. Drawing on Steinhardt's groundbreaking textual research in numerous languages as well as her pioneering fieldwork at sites across East Asia, Yuan will become the standard reference on this critical period of cultural and artistic exchange.

Leviathan

The Apology of Socrates was written by Plato. In fact, it's a defensive speech of Socrates that he said in a court noted down by Plato. The main subject of the speech is a problem of the evil. Socrates insists that neither death nor death sentence is evil. We shouldn't be afraid of the death because we don't know anything about it. Socrates proved that the death shouldn't be taken as the evil with the following dilemma: the death is either a peace or a transit from this life to the next. Both can't be called evil. Consequently, the death shouldn't be treated as evil.

Winner of the Whitbread Book of the Year 'Outstanding...a stunningly good read' Observer 'Mark Haddon's portrayal of an emotionally dissociated mind is a superb achievement... Wise and bleakly funny' Ian McEwan The Curious Incident of the Dog in the Night-Time is a murder mystery novel like no other. The detective, and narrator, is Christopher Boone. Christopher is fifteen and has Asperger's Syndrome. He knows a very great deal about maths and very little about human beings. He loves lists, patterns and the truth. He hates the colours yellow and brown and being touched. He has never gone further than the end of the road on his own, but when he finds a neighbour's dog murdered he sets out on a terrifying journey which will turn his whole world upside down.
